CITY OF PITTSBURG

JUNE 1, 2026

CITY HALL COUNCIL CHAMBER
65 CIVIC AVENUE, PITTSBURG, CA

SPECIAL MEETING
BUDGET WORKSHOP
6:00 PM

REGULAR MEETING
7:00 PM

CITY COUNCIL
PITTSBURG ARTS AND COMMUNITY FOUNDATION
PITTSBURG POWER COMPANY
SOUTHWEST PITTSBURG GEOLOGIC HAZARD ABATEMENT DISTRICT II
SUCCESSOR AGENCY

PRESIDING

Mayor/Chair	• Dionne Adams
Vice-Mayor/Chair	• Angelica Lopez
Council Member/Board Member	• Juan Antonio Banales
Council Member/Board Member	• Arlene Kobata
Council Member/Board Member	• Jelani Killings

FOR HOUSING AUTHORITY

Housing Authority Member	• S.L. Floyd
Housing Authority Member	• Annie Hill Herring

Pittsburg City Council regular meetings are held the first and third Mondays of each month at 7:00 p.m. The Housing Authority meets in conjunction with the City Council on the third Monday of each month. The Pittsburg City Council meets regularly in the Council Chamber at 65 Civic Avenue, unless otherwise noted above. The City Council also sits as the Board of Directors of several other City agencies. The stipends for all agency members conform to state statutes governing compensation amounts. All other Agencies meet on an as needed basis and will be listed above if applicable. Copies of the open session agenda packets, which are distributed to the City Council, are on file in the office of the City Clerk, 65 Civic Avenue, Pittsburg, California, and are available for public inspection, beginning 72 hours in advance, during normal business hours (8:00 a.m. – 5:00 p.m., Monday through Friday, except from noon to 1:00 p.m. and City holidays). The agenda and reports are also located on the City's website at www.pittsburgca.gov. Additionally, if any reports or documents, which are public records, are distributed to the City Council less than 72 hours before the meeting, those reports and documents will also be available for public inspection in the City Clerk's Office and on the day of the meeting in the Council Chamber at the public counter area below the dais.

6:00 PM - SPECIAL MEETING FOR BUDGET WORKSHOP

7:00 PM - CONVENE IN OPEN SESSION FOR REGULAR MEETING

CALL TO ORDER

ROLL CALL

PLEDGE OF ALLEGIANCE

PRESENTATIONS

1. Police Department Cadet Introductions

PROCLAMATIONS

The standing proclamation(s) were published as part of the agenda. The proclamation(s) will be posted on the City's website and social media accounts as appropriate.

2. Th!nk Pittsburg - Aldas Kitchen and Bakery
3. Pride Month
4. Relay for Life

COMMITTEE REPORTS

Council Members may make a report on their committee assignments at this time. (see attached list of adhoc committees and other public agencies in which Council members participate). (No Action Required)

PUBLIC COMMENTS

Members of the audience who wish to address the City Council or Agency Boards on issues that are not scheduled for the agenda and on any items listed as part of the Consent Calendar should complete a Speaker's Card available at the dais. Please read the card carefully in order to fill out the card properly. Submit the completed card to the City Clerk before the item is called, preferably before the meeting begins. Individuals will be given three minutes to address the Council unless additional time is allowed as provided for spokespersons. Prior to speaking, each member of the public shall state their name and business and City of residence in a clear and audible tone of voice. (No Action Required)

PUBLIC HEARING

5. Public Hearing on the 2025 Urban Water Management Plan, to Remain Open Through June 15, 2026

   The Urban Water Management Planning Act requires every urban water supplier providing water to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually to prepare and adopt an Urban Water Management Plan (UWMP) every five years. The City's consultant has prepared the 2025 UWMP for public review from May 7, 2026 through June 15, 2026 when the City Council will consider it for adoption.

CONSIDERATION

6. Future Agenda Item Regarding Reviewing the Compensation for the Elected City Clerk and Treasurer

   At the May 18, 2026 City Council meeting, Vice-Mayor Lopez requested a future agenda item related to reviewing the compensation for the elected City Clerk and Treasurer.

CONFLICT OF INTEREST STATEMENT

City Council/Agency Members may make any conflict of interest declarations pertaining to Consent Calendar items at this time.

COMBINED CITY COUNCIL, PITTSBURG ARTS AND COMMUNITY FOUNDATION, PITTSBURG POWER COMPANY, SOUTHWEST PITTSBURG GHAD II AND SUCCESSOR AGENCY CONSENT CALENDAR

7. Minutes of May 18, 2026

8. Adoption of a City Council Resolution Approving Revisions to the City's Investment Policy

   City of Pittsburg's Investment Policy provides requirements for the prudent investment of the City's idle funds and outlines the policies for maximizing the efficiency of the City's cash management system. The goal of the City's Investment Policy is to enhance the economic status of the City while protecting its funds.

9. Adoption of a City Council Resolution Authorizing the City Manager to Execute an Agreement with R3 Consulting Group, Inc. for Solid Waste Consulting Services

   Since the late 1990s, when Pittsburg's solid waste collection and transfer station agreements were first executed, the regulatory landscape has shifted significantly with the adoption of three major State solid waste laws beginning in 2011. To ensure the City's agreements remain current and compliant, the proposed resolution authorizes the City Manager to execute a Consulting

Services Agreement with R3 Consulting Group, Inc. (R3) to provide solid waste consulting services and support the update of these agreements.

10. Adoption of a City Council Resolution Approving the Preliminary Engineer's Report for Citywide Landscaping and Lighting Assessment District 1988-1, Declaring Intent to Levy and Collect Assessments for Fiscal Year 2026/27, and Setting a Date to Conduct a Public Hearing

    Pursuant to state statutes governing the renewal of assessment districts, the City Council is asked to adopt a resolution approving the Preliminary Engineer's Report for Citywide Landscaping and Lighting Assessment District 1988-1 (Citywide LLAD) for Fiscal Year (FY) 2026/27, and to set July 20, 2026, as the date for a public hearing for this matter.

11. Adoption of a City Council Resolution Approving the Preliminary Engineer's Report for Oak Hills Landscaping and Lighting Assessment District 1988-2, Declaring Intent to Levy and Collect Assessments for Fiscal Year 2026/27, and Setting a Date to Conduct a Public Hearing

    Pursuant to state statutes governing the renewal of assessment districts, the City Council is asked to adopt a resolution approving the Preliminary Engineer's Report for Oak Hills Landscaping and Lighting Assessment District 1988-2 (Oak Hills LLAD) for Fiscal Year (FY) 2026/27, and to set July 20, 2026, as the date for a public hearing for this matter.

12. Adoption of a City Council Resolution Authorizing the City Manager to Execute a Consulting Services Agreement with Stantec Consulting Services Inc. for Environmental Review for the Esperanza at San Marco Project

    The item would authorize the City Manager to execute a Consulting Services Agreement with Stantec Consulting Services Inc. for environmental review services to comply with the California Environmental Quality Act (CEQA) for the Esperanza at San Marco Project, AP-26-0032, a proposed residential subdivision on a 22-acre site.

13. Adoption of City Council Resolution Authorizing a Request to the Metropolitan Transportation Commission for the Allocation of Fiscal Year 2026/27 Transportation Development Act Article 3 Pedestrian/Bicycle Funding for Project 2060-Walk-Smart Crosswalk Improvements, Phase II

    The Metropolitan Transportation Commission (MTC) provides Transportation Development Act (TDA), Article 3 funds to support projects exclusively benefiting and/or used by pedestrians and bicyclists. The attached resolution authorizes a request to the MTC for allocation of Fiscal Year 2026/27 TDA Article 3 Pedestrian/Bicycle Funds for Project 2060 – Walk Smart Crosswalk Improvements, Phase II (Project), which includes the installation of Rectangular Rapid Flashing Beacons (RRFBs) at six priority locations within school zones. The resolution also accepts the funds, directs staff to establish a project budget for design and construction, and authorizes the City Manager to execute all documents related to the program.

14. Adoption of a City Council Resolution Approving the Final Map, Subdivision Improvement Agreement, and Improvement Plans for Subdivision 9587 Tuscany Meadows Unit 2

    The Final Map, Improvement Plans, and Subdivision Improvement Agreement for Subdivision Tuscany Meadows Unit 2 are ready for approval. This Resolution will authorize the City Manager to execute the Subdivision Improvement Agreement and approve the Final Map and Improvement Plans for the Subdivision.

15. Adoption of a Pittsburg Power Company Resolution Authorizing the Executive Director to Execute a Purchase Contract for Three Utility Vehicles for Island Energy

    The Pittsburg Power Company (PPC), which provides retail electric and gas service in the name of Island Energy (IE) on Mare Island in Vallejo, maintains a fleet of vehicles and equipment necessary for providing utility maintenance services and day-to-day operational functions. IE solicited quotes from four dealerships for three Ford F450 heavy utility vehicles. All Star Ford offers the lowest quotes for the three vehicles. If approved, the resolution authorizes the Executive Director to sign a purchase contract to purchase these vehicles for Island Energy.

COUNCIL REQUEST FOR FUTURE AGENDA ITEMS

Council Members may request items to be considered for future agendas. An item will only be brought forward with a majority vote and will appear on a future agenda with staff recommendations for further Council consideration.

COUNCIL MEMBER REMARKS

Council Members may make brief announcements or informal comments at this time. (No Action Required)

CITY MANAGER REPORTS/REMARKS

The City Manager may make brief announcements or informal comments at this time and brief the Council on items of interest. (No Action Required)

ADJOURNMENT TO JUNE 15, 2026

NOTICE TO PUBLIC

GENERAL INFORMATION

Copies of the open session agenda packets, as distributed to the City Council, are on file in the office of the City Clerk, 65 Civic Avenue, Pittsburg, California, and are available for public inspection, beginning 72 hours in advance, during normal business hours (8:00 a.m. – 5:00 p.m., Monday through Friday, except City holidays). Full agenda packets are also located on the City's website at www.pittsburgca.gov. If any reports or documents, which are public records, are distributed to the City Council less than 72 hours before the meeting, those reports or documents will be available for public inspection in the City Clerk's Office and on the day of the meeting in the Council Chamber at the public counter area below the dais.

SPEAKER'S CARD

Members of the audience who wish to address the City Council on issues that are not scheduled for the agenda and on any items listed as part of the agenda should complete a Speaker's Card available at the dais. Please read the card carefully in order to fill out the card properly. Submit the completed card to the City Clerk before the item is called, preferably before the meeting begins. Individuals will be given up to three minutes to address the Council unless additional time is allowed as provided for spokespersons. Speakers are not permitted to yield their time to another speaker. Prior to speaking, each member of the public shall state their name and business and City of residence in a clear and audible tone of voice. Pursuant to the Brown Act, no action may be taken by the City Council on items not already scheduled on the agenda; however, the City Council may refer your comments/concerns to staff or request that the item be placed on a future agenda.

PUBLIC HEARINGS

Persons who wish to speak on Public Hearings listed on the agenda will be heard when the Public Hearing is opened, except on Public Hearing items previously heard and closed to public comment. After the public has commented, the item is closed to public comment and brought to the Council/Agency level for discussion and action. Further comment from the audience will not be received unless requested by the Council/Agency.
There is a 90-day limit for the filing of a challenge in the Superior Court to certain City administrative decisions and orders which require a hearing by law, the receipt of evidence, and the exercise of discretion. The 90-day limit begins on the date the decision is final (Code of Civil Procedure Section 1094.6). Further, if you challenge an action taken by the City Council in court, you may be limited, by California law, including but not limited to Government Code Section 65009, to raising only those issues you or someone else raised in the public hearing, or in written correspondence delivered to the City Council prior to or at the public hearing. The City Council may be requested to reconsider a decision if the request is made prior to the next City Council meeting, regardless of whether it is a regular or special meeting.

NOTICE TO THE DISABLED AND VISUALLY OR HEARING IMPAIRED

In compliance with the Americans with Disabilities Act, the City of Pittsburg will provide special assistance for disabled residents. Upon request, an agenda for any meeting shall be made available in appropriate alternative formats. The Council Chamber is equipped with sound amplifier units for use by the hearing impaired. The units operate in conjunction with the Chamber's sound system. You may request the sound amplifier from the City Clerk for personal use during Council meetings. If you need special assistance to participate in this meeting, or are requesting a specially formatted agenda, please contact the City Clerk at (925) 252-4850. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting or provide the requested agenda format. (28 CFR 35.102-35.104 ADA Title II)

DISRUPTIVE CONDUCT

The Council requests that you observe the order and decorum of our Council Chamber by turning off or setting to vibrate all cellular telephones and electronic devices, and that you refrain from making personal, impertinent, or slanderous remarks. Boisterous and disruptive behavior while the Council is in session, and the display of signs in a manner which violates the rights of others or prevents others from watching or fully participating in the Council meeting, is a violation of our Municipal Code and any person who engages in such conduct can be ordered to leave the Council Chamber by the Mayor.

LIVE MEDIA BROADCASTING ADVISEMENT

City Council meetings are webcast live on the City's website at www.pittsburgca.gov on the Agendas and Live Meetings page. Past meetings and approved minutes are also archived on that webpage. Watch the live meeting via the City's webcast (www.pittsburgca.gov - Agendas and Live Meetings), on Comcast Channel 24 Delta TV, AT&T U-Verse Channel 99 Delta TV. Contact the City Clerk's office at (925) 252-4850 for more information

Proclamation

PRIDE MONTH

JUNE 2026

WHEREAS, *Pride Month originated in 1999 and this year celebrates its 27th anniversary; and*

WHEREAS, *the City reflects upon the progress made so far in pursuit of equality, justice, and inclusion; and*

WHEREAS, *through its declaration, Americans are encouraged to observe the month of June with appropriate programs, ceremonies, and activities that celebrate diversity; and*

WHEREAS, *the City must remember throughout the year, the many and varied contributions of the LGBTQ community; and*

WHEREAS, *this month the City celebrates the resilience of the LGBTQ community and its hard-fought victories to advance acceptance and equality; and*

WHEREAS, *the City must be reminded that our remarkable diversity is a gift that makes our community stronger and that we must protect and build on our progress toward a better, more inclusive, and safer future for all.*

NOW, THEREFORE, I, Dionne Adams, *on behalf of the City Council of the City of Pittsburg, hereby proclaim June 2026 as Pride Month in the City of Pittsburg and invite members of our community to commit to living with mutual respect and understanding for all.*

Dionne Adams, Mayor

Alice E. Evenson, City Clerk

Proclamation

RELAY FOR LIFE

JUNE 2026

WHEREAS, *Relay for Life is a celebration of life honoring patients who have triumphed over cancer. There are millions of living witnesses that cancer can be cured; and*

WHEREAS, *Relay for Life is the major fund-raiser for the American Cancer Society nationwide, purchasing durable medical equipment and supplies, as well as funding research for a cure for cancer; and*

WHEREAS, *thanks to the increasing knowledge in the biological and medical sciences, we are nearing a solution to the problem of cancer, but we must not lessen our efforts until the battle has been won completely; and*

WHEREAS, *the American Cancer Society has worked unceasingly to inform and educate the public concerning this disease, and has contributed greatly to the continuous battle against one of society's prime destroyers.*

NOW, THEREFORE, I, Dionne Adams, *on behalf of the City Council of the City of Pittsburg, do hereby recognize the importance to this community of the work done by the American Cancer Society Relay for Life and call upon the community to join me in the continuing crusade against cancer by participating in events that support the research for a cure.*

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
John Samuelson, Public Works Director/City Engineer
Gina Haynes, Assistant Director of Public Works-Engineering

SUBJECT: Public Hearing on the 2025 Urban Water Management Plan, to Remain Open Through June 15, 2026

EXECUTIVE SUMMARY

The Urban Water Management Planning Act requires every urban water supplier providing water to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually to prepare and adopt an Urban Water Management Plan (UWMP) every five years. The City's consultant has prepared the 2025 UWMP for public review from May 7, 2026 through June 15, 2026 when the City Council will consider it for adoption.

FISCAL IMPACT:

There is no direct fiscal impact from this action. However, urban water suppliers that do not prepare, adopt, and submit its UWMP to the California Department of Water Resources are ineligible for funds or drought assistance from the state.

RECOMMENDATION:

City Council open a public hearing, take public comment, leave the public hearing open and continue the item to June 15, 2026, to resume the public hearing and take action.

BACKGROUND:

The City of Pittsburg has prepared a 2025 UWMP to satisfy the requirements of the California Water Code sections 10610 et seq. and Urban Water Management Planning Act of 1983 (UWMPA). Urban water suppliers with 3,000 or more service connections or supplying 3,000 or more acre-feet of water per year are required to prepare an UWMP every five years. The 2025 UWMP includes a Water Shortage Contingency

Plan that specifies demand management measures and provisions for recycled water use. The purpose of the UWMP is to review and enhance the reliability of the water supply, ensure that future beneficial uses are supported by adequate water supply availability, promote policies and programs that encourage water conservation, and provide a framework for responding to water supply shortages and drought conditions. The 2025 UWMP focuses on the following water-planning fundamentals:

- Preparing a roadmap for addressing current and long-term future water use.
- Evaluating potable and non-potable water supplies, assessing water deliveries, and identifying constraints on water availability under certain regulatory and hydrological conditions.
- Evaluating water supply reliability by integrating the water-use analysis with the water supply analysis to summarize the water service reliability assessment under normal conditions, single dry-year conditions, and five consecutive dry years through year 2050.
- Preparing a realistic Drought Risk Assessment (DRA) by including integrated water supplies and projected water use in a hypothetical consecutive five-year drought condition.
- Developing an effective Water Shortage Contingency Plan (WSCP) that specifies opportunities to reduce demand and augment supplies under various, and even unpredictable, water shortage conditions.

Comparison of the City's future demands and available supplies indicates that the City will have sufficient water supply to meet its demands, even during single and multiple dry-year events, and by implementing the drought response actions documented in the WSCP.

The draft 2025 UWMP is available for public review and comment through the end of the public hearing. A copy of the draft 2025 UWMP was made available for viewing at the City Clerk's office (65 Civic Avenue) and available for download on the City's website.

The attached document represents the public review draft of the City's 2025 UWMP. It is organized based on guidance provided by the Department of Water Resources.

SUBCOMMITTEE FINDINGS

This item was not presented to a Subcommittee.

STAFF ANALYSIS:

The City's 2025 UWMP is an update to the 2020 Plan adopted by City Council on September 20, 2021. The 2025 Plan documents the City's planning activities to ensure adequate water supplies to meet existing and future demands for water. For the City, the benefits of updating the Plan include water-service planning that allows the City to evaluate supply reliability goals and water use efficiency, identify opportunities and

challenges to maximize the beneficial use of water, and provide an additional public forum for discussion of water resources issues.

The 2025 UWMP presents forecasted water supplies and demand and describes the City's water demand management and recycled water opportunities. Population numbers are generalized and estimated based on a projected City growth rate of 1%. This yields a projected population of 97,944 in 2050. This updated UWMP incorporates recommendations from the City's principal water supplier, the Contra Costa Water District (CCWD), as detailed in its Future Water Supply Study, and CCWD's 2025 UWMP. Staff coordinated with CCWD and Delta Diablo in preparing this 2025 UWMP. Delta Diablo provided data on wastewater treatment and current and projected water recycling. CCWD, as the City's raw water wholesaler, provided information on water supply reliability and drought risk.

Additional requirements to be provided in the 2025 UWMP include a WSCP that specifies demand management measures and provisions for recycled water use. Chapter 9 of the attached 2025 UWMP discusses the City's plan to achieve water use reductions to meet its Water Use Target. The City has already taken various steps to help ensure that urban water use continues to meet the 2025 target. These efforts include water waste prevention ordinances, metering, conservation pricing, public education and outreach, programs to assess and manage distribution system real loss, and other demand management programs.

Public Participation
The City encouraged public participation in development and review of this UWMP. The City posted a notice on its website on May 7, 2026, alerting customers that it was preparing the UWMP update and providing a City contact for more information. A Notice of Public Hearing to receive comments on the draft UWMP was published in the East Bay Times ECC edition. The East Bay Times is a major local newspaper of general circulation in the City's service area. The notice advised the public that copies of the draft 2025 UWMP were available for review at the City Clerk's office prior to the hearing, and that written comments could be sent to the City until June 15, 2026.

County Notification
Contra Costa County was notified by mail that the City's 2025 UWMP was under preparation on December 17th, 2025. A notice of intention to adopt letter was sent to the County, with a link to the City's website.

Staff will take comments from the public and City Council on the draft UWMP and consider them for inclusion in the subsequent version of the 2025 UWMP scheduled for consideration by the City Council at a later meeting. A resolution of adoption of the UWMP will be considered at that time. The action at this meeting is a public hearing only.

Attention: Jason Moser, Water Treatment Plant Superintendent

Subject: **2025 Urban Water Management Plan - Draft**

Dear Jason:

We are pleased to submit the City of Pittsburg 2025 Urban Water Management Plan (2025 UWMP), compliant with the Urban Water Management Planning Act (UWMPA) of 1983 and subsequent amendments.

The plan updates existing and future water needs through the next 25 years, includes a Water Shortage Contingency Plan (WSCP), a Drought Risk Assessment (DRA), and must be submitted to the California Department of Water Resources every five years.

We extend our thanks to you, John Samuelson, Public Works Director; Gina Haynes, Associate director of Public Works-Engineering and other City staff whose courtesy and cooperation were valuable in reviewing and completing this study.

Sincerely,

AKEL ENGINEERING GROUP, INC.

CHAPTER 1 – INTRODUCTION AND OVERVIEW

This chapter introduces the purpose of the Urban Water Management Plan (UWMP), its importance, and its overall focus intended to meet statuary reporting requirements for submission to the California Department of Water Resources (DWR).

Urban Water Management Plan Focus

The purpose of the Urban Water Management Plan (UWMP) is to review and enhance the reliability of urban water supplies, ensure that future beneficial uses are supported by adequate water supply availability, promote policies and programs that encourage water conservation, and provide a framework for responding to water supply shortages and drought conditions. The 2025 UWMP focuses on the following water-planning fundamentals:

- Preparing a roadmap for addressing **current and long-term future water use**.
- Evaluating **potable and non-potable water supplies**, assessing water deliveries, and identifying constraints on water availability under certain regulatory and hydrological conditions.

- Evaluating **water supply reliability** by integrating the water-use analyses with the water supply analyses to summarize the water service reliability assessment under normal conditions, single dry-year conditions, and five consecutive dry years through year 2050.
- Preparing a realistic **Drought Risk Assessment** (DRA) by including integrated water supplies and projected water use in a hypothetical consecutive five-year drought condition.
- Developing an effective **Water Shortage Contingency Plan** (WSCP) that specifies opportunities to reduce demand and augment supplies under various, and even unpredictable, water shortage conditions.

Reinforcing the coordination between land-use planning, water supply planning, and climate change, make the City's 2025 UWMP both a valuable water management and water planning tool.

1.1 PURPOSE

The City of Pittsburg is required to submit an Urban Water Management Plan to the Department of Water Resources (DWR) in accordance with the California Water Code. The purpose of the UWMP is to review and enhance the reliability of urban water supplies, ensure that future beneficial uses are supported by adequate water supply availability, promote policies and programs that encourage water conservation, and provide a framework for responding to water supply shortages and drought conditions. In addition to being filed every five years, the UWMP must comply with the requirements established in the Urban Water Management Planning Act (UWMP Act) of 1983, including all subsequent amendments.

The UWMP Act requires agencies providing water for municipal purposes to more than 3,000 customers or serving more than 3,000 acre-feet annually to prepare and adopt an Urban Water Management Plan (UWMP) every five years, demonstrating water supply reliability in normal, single dry, and multiple dry water years. The UWMP Act also requires the California Department of Water Resources (DWR) to report to the Legislature on the status of UWMPs.

1.2 BACKGROUND

The drought of 1976-1977 caused widespread water supply shortages across California. Many cities and water districts were forced to seek additional water sources, highlighting the urgent need for comprehensive, long-term water management planning at both the local and statewide levels. In response, the Urban Water Management Planning Act (UWMPA) was proposed and adopted in 1983 to reduce the risk of future emergencies caused by inadequate water resource planning. State Assembly Bill 797 amended Division 6 of California Water Code in 1983, formally establishing the UWMPA. Since its enactment, more than 20 amendments have been made, expanding the data requirements and the planning elements included in the 2025 UWMP.

Early amendments to the UWMPA required a 20-year planning horizon, evaluated in 5-year increments, to compare water demand with available water supplies. More recently, these planning projections have been extended to a 25-year planning horizon to preserve the 20-year projections while allowing sufficient time for the preparation of the subsequent UWMP.

Additional amendments to the UWMPA require that the City's UWMP includes a Water Shortage Contingency Plan that meets the specifications of the Act as well as provisions for demand management measures and recycled water use. Recycled water use was added to reporting requirements because it provides a reliable alternative water source and can help meet future water demand. Individual water purveyors, in coordination with other water purveyors in the same general area where practicable, are responsible for preparing the Water Shortage Contingency Plan. Each supplier must also describe the water demand management measures currently in practice or scheduled for implementation. Notable Amendments include:

- **2009, SBX7-7** requires the state and its municipal water purveyors to achieve a 20 percent reduction in urban per capita water usage by the year 2020. The “20X2020” plan set an interim goal of a 10 percent reduction by 2015 and a 20 percent reduction by 2020.
- **2018, SB606** adds new requirements to the UWMP process as well as established updated urban water use objectives and water use reporting requirements:
    - Prepare a drought risk assessment that examines water shortage risks for a drought lasting for the next five years.
    - Prepare a comprehensive Water Shortage Contingency Plan that will include water budgeting forecast procedures, standard water shortage levels, shortage response actions, and other protocols.
    - Enacts an annually required water supply and demand assessment wherein an urban water supplier will assess local demand and supply conditions and provide that information to DWR.
- **2024, “Making Conservation a California Way of Life” regulation**, adopted by The State Water Resources Control Board (SWRCB) in summer 2024, went into effect on January 1, 2025. The regulation established efficiency goals for urban water retail suppliers to implement two enacted legislative mandates (AB 1668 and SB 606) in 2018. Under the new regulation:
    - Suppliers are held to calculate annual “urban water use objectives” and should include budgets for a subset of water uses.
    - The regulation provides for variances and temporary provisions to address unique water use circumstances.
    - Suppliers must annually demonstrate compliance with objectives beginning January 1, 2027.

1.3 UWMP IMPORTANCE

The importance of the UWMP was exceptionally well defined in the 2025 guidebook and included in this section.

Urban Water Management Plan Importance

A UWMP is the legal and technical water management foundation for Suppliers throughout California. A well-constructed UWMP can save Suppliers time and money, and it provides the Supplier's staff, the public, and elected officials with an understanding of past, current, and future water conditions and management. The UWMP integrates local and regional land-use planning, regional water supply, infrastructure, and demand management projects, as well as statewide issues of concern like climate change and regulatory revisions. In short, the UWMP gathers, characterizes, and synthesizes water-related information from numerous sources into a plan with local, regional, and statewide practical utility.

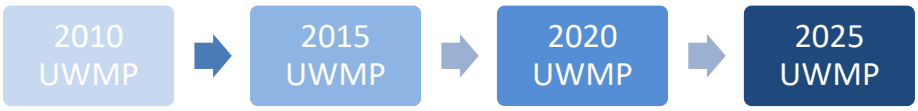

Thoughtful urban water management planning provides an opportunity for a Supplier to integrate supplies and use in a balanced and methodical planning platform that addresses short-term and long-term water-planning conditions. In so doing, a Supplier will:

- Assess changes in natural hydrology, climate, and **groundwater conditions**
- Anticipate the implications of regional, State, and **federal regulations**
- Understand supply conditions and **water-use variability**
- **Identify regional constraints** on, or opportunities for, shared water resources
- Integrate local **land-use changes**, development, plans, and population growth
- Prepare for **water shortages** and unforeseen calamities
- Anticipate **infrastructure improvements**
- Recognize project **funding needs** and opportunities

Thus, a UWMP provides a supplier with a reliable water management action plan that can be referenced during management decisions related to water supplies and especially during droughts. Importantly, UWMPs provide DWR, the State Water Resources Control Board (State Water Board), and the Legislature with an assessment of statewide water reliability.

1.4 NOTABLE UPDATES SINCE 2020 UWMP

The City of Pittsburg has been preparing and submitting an UWMP every 5 years, and the last submittal was for the 2020 UWMP, which was adopted on September 20th, 2021.

This 2020 UWMP addressed many of the same elements required for the 2025 UWMP, including: plan preparation, service area description, water use characterization, SBX7-7 baselines, 2020 targets, normal-year water supply characterization, water service reliability and drought risk

assessment, water shortage contingency plan, demand management measures, and plan adoption. On May 23rd, 2022, DWR completed the review of the City's 2020 UWMP and its supplements, issuing a letter of completeness.

The 2025 UWMP guidebook identifies the following major updates since the 2020 UWMP:

2025 UWMP Updates	Description
Changes in Water Code	Minor Water Code updates have been made since 2020, but none affect the 2025 UWMP requirements
Suppliers with Multiple Public Water Systems (PWSs)	State agencies now use consistent criteria to decide when a supplier operating multiple PWSs counts as an Urban Water Supplier subject to UWMP rules
DWR Submittal Tables	Submittal tables have been updated to match the current reporting year, improve accuracy, and better show what Water Code requires versus what is optional.
Water Loss Standard Reporting	Water Loss Standard rules haven't changed, but updated standards for 2028 are now available. New guidance explains how suppliers should report progress on meeting these standards in their 2025 UWMPs.
Direct Potable Reuse	Regulations for direct potable reuse have been adopted since the last reporting cycle; minor updates were made to demand and supply tables to support this new reporting requirement.
Lower-Income Housing	New guidance clarifies how suppliers should project water demand for lower-income housing, integrating RHNA information and updated land-use planning.
Reporting Groundwater Recharge and Other Water Storage	Updated guidance clarifies how to report water placed into storage and later withdrawn, ensuring that water is not double-counted when moving between long-term and short-term storage.

1.5 UWMP IN RELATION TO OTHER EFFORTS

In addition to preparing the 2025 Urban Water Management Plan, the City has the following relevant infrastructure planning efforts:

- Water System Master Plan. Published in 2023.
- Wastewater System Master Plan. Published in 2023.

The planning horizons of these documents, in comparison with the 2025 UWMP horizon, are illustrated as Figure 1-1. These master plans include relevant information on growth, as well as population and demand projections.

The preparation of the 2025 UWMP complements these planning efforts by providing guidance for efficient water use throughout the master planning horizon and identifying water conservation measures that influence both water demands and associated wastewater flows. Efforts have been made to ensure consistency between the water demand projections, and the projected water use for the 2025 UWMP and current master planning updates.

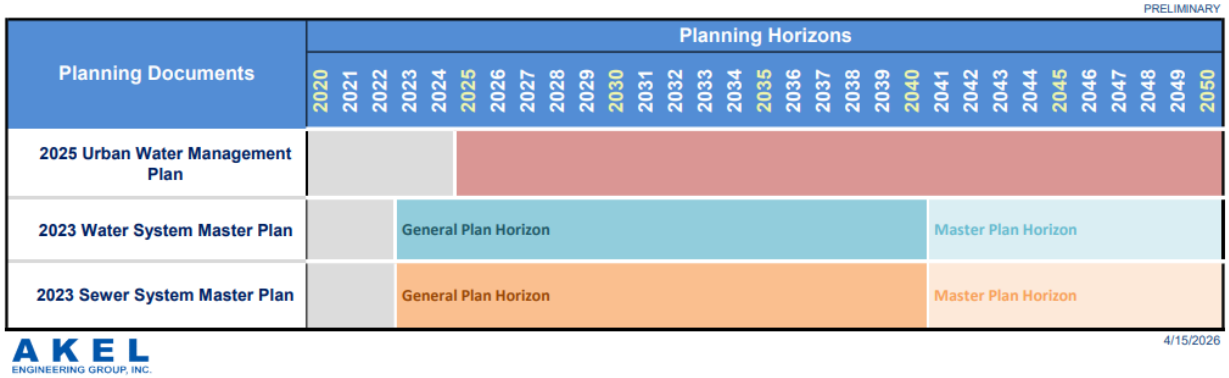

Figure 1-1 Planning Horizons

1.6 UWMPS AND GRANT OR LOAN ELIGIBILITY

To be eligible for any water grant or loan administered by DWR, an agency must have a current UWMP on file that has been determined by DWR to meet the requirements of the following Water Code.

California Water Code

10608.56 (a)	*On and after July 1, 2016, an urban retail water supplier is not eligible for a water grant or loan awarded or administered by the state unless the supplier complies with this part.*
10608.56 (c)	*Notwithstanding subdivision (a), the department shall determine that an urban retail water supplier is eligible for a water grant or loan even though the supplier has not met the per capita reductions required pursuant to Section 10608.24, if the urban retail water supplier has submitted to the department for approval a schedule, financing plan, and budget, to be included in the grant or loan agreement, for achieving the per capita reductions. The supplier may request grant or loan funds to achieve the per capita reductions to the extent the request is consistent with the eligibility requirements applicable to the water funds.*
10656	*An urban water supplier is not eligible for a water grant or loan awarded or administered by the state unless the urban water supplier complies with this part.*

Beginning in 2016, changes to California law require that urban retail water suppliers comply with the water conservation requirements established by the Water Conservation Act of 2009 to be eligible for State water grants or loans. For 2025 UWMPs, compliance with this Act means that a

water agency must have met its 2025 Urban Water Use Target, which is discussed further in another chapter. This compliance must be documented and reported in the 2025 UWMP.

1.7 SUBMITTAL TABLES

This report includes the completed tables required by DWR in the 2025 UWMP Guidebook (January 2026), and included in **Appendix B**.

> ***California Water Code***
>
> *10644 (a)(2)* *The plan, or amendments to the plan, submitted to the department … shall include any standardized forms, tables, or displays specified by the department.*

As part of this 2025 UWMP, submittal tables required by the 2025 UWMP Guidebook were completed electronically using the DWR provided 2025 MS Excel workbook, and also filed electronically with DWR. Additionally, each 2025 submittal table is included in this document, within its respective section. Furthermore, each chapter includes a section summarizing the submittal tables.

1.8 REPORT ORGANIZATION

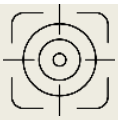

This report is organized in accordance with the outline suggested by the Department of Water Resources for the 2025 Urban Water Management Plans. According to the 2025 UWMP Guidebook, the following items and updates are provided with further explanation.

Chapter	Title	Description
Chapter 1	**Introduction and Overview**	This chapter introduces the purpose of the Urban Water Management Plan (UWMP), its importance, and its overall focus to meet statuary reporting requirements for submission to the California Department of Water Resources (DWR).
Chapter 2	**Plan Preparation**	This chapter describes the process used as well as the coordination and outreach during the preparation of the UWMP. The chapter also includes guidance and tables to ensure consistent use throughout the UWMP for two key elements: the use of a fiscal or calendar year, and the specific units of measurement the City uses to report water volumes.
Chapter 3	**Service Area Description**	This chapter describes the City's water service area, including existing and future land use types, climate, and historical and projected population.

Chapter 4	**Existing and Projected Water Demands**	This chapter provides a description of the current water uses as well as projected water uses through year 2050. Additionally, a description of potential recycled water uses is included.
Chapter 5	**Water Conservation Requirements**	This chapter includes the City's per-capita water conservation target requirements (SB X7-7) as calculated in previous UWMPs and monitors compliance in accordance with the Water Code. As California built the Urban Water Use Objective (UWUO) framework on top of the conservation goals from SB X7-7, using it as a benchmark and requiring suppliers' overall objectives to go beyond the older 20% by 2020 target to ensure ongoing water conservation efforts.
Chapter 6	**Normal-Year Water Supply**	This chapter summarizes the City's current and planned water supply sources and volumes, including characterization of the groundwater basins.
Chapter 7	**Water Service Reliability Assessment**	This chapter assesses the reliability of the City's water supply under normal conditions, single-year dry conditions, and consecutive five-year dry conditions. The assessment includes a comparison of water use versus expected water supply through 2050, and includes the Drought Risk Assessment.
Chapter 8	**Water Shortage Contingency Plan**	This chapter presents the City's Water Shortage Contingency Plan (WSCP), a required framework for responding to water shortages through standardized conservation stages, response actions, and emergency supply interruption procedures.
Chapter 9	**Demand Management Measures**	This chapter documents the City's efforts to reduce water demand using specific demand measurement measures (DMMs) as well as any other actions to maintain ongoing water conservation.
Chapter 10	**Plan Adoption**	This chapter summarizes the process for adopting and submitting the UWMP as well as the ways the public can access the adopted UWMP.
Appendices		The appendices provide supplemental and relevant information, in support of the report chapters.

CHAPTER 2 – PLAN PREPARATION

This chapter describes the process used as well as the coordination and outreach during the preparation of the UWMP. The chapter also includes guidance and tables to ensure consistent use throughout the UWMP for two key elements: the use of a fiscal or calendar year, and the specific units of measurement the City uses to report water volumes.

Chapter Focus

This chapter provides guidance on determining whether a City is required to prepare a UWMP, the various levels of regional coordination that a City may employ, and how the City can document consistency with plan preparation requirements.

2.1 BASIS FOR PREPARING THIS PLAN

This section documents the basis for preparing the 2025 UWMP and includes references to the relevant California Water Code.

California Water Code

10617	*"Urban water supplier" means a supplier, either publicly or privately owned, providing water for municipal purposes either directly or indirectly to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually. An urban water supplier includes a supplier or contractor for water, regardless of the basis of right, which distributes or sells for ultimate resale to customers. This part applies only to water supplied from public water systems subject to Chapter 4 (commencing with Section 116275) of Part 12 of Division 104 of the Health and Safety Code.*
10608.12 (t)	*"Urban retail water supplier" means a water supplier, either publicly or privately owned, that directly provides potable municipal water to more than 3,000 end users or that supplies more than 3,000 acre-feet of potable water annually at retail for municipal purposes.*
10621 (a)	*Each urban water supplier shall update its plan at least once every five years on or before July 1, in years ending in six and one, incorporating updated and new information from the five years preceding each update.*

The California Water Code (CWC) defines an "urban water supplier" as a publicly or privately owned supplier that provides water for municipal purposes either directly or indirectly to more than 3,000 customers or supplies more than 3,000 acre-feet of water annually. At the time of preparation of the 2025 UWMP, the City of Pittsburg supplied water to over 20,834 active service connections in 2025, with a corresponding 2025 volume of approximately 8,280 acre-ft of water supplied, as summarized in Table 2-1. The City of Pittsburg has been preparing an Urban Water Management Plan every five years and submitting to DWR.

The City's Public Water System identification number (PWSID), regulated by the State Water Board's Division of Drinking Water, is also documented on Table 2-1.

Submittal Table 2-1 Retail: Public Water Systems

Public Water System Number	Public Water System Name	Number of Municipal Connections 2025	Volume of Water Supplied 2025 (AF)
CA0710008	City of Pittsburg	20,834	8,280
	Total	**20,834**	**8,280**

2.2 INDIVIDUAL OR REGIONAL PLAN

The City's 2025 UWMP is prepared as an individual plan, and the City is not part of any regional alliance for planning purposes, as summarized in Table 2-2. However, the City does cooperate with other agencies, including the Contra Costa Water District, in the preparation of its UWMP.

California Water Code

10620 (d)(1) *An urban water supplier may satisfy the requirements of this part by participation in area wide, regional, watershed, or basin wide urban water management planning where those plans will reduce preparation costs and contribute to the achievement of conservation, efficient water use, and improved local drought resilience.*

Submittal Table 2-2: Plan Identification

Select	Type of Plan	Name of Regional Alliance or RUWMP
☑	**Individual UWMP**	
	☑ Water Supplier is also a member of a SB X7-7 Regional Alliance	Conta Costa Water District Alliance
☐	**Regional Urban Water Management Plan (RUWMP)**	

2.3 SUPPLIER IDENTIFICATION

This section discusses supplier identification.

California Water Code

10608.20 (a)(1) *Urban retail water suppliers … may determine the targets on a fiscal year or calendar year basis.*

This UWMP has been prepared using calendar year (CY) data and incorporates complete data for 2025. All units of measure reported in the tables and submittal tables are in acre-feet (AF), as documented in Table 2-3.

Submittal Table 2-3: Supplier Identification

Type of Supplier	
☐	Supplier is a wholesaler
☑	Supplier is a retailer
Fiscal or Calendar Year	
☑	UWMP Tables Are in Calendar Years
☐	UWMP Tables Are in Fiscal Years
Units of Measure Used in UWMP[1]	
AF	

2.4 COORDINATION AND OUTREACH

This section describes the outreach and coordination efforts conducted for 2025 UWMP. More detailed notifications are documented in a separate chapter.

California Water Code

10620 (d)(3)	*Each urban water supplier shall coordinate the preparation of its plan with other appropriate agencies in the area, including other water suppliers that share a common source, water management agencies, and relevant public agencies, to the extent practicable.*
10621 (b)	*Every urban water supplier required to prepare a plan pursuant to this part shall, at least 60 days before the public hearing on the plan required by Section 10642, notify any city or county within which the supplier provides water supplies that the urban water supplier will be reviewing the plan and considering amendments or changes to the plan.*

The City's 2025 UWMP is an update to the 2020 UWMP and is intended to address the aspects of the UWMPA that fall under the City's authority, specifically water supply and water use. The draft plan has been shared with regional stakeholders and made available to the public in electronic formats. The wholesale water suppliers informed of the City's projected water use are listed in Table 2-4.

The UWMPA requires that the adopted UWMP demonstrate the water agency solicited public participation. In accordance with this requirement, the City held a public hearing to allow community members to provide comments, learn about existing and future water supplies, and raise concerns towards the plan being adopted. A notice of the public hearing was published in the local newspaper on _____& _____, 2026, notifying interested parties that the draft 2025

UWMP was available at various City facilities and on the City's web page (www.pittsburgca.gov) for review two successive weeks prior to adoption. After public review, the plan was adopted on _____, 2026.

2.5 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal table(s):

- Table 2-1: Public Water Systems
- Table 2-2: Plan Identification
- Table 2-3: Supplier Identification
- Table 2-4: Water Supplier Information Exchange

CHAPTER 3 – SERVICE AREA DESCRIPTION

This chapter describes the City's water service area, including existing and future land use types, climate, and historical and projected population.

Chapter Focus

This chapter describes the City's water service area, including the discussion of the City's location, the boundaries of the water service area, existing and future land use types, and climate. It also summarizes historical and projected population trends and provides an overview of the City's demographics and socioeconomic conditions.

3.1 GENERAL DESCRIPTION

This section documents the City's location, service area, land use, and socioeconomic conditions.

California Water Code

10631 (a) Describe the service area of the supplier…

3.1.1 Location

The City of Pittsburg is located in the eastern side of California's San Francisco Bay in Contra Costa County, as shown in **Figure 3-1**. It is bound to the north by the Suisun Bay, the City of Antioch on the east, and is surrounded by undeveloped hills to the south and the Concord Naval Weapons Station on the west.

3.1.2 Land Use

The City's General Plan was originally adopted in 2004 and identified planned future growth within the City's Urban Limit Line. Subsequent amendments to the General Plan Land Use designations modified these future land use conditions. In April 2024, the City adopted the 2040 General Plan, which reflects updated planned land use conditions. The City's 2023 Water System Master Plan (WSMP) incorporates these updated land use assumptions as a basis for demand projections. The existing and future land use maps from the adopted 2040 General Plan are provided in this chapter (**Figure 3-3** and **Figure 3-4)** and serve as a reasonable basis for future water system planning.

3.1.3 Socioeconomic Conditions

Based on data from the U.S. Census American Community Survey, the City has a median household income of approximately $99,861 per year and a per capita income of approximately $38,833 per year as of 2024. Approximately 23.6% of the population has a bachelor's degree or higher and 81.5% have a high school diploma or higher. Approximately 11.2% of the population lives below the poverty line.

According to population and housing statistics prepared by the California Department of Finance (DOF), the City has an average household occupancy of 3.13 people per household in 2025. Approximately 79% of the current residential units are single-family residences, with the other 21% reflecting multiple-family dwelling units. The 2025 residential vacancy rate is approximately 2.9%.

According to the 2024 U.S. Census–derived data compiled by *Data USA*, the largest employment sectors for the City residents are Health Care & Social Assistance (17.6%), Retail Trade (10.9%), and Construction (9.88%) based on absolute numbers of employed residents.

3.2 SERVICE AREA BOUNDARY MAPS

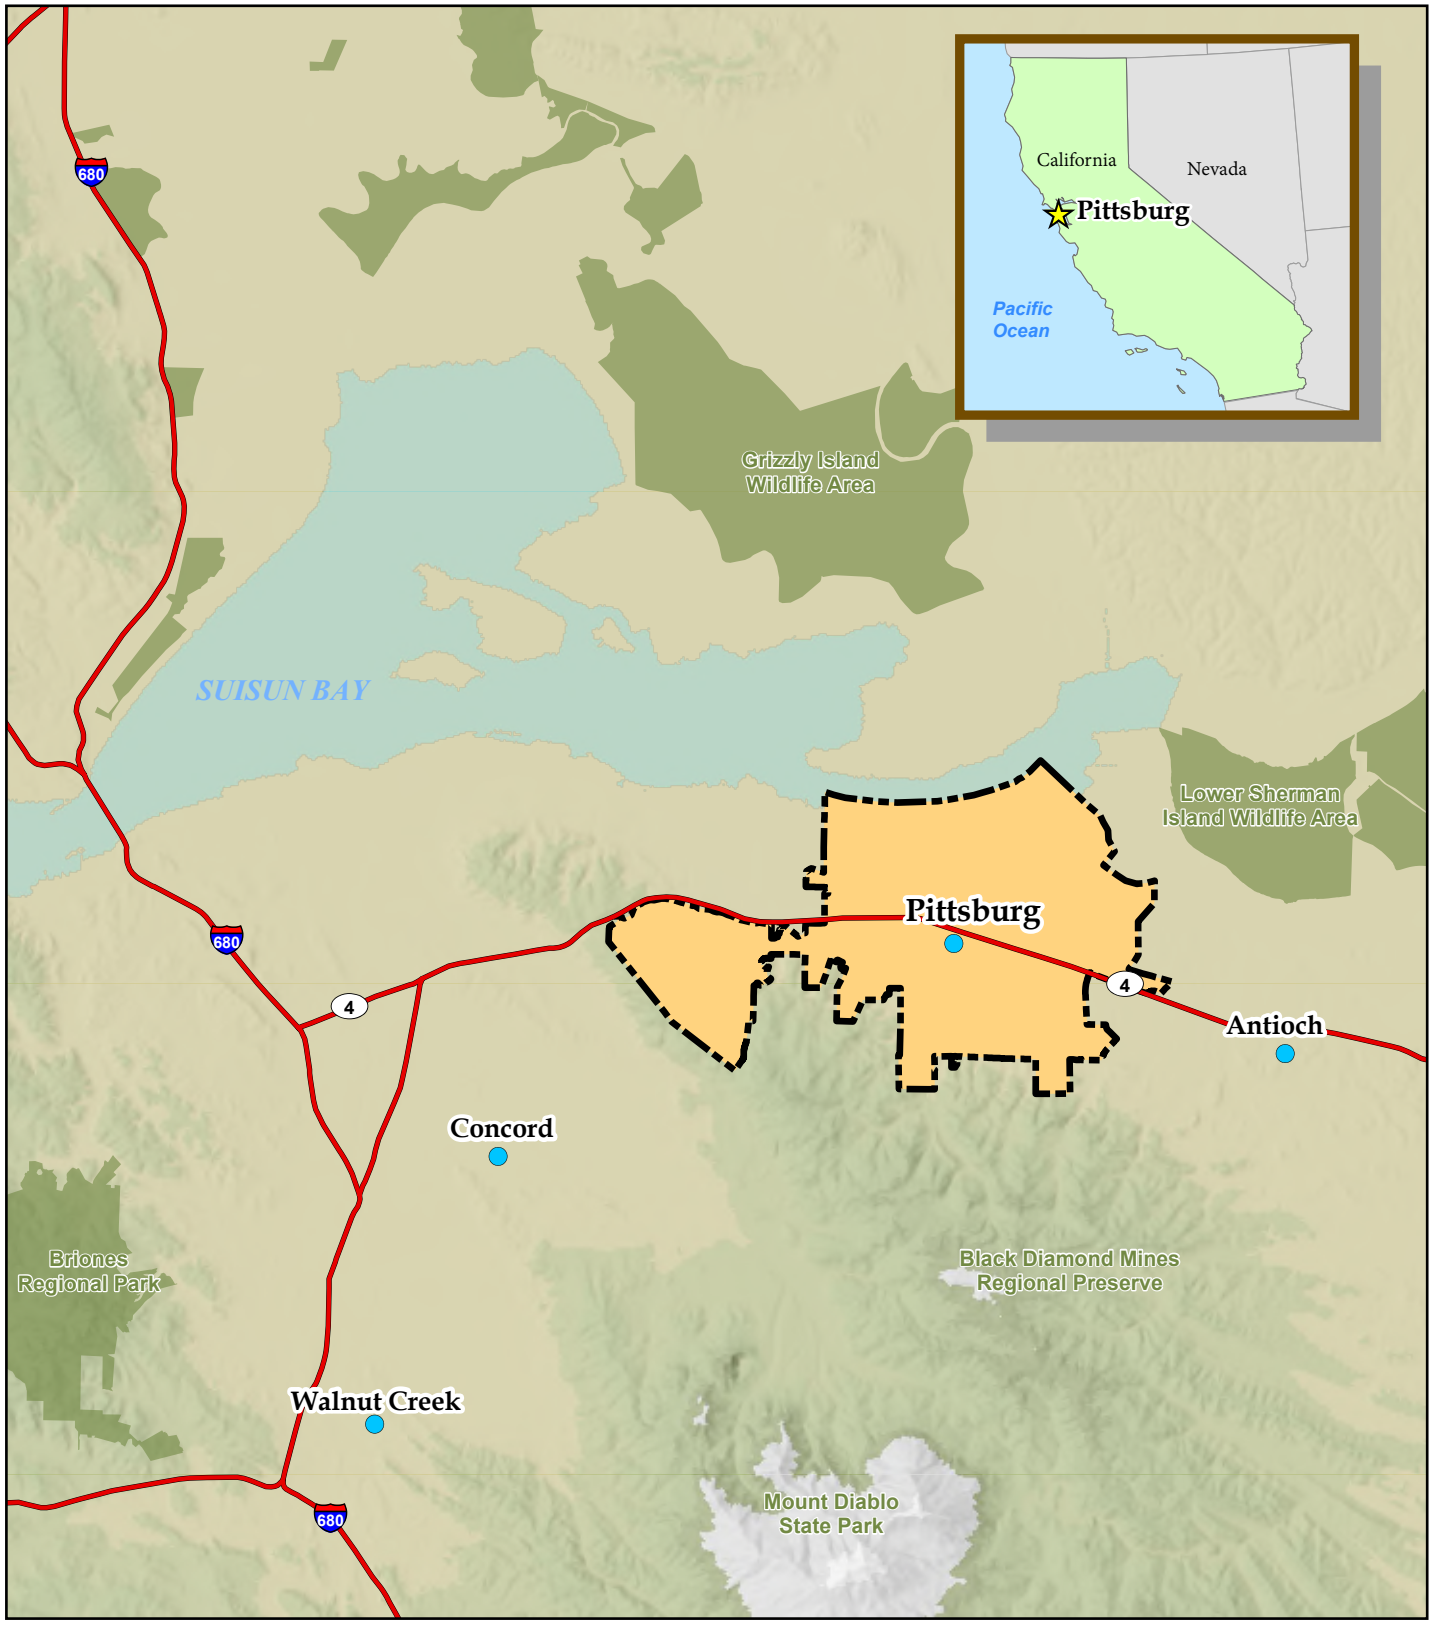

The City's water service area is consistent with the City limits (**Figure 3-2**) and reflects a total area of approximately 15.6 square miles. The water service area is a subset of the Pittsburg Planning Area, which is a larger area that extends beyond the City limits to the Sphere of Influence and is generally undeveloped. A portion of this undeveloped planning area, defined by the Urban Limit Line approved in 2007, is planned for eventual service by the City as development continues.

3.3 SERVICE AREA CLIMATE

The following sections include a description of the City's historical climate data as well as a general summary of the potential impacts due to climate change.

California Water Code

10630	*It is the intention of the Legislature, in enacting this part, to permit levels of water management planning … while accounting for impacts from climate change.*
10631 (a)	*Describe the service area of the supplier, including … "climate…"*

3.3.1 Historic Climate Data

The City experiences a Mediterranean climate with hot summers and mild winters. The mean annual temperature in the City is 73 degrees Fahrenheit (°F), with the hottest month being August at approximately 88.6 °F for the average high, and the coldest month being January, with an average low of approximately 37.3 °F. The City has a historical average annual rainfall of approximately 14 inches, with the majority of the rainfall occurring from November to March. These months typically experience between 2 to 4 inches total. The average annual evapotranspiration (Eto) is approximately 51.1 inches. Average climate data is included in Table 3-1A.

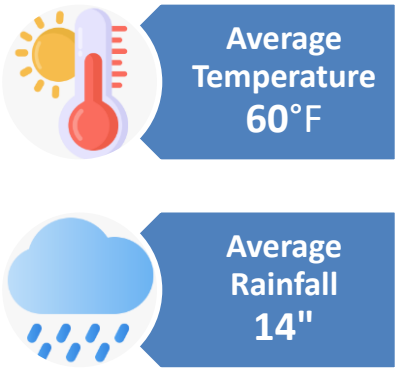

Table 3-1A Average Climate Data

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Annual
Average ETo (inches)	1.3	2.0	3.2	4.8	6.5	7.5	7.7	6.8	5.0	3.6	1.8	1.1	**51.1**

3.3.2 Climate Change

As part of the 2025 UWMP update, the California Water Code requires urban water suppliers to provide a general description of the climate change impact within the service area. Based on the City's location and current climate, the most notable changes in climate are related to increasing average temperatures, intensifying storm events, and periods of extended drought. Other effects, such as decreasing snowpack or rising sea levels do not have a direct impact on the City's water demand or supply. Changes in annual precipitation and temperature will likely have an impact on the City's overall water use as well as available supply volumes.

The following sections summarize the potential impacts to the City's water service area due to climate change. The ECCC IRWM plan update 2019 included a climate change vulnerability assessment for East Contra Costa County, which includes the City's service area. This section also includes a brief summary of local climate change modeling data available from the State of California's Cal-Adapt Climate Modeling System.

3.3.2.1 Water Supply

The City's potable water supply is comprised of two sources, both of which are treated at the Water Treatment Plant (WTP). These sources include surface water deliveries supplied by the Contra Costa Water District (CCWD), which makes up the vast majority of the City's supply, as well as groundwater supplies provided from two groundwater wells.

CCWD, in addition to other water suppliers, maintains intakes from the Delta as a source of surface water supply. This water source is considered unreliable due to already observed effects of seasonal runoff patterns and reduced waters supply reliability. Additionally, the quality of freshwater from the Delta is dependent on the operation of existing Central Valley Project/State Water Project (CVP/SWP) storage reservoirs, which are impacted by changes in snowpack and upstream river conditions. Sea level rise also has the potential to render CCWD's existing Delta intake unusable, with sea water inundation producing brackish or saline water.

Consistent with other regional efforts CCWD has implemented adaptation measures to address the impacts of climate change, including the operation of the Los Vaqueros Reservoir as a blended water source to offset saline water conditions. CCWD also operates the Delta intakes to maximize water quality and minimize pumping costs.

3.3.2.2 Groundwater

The City operates two groundwater wells which act as an additional source of water supply. While the City's current groundwater supply is generally considered reliable during various normal and dry water years, changes in local hydrology could affect the current natural recharge rates. This change could result in a reduction of the amount of groundwater that could be pumped sustainably. Recharge projects and participation in regional groundwater management planning efforts will help mitigate the effect of climate change on groundwater supplies.

3.3.2.3 Flooding

Flooding due to levee overtopping or failure poses a risk throughout Eastern Contra Costa County. Levee failure or flooding could contribute to reductions in water supply reliability, water treatment, and wastewater treatment and disposal. Water intake facilities, such as those operated by CCWD from the Delta, could be susceptible to sea water inundation.

3.3.2.4 Water Quality

Climate change will likely impact water quality management throughout the Eastern Contra Costa County region. CCWD's Delta surface water supply is susceptible to water quality problems such as an increase in salinity from Delta intakes, increased turbidity and pollutants transported by river and stream flows, increased spikes in disinfectant byproduct precursors, increased contaminant concentrations during droughts, and lower dissolved oxygen levels. Additionally, chloride, bromide, and total organic carbon present in Delta water would dramatically increase should existing levee protection systems fail.

3.4 SERVICE AREA POPULATION AND DEMOGRAPHICS

The City is a growing community with over 6.6% percent of the Contra Costa County population residing within the City limits. Department of Finance records estimate the 2025 population of Pittsburg at 76,374.

3.4.1 Service Area Population

California Water Code

10631 (a) *Describe the service area of the supplier, including current and projected population …The projected population estimates shall be based upon data from the state, regional, or local service agency population projections within the service area of the urban water supplier and shall be in five-year increments to 20 years or as far as data is available.*

The current and projected service area population is summarized in Table 3-1. The population projections are based on the following growth rates:

- **2006-2025:** The historical growth rate average is calculated at 1% per year.
- **2026-2050:** Assumes 1% per year based on the historical growth rate and information given from the City on population projections.

According to 2025 United States Census Bureau's data, the City has a racially diverse population which is White (19.3%), Black or African American (14.5%), American Indian and Alaska Native (1.1%), Asian (19.7%), Native Hawaiian and Pacific Islander (1.4%), Hispanic or Latino (43%), with the rest more than one race or other race.

Submittal Table 3-1 Retail: Population - Current and Projected
Water Code Section 10631(a)

2025	2030	2035	2040	2045	2050 (opt)

3.5 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal table(s):

- Table 3-1: Population-Current and Projected

CHAPTER 4 – EXISTING AND PROJECTED WATER DEMANDS

This chapter provides a description of the current water uses as well as projected water uses through year 2050. Additionally, a description of potential recycled water uses is included.

Chapter Focus

This chapter describes the City's water service area. This description includes discussion of the City's location, the boundaries of the water service area, existing and future land use types, and climate. This chapter also summarizes the historical and projected population as well as a review of the City's demographics and socioeconomic conditions.

4.1 NON-POTABLE VERSUS POTABLE WATER USE

The California State Water Code requires documentation of water use within the City's service area for potable, recycled, and raw water demands, as applicable. Currently, the City delivers only potable water within its service area. However, Delta Diablo operates a recycled non-potable water distribution system that delivers non-potable water supplies to customers within the City's service area. While the City is not responsible for the operation or maintenance of this non-potable water infrastructure, a summary of the current and projected non-potable water use is also included in the following sections.

4.2 PAST, CURRENT AND PROJECTED WATER USE BY SECTOR

This section documents the historical and projected water use as well as the maximum day demand.

California Water Code

10631 (d)(1) *For an urban retail water supplier, quantify, to the extent records are available, past and current water use, over the same five-year increments described in subdivision (a), and projected water use, based upon information developed pursuant to subdivision (a), identifying the uses among water use sectors, including, but not necessarily limited to, all of the following:*

(A) Single-family residential.
(B) Multifamily.
(C) Commercial.
(D) Industrial.
(E) Institutional and governmental.
(F) Landscape.
(G) Sales to other agencies.

(H) Saline water intrusion barriers, groundwater recharge, or conjunctive use, or any combination thereof.
(I) Agricultural.
(J) Distribution system water loss.

10631 (d)(2) The water use projections shall be in the same five-year increments described in subdivision (a).

4.2.1 Historical Water Use

The relationship between historic water use and population is illustrated in Figure 4-1, which shows that water consumption declined following the 2007–2010, 2012–2016, and then 2020-2022 drought periods, despite continued population growth over the same timeframe.

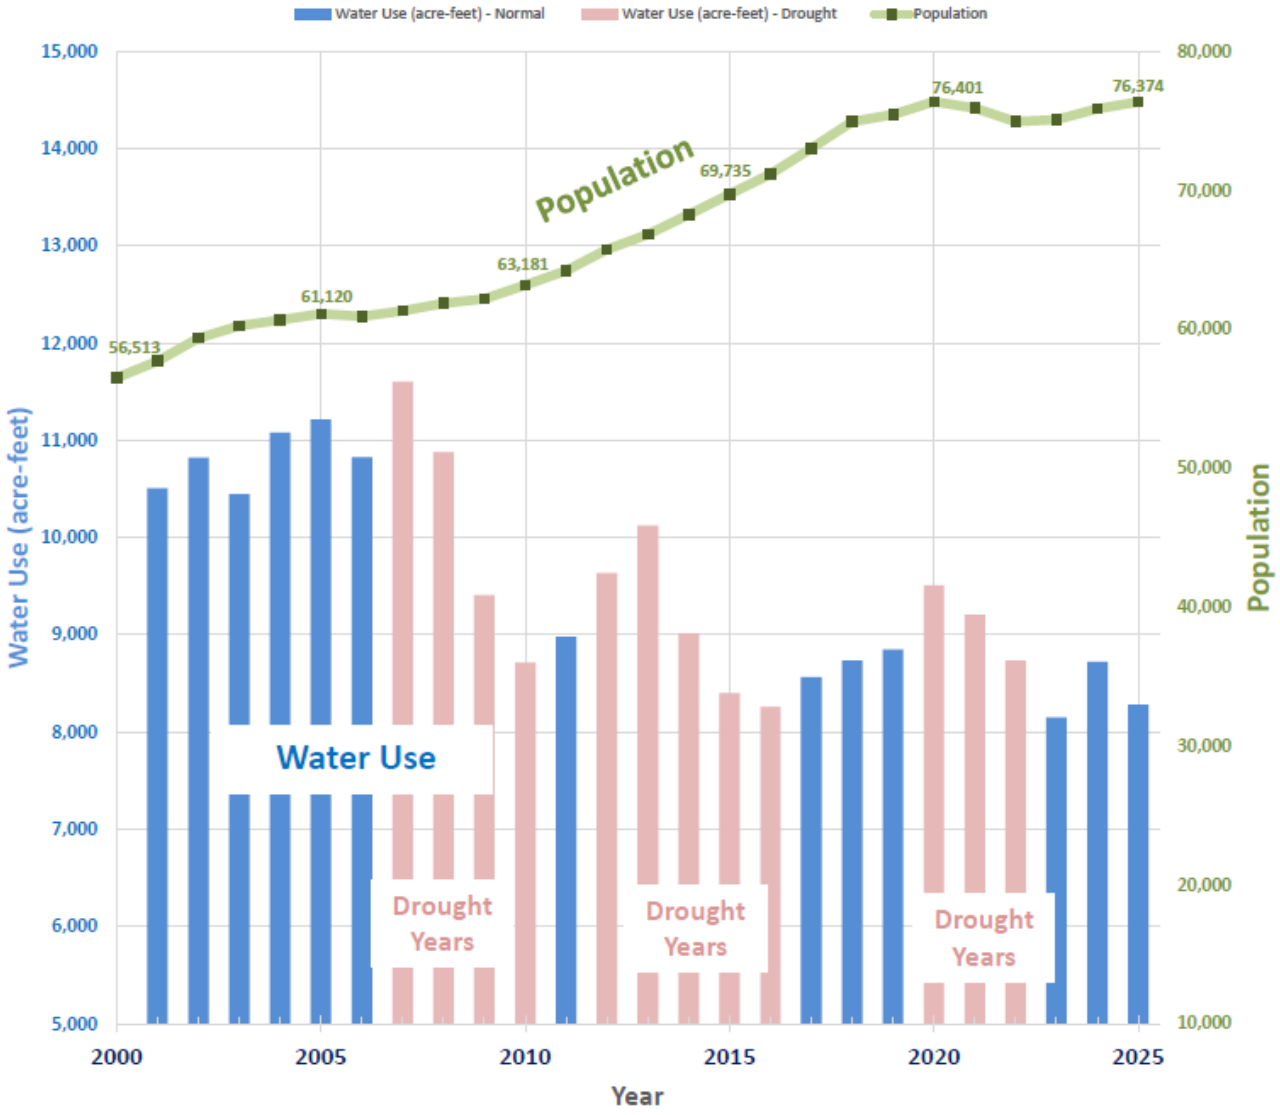

Figure 4-1 Historic Water Use and Population

4.2.2 Current Water Use

The City currently provides domestic water to residential, commercial, industrial, and institutional customers within the City limits. At the time of preparation of the 2025 UWMP, based on the most recent available data, the City supplied water to over 20,834 active service connections in 2025, with a corresponding 2025 volume of approximately 8,280 AF, as summarized in Table 4-1.

Submittal Table 4-1 Retail: 2025 Actual Total Uses for Potable and Non-Potable Water
Water Code Section 10631(d)(1)

Use Type	2025 Actual Water Use	
	Level of Treatment When Delivered (OPTIONAL)	Volume (AF)
Single Family	Potable	4,085
Multi-Family	Potable	1,201
Commercial	Potable	455
Industrial	Potable	668
Institutional/Governmental	Potable	215
Landscape	Potable	862
Other (optional)	Potable	75
Distribution System Water Loss	Potable	719
	Total	**8,280**

NOTES: Losses include apparent losses and real losses.

4.2.3 Projected Water Use

This section documents the projected water use data.

California Water Code

10631 (d)(4)(A) *Water use projections, where available, shall display and account for the water savings estimated to result from adopted codes, standards, ordinances, or transportation and land use plans identified by the urban water supplier, as applicable to the service area.*

10633 *The plan shall provide, to the extent available, information on recycled water...and shall include all of the following:*

(e) The projected use of recycled water within the supplier's service area at the end of 5, 10, 15, and 20 years, and a description of the actual use of recycled water in comparison to uses previously projected pursuant to this subdivision...

The city-wide projected potable water demands by water use type through the year 2050 are summarized in Table 4-2, and the demands include estimated future water savings from active conservation activities (Table 4-3). To calculate the total projected potable water demand through

the UWMP planning horizon of 2050, the City's 2020 urban water use target of 131 gallons per capita per day (gpcd) was applied to the projected population.

These projections also incorporate future water use reductions of up to five percent resulting from passive water savings, as described in Section 4.2.4. For planning purposes, the proportion of projected demand by use type is assumed to be consistent with current consumption trends, which reflects a majority of users in single-family and multi-family residential categories.

Submittal Table 4-2 Retail: Total Uses of Potable, and Non-Potable Water - Projected
Water Code Section 10631(d)(1)

Use Type	Additional Description	Level of Treatment When Delivered (OPTIONAL)	Projected Water Use				
			2030 (AF)	2035 (AF)	2040 (AF)	2045 (AF)	2050 (AF)
Single Family		Potable	5,245	5,513	5,794	6,089	6,400
Multi-Family		Potable	1,542	1,621	1,704	1,790	1,882
Commercial		Potable	584	613	645	678	712
Industrial		Potable	857	901	947	995	1,046
Institutional/Governmental		Potable	277	291	306	321	338
Landscape		Potable	1,107	1,163	1,223	1,285	1,351
Other (optional)	Hydrant Meters	Potable	96	101	106	111	117
Distribution System Water Loss	See Note	Potable	923	970	1,020	1,072	1,126
Total			**10,631**	**11,173**	**11,743**	**12,342**	**12,971**

NOTES: Losses include apparent losses and real losses.

The City encourages system-wide water conservation in collaboration with its water wholesaler, CCWD. This collaboration includes ongoing customer outreach and multiple resources offered through the CCWD Water Conservation. The resources and programs implemented by the City and in coordination with CCWD are described in Chapter 9.

In addition to end use water conservation methods and programs, reductions in water use can be achieved from the implementation of state and local efficiency codes including the use of residential weather-based irrigation controllers and high efficiency landscape practices, all of which are expected to achieve additional water use reductions throughout the City's water service area.

Submittal Table 4-3 Retail: Inclusion in Water Use Projections

Water Code Section 10631 (a), 10631 (d)(4)(A), and 10631 (d)(4)(B)

Are Future Water Savings Included in Projections?	Yes
If "Yes" to above: State the section or page number, in the cell to the right, where citations of the codes, ordinances, or otherwise are utilized in demand projections are found.	4.2
Are Lower Income Residential Demands Included in Projections?	Yes

4.2.4 Passive Water Savings

Passive water savings include water use reduction that results from codes, standards, ordinances, and other plans (Table 4-4). These various sources of water savings typically result from state or regional requirements or guidelines, which are then implemented by the City. Examples of these codes and ordinances are as follows:

- **Model Water Efficient Landscape Ordinance (MWELO):** In 2015, DWR was tasked with updating the MWELO to increase water efficiency standards for new and retrofitted landscapes. This includes encouragement in the use of more efficient irrigation systems, greywater usage, and onsite stormwater capture.
- **California Energy Commission Title 20:** This includes appliance standards for toilets, urinals, faucets, and showerheads. These standard impacts both new construction and replacement fixtures in existing homes.
- **CALGreen Building Code:** The code requires residential and non-residential water efficiency and conservation measures for new buildings and structures.
- **California's AB 1572 (2023):** AB 1572 prohibits using potable water on nonfunctional turf (such as decorative grass not used for recreation) in phases, and between 2027 to 2031. The ban starts with state/local government on January 1, 2027, moves to commercial/institutional in 2028, and then homeowners associations (HOAs) in January 1, 2029. Compliance self-certifications for large properties start on January 1, 2030.

Passive water savings are expected to continue to be a factor in new construction, however new regulations such as AB 1572 prohibitions, reducing turf in commercial and homeowners associations are expected to be noticeable.

For planning purposes, it is assumed that these passive water savings will result in up to a five percent reduction in water use, and were incorporated in the demand projections shown in Table 4-2.

Submittal Table 4-4 Retail: Passive Water Savings Projections

Water Code Section 10631 (d)(4)(A)

Description (Codes, Standards, Ordinances, or Plans)	Passive savings				
	2030 (AF)	2035 (AF)	2040 (AF)	2045 (AF)	2050 (opt) (AF)
Codes, Standards, Ordinances and Plans	560	588	618	650	683

4.2.5 Active Conservation Program Savings

While the demand projections included on Table 4-2 accounted for passive water savings, as discussed in the previous section, the City is taking a more conservative approach and excluding future active conservation savings, which are usually achieved through the programs and activities implemented by the City as part of its water conservation program. The City's water conservation programs and demand management measures are discussed in detail in Chapter 9 – Demand Management Measures. Active savings that are part of previous conservation efforts and reflected in historical demands, are also reflected in the projections. Only additional active savings are excluded.

4.2.6 Water Use for Lower Income Households

California Water Code

10631.1 (a) *The water use projections required by Section 10631 shall include projected water use for single-family and multifamily residential housing needed for lower income households, as defined in Section 50079.5 of the Health and Safety Code, as identified in the housing element of any city, county, or city and county in the service area of the supplier.*

10631.1 (b) *It is the intent of the Legislature that the identification of projected water use for single-family and multifamily residential housing for lower income households will assist a supplier in complying with the requirement under Section 65589.7 of the Government Code to grant a priority for the provision of service to housing units affordable to lower income households.*

California Health and Safety Code

50079.5 (a) *"Lower income households" means persons and families whose income does not exceed the qualifying limits for lower income families… In the event the federal standards are discontinued, the department shall, by regulation, establish income limits for lower income households for all geographic areas of the state at 80 percent of area median income, adjusted for family size and revised annually.*

SB 1087 (Florez, 2005) amended the UWMPA to require urban water suppliers to include single-family and multi-family residential units for lower-income households, as identified by the City,

County, or both, within the service area of the provider. As part of the City's 2035 General Plan, an updated Housing Element was released, providing the number of lower-income housing units allocated through 2023. According to the Housing Element, 49 percent of the Regional Housing Needs Allocations (RHNA) must be affordable to lower-income households. The projected residential water demands presented in Table 4-2 reflect this allocation for lower-income households.

4.2.7 Climate Change Considerations

California Water Code

10630	*It is the intention of the Legislature, in enacting this part, to permit levels of water management planning commensurate with the numbers of customers served and the volume of water supplied, while accounting for impacts from climate change.*
10635 (b)	*Every urban water supplier shall include, as part of its urban water management plan, a drought risk assessment …(and) shall include each of the following …* *(4) Considerations of the historical drought hydrology, plausible changes on projected supplies and demands under climate change conditions, anticipated regulatory changes, and other locally applicable criteria.*

Pittsburg's water use varies by more than 50% seasonally. For example, in 2025 Fiscal Year, the minimum monthly water use was 521 AF February 2025, increasing to 968 AF in July 2024, suggesting that water demand in the City, in particular for landscape irrigation and industrial purposes, will increase as a result of more frequent, longer, and more extreme heat waves; increased air temperature; increased atmospheric carbon dioxide levels; changes in precipitation, winds, humidity, atmospheric aerosol and ozone levels; and population growth. Without additional conservation efforts, the effects of increasing temperature will increase these landscape irrigation, industrial cooling needs and challenge the City's water supply system.

As water conservation becomes permanently incorporated through the use of high efficiency fixtures and conservation mindsets, this leaves less room for water use reductions during a significant drought event. This hardening of water conservation makes the City potentially more vulnerable to the effects of climate change.

4.3 DISTRIBUTIONS SYSTEM WATER LOSSES

California Water Code

10631 (d)(3)(A)	*The distribution system water loss shall be quantified for each of the five years preceding the plan update, in accordance with rules adopted pursuant to Section 10608.34.*
10631 (d)(3)(B)	*The distribution system water loss quantification shall be reported in accordance with a worksheet approved or developed by the department through a public process. The water loss quantification worksheet shall be based on the water system balance methodology developed by the American Water Works Association.*
10631 (d)(3)(C)	*In the plan due July 1, 2021, and in each update thereafter, data shall be included to show whether the urban retail water supplier met the distribution loss standards enacted by the board pursuant to Section 10608.34.*

4.3.1 Previous Five Years Distribution System Losses

As part of the 2025 UWMP update, urban water suppliers are required to quantify the previous five years' distribution system water losses in a manner consistent with the American Water Works Association (AWWA) water system balance methodology. The City has completed the required water loss audit worksheet in accordance with the DWR guidelines. Table 4-5 documents the reported water loss information for 2020-2024.

Submittal Table 4-5 Retail: Water Loss Audit Reporting

Water Code Section 10631(d)(3)(A)

Public Water System ID # Reported in Table 2-1 R	Reporting Period	Submitted to DWR Water Loss Audit Program
CA0710008	2020	Yes
	2021	Yes
	2022	Yes
	2023	Yes
	2024	Yes

4.3.2 Progress Toward Meeting the Water Loss Performance Standard

Pursuant to Water Code Section 10631(d)(3)(C), Retail Suppliers are required to provide data demonstrating whether the Retail Supplier met its State Water Board Water Loss Performance Standard in 23 CCR Section 980 et seq. for each applicable PWS. Submittal Table 4-6 allows for reporting on progress toward meeting the Water Loss Performance Standard.

The Water Loss Performance Standard is not required to be met until 2028; however, California Water Code Section 10631(d)(3)(C) still requires including data in their 2025 UWMPs demonstrating whether the standard is achieved. Table 4-6 reflects the current real water loss per unit per day is 56.9, which exceeds the 2028 standard of 16.53. In contrast, the current apparent loss per unit per day is 5.5, same as the 2028 standard of 5.5. This comparison suggests that apparent loss is not a primary concern. However, the elevated real loss warrants further investigation, particularly for potential leaks within the storage system, transmission and distribution mains, and service lines up to and including the meter.

4.4 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal table(s):

- Table 4-1: 2025 Actual Uses for Potable and Non-Potable Water
- Table 4-2: Total Uses of Potable and Non-Potable Water-Projected
- Table 4-3: Total Water Use (Potable and Non-Potable) Inclusion in Water Use Projections

- Table 4-4: Passive Water Savings Projections
- Table 4-5: Water Loss Audit Reporting
- Table 4-6: Progress Towards 2028 Water Loss Standard

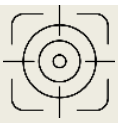

Submittal Table 4-6 Retail: Progress Towards 2028 Water Loss Standard

CHAPTER 5 – WATER CONSERVATION REQUIREMENTS

This chapter includes the City's per-capita water conservation target requirements (SB X7-7) as calculated in previous UWMPs and monitors compliance in accordance with the Water Code. As California built the Urban Water Use Objective (UWUO) framework on top of the conservation goals from SB X7-7, using it as a benchmark and requiring suppliers' overall objectives to go beyond the older 20% by 2020 target to ensure ongoing water conservation efforts.

Chapter Focus

The purpose of the SB X7-7 Baseline, 2020 Targets, and 2025 Reporting chapter in the City's 2025 UWMP is to document the City's progress toward achieving its urban water-use efficiency targets, in accordance with California Water Code Section 10608.40. This chapter provides the framework for meeting UWMP reporting requirements, with detailed calculation methods and considerations for establishing SB X7-7 baselines, targets, and compliance values.

5.1 REPORTING REQUIREMENTS FOR RETAIL SUPPLIERS

California Water Code

10608.40	*Urban water retail suppliers shall report to the department on their progress in meeting their urban water use targets as part of their urban water management plans submitted pursuant to Section 10631.*
10608.12 (af)	*"Urban retail water supplier" means a water supplier, either publicly or privately owned, that directly provides potable municipal water to more than 3,000 end users or that supplies more than 3,000 acre-feet of potable water annually at retail for municipal purposes.*

5.1.1 2020 Target & Historical Per Capita Use

The need for additional supply sources or storage to accommodate future growth is typically evaluated using historical per capita water consumption, and which is expressed in gallons per capita per day (gpcd), and defines as follows:

- **Gallons Per Capita Per Day (GPCD),** as used in UWMP calculations, represents the total water use within a service area divided by the population. It measures daily per-person water use in gallons.

The future requirements of the supply source are then estimated by applying the per capita consumption rate, expressed in gallons per capita per day (gpcd), to the projected population. Figure 5-1 presents the City's historical water use per capita in gpcd and the 2020 water use target.

The City had an average gpcd of 162 from 2001 to 2007, while the average from 2008 to 2019 remained relatively flat at approximately 121 gpcd. Conservation efforts were successful in lowering the water consumption to a per capita water consumption rate of 111 gpcd in the year 2020, and 97 gpcd in the year 2025.

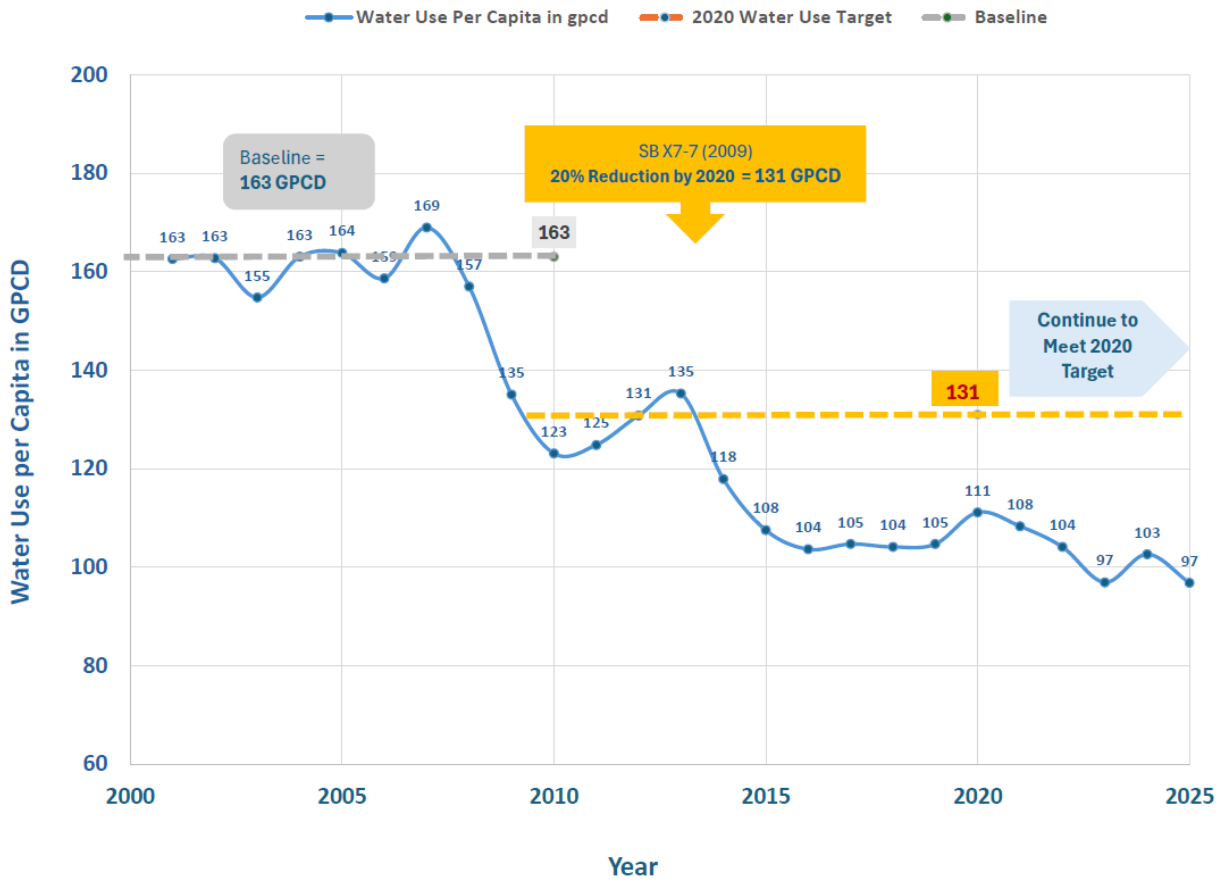

Figure 5-1 Historic Water Consumption Per Capita vs. 2020 Target

5.2 SUPPLIER MET 2020 TARGET IN 2025

Suppliers that met their 2020 Target in 2025 will submit Submittal Table 5-1 and include their "2020 Target" as well as their "2020 Actual GPCD" to verify that they met the SB X7-7 requirement. As directed in the 2025 UWMP guidebook, this information is obtained from the City's 2020 UWMP and the calculations are thus not reproduced.

Submittal Table 5-1 Retail: SB X7-7 2020 Target Progress

Water Code Section 10608.40

Was Supplier part of a merger or consolidation since 2020?	Regional Alliance Target or Individual Target?	2020 Target	Actual 2020 GPCD	Did Supplier Achieve Targeted Reduction for 2020?	Only for suppliers that did not meet the Target in 2020 See DWR NOTES below.	
					Actual 2025 GPCD	Did Supplier meet the 2020 Target in 2025?
No	Individual Target	131	111	Yes		NA

5.3 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal table(s):

- Table 5-1: SBX7-7 2020 Target Progress

CHAPTER 6 – NORMAL-YEAR WATER SUPPLY

This chapter summarizes the City's current and planned water supply sources and volumes, including characterization of the groundwater basins.

Chapter Focus

The purpose of this chapter is to describe and quantify the sources of existing and planned water available to the City during a normal year. This chapter includes a description of the groundwater basin underlying the City, as well as ongoing planning efforts for the potential use of recycled water within the City's service area.

California Water Code

10631 (b) *Identify and quantify, to the extent practicable, the existing and planned sources of water available to the supplier as described in subdivision (a) [in five-year increments to 20 years or as far as data is available]1, providing supporting and related information, including all of the following:*

(1) A detailed discussion of anticipated supply availability under a normal water year.

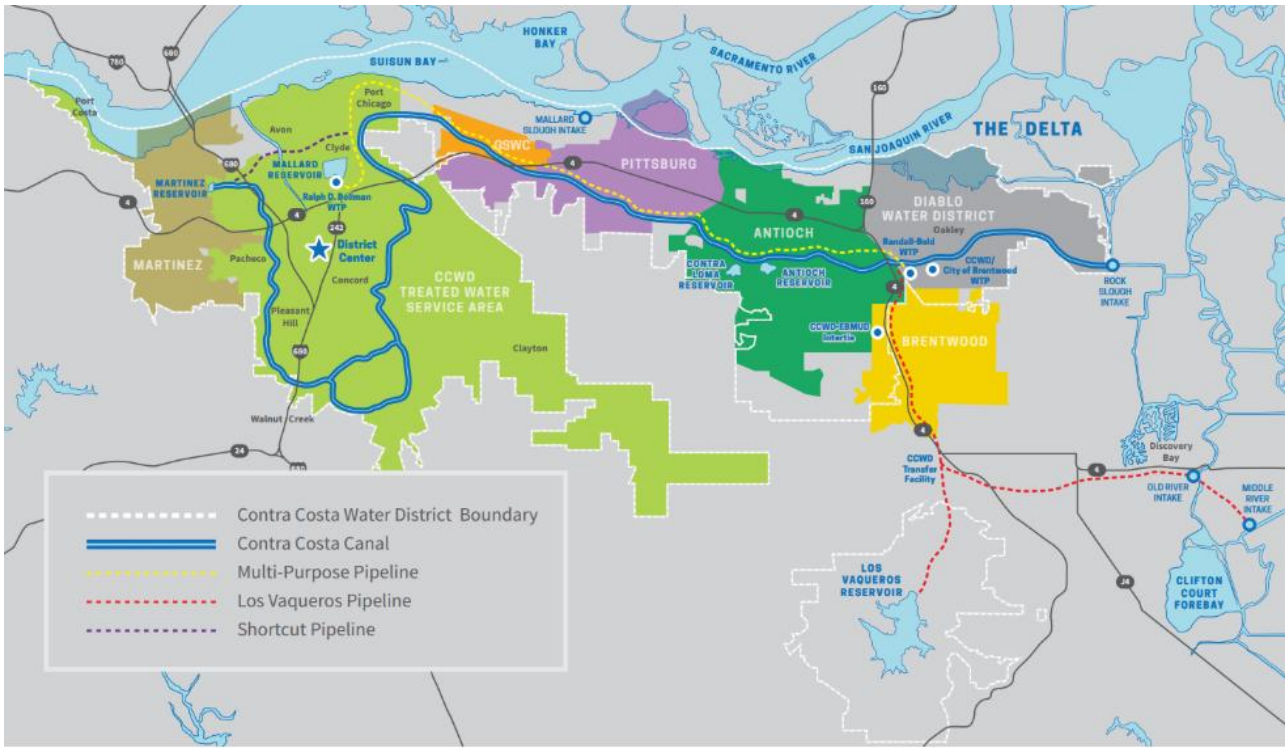

(2) When multiple sources of water supply are identified, a description of the management of each supply in correlation with the other identified supplies.

(3) For any planned sources of water supply, a description of the measures that are being undertaken to acquire and develop those water supplies.

6.1 PURCHASED OR IMPORTED WATER

The City is within the service area of CCWD and purchases Central valley Project (CVP) water from the Sacramento–San Joaquin Delta through CCWD, its wholesale supplier. CCWD has a contract with the U.S. Bureau of Reclamation (USBR) for 195,000 AFY of CVP water. The current contract was renewed in 2005 for a 40-year term, extending from March 2005 through February 2045.

Between 85% and 95% of the City's current water supply is received from CCWD pursuant to a contractual agreement that allows the City to receive a supply of water as is necessary to meet its needs (**Figure 6-1**). However, this supply of water is subject to rationing restrictions in the event of a water shortage or other extraordinary circumstances. As will be described in a later section, CCWD's future water supply projections indicate adequate availability of surface water sources delivered through its contract with the USBR.

Source: Contra Costa Water District

Figure 6-1 Contra Costa Water District – Contra Costa Canal

6.2 GROUNDWATER

This section provides information of the groundwater basin, groundwater management, groundwater pumping and overdraft conditions and how these conditions will affect the water supply to the City.

California Water Code

10631 (b)(4) *If groundwater is identified as an existing or planned source of water available to the supplier, all of the following information:*

(A) The current version of any groundwater sustainability plan or alternative adopted pursuant to Part 2.74 (commencing with Section 10720), any groundwater management plan adopted by the urban water supplier, including plans adopted pursuant to Part 2.75 (commencing with Section 10750), or any other specific authorization for groundwater management for basins underlying the urban water supplier's service area.

(B) A description of any groundwater basin or basins from which the urban water supplier pumps groundwater. For basins that a court or the board has adjudicated the rights to pump groundwater, a copy of the order or decree adopted by the court or the board and a description of the amount of groundwater the urban water supplier has the legal right to pump under the order or decree. For a basin that has not been adjudicated, information as to whether the department has identified the basin as a high- or medium-priority basin in the most current official departmental bulletin that characterizes the condition of the groundwater basin, and a detailed description of the efforts being undertaken by the urban water supplier to coordinate

with groundwater sustainability agencies or groundwater management agencies listed in subdivision (c) of Section 10723 to maintain or achieve sustainable groundwater conditions in accordance with a groundwater sustainability plan or alternative adopted pursuant to Part 2.74 (commencing with Section 10720).

(C) A detailed description and analysis of the location, amount, and sufficiency of groundwater pumped by the urban water supplier for the past five years. The description and analysis shall be based on information that is reasonably available, including, but not limited to, historic use records.

(D) A detailed description and analysis of the amount and location of groundwater that is projected to be pumped by the urban water supplier. The description and analysis shall be based on information that is reasonably available, including, but not limited to, historic use records.

The most recent version of California Water Plan Update was released in 2023, *and it documents the Department of Water Resources dividing the state into ten separate hydrologic regions. Each hydrologic region is divided into distinct groundwater basins, each of which is typically divided further into smaller interconnected groundwater subbasins.*

The following section summarizes the groundwater basin and subbasins underlying the City of Pittsburg which is within the *San Francisco Bay Hydrologic Region.*

6.2.1 Basin Description

California Water Code

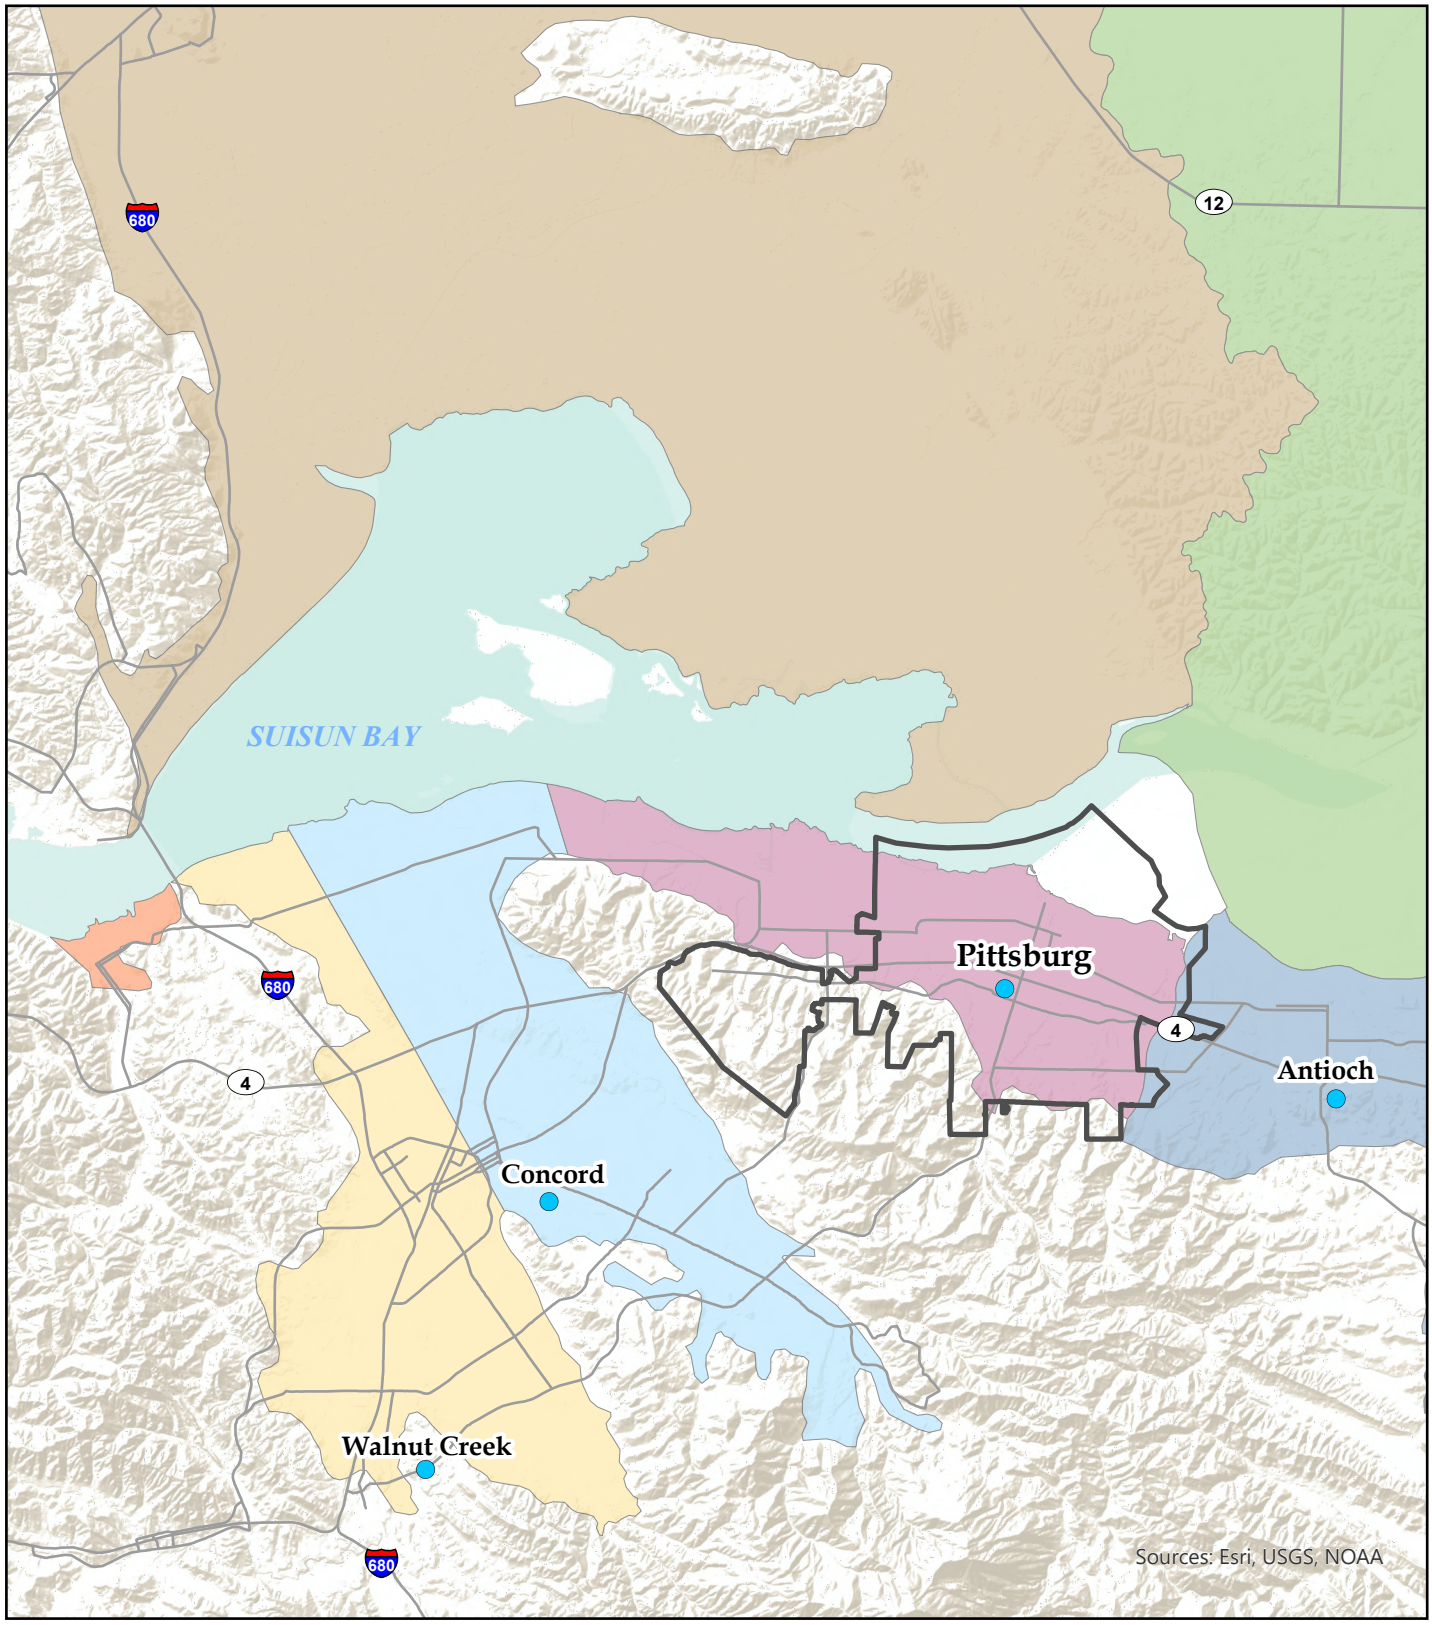

10631 (b)(4) If groundwater is identified as an existing or planned source of water available to the supplier, the following information shall be included:

(B) A description of any groundwater basin or basins from which the urban water supplier pumps groundwater.

This section provides a brief discussion of the groundwater basin, basin boundary and groundwater quality.

6.2.1.1 Groundwater Basin

The City is located above the Pittsburg Plain Groundwater Basin (Groundwater Basin Number 2-004) as identified in the California Department of Water Resources (DWR) Bulletin 118, as shown in **Figure 6-2**. The City currently extracts groundwater from this basin using two wells. The basin is bounded by Suisun Bay to the north, the Tracy Subbasin of the San Joaquin Valley Water Groundwater Basin to the east, and the Clayton Valley Groundwater Basin to the west.

6.2.2 Groundwater Management

California Water Code

10631 (b)(4) If groundwater is identified as an existing or planned source of water available to the supplier, the following information shall be included:

(A) The current version of any groundwater sustainability plan or alternative adopted pursuant to Part 2.74 (commencing with Section 10720), any groundwater management plan adopted by the urban water supplier, including plans adopted pursuant to Part 2.75 (commencing with Section 10750), or any other specific authorization for groundwater management for basins underlying the urban water supplier's service area.

(C) A detailed description and analysis of the location, amount, and sufficiency of groundwater pumped by the urban water supplier for the past five years. The description and analysis shall be based on information that is reasonably available, including, but not limited to, historic use records.

(D) A detailed description and analysis of the amount and location of groundwater that is projected to be pumped by the urban water supplier. The description and analysis shall be based on information that is reasonably available, including, but not limited to, historic use records.

This section documents relevant plans addressing groundwater supply and quality.

6.2.2.1 Groundwater Management Plan

The City prepared the Pittsburg Plain Groundwater Management Plan (GWMP) in October 2012. The purpose of the GWMP is to manage and protect groundwater resources within and underlying the City. The primary objectives of the GWMP include the following:

- Provide a long-term strategy to maintain the quality, reliability, and sustainability of the Pittsburg Plain groundwater resources.
- Manage groundwater conjunctively with available surface water resources
- Support Basin Management Objectives that promote sustainability and optimal use of groundwater supplies.

6.2.2.2 Integrated Regional Water Management Plan

The East Contra Costa County (ECCC) Integrated Regional Water Management (IRWM) planning effort is a formal collaborative process convened to support all aspects of regional water management. This includes integrated planning for water supply, water quality, watershed and habitat protection, and flood and stormwater management. The ECCC IRWM members have a long history of cooperation across political and jurisdictional boundaries that spans almost two decades.

In the 2019 IRWM Plan Update, the ECCC region further refined its integrated regional water management planning framework to comply with the 2016 IRWM Program Guidelines established by the California Department of Water Resources. The update builds on previous plan revisions and strengthens the region's collaborative approach to implementing projects that provide multiple benefits, improve regional water resource management, and address current and emerging water

supply, water quality, and environmental challenges. The updated plan continues to serve as a living framework that the region can rely on to meet both present and future water management needs.

The objective of the Integrated Regional Water Management Plan (IRWM) is to develop a comprehensive and flexible water supply plan for the County through the year 2040. The IRWM incorporates community input and is capable of responding to changing water supply and demand conditions.

The IRWM Preferred Strategy aims to maximize the Districts flexibility to meet actual water demands, and where they match water projections. It relies on practices, such as water banking, recycled water, demand management, and water transfers. It further relies on “core elements” designed to validate baseline planning assumptions, monitor or evaluate resource options, and help meet planning objectives.

6.2.2.3 California Statewide Groundwater Elevation Monitoring Program

The City of Pittsburg participates in DWR’s California Statewide Groundwater Elevation Monitoring (CASGEM) Program as designated monitoring entities for the Pittsburg Plain Basin and Subbasin areas.

6.2.2.4 Salt and Nutrient Management Program

In 2012, the City completed a Salt and Nutrient Management Program Summary to provide a preliminary evaluation of groundwater quality and salt and nutrient loading potential to assist in future groundwater planning and development effort.

6.2.3 Overdraft Conditions

The Pittsburg Plain Groundwater Basin is not an adjudicated groundwater basin. DWR well data in the Pittsburg Plain Groundwater Basin indicate that the groundwater levels have remained fairly stable of the period of record. According to DWR, and based on present groundwater conditions, it is not expected that overdraft conditions will occur in the groundwater basin. As such, the Pittsburg Plain Groundwater Basin is not listed as a critically overdrafted groundwater basin by DWR.

6.2.4 Past Five Years Groundwater Pumping

The City has two active groundwater wells, Dover and Bodega, with capacities of approximately 1,300 gpm and 1,200 gpm, respectively. The volume of groundwater pumped by the City over the past five years is summarized in **Table 6-1.**

Submittal Table 6-1 Retail: Groundwater Volume Pumped
Water Code Section 10631(4) and 10631(4)(c)

Groundwater Type	Water Type (OPTIONAL)	Location or Basin Name	2021 (AF)	2022 (AF)	2023 (AF)	2024 (AF)	2025 (AF)
Alluvial Basin	Potable	Pittsburg - Contra Costa County	1,269	1,233	1,130	1,019	734
	Total		**1,269**	**1,233**	**1,130**	**1,019**	**734**

6.3 SURFACE WATER

The City's primary source of water is surface water supplied by CCWD via the Contra Costa Canal. Water purchased through CCWD is Central Valley Project (CVP) water pumped from the Sacramento-San Joaquin Delta.

6.4 STORMWATER

At the time of preparation of the 2025 UWMP, the City does not divert stormwater for beneficial uses in its domestic water supply portfolio.

6.5 WASTEWATER AND RECYCLED WATER

This section discusses the use of recycled water and the characteristics of the wastewater collected by the Delta Diablo for treatment.

California Water Code

10633R *The plan shall provide, to the extent available, information on recycled water and its potential for use as a water source in the service area of the urban water supplier. The preparation of the plan shall be coordinated with local water, wastewater, groundwater, and planning agencies that operate within the supplier's service area*

6.5.1 Recycled Water Coordination

Non-potable water use is a continued component of the City's long-term sustainable water supply strategy. While the City does not directly provide non-potable water supplies, continued coordination with CCWD and Delta Diablo is a key component to ensure non-potable water can be used within the City's service for appropriate designated uses.

Delta Diablo (formerly Delta Diablo Sanitation District) provides wastewater collection and treatment for the Cities of Pittsburg and Antioch as well as the unincorporated community of Bay

Point. The WWTP has an average dry weather flow permitted capacity of 19.5 MGD and a recycled water facility (RWF) has a permitted capacity of 12.8 MGD. As noted previously, Delta Diablo is the owner and operator of the recycled water distribution system, which includes deliveries within the City's service area. The City's potable water system serves as the backup water supply should the recycled water deliveries become unavailable. However, CCWD serves as the backup water supply for the major industrial users of recycled water, which use a vast majority of the Delta Diablo recycled water supplies.

6.5.2 Wastewater Collection, Treatment, and Disposal

This section describes wastewater collection and disposal.

6.5.2.1 Wastewater Collected Within Service Area

All wastewater flows collected within the City's service area are conveyed to the Delta Diablo WWTP for treatment. The WWTP has a Delta outfall that is used for the disposal of wastewater that is not recycled. The WWTP provides secondary treatment using a series of primary treatment, activated sludge trickling filters, and secondary clarification. The Recycled Water Facility (RWF) provides additional treatment to tertiary levels using a series of flocculating clarification, filtration, and disinfecting.

Due to the locations of Delta Diablo's flow meters, it is not possible to report the City's specific wastewater volume conveyed to the WWTP. Based on reports prepared by CCWD, Delta Diablo collected a total wastewater volume of approximately 14,755 AF (Table 6-2).

Submittal Table 6-2 Retail: Wastewater Collected Within Service Area in 2025
Water Code Section 10633(a)

Wastewater Collection			Recipient of Collected Wastewater	
Name of Wastewater Collection Agency	Wastewater Volume Metered or Estimated?	Volume of Wastewater Collected from UWMP Service Area 2025(AF)	Name of Wastewater Treatment Plant (WWTP) and Place ID Number	Is WWTP Located Within UWMP Area?
Delta Diablo (Sanitation District)	Metered	14,755	Delta Diablo WWTP, Place ID 219552	No
Total Wastewater Received from UWMP Service Area in 2025:		**14,755**		

6.5.2.2 Wastewater Treatment and Discharge Within Service Area

Wastewater that is not treated in Delta Diablo's Recycled Water Facility is discharged into the Delta. Delta Diablo's Waste Discharge Requirements (Order No. R2-2014-0030, NPDES Permit No. 0038547) allow treated effluent to be discharged into New York Slough through a deep water

outfall, approximately 400 feet from shore. As the wastewater treatment plant is located outside the City of Pittsburg's service area, and treats sewer flows from several agencies (including the City of Pittsburg) the 2025 volumes of wastewater that were treated and discharged are not included in Table 6-3. Delta Diablo does not have wastewater flows broken down by city for its service area; therefore, it is not possible to report these same volumes for Pittsburg alone. Recycled water use for the City of Pittsburg alone in 2025 was 108 AFY (Table 6-4).

Submittal Table 6-3 Retail: Wastewater Treatment and Outcomes Within Service Area in 2025
Water Code Section 10633(a)

☑	Check the box if no wastewater is treated or disposed of within the UWMP service area. Proceed to the next table.													
				2025 Outcomes of Treated Wastewater										
Wastewater Treatment Plant Name and Place ID Number	Does This Plant Treat Wastewater Generated Outside the UWMP Service Area? (OPTIONAL)	2025 Volume of Wastewater Received from UWMP Service Area (As Reported in Submittal Table 6-2 R) (AF)	Total 2025 Volume of Water Treated (AF)	Water Recycled Within UWMP Service Area (enter data as applicable)		Water Recycled Outside of UWMP Service Area (enter data as applicable)		Effluent Discharge that is not a Permitted Recycled Water Use (enter data as applicable)		Required Discharge for Instream Flow (enter data as applicable)		Delivered to Another Entity for Additional Treatment (enter data as applicable)		
				Treatment Level	Volume (AF)	Treatment Level	Volume (AF)	Treatment Level	Volume (AF)	Treatment Level	Volume (AF)	Treatment Level	Volume (AF)	Name of other entity
Delta Diablo WWTP, Place ID 219552	Yes	14,755	14,755											
	Total	**14,755**	**14,755**		**0**		**0**		**0**		**0**		**0**	

6.5.3 Recycled Water System

Approximately 50% of the wastewater conveyed to the Delta Diablo WWTP received tertiary treatment. A majority of this recycled water volume is for cooling water at the Delta and Los Medanos Energy Centers, with the remaining volumes used for irrigation purposes at two golf courses and 12 city parks. This remaining volume is delivered to 18 connections throughout the City's service area for schools, parks, and roadway medians. While the Industrial energy centers are located within the City's UWMP service area they receive back-up water supply from CCWD and the City will not be required to support their water supply. Therefore, they are itemized separately from the irrigation water use in the 2025 UWMP recycled water reporting and projections and shown for informational purposes only. It should be noted that Delta Diablo is the owner and operator of the recycled water distribution system, with deliveries occurring within the City's UWMP service area.

6.5.4 Current, Potential, and Projected Recycled Water Uses

This section documents the description of the quantity of current, potential and projected recycled water uses within their service area. In addition to California Water Code 10633 (b), (d) and (e), California Code of Regulations below provides the definition of the term direct beneficial use.

California Water Code

10633 (b) *A description of the quantity of treated wastewater that meets recycled water standards, is being discharged, and is otherwise available for use in a recycled water project.*

10633 (d)	*A description and quantification of the potential uses of recycled water, including, but not limited to, agricultural irrigation, landscape irrigation, wildlife habitat enhancement, wetlands, industrial reuse, groundwater recharge, indirect potable reuse, and other appropriate uses, and a determination with regard to the technical and economic feasibility of serving those uses.*
10633 (e)	*The projected use of recycled water within the supplier's service area at the end of 5, 10, 15, and 20 years, and a description of the actual use of recycled water in comparison to uses previously projected pursuant to this subdivision.*

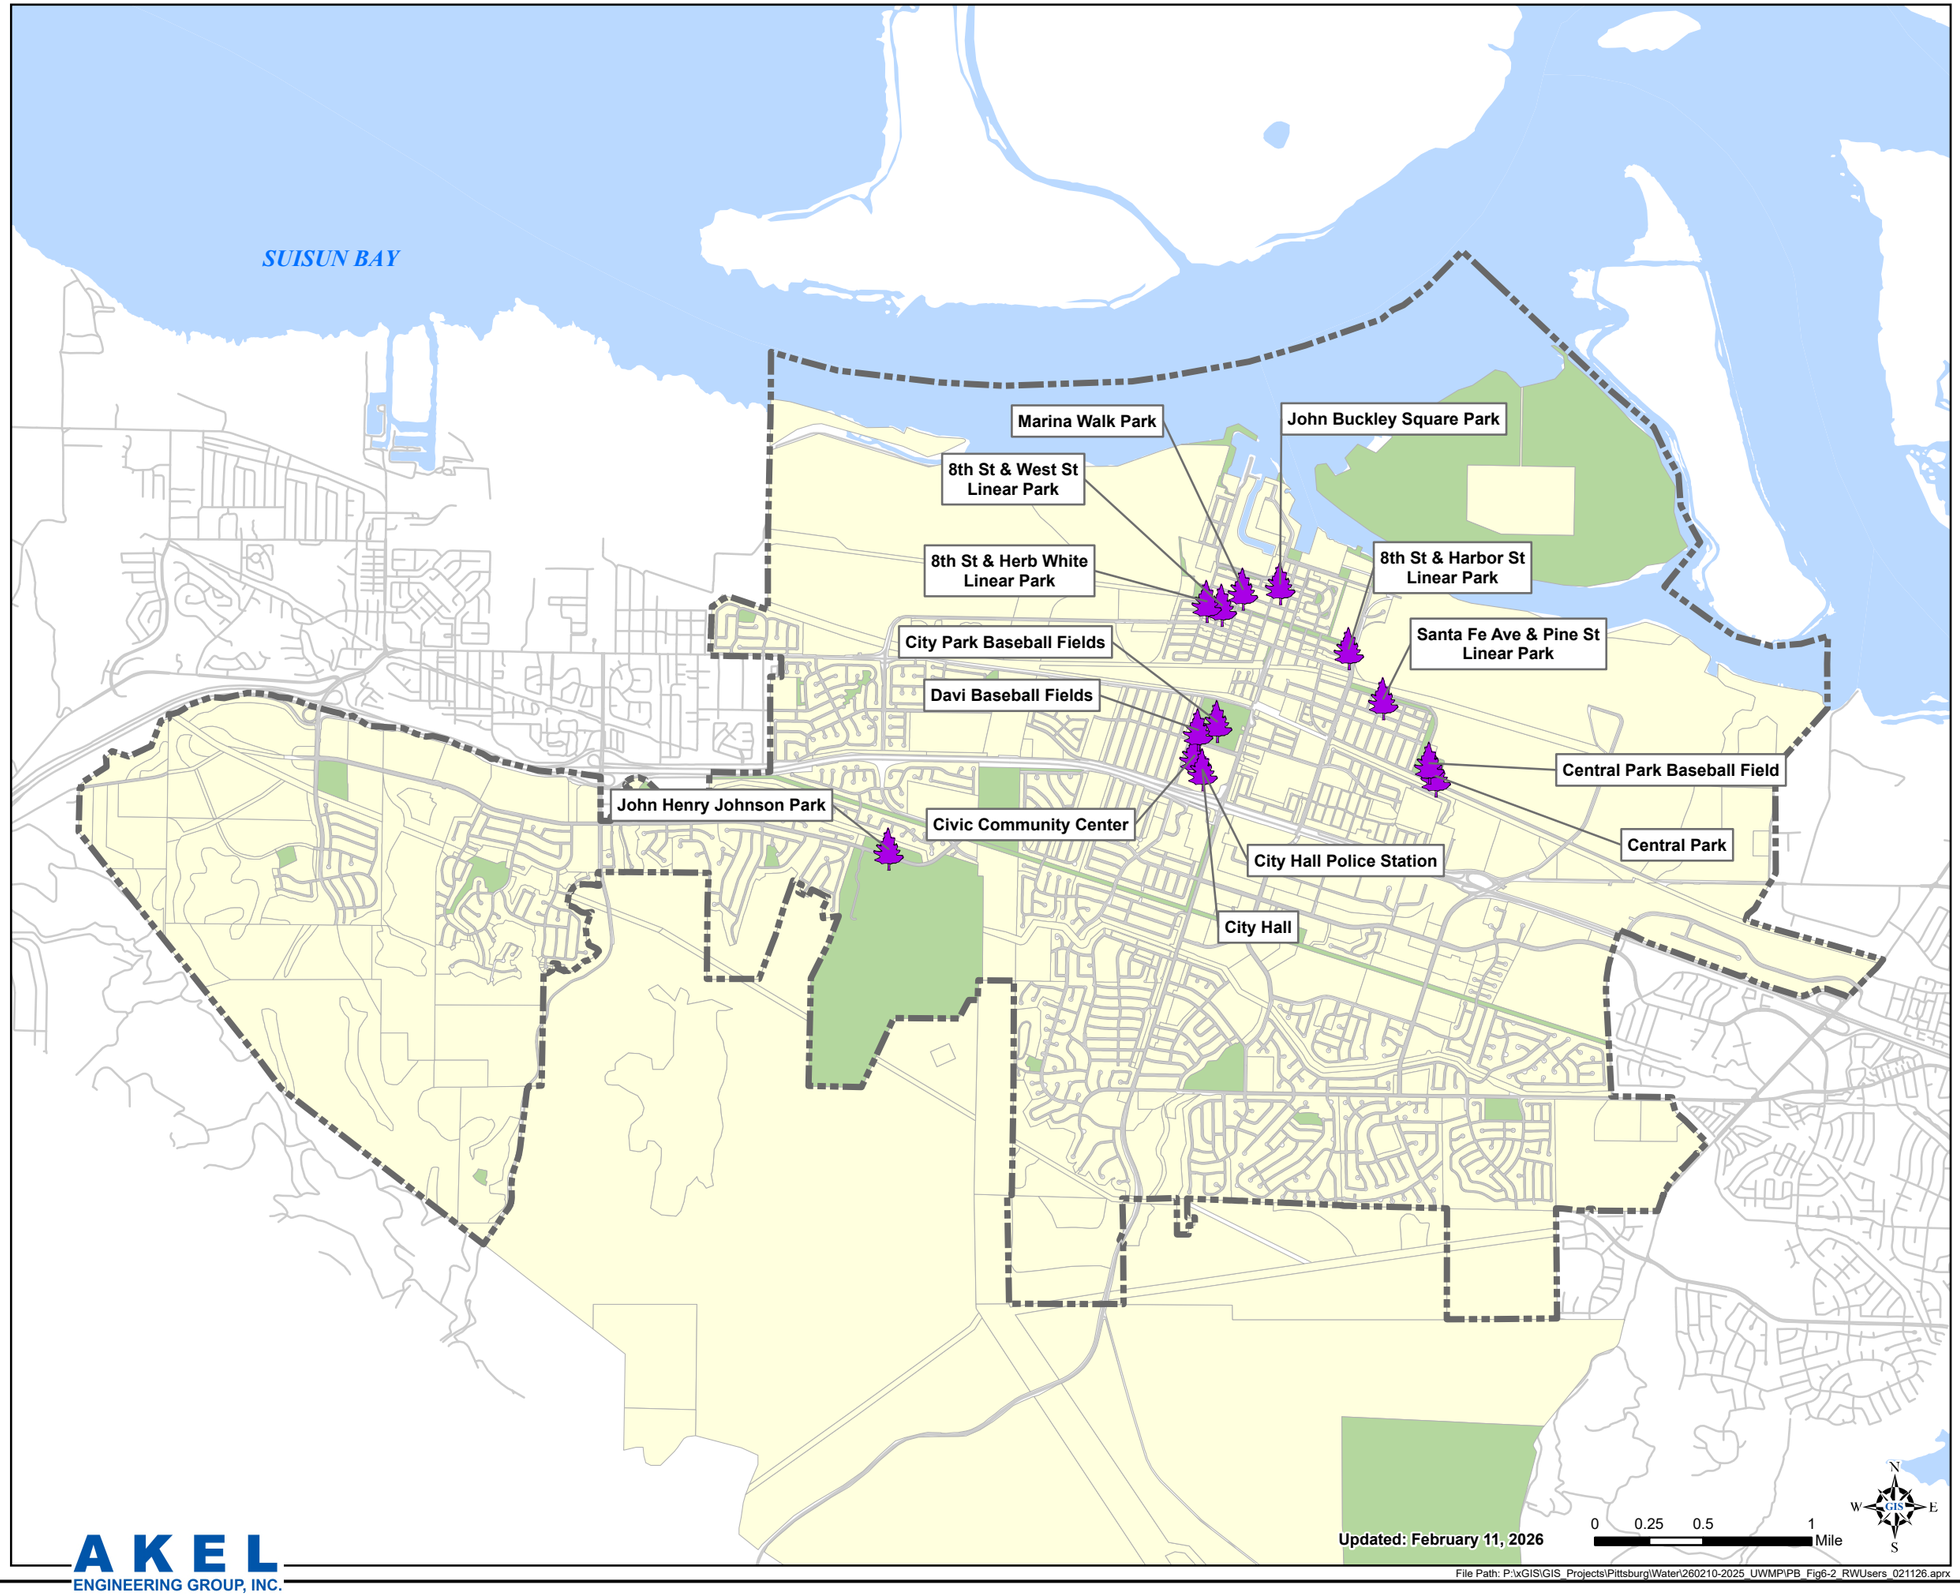

6.5.4.1 Current and Planned Uses of Recycled Water

The City continues to support developing irrigation and industrial recycled water uses where there is available supply and the use is economically feasible. Delta Diablo began recycled water deliveries within the City's service area in the 1990s and the City has continued to add service connections since that time. The current and projected direct beneficial uses of recycled water are summarized on Table 6-4 and shown on Figure 6-3. This was based on 108 AF of actual irrigation use in 2025 (Table 6-5) and 300 AF of future recycled water use as listed on Table 6-6.

Submittal Table 6-4 Retail: Recycled Water Direct Beneficial Uses Within Service Area
Water Code Section 10633 (c)(e)

AKEL ENGINEERING GROUP, INC.

6.5.4.2 Planned Versus Actual Use of Recycled Water

In the 2025 UWMP, the City projected the future recycled water use based on potential recycled water irrigation conversion projects throughout the City as well as ongoing industrial reuse by the two previously discussed energy centers. Table 6-5 summarizes the projection for 2025 as documented in the 2020 UWMP as well as the actual 2025 recycled water use.

Submittal Table 6-5 Retail: 2020 UWMP Recycled Water Use Projection Compared to 2025
Actual Water Code Section 10633 (e)

Use Type	2020 Projection for 2025 (AF)	2025 Actual Use (AF)
Landscape irrigation (exc golf courses)	311	108
Total	**311**	**108**

Notes: Actual Recycled Water Use is based on 2024 production and distribution, with minimal changes assumed for 2025.

6.5.4.3 Actions to Encourage and Optimize Future Recycled Water Use

The City continues to encourage recycled water use throughout its service area. Some mechanisms currently employed to encourage recycled water use include:

- Secure local, state, and federal agencies to offset capital costs
- Coordinate with Delta Diablo and CCWD
- Promote regional and local water recycling projects
- Urge regulatory agencies to streamline regulatory requirements
- Support research that addresses public concern on recycled water use.

The City currently does not use financial incentives to encourage recycled water use, but as additional recycled water projects are identified there may be an additional action to be considered. The City will continue to evaluate the potential for grant funding of recycled water projects and seek opportunities to implement portions of larger projects as they become economically feasible.

Additionally, the City will continue to work collaboratively with CCWD and Delta Diablo in its service area to encourage recycled water use in future development projects. Within the East Contra Costa County IRWM group CCWD provides a leadership role in coordinating updates to the IRWMP, as well as grant applications and administration. Historically, Pittsburg has administered several grants that included funding towards recycled water projects and the City will continue to coordinate with the other IWRM member agencies in identifying and pursuing grant funding opportunities for recycled water projects.

Preliminary actions are identified on the following page on Table 6-6 as part of the 2025 UWMP, which should be revisited as ongoing recycled water planning efforts continue to take place.

Submittal Table 6-6 Retail: Methods to Encourage Future Recycled Water Use
Water Code Section 10633 (f)

Name of Action	Description	Planned Implementation Year	Expected Increase in Recycled Water Use * (AF)
Recycled Water Pipeline Expansion to Public Landscapes	Irrigation - Extend purple-pipe service to parks and public facilities	2026-2030	200
Incentive Program for Commercial and HOA Landscape Conversion	Irrigation - Offer financial incentives for HOA's, business parks, and schools located near recycled water mains to convert irrigation systems from potable to recycled water	2026-2030	100
		Total	300

6.6 DESALINATED WATER OPPORTUNITIES

California Water Code

10631 (g) *Describe the opportunities for development of desalinated water, including, but not limited to, ocean water, brackish water, and groundwater, as a long-term supply.*

Desalinated water is not currently used by the City as a source of supply. Potential opportunities for desalination supply have been explored in the past on a regional level though the East County Water Management Association (ECWMA), of which the City is a participant. However, the cost for desalinated water as a source of supply has not been considered cost-effective compared to other existing available sources. The ECWMA will continue to review the advancements in desalinated water technology in the event it becomes a cost-effective supply alternative in the future.

6.7 WATER EXCHANGES AND TRANSFERS

California Water Code

10631 (c) *Describe the opportunities for exchanges or transfers of water on a short-term or long-term basis.*

The City does not currently use exchanges or transfers of water as a source of supply, nor are there future plans to use exchanges or transfers.

6.8 FUTURE WATER PROJECTS

California Water Code

10631 (f)	*Include a description of all water supply projects and water supply programs that may be undertaken by the urban water supplier to meet the total projected water use, as established pursuant to subdivision (a) of Section 10635. The urban water supplier shall include a detailed description of expected future projects and programs that the urban water supplier may implement to increase the amount of the water supply available to the urban water supplier in normal and single dry water years and for a period of drought lasting five consecutive water years. The description shall identify specific projects and include a description of the increase in water supply that is expected to be available from each project. The description shall include an estimate with regard to the implementation timeline for each project or program.*

They City has no plans for the immediate future to implement water supply projects within its service area. However, CCWD has identified several future water projects that would be used to meet the needs of its wholesale customers, which includes the City. These future projects include Industrial Recycled Water Projects, Near- and Long-Term Conservation Program and Long-term water transfer or preferred alternative. The City's ongoing and future water programs are summarized on **Table 6-7.**

6.9 SUMMARY OF EXISTING AND PLANNED SOURCES OF WATER

The City's existing and planned water supply sources include local groundwater, recycled water, and purchased surface water from CCWD. The local groundwater sources are extracted to the City's Water Treatment Plant where these are treated in conjunction with the surface water supplies purchased from CCWD. These treated supplies are then conveyed to the City's customers through the potable water distribution system. The City's 2025 water supplies are summarized on **Table 6-8**.

The City's projected water supplies are summarized on **Table 6-9**. The City's groundwater supply is expected to remain the same under normal water year conditions, which is the average volume of historical pumped groundwater from 1993 to 2025. Projected available recycled water supplies are based on the City's projected recycled water demand, which the existing Delta Diablo RWF can meet. Per purchase water agreement with Contra Costa Water District, CCWD can meet 100% of the City's projected potable water demand (outlined in Table 4-2) from surface water supply under normal water year conditions.

CHAPTER 7 – WATER SERVICE RELIABILITY ASSESSMENT

This chapter assesses the reliability of the City's water supply under normal conditions, single-year dry conditions, and consecutive five-year dry conditions. The assessment includes a comparison of water use versus expected water supply through 2050, and includes the Drought Risk Assessment.

Chapter Focus

This chapter focuses on integrating the City's water supply portfolio with its water use characterization. This integration brings together the UWMP elements into a succinct synopsis that depicts the City's water service reliability. The reliability assessments highlight the incongruencies, if any, between the City's water supplies and customer's water demands, and influence the development of the City's DRA described in this chapter and the WSCP described in a later chapter.

The DRA is a specific planning action that assumes the City is experiencing a drought over the next five years and addresses the City's reliability in the context of presumed drought conditions. Together, the WSRA, DRA, and WSCP allow the City to have a comprehensive picture of its short-term and long-term water service reliability and to identify the tools to address any perceived or actual shortage conditions.

7.1 CONSTRAINTS ON WATER SOURCES CONSIDERATIONS

California Water Code

10631 (b)(1)	*A detailed discussion of anticipated supply availability under a normal water year, single dry year, and droughts lasting at least five years, as well as more frequent and severe periods of drought, as described in the drought risk assessment. For each source of water supply, consider any information pertinent to the reliability analysis conducted pursuant to Section 10635, including changes in supply due to climate change.*
10634	*The plan shall include information, to the extent practicable, relating to the quality of existing sources of water available to the supplier over the same five-year increments as described in subdivision (a) of Section 10631, and the manner in which water quality affects water management strategies and supply reliability.*

This chapter discusses the reliability of the City's water supplies with respect to water quality and service reliability. Surface water, groundwater and recycled water quality and service reliability are each discussed in the following sections. While there are quality challenges associated with each source, the City, CCWD, and Delta Diablo are taking steps to address these challenges and the City does not anticipate decreases in water supplies over the UWMP planning horizon due to

water quality concerns. The following sections reflect a summary of available planning documents, including CCWD 2020 UWMP and the ECCC IWRMP update.

7.1.1 Surface Water

The City's primary wholesale water supplier, CCWD, is almost entirely dependent on the Delta for its water supply. The quality of water in the Delta continues to deteriorate despite efforts to improve it.

7.1.1.1 Water Quality Factor

Delta water quality problems are being compounded by increased water use and greater wastewater, stormwater, and agricultural discharges from statewide development and growth. Climate change is projected to have impacts on CCWD's water supplies and further influences Pittsburg's surface water reliability. Changes in precipitation and temperatures could affect the availability of fresh surface water. Additionally, sea-level rise could result in increases in Delta salinity, which could limit the quantity and duration of water with quality suitable for M&I purposes.

A number of projects and programs are being developed, or are in place, to address Delta water quality degradation at the statewide level and through local and regional projects. To ensure that CCWD can meet the increasingly more stringent water quality standards and provide high quality water for its customers, including the City of Pittsburg, CCWD had initiated or is participating in a number of water quality improvement projects as summarized below.

- **EBMUD-CCWD Untreated Water Intertie:** This intertie enables CCWD to divert up to 3,200 AFY of its CVP supply at the Freeport diversion facility. Additionally, the intertie provides for the sharing of water supplies between the agencies during emergency conditions or to support planned maintenance.
- **Advanced Treatment Demonstration Project:** In 2004, CCWD formed a regional partnership with local water agencies to research a project on advanced water treatment processes which examined a full-scale application of new and existing disinfectants and advanced filtration to produce safer drinking water. A second phase of the Advanced Treatment Study was initiated to improve understanding of Delta source water quality with respect to levels of various contaminants including endocrine disrupting compounds and pharmaceuticals, and to quantitatively assess removal effectiveness of existing and advanced treatment processes (membrane filtration and chemical addition). The results of the study were documented in a report in March 2011.
- **Middle River Intake (Alternative Intake Project):** In 2010, CCWD completed the Middle River Intake to move some of its pumping to a new intake in the Delta to enable CCWD to divert water of higher quality during dry periods, including droughts. The intake provides CCWD with the flexibility to divert higher quality water from the Delta without increasing the amount of water pumped.

- **Phase 1 Los Vaqueros Reservoir Expansion:** The District completed an expansion in 2012 increasing the capacity of the reservoir from 100,000 AF to 160,000 AF which improves water quality and water supply reliability for the District's customers while providing a net environmental benefit to the Delta. The District is leading the Phase 2 Expansion which may provide incidental water supply reliability benefits to the District.
- **Canal Replacement Project:** CCWD is implementing this project which consists of replacing approximately four miles of the unlined Contra Costa Canal from the Rock Slough Intake to Pumping Plant No. 1, to improve source water quality as well as increase public safety and flood control. The project is being completed in phases and CCWD has completed four out of five phases and approximately 2.5 miles of the project to date. The remaining 1.5 miles will be completed in coordination with project partners and funding.

7.1.1.2 Legal Factors

The water supply reliability goal adopted by CCWD's Board of Directors is to meet 100% of the City's demand in normal years and at least 85% of demand during water shortage conditions. The remaining demands during drought conditions would be met by a combination of short-term water purchases, groundwater supply augmentation, and a voluntary, mandatory short-term conservation program.

The projected water supplies from CCWD are not anticipated to incur supply deficits in normal years due to CCWD's long-term conservation program, existing CVP contract supply, and long-term water transfer agreement with East Contra Costa Irrigation District (ECCID). CCWD entered into an agreement with the ECCID in 2000 to purchase surplus irrigation water from ECCID's service area. CCWD's currently available and planned supplies are sufficient to meet their reliability goals and estimated water demands during normal, single dry, and the first two years of a multi-year drought. In later years, several types of drought conditions may result in supply shortfalls. The maximum amount of short-term conservation expected to be necessary by CCWD is 15% of supply. If current drought conditions continue and statewide conservation measures remain in effect, CCWD anticipates that it could meet up to 75% of the City's demands over the next three years.

7.1.2 Groundwater

The following sections discuss the reliability and constraints for the City's groundwater supply sources.

7.1.2.1 Legal Factors

The City's secondary source of supply is groundwater extracted from the Pittsburg Plain subbasin of the Pittsburg Plain Groundwater Basin. This groundwater basin is not an adjudicated basin and no legal factors are expected to limit the availability of supply.

7.1.2.2 Environmental Factors

Environmental concerns can arise during the water planning process when a project's impact on the ecosystem is taken into consideration. These concerns can subsequently cause a lack of supply due to the enforcement of environmental legislation. The City's groundwater sources are not expected to be limited by any environmental factors.

7.1.2.3 Water Quality Factors

Water quality factors that could affect the availability of supply include contamination from biological and chemical constituents. Groundwater from these wells contains elevated concentrations of manganese, iron, and total dissolved solids (TDS). At the Dover Well, TDS concentrations have remained relatively stable at approximately 1,500 mg/L since first measured in 2016. Over the same period, chloride concentrations have doubled, while hardness has increased more moderately. Manganese and iron concentrations, last measured in 2023, exceeded their respective Secondary Maximum Contaminant Levels (SMCLs).

At the Bodega Well, TDS concentrations nearly doubled from 620 mg/L in 2007 to 1,200 mg/L in 2023. Chloride concentrations and water hardness also increased significantly over this period. However, the triennial sample collected in 2025 showed a notable decrease in constituent concentrations, including a TDS level of 898 mg/L. Manganese and iron concentrations generally exceeded their respective SMCLs, with two exceptions.

The City conducts regular monitoring of water pumped from these wells in compliance with California Code of Regulations, Title 22, to ensure that use of this water source remains consistent with applicable State water quality standards.

7.1.2.4 Climatic Factors

The City's groundwater supply has proven to be very consistent through variable climatic conditions. There has been no change in groundwater levels reported by DWR in this area as a result of the City's use of the groundwater basin. The City has implemented groundwater monitoring to evaluate groundwater level trends over time to ensure that overdraft conditions (potentially resulting in seawater intrusion) do not occur.

7.1.3 Recycled Water

The following sections discuss the possible constraints on the City's recycled water supplies, as provided by Delta Diablo.

7.1.3.1 Legal Factors

Recycled water from Delta Diablo has been a highly reliable and essentially a "drought-proof" supply. Production capacity at the recycled water facility (RWF) is affected by the facility's permitted capacity of 12.8 MGD, the use patterns of recycled water customers, Delta Diablo's

wastewater treatment plant influent diurnal flow pattern, influent average dry weather flow, and storage/equalization capacity at the RWF. Delta Diablo continues to assess these factors through various measures to ensure the continued reliability of the supply and increase the potential for future recycled water use.

7.1.3.2 Water Quality Factors

The City's recycled water supply comes from Delta Diablo's RWF. The RWF ensures a consistent water quality standard is met for the City's recycled water supply through compliance with Title 22 standards.

7.2 WATER SERVICE RELIABILITY ASSESSMENT

California Water Code

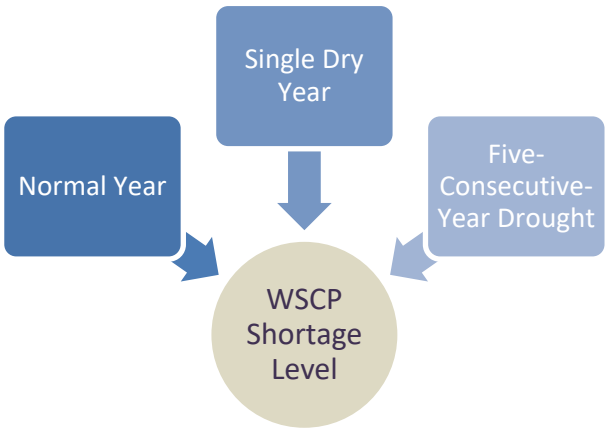

10635 (a) *Every urban water supplier shall include, as part of its urban water management plan, an assessment of the reliability of its water service to its customers during normal, dry, and multiple dry water years. This water supply and demand assessment shall compare the total water supply sources available to the water supplier with the long-term total projected water use over the next 20 years, in five-year increments, for a normal water year, a single dry water year, and a drought lasting five consecutive water years. The water service reliability assessment shall be based upon the information compiled pursuant to Section 10631, including available data from state, regional, or local agency population projections within the service area of the urban water supplier.*

7.2.1 WSRA Year-Type Characterization

This section outlines the annual water supply year-types, and the data sources used to evaluate supply.

Types of Years

This section discusses the types of years considered in the evaluation of water supply reliability, summarized in Table 7-1 on the following page. The conditions are as follows:

- **Normal Year** – The normal year, as it pertains to supply, is based on an averaged range of hydrologic years representing the historical median runoff (**1922-2025**).
- **Single Dry Year** – The single dry year, as it pertains to water supply, is defined as the year that represents the lowest historical water supply availability (**1976**).
- **Five-Consecutive-Year Drought**– Multiple dry years can significantly impact the water supply system by reducing local and statewide reservoir levels and lowering groundwater

levels. Available supply under these conditions is based on the minimum historical yields calculated as a five-year running average. The five-consecutive-year drought, as it pertains to water supply, is defined as the period of the driest five-year historical water supply availability (**1929-1933**).

To determine the supply available for different sources in each year type, the following key assumptions were made:

- **Surface Water –** The City purchases surface water supply from CCWD. From historical use in a normal year, CCWD could meet 100% of the City's potable water demand; at least 85% of potable water demand under drought conditions. Table 7-1 summarizes the water supply availability for the City's surface water supply, as provided by CCWD, under the different water years.
- **Groundwater –** The City's groundwater supply has proven to be very consistent through variable climatic conditions. The City assumes groundwater supply is the same as historical average pumped groundwater, which is equal to 1,077 AFY (Table 6-9).
- **Recycled Water –** Recycled water is considered to be drought-proof water supply source. For the remainder of this chapter, recycled water supply is assumed to stay 100% available during drought conditions (both single and multiple dry years).

Submittal Table 7-1 Retail: Basis of Water Year Data (Reliability Assessment)

Year Type	Base Year[1]	Volume Available (AF)	Percent of Average Supply (%)
Average Year	1922-2025		100%
Single-Dry Year	1976		80%
Consecutive Dry Years 1st Year	1929		80%
Consecutive Dry Years 2nd Year	1930		75%
Consecutive Dry Years 3rd Year	1931		70%
Consecutive Dry Years 4th Year	1932		65%
Consecutive Dry Years 5th Year	1933		60%

NOTES: The percentage indicated the water supply conditions for the City of Pittsburg's CVWD raw water supply under different water years.

The City experienced multiple-year drought conditions in 1967-1977, 1987-1992, 2007-2009 and again in 2013 - 2015. Water conservation strategies implemented by the City in partnership with CCWD, during the latest set of multi-year drought conditions, resulted in a reduction in per capita water usage.

Based on experiences during the previous drought periods, the City recognizes that it is better to enter into a water shortage alert early, at a minimal level, to establish necessary rationing programs and policies, to gain public support and participation, and to reduce the likelihood of more severe shortage levels later. As the community continues to become more water efficient, it may become more difficult for customers to reduce their water use during water shortages (this is called “demand hardening”). Staff does not believe that City customers are approaching demand hardening yet, because there are still potential water efficiency improvements in residential plumbing fixtures, appliances, and landscapes, and in the commercial, industrial, and institutional sectors that have yet to be implemented.

Sources for Water Data

To establish a basis of normal, single dry, and multiple dry hydrologic water years, historical rainfall data available from DWR was analyzed, as it relates to the City.

7.2.2 WSRA Supply and Demand Comparison

During extended drought periods, city-wide water use patterns are expected to change. Outdoor water use may initially increase as irrigation compensates for reduced rainfall; however, these potential increases can be partially mitigated through enhanced water conservation measures.

In accordance with California Water Code Section 10635(a), urban water suppliers must evaluate the reliability of their water service by comparing available water supplies with projected water demands over a 20-year planning horizon in five-year increments. This assessment considers water supply availability under three hydrologic conditions: a normal water year, a single dry water year, and a drought lasting five consecutive dry years.

The water supply available to the City under different hydrologic conditions is summarized in Table 7-1.

The City’s water supply assessment considered the following sources of supply, which were described in detail in previous sections:

- **Surface Water:** The City receives surface water deliveries from CCWD in the form of diversions from the Contra Costa Canal. Historically, CCWD has been capable of meeting 100% of the City’s supply needs. CCWD’s 2020 UWMP indicates this could reach as low as 85% during the final year of a five-year drought.
- **Groundwater:** The City currently operates two groundwater wells, which extract and deliver groundwater to be blended and treated at the WTP. The available supply for these wells is assumed as equal to the historical average pumping.
- **Recycled Water:** It is assumed the Delta Diablo recycled water supply will be an uninterruptable water source and the water supply and demand assessment assumes no reduction in supply availability.

7.2.2.1 Supply and Demand Comparisons – Normal Year

Under normal-year conditions, the estimated groundwater recharge from the subbasins is assumed to meet the City's projected water demand over the planning horizon. Table 7-2 shows the normal-year supply and use comparison, documenting total supply and demand under normal-year conditions and establishing a baseline for water supply reliability.

Submittal Table 7-2 Retail: Normal Year Supply and Use Comparison
Water Code Section 10635 (a)

	2030 (AF)	2035 (AF)	2040 (AF)	2045 (AF)	2050 (AF)
Supply totals	12,115	12,658	13,228	13,827	14,456
Use totals	10,631	11,173	11,743	12,342	12,971
Surplus/(shortfall)	1,485	1,485	1,485	1,485	1,485
Recommended WSCP Actions					
Water Shortage Level	Level 0	Level 0	Level 0	Level 0	Level 0

WSCP - use reduction savings benefit	0	0	0	0	0
Revised Surplus/(shortfall)	1,485	1,485	1,485	1,485	1,485

7.2.2.2 Supply and Demand Comparison – Single Dry Year

During a single dry year, groundwater recharge and overall water supply are expected to decrease due to reduced precipitation. The available supply is estimated by applying a single dry-year percentage of normal-year recharge for the subbasins. Water demand patterns may shift during dry conditions, with outdoor irrigation potentially increasing, though conservation measures help mitigate these increases. Comparing this reduced supply with projected demand allows assessment of the City's ability to maintain reliable water service under short-term drought conditions. Table 7-3 presents the City's total projected demand alongside the reduced supply.

Submittal Table 7-3 Retail: Single Dry Year Supply and Use Comparison

Water Code Section 10635(a)

	2030 (AF)	2035 (AF)	2040 (AF)	2045 (AF)	2050 (AF)
Supply totals	9,692	10,126	10,582	11,061	11,565
Use totals	10,631	11,173	11,743	12,342	12,971
Surplus/(shortfall)	(938)	(1,047)	(1,161)	(1,281)	(1,407)
Recommended WSCP Actions

WSCP - supply augmentation benefit	0	0	0	0	0
WSCP - use reduction savings benefit	1,100	1,300	1,400	1,500	1,600
Revised Surplus/(shortfall)	162	253	239	219	193
Percent of Total Supply	98%	98%	98%	98%	98%

7.2.2.3 Supply and Demand Comparison – Five Consecutive Dry Years

A drought lasting five consecutive dry years represents a more severe scenario with prolonged reductions in groundwater recharge. For this condition, the available supply is estimated as a lower percentage of the normal-year recharge to account for the cumulative effects of multiple dry years. Comparing this long-term reduced supply with projected demand helps identify potential shortages and informs planning for drought response and water conservation measures. **Table 7-4** summarizes the City's total projected demand alongside the long-term reduced supply.

7.2.3 WSRA Description of Management Tools and Options

California Water Code

10620 (f) *An urban water supplier shall describe in the plan water management tools and options used by that entity that will maximize resources and minimize the need to import water from other regions.*

Table 7-4 compares the total supply available in multiple dry years to projected demand totals. Under multiple year drought conditions, the City may be required to implement water reduction actions to mitigate potential supply shortfalls. For the analysis, groundwater supply has been assumed to be at the average 1,077 AFY of groundwater extraction between 2030 and 2050, as noted in Table 6-9. However, the maximum annual extraction since 1993 was 2,092 AF in 2008, so additional groundwater extraction could be used to account for supply deficits in multiple dry years, as necessary. In addition, as discussed in Section 4.1, the per capita water use used for the demand projections is based on a rebound from drought restrictions and the economic recession, and future projections do not account for potential decreases in demand resulting from increased savings from passive conservation (that is, the future projections do not account for future increases in the use of water-saving appliances). The City and CCWD have demonstrated in recent years that, during extended dry periods, they can address deficits by reducing demand in their service areas.

7.3 DROUGHT RISK ASSESSMENT

California Water Code

10612 *"Drought Risk Assessment" means a method that examines water shortage risks based on the driest five-year historic sequence for the agency's water supply, as described in subdivision (b) of Section 10635.*

10635(b) *Every urban water supplier shall include, as part of its urban water management plan, a drought risk assessment for its water service to its customers as part of information considered in developing the demand management measures and water supply projects and programs to be included in the urban water management plan. The urban water supplier may conduct an interim update or updates to this drought risk assessment within the five-year cycle of its urban water management plan update. The drought risk assessment shall include each of the following:*

(1) A description of the data, methodology, and basis for one or more supply shortage conditions that are necessary to conduct a drought risk assessment for a drought period that lasts five consecutive water years, starting from the year following when the assessment is conducted.

(2) A determination of the reliability of each source of supply under a variety of water shortage conditions. This may include a determination that a particular source of water supply is fully reliable under most, if not all, conditions.

(3) A comparison of the total water supply sources available to the water supplier with the total projected water use for the drought period.

(4) Considerations of the historical drought hydrology, plausible changes on projected supplies and demands under climate change conditions, anticipated regulatory changes, and other locally applicable criteria.

As part of the 2025 UWMP, the California Water Code requires urban water suppliers to develop a Drought Risk Assessment (DRA). The DRA is a planning exercise that evaluates the potential impacts on available water supply if a five-year drought were to occur immediately following its

preparation. As with the supply and demand assessment described in the previous section, the DRA focuses exclusively on the effects of a five-year drought. It also accounts for the influence of the City's Water Shortage Contingency Plan on both available supply and total demand. Overall, the DRA provides a proactive review to prepare the City for a worst-case water supply scenario in the near term.

7.3.1 DRA Data, Methods, and Basis for Water Shortage Conditions

The DRA assesses the impact on available water supply over the course of a five-year drought. Since the City's only water supply source is groundwater, the same data and methodology used to prepare the supply and demand assessment through 2050, as described in the preceding section, can be applied for the DRA.

For conservative planning purposes, the DRA assumes an unconstrained demand condition within the City's service area, meaning that no additional demand management measures or water use reductions are applied beyond the City's year-round prohibitions. This approach allows the DRA to determine whether further water use reductions, as outlined in the Water Shortage Contingency Plan, may be necessary. It should also be noted that the CCWD 2020 UWMP applies a similar unconstrained demand condition in its planning, which encompasses the City's service area.

7.3.2 DRA Individual Water Source Reliability

The DRA water supply and demand comparisons are presented in **Table 7-5**, which indicates that available groundwater supplies are expected to meet projected demands through 2025, even under a five-year drought scenario. As reported in Chapter 6 the City's potable water supply consisted of 85-90% of surface water purchased from CCWD and 10-15% of groundwater extracted from Pittsburg Plain groundwater basin; recycled water supplies were provided by Delta Diablo.

Consistent with the supply and demand assessment discussed in a previous section the City's DRA assumes an available groundwater supply consistent with the average of historical groundwater pumped between 1993 and 2025, an available surface water supply consistent with at least 85% of the City's projected demand during the drought conditions, and available recycled water to meet the existing demand requirements. Additionally, available supply volume reductions, as extracted from the CCWD 2020 UWMP, are applied during the five-year drought to quantify the effect of consecutive dry years. The available water supply volumes for each water source are documented below:

- **Surface Water:** The available surface water supply volume during a normal water year is assumed to equal to the rate of the City's unconstrained water demand as documented in the 2025 UWMP Chapter 4. This available supply volume is reduced during the course of a five-year drought based on the percentage provided by CCWD.

- **Groundwater:** The available groundwater supply volume is estimated from the average of historical groundwater pumped between 2021 and 2025, or 1,077 AFY. The City's groundwater production has proven generally stable even under extended dry periods. Therefore, the available groundwater supply volume during a five-year drought is assumed the same as the historically average pumping volume, or 1,077 AFY.

- **Recycled Water:** The available recycled water supply volume is assumed equal to the recycled water customers' demand. Recycled water from Delta Diablo has been a highly reliable supply and as such the available recycled water supply volume during the drought condition remains the same as in a normal year.

As shown in Table 7-5, the City is expected to have sufficient supplies to meet demands should a multiple year drought occur in the immediate future.

7.3.3 DRA Total Water Supply and Use Comparison

The City's DRA is summarized in Table 7-5. Based on assumptions for available supplies consistent with prior planning efforts and considering an unconstrained demand condition, the DRA indicates that the City is able to meet projected water demands in 2026 and 2027; however, beginning in 2028, the City would be unable to meet projected demands under a five-consecutive-year drought scenario. Water Shortage Level 1 would be implemented beginning in 2029, followed by Water Shortage Level 2 in 2030, requiring use-reduction measures to minimize water supply shortages within the City.

Submittal Table 7-5 Retail: Five-Year Drought Risk Assessment

Water Code Section 10635(b)(3)

Totals	2026	2027	2028	2029	2030
Demands					
Total Water Use	8,750	9,220	9,690	10,161	10,631
Supplies					
Groundwater Supplies	10,540	10,059	9,568	9,065	8,552
Surplus/Shortfall without WSCP Action	1,790	839	(123)	(1,095)	(2,079)
Recommended WSCP Actions (use reduction and supply augmentation)					
Water Shortage Level	Level 0	Level 0	Level 0	Level 1	Level 2
WSCP Actions - supply augmentation benefit	0	0	0	0	0
WSCP Actions - use reduction savings benefit	0	0	300	1,300	2,300
Revised Surplus/(shortfall)	1,790	839	177	205	221
Resulting % Use Reduction from WSCP Action	0%	0%	3%	13%	22%

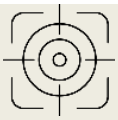

7.4 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal tables:

- Table 7-1: Basis of Water Year Data
- Table 7-2: Normal Year Supply and Use Comparison
- Table 7-3: Single Dry Year Supply and Use Comparison
- Table 7-4: Multiple Dry Years Supply and Use Comparison
- Table 7-5: Five-Year Drought Risk Assessment

CHAPTER 8 – WATER SHORTAGE CONTINGENCY PLAN

This chapter presents the City's Water Shortage Contingency Plan (WSCP), a required framework for responding to water shortages through standardized conservation stages, response actions, and emergency supply interruption procedures.

Chapter Focus

This chapter focuses on the City's Water Shortage Contingency Plan (WSCP), a critical tool for proactive and efficient water management during shortages. The WSCP provides a structured framework for monitoring supply conditions and implementing pre-planned response actions and minimizing service disruptions. The WSCP defines levels of water shortage, outlines demand reduction measures, and describes the process for conducting an annual supply and demand assessment.

The WSCP prepares the system to address both predictable and unexpected risks, including natural disasters or the failure of a primary water source by establishing tiered demand reduction and supply enhancement measures for events such as earthquakes, fires, floods, or system failures, allowing the City to anticipate challenges and respond effectively. It also addresses communication protocols during shortages, methods for determining compliance and enforcing water use restrictions, discussing financial impacts, and monitoring and reporting the effectiveness of any implemented water demand reduction measures.

8.1 WATER SUPPLY RELIABILITY ANALYSIS

California Water Code

10632.3	*It is the intent of the Legislature that, upon proclamation by the Governor of a state of emergency under the California Emergency Services Act (Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code) based on drought conditions, the board defer to implementation of locally adopted water shortage contingency plans to the extent practicable.*
10632 (a)(1)	*The analysis of water supply reliability conducted pursuant to Section 10635.*
10632.5.(a)	*In addition to the requirements of paragraph (3) of subdivision (a) of Section 10632, beginning January 1, 2020, the plan shall include a seismic risk assessment and mitigation plan to assess the vulnerability of each of the various facilities of a water system and mitigate those vulnerabilities.*

The City currently uses a combination of surface water, groundwater and recycled water as sources of water supply. The groundwater is extracted from two wells in the Pittsburg Plain groundwater basin. The groundwater basin is managed by County of Contra Costa Groundwater Sustainability Agency. The surface water is diverted from CCWD's Contra Costa Canal. The recycled water is provided by Delta Diablo through the City's recycled water distribution system.

Consistent with previously planning efforts the City's Water Supply Reliability Analysis considers the available supply volume for each source upon recycled water and surface water purchase agreement and historical groundwater pumping data. The Water Supply Reliability Analysis also considers the effects on available supply during a single-dry and five-year dry period; for conservative planning purposes supply reduction percentages from the CCWD 2025 UWMP were used to estimate the available groundwater supply during these dry-year periods.

As part of the 2025 UWMP, the City has also prepared a Drought Risk Assessment (DRA), a proactive planning tool designed to prepare the City for potential worst-case water supply conditions. The DRA evaluates the City's projected water demands over the next five years against estimated available supplies in the event of a five-year drought. The results of the DRA, prepared as part of the 2025 UWMP, indicate that the City has adequate supplies to meet projected demands over the next five years.

Pursuant to the California Water Code, the City's Water Shortage Contingency Plan also includes a seismic risk assessment, which describes the vulnerability of the Pittsburg water system facility to earthquakes and other seismic hazards. Details on the Seismic Risk Assessment and Mitigation Plan are provided in a subsequent section of this chapter.

8.2 ANNUAL WATER SUPPLY AND DEMAND ASSESSMENT

California Water Code

10632 (a) — *Every urban water supplier shall prepare and adopt a water shortage contingency plan as part of its urban water management plan that consists of each of the following elements:*

10632 (a)(2) — *The procedures used in conducting an annual water supply and demand assessment that include, at a minimum, both of the following:*

- *(A) The written decision-making process that an urban water supplier will use each year to determine its water supply reliability.*
- *(B) The key data inputs and assessment methodology used to evaluate the urban water supplier's water supply reliability for the current year and one dry year, including all of the following:*
  - *(i) Current year unconstrained demand, considering weather, growth, and other influencing factors, such as policies to manage current supplies to meet demand objectives in future years, as applicable.*
  - *(ii) Current year available supply, considering hydrological and regulatory conditions in the current year and one dry year. The annual supply and demand assessment may consider more than one dry year solely at the discretion of the urban water supplier.*
  - *(iii) Existing infrastructure capabilities and plausible constraints.*
  - *(iv) A defined set of locally applicable evaluation criteria that are consistently relied upon for each annual water supply and demand assessment.*
  - *(v) A description and quantification of each source of water supply.*

10632.1 — *An urban water supplier shall conduct an annual water supply and demand assessment pursuant to subdivision (a) of Section 10632 and, on or before July 1 of each year, submit an annual water shortage assessment report to the department with information for anticipated shortage, triggered shortage response actions, compliance and enforcement actions, and communication actions consistent with the supplier's water shortage contingency plan. An urban water supplier that relies on imported water from the State Water Project or the Bureau of Reclamation shall submit its annual water supply and demand assessment within 14 days of receiving its final allocations, or by July 1 of each year, whichever is later.*

Updates to the California Water Code now require urban water suppliers to prepare an annual water supply and demand assessment (Annual Assessment). The results of this assessment must be summarized in a report submitted to the DWR by July 1 of each year, with the first report due on July 1, 2022. The purpose of the Annual Assessment is to ensure that water suppliers proactively evaluate available water supplies and demand, while identifying any potential need to implement the Water Shortage Contingency Plan.

It should be noted that the DWR is currently preparing a stand-alone guidance document to provide general procedures for urban water suppliers in completing the Annual Assessment. At this time, the decision-making process and steps for completing the Annual Assessment are preliminary and will be refined once the DWR guidance document is finalized.

8.2.1 Decision Making Process

This section describes the decision-making process for preparing and approving the Annual Assessment each year. The reporting timeline is illustrated in Figure 8-1, and the milestones documented on Table 8-1A.

It should be noted that the Annual Assessment and associated decision-making process will rely on the findings of the CCWD Annual Assessment, which provides documentation of available water supply information and any County-wide water shortage actions that may be required.

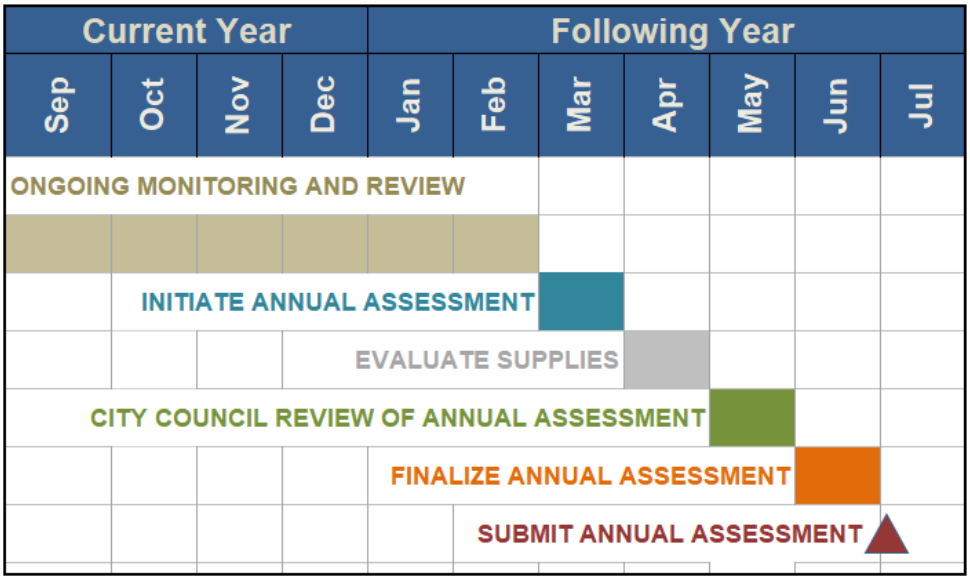

Figure 8-1 Annual Assessment Reporting Timeline

Table 8-1A Annual Assessment Reporting Milestone

Key Timeline	Description
September to February: Ongoing Monitoring and Review	For most of the year, City staff will continue to monitor and report monthly water production and consumption. This data will be used when preparing the Annual Assessment to compare system-wide water demands year-to-year and to project demands for the following year.
March: Initiate WSCP Annual Assessment	City staff will initiate the Annual Assessment process by compiling collected water demand and production data. Other relevant information includes, but is not limited to: • Land Use/Planning: Changes in land use or the number of building permits, which will be used to estimate demand for the following year. • Hydrologic Year Review: Review of rainfall and hydrologic conditions over the past year, noting that the City's wet year typically ends in April. • Climate Forecast: Consideration of any available climate projections. The purpose of gathering this information is to assess the various factors affecting water demand across the City's service area. This analysis will guide projections of water demand for the upcoming year.
April: Review Available Supply Information	A preliminary Annual Assessment will be completed by CCWD prior to April. City staff will review this document upon its availability and use it as the basis for estimating available water supply for the upcoming year. If necessary, staff will also prepare to implement any water shortage response actions identified by CCWD.
May: City Council Review of Annual Assessment	The Annual Assessment draft will be presented to the City Council for information and discussion. If the assessment recommends water shortage actions, the City Council will be asked to authorize the implementation of the recommended measures.

Key Timeline	Description
June: Finalize Annual Assessment	The Annual Assessment is finalized after considering feedback received during the City Council review process.
July: Submit Annual Assessment	The Annual Assessment will be submitted to DWR on or before July 1st.

8.2.2 Data and Methodologies

This section describes the key data and methodologies used to prepare the Annual Assessment. This includes historical water supply information, historical and projected water demand, and projected water supply, which the City uses to evaluate their water supply reliability for both a normal and a subsequent dry-year condition.

8.2.2.1 Evaluation Criteria

The primary criteria used in preparing the City's Annual Assessment are projected water demand and available supply. Available supply information is based on a County-wide review prepared by CCWD. Demand projections are developed using multiple factors, including historical demand, land use changes, building permits, and historical rainfall. The City will continue to evaluate its Annual Assessment preparation process, and additional criteria may be incorporated if considered appropriate.

8.2.2.2 Water Supply

The City currently relies on raw surface water and groundwater as the sources of supply. The City is within the CCWD service area and receives surface water diversions from the Contra Costa Canal as provided by CCWD. The City also delivers extracted groundwater from two wells to the WTP. Surface water from CCWD and groundwater from the City's wells are blended at the City's water treatment plant, metered, and delivered to customers within the City.

As part of the DRA, monthly production records will be reviewed and used to characterize the City's current water production requirement. The current demands will be compared to previous years to estimate production requirements for the upcoming year.

8.2.2.3 Current Year Unconstrained Customer Demand

Billed water consumption is reported monthly and will be used to characterize the City's current water use. These records will be compared to the corresponding months of the previous year to identify significant changes in water use patterns across the City's service area. In addition,

information on recent developments and current building permits will allow City staff to estimate anticipated changes in water demand for the upcoming year.

8.2.2.4 Current Year Available Supply

The Annual Assessment estimates the available water supply for the current year under existing hydrologic conditions, as well as for a potential subsequent dry year. These supply estimates will be based on the Drought Risk Assessment supply estimation methodology documented in a previous chapter of this 2025 UWMP and will also incorporate information from the CCWD Assessment**.**

8.2.2.5 Infrastructure Considerations

The Annual Assessment will include a review of ongoing capital projects that may affect the demand and supply projections. Examples of such capital projects include water loss reduction, distribution system expansions to serve growth, or the development of new groundwater wells. The City's 2023 Water System Master Plan Update identifies any additional infrastructure considerations to be implemented within the City's service area.

8.3 WATER SHORTAGE LEVELS

The City has adopted the six standard water shortage levels recommended by DWR, as shown in **Table 8-1B**. Identifying the appropriate shortage level will be in accordance with the procedures outlines in a section of the Annual Assessment procedures.

California Water Code

10632 (a)(3)(A)	*Six standard water shortage levels corresponding to progressive ranges of up to 10, 20, 30, 40, and 50 percent shortages and greater than 50 percent shortage. Urban water suppliers shall define these shortage levels based on the suppliers' water supply conditions, including percentage reductions in water supply, changes in groundwater levels, changes in surface elevation or level of subsidence, or other changes in hydrological or other local conditions indicative of the water supply available for use. Shortage levels shall also apply to catastrophic interruption of water supplies, including, but not limited to, a regional power outage, an earthquake, and other potential emergency events.*
10632 (a)(3)(B)	*An urban water supplier with an existing water shortage contingency plan that uses different water shortage levels may comply with the requirement in subparagraph (A) by developing and including a cross-reference relating its existing categories to the six standard water shortage levels.*

For example, if the Annual Assessment identifies a 22% water shortage, the City would be considered in a Severe Drought condition. Based on recommendations from City staff, the City Council has the authority to declare the appropriate conservation level necessary to manage system demands and mitigate the shortage. The City Council may also adjust or terminate a shortage response level as recommended by staff.

Table 8-1B DWR Water Shortage Levels

Shortage Level	Shortage Level Condition	Percent Shortage Range
0	Normal	None
Level 1	Alert	Up to 10%
Level 2	Significant	Up to 20%
Level 3	Severe	Up to 30%
Level 4	Critical	Up to 40%
Level 5	Crisis	Up to 50%
Level 6	Emergency	> 50%

The City's surface water supply relies on raw water imported by CCWD. During drought periods, when imported water availability is reduced, CCWD may contact water suppliers to reduce raw water import to maintain sustainable water supply within delta area. To support these efforts and reduce water consumption citywide, the City maintains a water conservation ordinance that can be invoked to implement water use restrictions.

The City's conservation ordinance currently establishes permanent water use restrictions and a multi-stage water rationing plan that can be implemented to adjust water use during shortage conditions. Each rationing stage specifies a water demand reduction percentage to be applied to normal water demands. Implementation of the plan depends on the cause, severity, and anticipated duration of the water shortage, and may include a combination of voluntary and mandatory conservation measures to reduce citywide water use. The water shortage stages are summarized in Table 8-1C on the following page.

Table 8-1C Water Shortage Contingency Plan Levels

Shortage Level	Percent Supply Shortage/ Reduction	Pittsburg Shortage Level	Water Supply Condition
Level 0	**None**	**Normal**	At Level 0, no Water Supply Shortage condition exists.
Level 1	**Up to 10%**	**Alert**	A Level 1 Water Supply Shortage condition exists when City of Pittsburg notifies its water users that due to drought, the supply reductions targets are up to 10%.
Level 2	**11 to 20%**	**Significant**	A Level 2 Water Supply Shortage condition exists when the City of Pittsburg notifies its water users that due to drought, the supply reductions targets are 11 to 20%.
Level 3	**21 to 30%**	**Severe**	A Level 3 Water Supply Shortage condition exists when the City of Pittsburg notifies its water users that due to drought, the supply reductions targets are 21 to 30%.
Level 4	**31 to 40%**	**Critical**	A Level 4 Water Supply Shortage condition exists when the City of Pittsburg notifies its water users that due to drought, the supply reductions targets are 31 to 40%.
Level 5	**41 to 50%**	**Crisis**	A Level 5 Water Supply Shortage condition exists when the City of Pittsburg notifies its water users that due to drought, the supply reductions targets are 41 to 50%.
Level 6	**> 50%**	**Emergency**	A Level 6 Water Supply Shortage condition exists when the City of Pittsburg notifies its water users that due to drought, the supply reductions targets are greater than 50%.

Submittal Table 8-1: Cross-reference for Standard vs Supplier Shortage Levels

Water Code Section 10632(a)(3)(B)

☑	Check the box if the Supplier uses the Standard six levels of water shortage. Proceed to the next table.		
Standard Shortage Levels	**Percent Shortage Range**	**Suppliers Shortage Levels**	**Percent Shortage Range**
1	Up to 10%		
2	Up to 20%		
3	Up to 30%		
4	Up to 40%		
5	Up to 50%		
6	>50%		

8.4 SHORTAGE RESPONSE ACTIONS

Pursuant to CWC 10632(a)(4), this section documents the detailed shortage response actions, organized into categories that correspond with the established shortage levels.

California Water Code

10632 (a)(4) *Shortage response actions that align with the defined shortage levels and include, at a minimum, all of the following:*

(A) Locally appropriate supply augmentation actions.
(B) Locally appropriate demand reduction actions to adequately respond to shortages.
(C) Locally appropriate operational changes.
(D) Additional, mandatory prohibitions against specific water use practices that are in addition to state-mandated prohibitions and appropriate to the local conditions.
(E) For each action, an estimate of the extent to which the gap between supplies and demand will be reduced by implementation of the action.

10632.2 *An urban water supplier shall follow, where feasible and appropriate, the prescribed procedures and implement determined shortage response actions in its water shortage contingency plan, as identified in subdivision (a) of Section 10632, or reasonable alternative actions, provided that descriptions of the alternative actions are submitted with the annual water shortage assessment report pursuant to Section 10632.1. Nothing in this section prohibits an urban water supplier from taking actions not specified in its water shortage contingency plan, if needed, without having to formally amend its urban water management plan or water shortage contingency plan.*

The City's WSCP includes shortage response actions that may be implemented during a water shortage. In addition, the City's municipal code establishes permanent, year-round water use restrictions to minimize water waste. Both the shortage response actions and permanent water use restrictions are summarized in this chapter.

8.4.1 Supply Augmentation

The City currently relies on a combination of groundwater and surface water to meet demand requirements within the service area and there are no known opportunities for water supply augmentation through actions such as exchanges, transfers, or purchase programs. Therefore, supply augmentation actions are excluded from the City's Water Shortage Contingency Plan at this time.

Submittal Table 8-2 Retail: Supply Augmentation and Other Actions

Water Code Section 10632(a)(4)(A), (C) and (E)

Yes	Is the Supplier completing this table using the standard six levels? (yes/no)			
Shortage Level	Supply Augmentation Methods and Other Actions by Water Supplier	How much is this going to reduce the shortage gap?		Additional Explanation or Reference (OPTIONAL)
		Volume or Percentage	Shortage Gap Reduction Value (May be a range) (AF)	
1		Percentage	0	No Action is taken.
2		Percentage	0	No Action is taken.
3		Percentage	0	No Action is taken.
4		Percentage	0	No Action is taken.
5		Percentage	0	No Action is taken.
6		Percentage	0	No Action is taken.

8.4.2 Demand Reduction

The City of Pittsburg can implement a variety of demand reduction measures as response actions to corresponding water shortage levels. These measures may include restrictions on irrigation and outdoor water use, changes to water rate structures, public education and outreach efforts, or adjustments to water supply service. Other demand reduction such as infrastructure improvements or the installation of water efficient fixtures are considered long-term water demand reduction strategies and are therefore not included as actions in this Water Shortage Contingency Plan. City staff will continue to evaluate additional demand management approaches, including the potential implementation of Water Offsets for new developments and drought rate structures in the immediate future.

Consumption reduction actions are measures taken by the City to reduce demand within the service area, and usually in response to a declared water shortage or emergency condition. The City's consumption reduction actions and reduction action matrix, for each shortage level, are summarized in **Table 8-3 and Table 8-3A** respectively, along with brief descriptions or explanation.

8.4.3 Operational Changes

During a water shortage, changes to water system operations may be implemented. These operational changes may include enhanced monitoring and tracking of water use, adjustments to fire hydrant testing frequencies, modifications in maintenance cycles, and expedited repair of water leaks.

8.4.4 Additional Mandatory Restrictions

Additional mandatory restrictions are described in a previous section.

8.4.5 Emergency Response Plan

The City maintains an Emergency Operations Plan (EOP), most recently updated in 2018, which provides a framework for addressing catastrophic supply interruptions caused by various hazards, including seismic, geological, wildfire, and flooding events. The plan outlines the actions required by the City before, during, and after an emergency and provides guidance for responding to major emergencies and disasters.

8.4.6 Seismic Risk Assessment and Mitigation Plan

California Water Code

10632.5 (a)	*In addition to the requirements of paragraph (3) of subdivision (a) of Section 10632, beginning January 1, 2020, the plan shall include a seismic risk assessment and mitigation plan to assess the vulnerability of each of the various facilities of a water system and mitigate those vulnerabilities.*
10632.5 (b)	*An urban water supplier shall update the seismic risk assessment and mitigation plan when updating its urban water management plan as required by Section 10621.*
10632.5 (c)	*An urban water supplier may comply with this section by submitting, pursuant to Section 10644, a copy of the most recent adopted local hazard mitigation plan or multihazard mitigation plan under the federal Disaster Mitigation Act of 2000 (Public Law 106-390) if the local hazard mitigation plan or multihazard mitigation plan addresses seismic risk.*

In addition to the Emergency Response Plan described in a previous section, the California Water Code requires urban water suppliers to document a locally appropriate multi hazard mitigation plan developed under the federal Disaster Mitigation Act of 2000, that includes documentation of seismic risk assessment. County of Contra Costa developed such a hazard mitigation plan in 2022. The City's service area is included in the boundaries reviewed as part of this mitigation plan.

Submittal Table 8-3 Retail: Demand Reduction Actions

Water Code Section 10632(a)(4)(B) and (E)

Yes	Is the Supplier completing this table using the standard six levels? (yes/no)

Shortage Level	Demand Reduction Actions	How much is this going to reduce the shortage gap?		Additional Explanation or Reference (OPTIONAL)	Penalty, Charge, or Other Enforcement?
		Volume or Percentage Drop down	Shortage Gap Reduction Value (AF)		
1	Landscape - Limit landscape irrigation to specific times	Percentage	5%	Irrigation between 11am and 6pm is discouraged.	No
1	Landscape - Prohibit certain types of landscape irrigation	Percentage	5%	Irrigating landscaped areas with water in excess of that minimal amount required to sustain plant life.	Yes
1	Landscape - Other landscape restrictions or prohibition	Percentage	5%	The application of potable water to outdoor landscapes during and up to within 48 hours after measurable rainfall.	Yes
1	Water Features - Restrict water use for decorative water features, such as fountains	Percentage	5%	The use of water for decorative fountain/pools, except for recycled water approved for such use.	Yes
1	Other - Customers must repair leaks, breaks, and malfunctions in a timely manner	Percentage	5%	Failing to repair a controllable leak of water.	Yes
1	Other - Require automatic shut of hoses	Percentage	5%	Using a hose without an automatic shutoff nozzle.	Yes

Shortage Level	Demand Reduction Actions	How much is this going to reduce the shortage gap?		Additional Explanation or Reference (OPTIONAL)	Penalty, Charge, or Other Enforcement?
		Volume or Percentage Drop down	Shortage Gap Reduction Value (AF)		
1	Other - Prohibit use of potable water for washing hard surfaces	Percentage	5%	Washing sidewalks, driveways, parking areas, tennis courts, patios, or other exterior paved areas except to alleviate a condition inimical to the public health or safety.	Yes
1	Other	Percentage	5%	Permitting water to flow onto a sidewalk, driveway, or street, or escape down a gutter, ditch or other service drain.	Yes
1	Expand Public Information Campaign	Percentage	5%	Education program.	No
1	Offer Water Use Surveys	Percentage	5%	City currently providing water use surveys to 112 irrigators, and CCWD is offering free surveying to residential customers.	No
1	Provide Rebates on Plumbing Fixtures and Devices	Percentage	5%	CCWD provides rebates for efficient plumbing fixtures and devices in Pittsburg.	No
1	Provide Rebates for Landscape Irrigation Efficiency	Percentage	5%	CCWD provides rebates for CIMIS controlled irrigation systems.	No
1	Provide Rebates for Turf Replacement	Percentage	5%	CCWD provides rebated for lawn replacements in Pittsburg.	No
1	Other	Percentage	5%	Demand Reduction program.	No
1	Other	Percentage	5%	Voluntary Rationing.	No
1	Decrease Line Flushing	Percentage	5%		No

Shortage Level	Demand Reduction Actions	How much is this going to reduce the shortage gap?		Additional Explanation or Reference (OPTIONAL)	Penalty, Charge, or Other Enforcement?
		Volume or Percentage Drop down	Shortage Gap Reduction Value (AF)		
1	Reduce System Water Loss	Percentage	5%		No
1	Increase Water Waste Patrols	Percentage	5%		No
2	Landscape - Limit landscape irrigation to specific days	Percentage	10%	Irrigation watering limited to three days per week, unless controlled by a CIMIS-connected water controller, and verified by City.	Yes
2	Landscape - Limit landscape irrigation to specific days	Percentage	10%	Irrigation watering limited to two days per week, unless controlled by a CIMIS-connected water controller, and verified by City.	Yes
3	Other	Percentage	15%	Mandatory rationing.	Yes
3	Other	Percentage	15%	Percentage reduction by customer type, and/or high use penalties.	Yes
4	Moratorium or Net Zero Demand Increase on New Connections	Percentage	20%		Yes
4	Implement or Modify Drought Rate Structure or Surcharge	Percentage	20%	Water rate increases.	Yes
5	Other	Percentage	20%	Restrict building permits.	Yes
6	Other	Percentage	20%	Per capita allotment by customer type.	Yes
6	Other	Percentage	20%	Nonessential use of water prohibited.	Yes

Table 8-3A Reduction Action Matrix

Response Actions	Level 0 No Reduction	Level 1 Up to 10% Reduction	Level 2 11 - 20% Reduction	Level 3 21 - 30% Reduction	Level 4 31 - 40% Reduction	Level 5 36 - 50% Reduction	Level 6 >50% Reduction
Restricted Watering or Irrigation Hours	---	Discouraged: 11:00 AM - 6:00 PM PST	9:00 AM - 5:00 PM PST (Exception: Hand watering, reparation or recycled water)	☑	☑	☑	☑
Social Programs	---	1. Education Programs 2. Water Use Surveys and Demand Reduction 3. Rebates for controlled and efficient fixings or replacements	☑	☑	☑	☑	☑
Washing Restrictions	---	Prohibition to wash hard surfaces (Exception: In case of public health or safety)	☑	☑	☑	☑	☑
Watering Days	---	Any time after 48 hours of rainfall	3 days/week (Exception: CIMIS water controller)	2 days/week (Exception: CIMIS water controller)	☑	☑	☑
Obligation to Fix Water Fixtures	---	mmediate Repair of Water Leaks and Malfunctioning Fixtures	☑	☑	☑	☑	☑
Limits on Filling Ornamental Ponds or Lakes	---	Only with Recycled Approved Water	☑	☑	☑	☑	☑
Water Structures	---	Penalty for permitting water flow or sewer flow drain on public spaces and infrastructure	☑	☑	☑	☑	☑
Exceptions for Watering Restrictions	---	Minimal amount required to sustain plant life	☑	☑	☑	☑	☑
Limits on Potable Services	---	---	---	Mandatory Rationing, Percentage Reduction and High Use Penalties	No issuance of new potable services & Water Rate Increases	☑	☑
Limits on Buildings and Construction	---	---	---	---	---	No issuance of new building permits	☑
Allotment and Consumption Limits	---	---	---	---	---	---	Water Demand per Capita by Customer Type and Essential Use Only

Notes:
1. Source: City of Pittsburg 2025 Annual Water Supply and Demand Assessment.
2. Every level of shortage includes the most restrictive limitations of the previous levels (e.g. level 6 includes level 0 through 5 prohibitions).

AKEL ENGINEERING GROUP, INC.

4/15/2026

8.4.7 Shortage Response Action Effectiveness

In addition to documenting demand reduction actions, the 2025 UWMP also estimates the effectiveness of these actions in reducing systemwide demand. The City records water consumption and production on a monthly basis, and this data can be used to evaluate the effects of any demand reduction actions that are implemented.

Following the end of the drought, from 2023 through 2025, the City has maintained Water Shortage Level 1, indicating a lower, precautionary level of supply stress with voluntary or minor conservation measures in place. Based on a comparison of historical monthly production data, it is estimated that systemwide water use was approximately up to 10 percent lower during the Level 1 Water Shortage period compared to other years. Therefore, as documented in **Table 8-3**, the Level 1 Water Shortage response actions are estimated to achieve a reduction effectiveness of approximately up to 10 percent.

8.5 COMMUNICATION PROTOCOLS

California Water Code

10632 (a) *Every urban water supplier shall prepare and adopt a water shortage contingency plan as part of its urban water management plan consists of each of the following elements:*

(5) Communication protocols and procedures to inform customers, the public, interested parties, and local, regional, and state governments, regarding, at a minimum, all of the following:

(A) Any current or predicted shortages as determined by the annual water supply and demand assessment described pursuant to Section 10632.1.

(B) Any shortage response actions triggered or anticipated to be triggered by the annual water supply and demand assessment described pursuant to Section 10632.1.

(C) Any other relevant communications

When the City identifies the need for short-term water use reductions as directed by the Water Shortage Contingency Plan or the Annual Assessment, clear and effective communication will be critical to achieve the necessary demand reductions. Methods of public notification may include newspaper publications, bill inserts, announcements on the City's website, social media posts, and press releases or informational campaigns. These public notification methods would be implemented in the event of a Level 2 Water Shortage and would increase in frequency in the event of a Level 3 and higher Water Shortage.

8.6 COMPLIANCE AND ENFORCEMENT

California Water Code

10632 (a)(6) *For an urban retail water supplier, customer compliance, enforcement, appeal, and exemption procedures for triggered shortage response actions as determined pursuant to Section 10632.2.*

Customers who violate the provisions of the water code related to water shortage conditions may be subject to the following penalties:

- First violation within any 12 consecutive months will result in a fine of one hundred dollars.
- Second violation within any 12 consecutive months will result in a fine of two hundred dollars.
- Third violation within any 12 consecutive months will result in a fine of three hundred dollars.

The last column in Submittal Table 8-3 R indicates whether any penalties, fines, or other enforcement actions are associated with a specific demand reduction action.

8.7 LEGAL AUTHORITIES

California Water Code	
10632 (a)(7)(A)	*A description of the legal authorities that empower the urban water supplier to implement and enforce its shortage response actions specified in paragraph (4) that may include, but are not limited to, statutory authorities, ordinances, resolutions, and contract provisions.*
10632 (a)(7)(B)	*A statement that an urban water supplier shall declare a water shortage emergency in accordance with Chapter 3 (commencing with Section 350) of Division 1.*
10632 (a)(7)(C)	*A statement that an urban water supplier shall coordinate with any city or county within which it provides water supply services for the possible proclamation of a local emergency, as defined in Section 8558 of the Government Code.*
Division 1, Section 350	*Declaration of water shortage emergency condition. The governing body of a distributor of a public water supply, whether publicly or privately owned and including a mutual water company, shall declare a water shortage emergency condition to prevail within the area served by such distributor whenever it finds and determines that the ordinary demands and requirements of water consumers cannot be satisfied without depleting the water supply of the distributor to the extent that there would be insufficient water for human consumption, sanitation, and fire protection.*

This section lists relevant statutory authorities, local ordinances, codes, and resolutions, as well as any water supply contract provisions that apply to the City.

8.7.1 Declaration of Water Shortage

The City has the legal authority to implement and enforce its water shortage response actions and relative penalties, water charge adjustments, and water service alteration or prohibition.

As an example, in 2015, the City passed Resolution 15-13030 “Water Conservation Program and 2010 Urban Water Management Plan” in response to ongoing drought conditions experienced in the State and a request from CCWD to reduce water use by 15%. This resolution defines ‘prohibited non-essential uses’ and outlines the four water shortage stages and their respective customer reduction goals. In addition, the City passed Resolution 15-13051 “Increase Water Rates and Establish Penalties for High Water Use” in response to the State’s emergency regulations requiring the City to reduce its total water use by 20% for the months of June 2015 through February 2016. This resolution defines tiered water rates for residential customers and a flat rate for all other customers, as well as the penalties for excessive use.

8.7.2 Proclamation of Local Emergency

Pursuant to California Government Code, California Emergency Services Act (Article 2, Section 8558), the City is required to coordinate with any city or county within which it provides water supply services for the possible proclamation of a local emergency.

8.8 FINANCIAL CONSEQUENCES OF A WATER SHORTAGE CONTINGENCY PLAN

California Water Code

10632 (a)(8) *A description of the financial consequences of, and responses for, drought conditions, including, but not limited to, all of the following:*

(A) A description of potential revenue reductions and expense increases associated with activated shortage response actions described in paragraph (4).

(B) A description of mitigation actions needed to address revenue reductions and expense increases associated with activated shortage response actions described in paragraph (4).

(C) A description of the cost of compliance with Chapter 3.3 (commencing with Section 365) of Division 1. [retail urban suppliers only]

The activation of the Water Shortage Contingency Plan and associated Water Shortage Levels has financial implications for the City. Reduced water consumption can lead to decreased revenue, while proactive operational measures may increase operational and maintenance costs. The City Council has the authority to increase water rates to offset reduced revenues. These reserve funds or rate modifications have the ability to mitigate financial consequences of the Water Shortage Contingency Plan. Additionally, potential mitigation actions specific to the drought stages are documented in Table 8-4. These are preliminary measures and would be evaluated in greater detail if a water shortage occurs.

8.9 MONITORING AND REPORTING

California Water Code

10632 (a)(9) *For an urban retail water supplier, monitoring and reporting requirements and procedures that ensure appropriate data is collected, tracked, and analyzed for purposes of monitoring customer compliance and to meet state reporting requirements.*

Monitoring and reporting under the Water Shortage Contingency Plan and Annual Assessment will be based on metered water production and consumption data. Ongoing review and comparison with historical data for corresponding months will allow the City to assess the effectiveness of WSCP measures. Additionally, in response to implemented shortage response actions and water shortage levels, the City's Water Department may increase meter reading frequency to better collect, track, and analyze water use.

Table 8-4 Financial Consequences of WSCP

Stage	Supply Reduction	Financial Consequences	Anticipated Mitigation Actions
0	None	None	Funding provided for supplemental water supply reserve.
1-2	0 – 20%	Potential increase in O&M expenses and mild reduction in revenue.	Reduce O&M costs and identify supplemental funding sources.
3-4	21 – 40%	Moderate increase to O&M expenses and decrease in revenue.	Defer capital expenditures and consider use of reserves.
5-6	>40%	Significant increases to O&M and decreases in revenue.	Implement long-term O&M budget reductions.

8.10 WSCP REFINEMENT PROCEDURES

California Water Code

10632 (a)(10) *Reevaluation and improvement procedures for systematically monitoring and evaluating the functionality of the water shortage contingency plan in order to ensure shortage risk tolerance is adequate and appropriate water shortage mitigation strategies are implemented as needed.*

The WSCP is intended as a dynamic planning tool subject to ongoing refinement as needed. Following the declaration of a water shortage and implementation of the WSCP, the monitoring and reporting procedures described in a previous section will provide insight into its effectiveness. City staff will assess the performance of communication protocols, demand reduction actions, operational adjustments, and financial mitigation measures. If this review identifies opportunities for procedural improvements or new WSCP actions, staff may incorporate these into an amended 2025 UWMP.

8.11 SPECIAL WATER FEATURE DISTINCTION

The California Water Code requires urban water suppliers to differentiate between water features that are artificially supplied and swimming pools or spas. The City's current demand reduction actions reflect this distinction, as documented in a previous section.

California Water Code

10632 (b) *For purposes of developing the water shortage contingency plan pursuant to subdivision (a), an urban water supplier shall analyze and define water features that are artificially supplied with water, including ponds, lakes, waterfalls, and fountains, separately from swimming pools and spas, as defined in subdivision (a) of Section 115921 of the Health and Safety Code.*

8.12 PLAN ADOPTION, SUBMITTAL, AVAILABILITY, AND AMENDMENT PROCEDURES

California Water Code

10632 (c) *The urban water supplier shall make available the water shortage contingency plan prepared pursuant to this article to its customers and any city or county within which it provides water supplies no later than 30 days after adoption of the water shortage contingency plan.*

The adoption and submittal process for the WSCP, as well as its public availability, follow the same procedures as the City's UWMP. If an amendment is made, stakeholder and public notification will be conducted in accordance with UWMP procedures prior to adoption of the amended plan.

8.13 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal table(s):

- Table 8-1: Cross-reference for Standard vs Supplier Shortage Levels
- Table 8-2: Supply Augmentation and Other Actions
- Table 8-3: Demand Reduction Actions

CHAPTER 9 – DEMAND MANAGEMENT MEASURES

This chapter documents the City's efforts to reduce water demand using specific demand measurement measures (DMMs) as well as any other actions to maintain ongoing water conservation.

Chapter Focus

This chapter summarizes the demand management measures, which are additional actions the City plans on implementing to achieve water use targets and maintain ongoing conservation. The purpose of this section is to provide a comprehensive overview of the water conservation programs the City has implemented, is currently implementing, and plans to implement to achieve its water conservation goals.

9.1 DEMAND MANAGEMENT MEASURES FOR RETAIL SUPPLIERS

California Water Code

10631 (e) Provide a description of the supplier's water demand management measures. This description shall include all of the following:

(1)(A) For an urban retail water supplier, as defined in Section 10608.12, a narrative description that addresses the nature and extent of each water demand management measure implemented over the past five years. The narrative shall describe the water demand management measure that the supplier plans to implement to achieve its water use targets pursuant to Section 10608.20.

(B) The narrative pursuant to this paragraph shall include descriptions of the following water demand management measures:

(i) Water waste prevention ordinances.
(ii) Metering.
(iii) Conservation pricing.
(iv) Public education and outreach.
(v) Programs to assess and manage distribution system real loss.
(vi) Water conservation program coordination and staffing support.
(vii) Other demand management measures that have a significant impact on water use as measured in gallons per capita per day, including innovative measures, if implemented.

9.1.1 Required Demand Management Measures

9.1.1.1 Water-Waste Prevention Ordinances

The City has water waste prevention ordinances stipulated in the Municipal Code, which are permanent water use restrictions and prohibit the following:

- Permitting water to flow onto a sidewalk, driveway or street, or escape down a gutter, ditch or other service drain.
- Irrigating landscaped areas with water in excess of the minimal amount required to sustain plant life, as determined by a staff water audit.
- Failing to repair a controllable leak of water.
- Washing sidewalks, driveways, parking areas, tennis courts, patios, or other exterior paved areas except to alleviate a condition inimical to public health or safety.
- The use of water for decorative fountains or pools, except for recycled water approved for such use.
- Using a hose without an automatic shutoff nozzle.
- Outside watering with City-furnished water that results in excessive flooding or runoff into a gutter, drain, walkway, or sewer.
- Irrigation between 11 AM and 6 PM is discouraged.
- The application of potable water to outdoor landscapes during and up to within 48 hours after measurable rainfall.
- The serving of drinking water, other than upon request, in eating or drinking establishments, including but not limited to restaurants, hotels, cafes, cafeterias, bars, or other public places where food or drink are served and/or purchased

The City also encourages operators of hotels and motels to provide guests with the option of choosing not to have towels and linens laundered daily; the facilities are required to prominently display notice of this option in each guestroom using easily understood language.

9.1.1.2 Metering

California Water Code

526 (a) *Notwithstanding any other provisions of law, an urban water supplier that, on or after January 1, 2004, receives water from the federal Central Valley Project under a water service contract or subcontract... shall do both of the following:*

(1) On or before January 1, 2013, install water meters on all service connections to residential and nonagricultural commercial buildings... located within its service area.

527 (a) *An urban water supplier that is not subject to Section 526 shall do both the following:*

(1) Install water meters on all municipal and industrial service connections located within its service area on or before January 1, 2025.

The City of Pittsburg completed the Automatic Meter Reading (AMR) installation project for substantially all residential meters by approximately 2022–2023.

9.1.1.3 Conservation Pricing

The City has implemented conservation pricing for residential customers and Commercial, Industrial and Institutional (CII) accounts. The City has a tiered rate structure for single family residential customers.

9.1.1.4 Public Education and Outreach

The City, in cooperation with the CCWD, has multiple programs in place to reduce water consumption by raising public awareness of water conservation. The School Education Program aims to teach children the importance of water and water conservation and provides programs that promote and reinforce the recognition of activities that could affect water quality, understanding the connection between health and water quality, understanding watershed biodiversity, and the importance of water conservation.

The City has also developed a Public Information Program in partnership with CCWD, that aims to promote water conservation messages and programs through a variety of media avenues including publications, website pages, presentations, community event booths, mailers, newsletters, newspaper ads, and water education programs.

The City has also developed a CII conservation program in partnership with CCWD. This program includes inspection of individual water-using devices and the detailed report listing improvements that can be made to the equipment to increase water use efficiency. Rebates are offered as incentive to upgrade to more efficient equipment. The City also performs indoor and outdoor water use survey programs for single-family and multi-family residential areas and provides rebates for water-efficient appliances.

9.1.1.4.1 Water Conservation Rebate Programs

The City is currently implementing the following rebate programs in collaboration with CCWD:

Lawn to Garden Rebate Program

The Lawn to Garden Rebate Program provides an incentive to customers to replace water-thirsty lawns with water wise landscaping. Residential customers can receive up to $1,000 and commercial properties up to $20,000. The program, along with many like it throughout California, aims to encourage sustainable, water-wise landscaping.

Smart Irrigation Timer Rebates

Smart irrigation timers save water by allowing the irrigation schedule to be automatically updated with changes in the weather. Many of the new models allow homeowners to manage their irrigation using an app on their smart phone. The District provides a rebate up to 50% of the list cost of the irrigation timer.

Pool Cover Rebates

Pool covers save water by reducing the amount of water that is evaporated when the pool is not in use. The District provides a rebate of $50 to customer who purchase a new pool cover.

Greywater Rebate

The District offers a $50 rebate as an incentive for homeowners to install a “simple” greywater system at their homes.

9.1.1.5 Programs to Assess and Manage Distribution System Real Loss

In order to determine if leaks exist in the supply and distribution system, actual metered water use is compared to total well production. Monthly production is tracked and reviewed annually to determine if the system is experiencing any significant losses. Upon the determination that a source of significant loss exists, the Maintenance Department will determine the specific location of the loss and schedule any discovered leaks for repair. A record of leak discovery and repair are kept, as well as documentation of each incident and/or detected leak. Upon the completion of a repair, follow up comparison of production versus water use is tracked to estimate the total amount of water saved due to the repair.

The City has implemented a system water audit to determine if leaks in the supply and distribution system exist and a method for repair in the event that the leaks become significant. The system audit is performed by tracking the actual metered water use, which can be compared to total well production. Production is tracked monthly and reviewed annually to determine if the system exhibits significant losses.

9.1.1.6 Water Conservation Program Coordination and Staffing Support

In order to manage and coordinate the water conservation programs implemented by the City, an employee is appointed to be responsible for water conservation. The coordinator’s position has been active at the City since 1995 as a shared part-time responsibility between the City’s Public Works Director, and the City’s Administrative Officer. The majority of the funding for these duties is through CCWD’s program and is included in the raw water rates.

9.1.1.7 Other Demand Management Measures

Since 1988 CCWD has been distributing and installing low flow showerheads to single family and multi-family residential customers. Additionally, CCWD provides faucet aerators to single family and multi-family residential customers. The City has coordinated with CCWD in the implementation of this program throughout the City’s service area.

In 1999 CCWD began providing rebates for the installation of high-efficiency washing machines. This program is ongoing and the City participates in the implementation of this rebate within its service area.

CCWD also offers a high efficiency toilet replacement program, which provides customers with a rebate after the installation of a qualifying toilet or a discount voucher for the purchase of specific toilet models. Rebates are provided for all customer classes. The City participates in this rebate program and offers it throughout the service area.

9.2 SUBMITTAL TABLES SUMMARY

This chapter does not include any submittal tables.

CHAPTER 10 –PLAN ADOPTION

This chapter summarizes the process for adopting and submitting the UWMP as well as the ways the public can access the adopted UWMP.

Chapter Focus

This chapter outlines the procedures for adopting, submitting, and making the UWMP and WSCP publicly accessible. Transparent adoption and implementation ensure that customers and stakeholders are informed about water management practices and water supply reliability. Public notices and hearings provide opportunities for review and input, while formal adoption incorporates the plans into the City's management strategy, supporting informed decision-making and compliance with statutory requirements.

10.1 PLAN COMPLETION TIMELINE

The 2025 UWMP guidebook allows for the reporting of either calendar year or fiscal year reporting. The City of Pittsburg has completed this 2025 UWMP based on calendar year reporting, and thus the data was collected through December 31, 2025, and evaluated as part of this reporting.

10.2 NOTICE OF PLAN PREPARATION

California Water Code

10621 (b) *Every urban water supplier required to prepare a plan shall … at least 60 days prior to the public hearing on the plan … notify any city or county within which the supplier provides waters supplies that the urban water supplier will be reviewing the plan and considering amendments or changes to the plan.*

The City provided notice to relevant stakeholders, summarized in **Table 10-1**, on December 17th, 2025. This notification was issued more than 60 days prior to the public hearing on the 2025 UWMP, meeting the required timeline.

Submittal Table 10-1 Retail: Notification to Cities and Counties

Water Code Section 10621(b) and 10642

City or County Name	60 Day Notice	Notice of Public Hearing
Contra Costa County	☑	☑

10.3 NOTICE OF PUBLIC HEARING

California Water Code

10642 *…Prior to adopting either [the plan or water shortage contingency plan], the urban water supplier shall make both the plan and the water shortage contingency plan available for public inspection and shall hold a public hearing or hearings thereon. Prior to any of these hearings, notice of the time and place of the hearing shall be published within the jurisdiction of the publicly owned water supplier pursuant to Section 6066 of the Government Code [see below].*

California Government Code

6066 *Publication of notice pursuant to this section shall be once a week for two successive weeks. Two publications in a newspaper published once a week or oftener, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient. The period of notice commences upon the first day of publication and terminates at the end of the fourteenth day, including therein the first day.*

A notice of the public hearing was published in the local newspaper in accordance with Government Code 6066. Documentation of the public notice is included in **Appendix C**, and the draft 2025 UWMP was made available for review at various City facilities and on the City's website.

10.4 PUBLIC HEARING AND ADOPTION

California Water Code

10642 *Each urban water supplier shall encourage the active involvement of diverse social, cultural, and economic elements of the population within the service area prior to and during the preparation of both the plan and the water shortage contingency plan. Prior to adopting either, the urban water supplier shall make both the plan and the water shortage contingency plan available for public inspection and shall hold a public hearing or hearings thereon…. After the hearing or hearings, the plan or water shortage contingency plan shall be adopted as prepared or as modified after the hearing or hearings.*

California Government Code

7291 *…every local public agency… serving a substantial number of non-English-Speaking people, shall employ a sufficient number of qualified bilingual persons in public contact positions or as interpreters to assist those in*

such positions, to ensure provision of information and services in the language of the non-English-speaking person.

Following the public review, the City held an informational public hearing on June 1, 2026, to present the 2025 UWMP and receive comments from the community. Subsequently, the City Council adopted the final 2025 UWMP at a meeting on _____, 2026. A copy of the adopting resolution is included in **Appendix C**.

10.5 PLAN SUBMITTAL

California Water Code

10621 (e)	*Each urban water supplier shall update and submit its 2025 plan to the department by July 1, 2026…*
10635 (c)	*The urban water supplier shall provide that portion of its urban water management plan prepared pursuant to this article to any city or county within which it provides water supplies no later than 60 days after the submission of its urban water management plan.*
10644 (a)(1)	*An urban water supplier shall submit to the department, the California State Library, and any city or county within which the supplier provides water supplies a copy of its plan no later than 30 days after adoption.*

10.5.1 Submitting a UWMP to DWR

The UWMPA requires water agencies to submit a copy of the adopted 2025 UWMP to the Department of Water Resources within 30 days of adoption and no later than July 1, 2026. Additionally, agencies must provide a copy of the adopted 2025 UWMP to all relevant stakeholders within 30 days of adoption.

10.5.2 Electronic Data Submittal

California Water Code

10644 (a)(2)	*The plan, or amendments to the plan, submitted to the department … shall be submitted electronically and shall include any standardized forms, tables, or displays specified by the department.*

The City of Pittsburg is required to submit the UWMP, along with associated Submittal Tables and any other relevant information, electronically through the WUEdata portal.

10.5.3 Submitting a UWMP to the California State Library

Within 30 days of adoption, the City of Pittsburg shall submit a copy of the adopted 2025 UWMP, including the adopted WSCP, to the California State Library, either on a compact disc (CD) or as a hard copy.

10.5.4 Submitting a UWMP to Cities and Counties

Within 30 days of adoption, the City of Pittsburg shall provide a copy of the adopted 2025 UWMP, to each city or county to which the City delivers water.

10.6 PUBLIC AVAILABILITY

California Water Code

10645 (a)	*Not later than 30 days after filing a copy of its plan with the department, the urban water supplier and the department shall make the plan available for public review during normal business hours.*
10645 (b)	*Not later than 30 days after filing a copy of its water shortage contingency plan with the department, the urban water supplier and the department shall make the plan available for public review during normal business hours.*

The UWMPA requires water agencies to submit a copy of the adopted 2025 UWMP to the Department of Water Resources within 30 days of adoption and no later than July 1st, 2026. Additionally, agencies must provide a copy of the adopted 2025 UWMP to all relevant stakeholders within 30 days of adoption.

10.7 DWR REVIEW

Following the submittal of this adopted 2025 UWMP, DWR reviews the report and the submitted workbook for data completeness. Following the review, DWR will issue a letter to the City of Pittsburg, summarizing the review results, and advising if the 2025 UWMP is deemed complete or if any items need clarifications.

10.8 SUBMITTAL TABLES SUMMARY

This chapter included the following submittal table(s):

- Table 10-1: Notification to Cities and Counties

APPENDICES

APPENDIX A

DWR Checklist

This appendix shows the checklist of specific UWMP requirements. The California DWR asks the City to complete this checklist as part of their 2025 UWMP. In the **Table A-1**, the City of Pittsburg has entered information in the far-right column labeled “2025 UWMP Location,” and indicated the section number in their UWMP where a requirement is addressed.

Table A-1 DWR Checklist

Retail (x = required)	Wholesale (x = required)	Order	2025 Guidebook Location	Water Code Section	Summary as Applies to UWMP	Subject	Relevant Submittal Table	2025 UWMP Location
x	x	1	Chapter 1	10615	A plan shall describe and evaluate sources of supply, reasonable and practical efficient uses, reclamation and demand management activities.	Introduction and overview	n/a	Chapter 1
x	x	1	Chapter 1	10630.5	Each plan shall include a simple description of the Supplier's plan including water availability, future requirements, a strategy for meeting needs, and other pertinent information. Additionally, a Supplier may also choose to include a simple description at the beginning of each chapter.	Plan preparation	n/a	Chapter 1
x	x	2.1	Section 2.1	10620(b)	Every person that becomes a Supplier shall adopt UWMP within one year after it has become a Supplier.	Plan preparation	n/a	Section 2.1
x	n/a	2.5	Section 2.5	10644	Supplier shall report the Public Water Systems number, volume of delivered water, and number of connections that are included in this UWMP.	Plan preparation	2-1	Section 2.1 & Table 2-1
x	x	2.5	Section 2.5	10644	Supplier shall report if this UWMP is an individual UWMP and whether the Supplier belongs to a regional UWMP or regional alliance.	Plan preparation	2-2	Section 2.2 & Table 2-2
x	x	2.5	Section 2.5	10644	Supplier shall report whether the data is in fiscal or calendar years and the units of measure used for reporting water volumes.	Plan preparation	2-3	Section 2.3 & Table 2-3
x	x	2.4	Section 2.4	10642	Provide supporting documentation that the Supplier has encouraged active involvement of diverse social, cultural, and economic elements of the population within the service area prior to and during the preparation of the plan and contingency plan.	Plan preparation	n/a	Section 2.4, Section 8.12, Section 10.2, Section 10.3 & Section 10.4
x	x	2.4	Section 2.4.2	10620(d)(3)	Coordinate the preparation of its plan with other appropriate agencies in the area, including other Suppliers that share a common source, water management agencies, and relevant public agencies, to the extent practicable.	Plan preparation	n/a	Section 2.4
x	n/a	2.4	Section 2.4.1	10631(h)	Retail Suppliers will include documentation that they have provided their Wholesale Supplier(s)—if any—with water use projections from that source.	Plan preparation	2-4 R	Section 2.4 & Table 2-4
n/a	x	2.4	Section 2.4.1	10631(h)	Wholesale Suppliers will provide their Suppliers with identification and quantification of the existing and planned sources of water available from the Wholesale Supplier to the Supplier during various water year types.	Plan preparation	2-4 W	n/a

x	x	3.3	Section 3.3	10631(a)	Describe the climate of the Supplier's service area.	System description	n/a	Section 3.3
x	x	3.4	Section 3.4.1	10631(a)	Provide the current and projected service area populations for 2030, 2035, 2040, 2045 and optionally 2050.	System description	3-1	Section 3.4 & Table 3-1
x	x	3.4	Section 3.4.2	10631(a)	Describe other social, economic, and demographic factors affecting the Supplier's water management planning.	System description	n/a	Section 3.1.3 & Section 3.4
x	x	3.5	Section 3.5	10631(a)	Describe the land uses within the service area… include the current and projected land uses within the existing or anticipated service area affecting the Supplier's water management planning. Describe the land uses within the service area.	System description and baselines	n/a	Section 3.1.2
x	Optional	4.2	Sections 4.2.3 and 4.2.4	10631(d)(1)	Quantify past, current, and projected water use, identifying the uses among water use sectors.	System water use	4-1 and 4-2	Section 4.2, Table 4-1 & Table 4-2
x	Optional	4.3	Section 4.3.1	10631(d)(3)(A)	Report the distribution system water loss for each of the five years preceding the plan update.	System water use	4-5	Section 4.3.1 & Table 4-5
x	n/a	4.3	Section 4.3.2	10631(d)(3)(C)	Retail Suppliers shall provide data to show the distribution loss standards were met.	System water use	4-6	Section 4.3.2 & Table 4-6
x	n/a	4.2	Section 4.2.5.4	10631.1(a)	Include projected water use needed for lower income housing projected in the service area of the Supplier.	System water use	4-3	Section 4.2.6 & Table 4-3
x	n/a	4.2	Section 4.2.5.3	10631(d)(4)(A)	In projected water use, include estimates of water savings from adopted codes, plans, and other policies or laws.	System water use	4-3	Section 4.2.4 & Table 4-3
x	n/a	4.2	Section 4.2.5.3	10631(d)(4)(B)	Provide citations of codes, standards, ordinances, or plans used to make water use projections.	System water use	4-3	Section 4.2.4 & Table 4-3
x	n/a	4.2	Section 4.2.5.3	10631(d)(4)(B)(ii)	To the extent that a Supplier reports the information described in subparagraph (A), an urban water Supplier shall… Indicate the extent that the water use projections consider savings from codes, standards, ordinances, or transportation and land use plans. Water use projections that do not account for these water savings shall be noted of that fact.	System water use	4-3	Section 4.2.4 & Table 4-3
x	x	4.2	Section 4.2.5.6	10635(b)	Demands under climate change considerations must be included as part of the drought risk assessment.	System water use	n/a	Section 4.2.7

Retail (x = required)	Wholesale (x = required)	Order	2025 Guidebook Location	Water Code Section	Summary as Applies to UWMP	Subject	Relevant Submittal Table	2025 UWMP Location
n/a	x	5.1	Section 5.1	10608.36	Wholesale Suppliers shall include an assessment of present and proposed future measures, programs, and policies to help their Retail Suppliers achieve targeted water use reductions.	Baselines and targets	n/a	n/a
x	n/a	5.2	Section 5.2	10608.4	Retail Suppliers shall report on their compliance in meeting their water use targets. Reporting requirements will vary depending on whether the Supplier: - Was considered an urban retail water supplier in 2020, - Met its 2020 target in 2020, or - Was part of a merger or consolidation since 2020. Chapter 5 Subsections 5.2.1, 5.2.2, and 5.2.3 address each of these situations.	Baselines and targets	5-1	Section 5.2 & Table 5-1
x	x	6.1	Section 6.1	10631(b)(2)	When multiple sources of water supply are identified, describe the management of each supply in relationship to other identified supplies.	System supplies	n/a	Section 6.1
x	x	6.1	Sections 6.1 and 6.2	10631(b)(1)	Provide a discussion of anticipated supply availability under a normal, single dry year, and a drought lasting five years, as well as more frequent and severe periods of drought, including changes in supply due to climate change.	System supplies	n/a	Sections 7.2.1
x	x	6.2	Section 6.2.2	10631(b)(4)(C)	Indicate whether groundwater is an existing or planned source of water available to the Supplier. If groundwater is identified as an existing or planned source of water… (include) a detailed description and analysis of the location, amount and sufficiency of groundwater pumped by the Supplier for the past five years.	Water supplies and recycled water	6-1	Section 6.2 & Table 6-1
x	x	6.2	Section 6.2.2	10631(b)(4)(A)	Indicate whether a groundwater sustainability plan or groundwater management plan has been adopted by the Supplier or if there is any other specific authorization for groundwater management. Include a copy of the plan or authorization.	System supplies	n/a	Section 6.2.2
x	x	6.2	Section 6.2.2	10631(b)(4)(B)	Describe the groundwater basin.	System supplies	n/a	Section 6.2.1.1
x	x	6.2	Section 6.2.2	10631(b)(4)(B)	Indicate if the basin has been adjudicated and include a copy of the court order or decree and a description of the amount of water the Supplier has the legal right to pump.	System supplies	n/a	Section 6.2.1.1

Retail (x = required)	Wholesale (x = required)	Order	2025 Guidebook Location	Water Code Section	Summary as Applies to UWMP	Subject	Relevant Submittal Table	2025 UWMP Location
x	x	6.2	Section 6.2.2	10631(b)(4)(B)	For unadjudicated basins… (include) information as to whether DWR has identified the basin as a high- or medium-priority basin in the most current official departmental bulletin…	Water supplies and recycled water	n/a	Section 6.2.1.2
x	x	6.2	Section 6.2.2	10631(b)(4)(B)	For unadjudicated basins… describe efforts by the Supplier to coordinate with sustainability or groundwater agencies to achieve sustainable groundwater conditions.	Water supplies and recycled water	n/a	Section 6.2
x	x	6.2	Section 6.2.2.	10631(b)(4)(C)	If groundwater is identified as an existing or planned source of water… (include) a detailed description and analysis of the location, amount and sufficiency of groundwater pumped by the Supplier for the past five years.	System supplies	n/a	Section 6.2
x	x	6.2	Section 6.2.2	10631(b)(4)(D)	Provide a detailed description and analysis of the amount and location of groundwater that is projected to be pumped.	System supplies	6-9	Section 6.9 & Table 6-9
x	x	6.1	Section 6.1	10631(b)	Identify and quantify the existing and planned sources of water available for 2025, 2030, 2035, 2040, 2045 and optionally 2050.	System supplies	6-8 and 6-9	Section 6.9 & Table 6-8 and 6-9
x	x	6.2	Section 6.2.7	10631(c)	Describe the opportunities for exchanges or transfers of water on a short-term or long-term basis.	System supplies	n/a	Section 6.7
x	n/a	6.2	Section 6.2.5	10633(a)	Describe the wastewater collection and treatment systems in the Supplier's service area with quantified amount of collection and treatment and the disposal methods.	System supplies (recycled water)	6-2	Section 6.5.2.1 & Table 6-2
x	x	6.2	Section 6.2.5	10633(b)	Describe the quantity of treated wastewater that meets recycled water standards, is being discharged, and is otherwise available for use in a recycled water project.	System supplies (recycled water)	6-3	Section 6.5.2.2 & Table 6-3
x	x	6.2	Section 6.2.5	10633(c)	Describe the recycled water currently being used in the Supplier's service area.	System supplies (recycled water)	6-4	Section 6.5.4 & Table 6-4
x	x	6.2	Section 6.2.5	10633(d)	Describe and quantify the potential uses of recycled water and provide a determination of the technical and economic feasibility of those uses.	System supplies (recycled water)	6-4	Section 6.5.4 & Table 6-4
x	x	6.2	Section 6.2.5	10633(e)	Describe the projected use of recycled water within the Supplier's service area at the end of 5, 10, 15, and 20 years, and describe the actual use of recycled water in comparison to uses previously projected.	System supplies (recycled water)	6-4 and 6-5	Section 6.5.4 & Table 6-4 and 6-5
x	x	6.2	Section 6.2.5	10633(f)	Describe the actions that may be taken to encourage the use of recycled water and the projected results of these actions in terms of acre-feet of recycled water used per year.	System supplies (recycled water)	6-6	Section 6.5.4 & Table 6-6

Other (optional)		Potable	96	101	106	111	117
Distribution System Water Loss		Potable	923	970	1,020	1,072	1,126
		Subtotal Potable	10,631	11,173	11,743	12,342	12,971
		Subtotal Non-Potable	0	0	0	0	0
		Total	10,631	11,173	11,743	12,342	12,971

DWR NOTES: Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3.

NOTES: Losses include apparent losses and real losses.

Submittal Table 4-3 Retail: Inclusion in Water Use Projections Water Code Section 10631 (a), 10631 (d)(4)(A), and 10631 (d)(4)(B)	
Are Future Water Savings Included in Projections? (Refer to Appendix K of UWMP Guidebook) **Drop down list (y/n)**	Yes
If "Yes" to above: State the section or page number, in the cell to the right, where citations of the codes, ordinances, or otherwise are utilized in demand projections are found. **OPTIONAL** Suppliers may complete Optional Submittal Table 4-4 R to quantify the expected savings.	4.2
Are Lower Income Residential Demands Included In Projections? (Refer to Appendix K of UWMP Guidebook) **Drop down list (y/n)**	Yes
OPTIONAL If the method for accounting Lower Income Residential Demands has been included, provide page number where this accounting can be found. (An example is included in Appendix K.)	
NOTES:	

OPTIONAL Submittal Table 4-4 Retail: Passive Water Savings Projections Water Code Section 10631(d)(4)(A)					
Description (Codes, Standards, Ordinances, or Plans)	Passive savings				
	2030	2035	2040	2045	2050 (opt)
	(AF)	(AF)	(AF)	(AF)	(AF)
Add additional rows as needed					
Codes, Standards, Ordinances and Plans	560	588	618	650	683
DWR NOTES: Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3.					
NOTES:					

Water Code Section 10631(d)(4)(A) Water use projections, where available, shall display and account for the water savings estimated to result from adopted codes, standards, ordinances, or transportation and land use plans identified by the urban water supplier, as applicable to the service area.

Submittal Table 4-5 Retail: Water Loss Audit Reporting Water Code Section 10631(d)(3)(A)		
Public Water System ID # Reported in Table 2-1 R	Reporting Period	Submitted to DWR Water Loss Audit Program (yes/no)
Report submittal status for all five years for each Public Water System as available. Add rows as needed		
CA0710008	2020	Yes
	2021	Yes
	2022	Yes
	2023	Yes
	2024	Yes
DWR NOTES: Suppliers will provide a link to the WUEdata submittals of their Water Loss Audit Reports.		
NOTES:		

Submittal Table 4-6 Retail: Progress Towards 2028 Water Loss Standard
Water Code Section 10631(d)(3)(C)

Public Water System ID # Reported in Submittal Table 2-1 R	Did the Water Board Calculate a Water Loss Standard for this Public Water System? (y/n) If no, Supplier will not complete this row.	Real Water Loss					Apparent Water Loss				
		State Water Board Standard		Most Recent AWWA Water Loss Audit			State Water Board Standard		Most Recent AWWA Water Loss Audit		
		2028 Real Water Loss Standard per Unit per day	Units for Real Water Loss Drop down list	Number of Units (Connections or Miles corresponding with units selected)	Volume of Total Real Loss (from AWWA Water Loss Audit) (AF)	Real Water Loss Per Unit per Day	2028 Apparent Water Loss Standard per Unit per Day	Units for Apparent Water Loss	Number of Connections	Volume of Total Apparent Loss (from AWWA Water Loss Audit) (AF)	Apparent Water Loss Per Unit per Day
Add additional rows as needed.											
CA0710008	Yes	16.53	Gallons per Service Connection per Day (GPSCD)	20834	1328	56.9	5.5	Gallons per Service Connection per Day (GPSCD)	20834	128	5.5

Water Board's Calculated Water Loss Standards

DWR NOTES: Units of measure (AF, CCF, MG) for Water Loss **MUST** remain consistent with units reported in Submittal Table 2-3. The units reported in Submittal Table 2-3 are used in this table's calculations.

NOTES:

Submittal Table 5-1 Retail: SB X7-7 2020 Target Progress Water Code Section 10608.40						
☐	**Check the box if the Supplier was not an Urban Water Supplier during or before the 2020 UWMP reporting cycle. Proceed to the next table.**					
Was Supplier part of a merger or consolidation since 2020?	Regional Alliance Target or Individual Target? Drop down list	2020 Target	Actual 2020 GPCD	Did Supplier Achieve Targeted Reduction for 2020?	**Only for suppliers that did not meet the Target in 2020** **See DWR NOTES below.**	
					Actual 2025 GPCD (From SB X7-7 Compliance Form)	Did Supplier meet the 2020 Target in 2025?
No	Individual Target	131	111	Yes		NA

DWR NOTES:
Suppliers calculating a 2025 GPCD will need to complete and submit SB X 7-7 Compliance Tables to verify the use of SB X7-7 Methodologies.
Suppliers that were part of a merger or consolidation since 2020 see Chapter 5 and Appendix P for guidance.
NA=Not Applicable

NOTES:

Submittal Table 6-1 Retail: Groundwater Volume Pumped Water Code Section 10631(4) and 10631(4)(c)							
☐	Check the box if the Supplier does not pump groundwater. Proceed to the next table.						
☐	Check the box if all or part of the groundwater described below is desalinated. (OPTIONAL)						
Groundwater Type **Drop Down List** May use each category multiple times	Water Type (OPTIONAL) **Drop down list**	Location or Basin Name	2021 (AF)	2022 (AF)	2023 (AF)	2024 (AF)	2025 (AF)
Add additional rows as needed							
Alluvial Basin	Potable	Pittsburg - Costra Costa County	1269	1233	1130	1019	734
		Total	1,269	1,233	1,130	1,019	734
DWR NOTES: **Units of measure (AF, CCF, MG)** must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3.							
NOTES							

Submittal Table 6-2 Retail: Wastewater Collected Within Service Area in 2025 Water Code Section 10633(a)				
☐	Check the box if there is no wastewater collection system. Proceed to the next table.			
	Percentage of 2025 service area served by wastewater collection system (OPTIONAL)			
	Percentage of 2025 service area population served by wastewater collection system (OPTIONAL)			
Wastewater Collection			**Recipient of Collected Wastewater**	
Name of Wastewater Collection Agency	Wastewater Volume Metered or Estimated? OPTIONAL **Drop Down List**	Volume of Wastewater Collected from UWMP Service Area 2025 (AF)	Name of Wastewater Treatment Plant (WWTP) and Place ID Number **Drop down list**	Is WWTP Located Within UWMP Area? **Drop Down List**
Add additional rows as needed				
Delta Diablo (Sanitation District)	Metered	14,755	Delta Diablo WWTP, Place ID 219552	No
Total Wastewater Received from UWMP Service Area in 2025:		14,755		
DWR NOTES: Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3. **Additional Guidance**. See Appendix M, Section M.21 for detailed guidance on this table.				
NOTES: Delta Diablo does not have metered wastewater flows broken down by city for its service area, thus wastewater flows for Pittsburg alone are not reported herein.				

Submittal Table 6-3 Retail: Wastewater Treatment and Outcomes Within UWMP Service Area in 2025
Water Code Section 10633(a)

☑ **Check the box if no wastewater is treated or disposed of within the UWMP service area.**
Proceed to the next table.

Wastewater Treatment Plant Name and Place ID Number **Drop down list**	Does This Plant Treat Wastewater Generated Outside the UWMP Service Area? (OPTIONAL) **Drop down list**	2025 Volume of Wastewater Received from UWMP Service Area (As Reported in Submittal Table 6-2 R)	Total 2025 Volume of Water Treated	**2025 Outcomes of Treated Wastewater**										
				Water Recycled Within UWMP Service Area (enter data as applicable)		**Water Recycled Outside of UWMP Service Area** (enter data as applicable)		**Effluent Discharge that is not a Permitted Recycled Water Use** (enter data as applicable)		**Required Discharge for Instream Flow** (enter data as applicable)		**Delivered to Another Entity for Additional Treatment** (enter data as applicable)		
				Treatment Level **Drop down list**	Volume (AF)	Treatment Level **Drop down list**	Volume (AF)	Treatment Level **Drop down list**	Volume (AF)	Treatment Level **Drop down list**	Volume (AF)	Treatment Level **Drop down list**	Volume (AF)	Name of other entity
		(AF)	(AF)											
Add additional rows as needed														
Delta Diablo WWTP, Place ID 219552	Yes	14755	14,755											
Total		14,755	14,755		0		0		0		0		0	

DWR NOTES:
Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3.
IPR: Indirect Potable Reuse would have the treatment level of its end use requrement in the Level of Treatment drop-down.
Additional Guidance. See Appendix M, Section M.21 for detailed guidance on this table.

NOTES: Recycled water within service area, wastewater treated and discharged wastewater provided is for the Delta Diablo service area, not the Pittsburg service area.

Submittal Table 6-4 Retail: Recycled Water Direct Beneficial Uses Within Service Area
Water Code Section 10633 (c)(e)

☐	Check box if recycled water is not used and is not planned for use within the service area of the supplier. The supplier will only complete the column on "Potential Recycled Water Use" and submit an accompanying narrative on the feasibility of that potential recycled water use.

Name(s) of Facility/ies Producing (Treating) the Recycled Water (OPTIONAL) :	Delta Diablo (Sanitation District)
Name of Supplier Operating the Recycled Water Distribution System (OPTIONAL) :	Delta Diablo (Sanitation District)
Supplemental Water Added in 2025 (volume) Include units (OPTIONAL) :	
Source of 2025 Supplemental Water (OPTIONAL) :	

Use Type **Drop down list**	Water Type (after treatment if treated) (OPTIONAL) **Drop down list**	Additional Information (as needed)	2025	2030	2035	2040	2045	2050 (opt)	**Potential Recycled Water Use**	
			(AF)	(AF)	(AF)	(AF)	(AF)	(AF)	Volume	Narrative page number (OPTIONAL)
Add additional rows as needed										
Landscape irrigation (exc golf courses)	Non-Potable		108	408	408	408	408	408		
		Total	0	0	0	0	0	0	0	0

DWR NOTES: Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3.
Additional Guidance. See Appendix M, Section M.21 for detailed guidance on this table.
Potential recycled water use - a description of the feasibility of these uses must be included in the narrative.
Multiple Producers: If you have multiple recycled water producers, submit a separate table for each.

NOTES:

Submittal Table 6-5 Retail: 2020 UWMP Recycled Water Use Projection Compared to 2025 Actual
Water Code Section 10633 (e)

☐	Check the box if recycled water was not used in 2025 nor previously projected for use in 2020. Proceed to the next table.

Use Type Drop Down list	2020 Projection for 2025 (AF)	2025 Actual Use (AF)
Add additional rows as needed		
Landscape irrigation (exc golf courses)	311	108
Total	311	108

DWR NOTES:
Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure reported in Submittal Table 2-3
Additional Guidance. See Appendix M, Section M.21 for detailed guidance on this table.

NOTES:

Submittal Table 6-6 Retail: Methods to Encourage Future Recycled Water Use Water Code Section 10633 (f)			
☐	Check the box if the Supplier does not plan to expand recycled water use in the future. Supplier will not complete the table below but will provide narrative explanation.		
6.5	Provide page location of narrative in the UWMP		
Name of Action	Description	Planned Implementation Year	Expected Increase in Recycled Water Use
			(AF)
Add additional rows as needed			
Recycled Water Pipeline Expansion to Public Landscapes	Irrigation - Extend purple-pipe service to parks and public facilities	2026-2030	200
Incentive Program for Commercial and HOA Landscape Conversion	Irrigation - Offer financial incentives for HOA's, business parks, and schools located near recycled water mains to convert irrigation systems from potable to recycled water	2026-2030	100
		Total (AF)	300
		Unit Conversion to AF	300

DWR NOTES:

Units of measure (AF, CCF, MG) MUST remain consistent with units reported in Submittal Table 2-3. The units reported in Submittal Table 2-3 are used in this table's calculations.

The unit conversion to Acre Feet addresses the Water Code's requirement that this value be provided in acre-feet.

NOTES:

Submittal Table 6-7 Retail: Expected Future Water Supply Projects or Programs
Water Code Section 10631 (f)

☐	Check the box if there are no expected future water supply projects or programs that provide a quantifiable increase to the agency's water supply. Procees to the next table.
☐	Check the box if some or all of the supplier's future water supply projects or programs are not compatible with this table and are described in a narrative format.
6.8	Provide page location of narrative in the UWMP

Name of Future Projects or Programs	Joint Project with other suppliers?		Additional Description (as needed)	Water Type (after treatment if treated) (OPTIONAL) **Drop Down list**	Planned Implementation Year	Planned for Use in Year Type **Drop Down List**	Expected Increase in Water Supply to Supplier (This may be a range)
	Drop Down List (yes/no)	If Yes, Supplier Name					(AF)
Add additional rows as needed							
Long-Term Transfer	Yes	CCWD	CCWD would enter into a long-term water transfer agreement for a fixed amount of water supplies.		2030	Single-Dry and Multi-Dry Year	6,000
Spot Market Purchase	Yes	CCWD	CCWD would determine its water supply requirements each year and decide whether to purchase additional supplies.		2030	Single-Dry Year	6,000
Long-term Agricultural Conjunctive Use	Yes	CCWD	CCWD would partner with an agricultural partner or irrigation district north of the Delta which has both pre-1914 surface water supplies and access to groundwater supplies. In dry years, the agricultural district would shift its water usage to local groundwater supplies and transfer its surface water allocation to CCWD.		2030	Single-Dry Year	6,000
Long-term Agricultural Fallowing	Yes	CCWD	CCWD would partner with an agricultural partner, such as a large agricultural water use or irrigation district, to exchange supplies in dry years either by fallowing land or shifting crops to conserve water for other uses.		2030	Single-Dry and Multi-Dry Year	6,000
CCWD Active Near-Term Conservation Program	Yes	CCWD	Ongoing investments in active conservation programs.		Ongoing	Average Year	3,000
CCWD Active Long-term Conservation Program	Yes	CCWD	Ongoing investments in active conservation programs.		Ongoing	Average Year	8,800
Long-Term Water Transfer or Other preferred alternative	Yes	CCWD	Project to meet multiple dry-year shortfall projected to begin in 2045.		2040-2045	Multi-Dry Year	2,200
Vista Del Mar - Inclusion into CCWD CVP Service	Yes	CCWD	New federal supply for planned development.		Ongoing	Average Year	800

DWR NOTES: **Units of measure (AF, CCF, MG)** must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure reported in Submittal Table 2-3.

NOTES:

Submittal Table 6-8 Retail: Water Supplies — 2025 Actual Water Code Section 10631 (b)				
Water Supply	Additional Description (as needed)	**2025**		
Drop down list May use each category multiple times. These are the only water supply categories that will be recognized by the WUEdata online submittal tool		**Water Type** (after treatment if treated) (OPTIONAL) **Drop Down list**	**Actual Volume**	**Total Entitlement** (OPTIONAL) See "DWR Notes" below
			(AF)	(AF)
Add additional rules as needed				
Purchased or Imported Water	Purchased from CCWD	Potable	8,280	
Groundwater (not desalinated)	Extracted from Pittsburg Plain Groundwater Basin	Potable	1,077	
Recycled Water	Produced by Delta Diablo for the City of Pittsburg	Non-Potable	108	
		Subtotal Potable	9,357	0
		Subtotal Non-Potable	108	0
		Total	9,465	0

DWR NOTES:

Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table identifies the unit of measure selected in Submittal Table 2-3.

Total Entitlement: e.g. Water Right, Groundwater Allocation, Contracted Amount.

NOTES:

Submittal Table 6-9 Retail: Water Supplies — Projected
Water Code Section 10631 (b)

Water Supply	Additional Detail on Water Supply	Water Type (after treatment if treated) (OPTIONAL) Drop Down list	Projected Water Supply (Report to the Extent Practicable)									
			2030		2035		2040		2045		2050 (opt)	
Drop down list May use each category multiple times. These are the only water supply categories that will be recognized by the WUEdata online submittal tool			Reasonably Available Volume	Total Entitlement (OPTIONAL) See "DWR Notes" below	Reasonably Available Volume	Total Entitlement (OPTIONAL) See "DWR Notes" below	Reasonably Available Volume	Total Entitlement (OPTIONAL) See "DWR Notes" below	Reasonably Available Volume	Total Entitlement (OPTIONAL) See "DWR Notes" below	Reasonably Available Volume	Total Entitlement (OPTIONAL) See "DWR Notes" below
			(AF)	(AF)	(AF)	(AF)	(AF)	(AF)	(AF)	(AF)	(AF)	(AF)
Add additional rows as needed												
Purchased or Imported Water		Potable	10,631		11,173		11,743		12,342		12,971	
Groundwater (not desalinated)		Potable	1,077		1,077		1,077		1,077		1,077	
Recycled Water		Non-Potable	408		408		408		408		408	
Subtotal Potable			11,708	0	12,250	0	12,820	0	13,419	0	14,049	0
Subtotal Non-Potable			408	0	408	0	408	0	408	0	408	0
Total			12,115	0	12,658	0	13,228	0	13,827	0	14,456	0

DWR NOTES:
Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3.
Total Entitlement: e.g. Water Right, Groundwater Allocation, Contracted Amount.

NOTES: Project supply provided by CCWD is based on water supply reliability provided by CCWD. CCWD estimates that it can meet 100% of the City's demands during normal years.
Groundwater: Projected available groundwater supply is based on average groundwater extractions between 2021 and 2025.
Recycled Water: Projected available recycled water supply is based on the City's projected recycled water demand, which the existing Delta Diablo RWF can meet.

OPTIONAL Submittal Table 7-1 Retail: Basis of Water Year Data (Reliability Assessment)

Year Type	Base Year If not using a calendar year, type in the last year of the fiscal, water year, or range of years, for example, water year 2024-2025, use 2025	Available Supplies if Year Type Repeats	
		☐	Check the box if quantification of available supplies is not compatible with this table and is provided elsewhere in the UWMP. **Location:** [insert location from UWMP]
		Quantification of available supplies is provided in this table as either volume only, percent only, or both.	
		Volume Available	**% of Average Supply**
Average Year	1922-2025		100%
Single-Dry Year	1976		80%
Consecutive Dry Years 1st Year	1929		80%
Consecutive Dry Years 2nd Year	1930		75%
Consecutive Dry Years 3rd Year	1931		70%
Consecutive Dry Years 4th Year	1932		65%
Consecutive Dry Years 5th Year	1933		60%

DWR NOTES: Supplier may use multiple versions of Submittal Table 7-1 R if different water sources have different base years and the supplier chooses to report the base years for each water source separately. If a Supplier uses multiple versions of Submittal Table 7-1 R, in the "Note" section of each submittal table, state that multiple versions of Submittal Table 7-1 R are being used and identify the particular water source that is being reported in each submittal table.
Units of measure (AF, CCF, MG) must remain consistent throughout the UWMP as reported in Submittal Table 2-3. This table reports the units of measure reported in Submittal Table 2-3.

NOTES:

Submittal Table 7-2 Retail: Normal Year Supply and Use Comparison Water Code Section 10635 (a)

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
Melaine Venenciano, Director of City Clerk Services

SUBJECT: Future Agenda Item Regarding Reviewing the Compensation for the Elected City Clerk and Treasurer

EXECUTIVE SUMMARY

At the May 18, 2026 City Council meeting, Vice-Mayor Lopez requested a future agenda item related to reviewing the compensation for the elected City Clerk and Treasurer.

FISCAL IMPACT

The subject matter will be reviewed by the Finance Management Subcommittee. Staff does not anticipate any significant fiscal impact.

RECOMMENDATION

No staff recommendation.

BACKGROUND

Pursuant to the City Council Policies & Procedures, a Council Member may make a request under the Requests for Future Agenda Items section of the agenda item, as follows:

Outline for Request for Future Agenda Items:

1. Request by Council Member for future item – must be moved and seconded.
2. Staff returns at next available regularly scheduled meeting with information on item and will be listed under Consideration. Council makes determination as to viability

of consideration of item and may take action at that time, or direct staff to return at scheduled future meeting with item for consideration.

City Council concurrence that staff time or City resources be spent on an item does not signify approval of the item, just that the City Council wishes to have it studied further and the City Council may, at any time, decide not to pursue the item further.

SUBCOMMITTEE FINDINGS

This item was not presented to a subcommittee.

STAFF ANALYSIS

During the May 18, 2026 meeting, Vice-Mayor Lopez brought forward the following future agenda request:

For the Finance Management Subcommittee to review the compensation of the City Treasurer and the City Clerk. If the Committee finds it appropriate, the Committee would provide a recommendation back to the City Council for consideration.

The City Council voted to agendize the matter for the next meeting. If the City Council authorizes staff time and resources, staff will proceed with bringing information to the Finance Management Subcommittee for consideration.

CITY OF PITTSBURG
CITY COUNCIL/AGENCY CONCURRENT MEETING MINUTES

DATE: May 18, 2026

LOCATION: Council Chamber, City Hall, 65 Civic Avenue, Pittsburg, CA 94565

Annie Hill Herring, Agency Member

APPOINTED OFFICIALS

Darin Gale, City Manager/Executive Director
Donna Mooney, City Attorney/Legal Counsel
Alice E. Evenson, City Clerk/Agency Secretary (elected)
Nancy Parent, City Treasurer (elected)

Mayor Adams called the regular meeting to order at 7:00 P.M. in the Council Chamber at City Hall, 65 Civic Avenue Pittsburg, CA.

ROLL CALL

Member Banales was absent and excused.

PLEDGE OF ALLEGIANCE

Mayor Adams led the Pledge of Allegiance.

PROCLAMATIONS

1. Think Pittsburg – Restaurant Week

2. National Public Works Week

PRESENTATIONS

3. My Brother's Keeper Scholarship Awards

4. Youth Advisory Commission Annual Report

This presentation was pushed to a future meeting date.

COMMITTEE REPORTS

Vice Mayor Lopez attended the Public Safety Subcommittee meeting.

Member Kobata attended the Life Enrichment Subcommittee meeting.

Member Killings attended the Community and Economic Development Subcommittee meeting.

PUBLIC COMMENTS

The Following questions were received by Pittsburg High School students as part of their Ethnic Studies class.

Kaleb Palec, Pittsburg, asked about Public Safety and what is being done by the City.

Cortana Diaz, Pittsburg, asked why housing prices have gone up within the past few years.

Jack Eseltine, Pittsburg, asked about homelessness, he wanted to know if the homeless rate is rising, dropping or staying the same.

Sebastian Gonzalez, Bay Point, asked if the City would be creating more programs to help small businesses.

Vien Tran, Pittsburg, asked how the City is supporting small and local businesses equally.

Carlson Jimenez asked if parks and recreation programs were accessible and affordable to all.

The following speakers provided comments about housing concerns, deplorable living conditions and rent increases at Woods Grove apartments.

Tonicka Moffett
Evelia Perez
Zenelia
Mayra Jimenez

Rosemary Randazzo, Pittsburg, provided comments about her vehicles being towed. She wanted to seek reimbursement of towing fees.

Monserrat Becerra requested assistance with replacing signage for People Who Care, noting that the current sign on Railroad Avenue is fading and in need of replacement.

CITY MANAGER REPORTS/REMARKS

This item was moved to the end of the agenda, after Council Member remarks.

City Manager Gale congratulated incoming Police Chief Galer and mentioned there would be a swearing-in ceremony at the California Theatre on Thursday, May 21, 2026 at 3:00 P.M. He also provided remarks about community events and noted the Buchanan Swim Center was now open.

PUBLIC HEARING

5. Adoption of a City Council Resolution Approving the Fiscal Year 2026-2027 Community Development Block Grant Annual Action Plan

Mayor Adams opened the Public Hearing. There being no one to speak on the item, Mayor Adams closed the Public Hearing.

On Motion by Vice Mayor Lopez, seconded by Member Kobata and adopted by the following vote:

AYES: Killings, Kobata, Lopez, Adams
ABSENT: Banales

CONFLICT OF INTEREST STATEMENT

There were no Conflict of interest Statements.

COMBINED CITY COUNCIL, PITTSBURG ARTS AND COMMUNITY FOUNDATION, PITTSBURG POWER COMPANY, SOUTHWEST PITTSBURG GHAD II AND SUCCESSOR AGENCY CONSENT CALENDAR

On Motion by Vice Mayor Lopez, seconded by Member Killings and adopted by the following vote:

AYES: Killings, Kobata, Lopez, Adams
ABSENT: Banales

6. Minutes of May 4, 2026

7. Receive and File the Treasurer's Report for the Quarter Ending March 31, 2026

8. Adoption of a City Council Resolution Accepting Project 4067 - 2025/26 CDBG ADA Curb Ramp Installation as Complete and Authorizing the City Engineer to File a Notice of Completion

9. Adoption of a City Council Resolution Authorizing City Manager to Execute Amended and Restated Contra Costa Clean Water Program Agreement

10. Adoption of a City Council Resolution Approving Participation in and Execution of Agreements with the Contra Costa County Regional Alternative Compliance Joint Powers Authority

11. Adoption of a Pittsburg Power Company Resolution Authorizing the Executive Director to Execute a Consulting Services Agreement with CRE8IVEPOWER GROUP INC

12. Adoption of an Ordinance Amending Section 5.22.100 of the Pittsburg Municipal Code Regarding Prize Value Limit for Bingo Games for Charity

COUNCIL REQUEST FOR FUTURE AGENDA ITEMS

Vice Mayor Lopez requested a future agenda item for the Finance Subcommittee to review the compensation for the City Treasurer and the City Clerk. If the Committee found it appropriate, she would request that they provide a recommendation back to the City Council for consideration. She noted that her request is not intended to indicate support for or opposition to any changes. It is simply to ensure that these elected positions are reviewed in a consistent and transparent manner.

On Motion by Mayor Adams, seconded by Vice Mayor Lopez and adopted by the following vote:

AYES: Killings, Kobata, Lopez, Adams
ABSENT: Banales

COUNCIL MEMBER REMARKS

Vice Mayor Lopez provided comments about Mental Health and invited the community to participate in the Pittsburg Cares 5K Fun Run taking place on Saturday, May 23, 2026. She noted this event was centered on raising awareness for mental health and promoting well-being for all.

Member Killings provided remarks on the Contra Costa Transportation Authority Two-day Board workshop he attended. He also acknowledged and congratulated incoming Police Chief Galer.

Member Kobata congratulated and provided remarks for incoming Police Chief Galer.

Mayor Adams invited the community to participate in the Pittsburg Cares 5K Fun Run, as well as in Restaurant week. She also provided comments regarding the Youth Ride Free Summer Program offered by Tri-Delta Transit. Lastly, she congratulated incoming Police Chief Galer.

ADJOURNMENT

The meeting adjourned at 8:28 P.M. to June 1, 2026.

Respectfully submitted,

Alice E. Evenson, City Clerk

Pittsburg
CALIFORNIA

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
Elena Adair, Director of Finance

SUBJECT: Adoption of a City Council Resolution Approving Revisions to the City's Investment Policy

EXECUTIVE SUMMARY

City of Pittsburg's Investment Policy provides requirements for the prudent investment of the City's idle funds and outlines the policies for maximizing the efficiency of the City's cash management system. The goal of the City's Investment Policy is to enhance the economic status of the City while protecting its funds.

FISCAL IMPACT

This is a regular annual update to the City's Investment Policy. There is no direct financial impact as a result of the approval of the Investment Policy, and the proposed changes should not affect the earnings structure of the investments for the City.

RECOMMENDATION

City Council adopt the Resolution approving the revisions to the City's Investment Policy.

BACKGROUND

Through Government Code (Code) Section 53600 et. seq., the State of California identifies permitted investments for the State and municipalities that minimize the risk to public funds.

The overall objectives of the City's Investment Policy are safety, liquidity and yield, in that order. The City's portfolio has been designed in a manner responsive to public trust and consistent with State law.

Section XVII of the City's Investment Policy (Policy) states that Director of Finance shall periodically submit to the City Council the Policy outlining changes and revisions. Changes may be needed to comply with applicable sections of the California Government code, Governmental Accounting Standards Board (GASB) or any other changes to keep the Policy updated to current business practices.

SUBCOMMITTEE FINDINGS

This item was not presented to the subcommittee.

STAFF ANALYSIS

There are no structural changes to the current City Council approved Investment Policy. The City's Policy was reviewed by the City Treasurer and investment advisor Chandler Asset Management and is attached to this report showing changes made to the previous version of the Policy (Attachment 1).

There are two substantive updates proposed for 2026. There was an amendment to the Code related to commercial paper maximum maturity that was increased from 270 days to 397 days. In addition, the time horizon was extended to January 1, 2031, allowing up to 40 percent to be invested in commercial paper if the assets under management exceed $100,000,000. In addition, the Policy reporting requirements are being aligned with the Code to require quarterly investment reports be submitted to City Council within 45 days following the period being reported.

Staff recommend other minor changes to the Policy for this year by adding clarifying and clean up language throughout the document and adding more term definitions to the Glossary.

ATTACHMENTS:

1. Resolution
2. City of Pittsburg Investment Policy for FY 2026-27 (red-line version)
3. Resolution Exhibit
    a. City of Pittsburg Investment Policy for FY 2026-27

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter of:

Approving Revisions to the City of)
Pittsburg's Investment Policy) RESOLUTION NO. 26-

WHEREAS, the State Law of California encourages all public agencies to adopt an Investment Policy; and

WHEREAS, the Investment Policy establishes strategies, practices and procedures, which comply with California Government Code Sections 53600 through 53686 to be used in administering the City's portfolio; and

WHEREAS, the purpose of the Investment Policy is to establish requirements for the prudent investment of the City's idle funds and to outline the policies for maximizing the efficiency of the City's cash management system; and

WHEREAS, the Investment Policy was most recently reviewed and updated by the City Council on July 21, 2025; and

WHEREAS, the revised Investment Policy will be in effect for fiscal year 2026-27.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Pittsburg hereby approves the revisions to the City's Investment Policy and finds the Investment Policy for Fiscal Year 2026-27 thorough and complete.

BE IT FURTHER RESOLVED that the Director of Finance is hereby authorized and directed to manage the investment functions for the City of Pittsburg in accordance with the revised Investment Policy.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

AYES:

NOES:

ABSTAINED:

ABSENT:

_____
Dionne Adams, Mayor

ATTEST:

_____
Alice E. Evenson, City Clerk

CITY OF PITTSBURG
INVESTMENT POLICY
For Fiscal Year 2026-2027~~(July 21, 2025)~~

I. Statement of Purpose and Adoption of Policy

The purpose of this Investment Policy (the "Policy") is to establish strategies, practices, and procedures to be used in administering the City of Pittsburg (the "City") portfolio. The goal is to establish guidelines to manage City funds to maximize security and liquidity while also complying with the Investment Policy and California Government Code Sections 53600 through 53686, which govern investments for municipal governments and while meeting the daily cash flow demands of the City.

~~It shall be the investment policy of the City of Pittsburg (the "City") that all funds not required for immediate expenditures are invested in compliance with this statement, as well as applicable federal, state and local legislation governing the investment of public funds. Funds shall be invested in a manner that will provide the highest investment return with the appropriate level of security, while meeting the daily cash flow demands of the City.~~

Safeguards will be set into place to ensure that adequate operating reserves are established and maintained to provide that cash in enough amounts will be available to pay for immediate expenditures as authorized by the City's budget. Funds so maintained will be deposited in a manner best serving the City.

The City has a responsibility to monitor the security of its assets and always maintain a level of quality so that the public at large will have the highest confidence that its best interests are being served.

The purpose of this document is to identify various policies and procedures that enhance opportunities for a systemic investment process. The initial step toward a prudent investment policy is to organize and formalize investment related activities. Related activities, which comprise good cash management, include accurate cash projection, the expeditious collection of revenue, the control of disbursements, cost effective banking relations and a short-term borrowing program, which coordinates working capital requirements and investment opportunities.

The City's Investment Policy shall be adopted by resolution of City Council. The policy shall be reviewed at least annually by the City Treasurer, City Manager and the Finance Director, and any modification must be approved by City Council.

II. SCOPE

It is intended that this policy covers all operating funds and investment activities under the direct authority of the City. These funds are described in the City's Annual Comprehensive Financial Report and include its General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds, Enterprise Funds, Custodial~~Trust and Agency~~ Funds, ~~Capital Project Funds~~Internal Service Funds, ~~and~~ Successor Agency Private-Purpose Trust Funds and any new fund created by the City Council unless specifically exempted.

The Investment Policy applies to all transactions involving the financial assets and related activities of the foregoing funds. Except for cash held in separate restricted funds, the City will pool cash balances from all funds for investments to maximize earnings and efficiencies concerning investment pricing, safekeeping and administration. Investment income will be allocated to the City's funds based upon their respective average monthly balances and in accordance with Generally Accepted Accounting Principles (GAAP).

~~The employee's retirement and deferred compensation funds are not included. Bond proceeds are not covered under this policy and shall be governed by their applicable bond documents. However, if the bond documents are silent in regard to the investment of bond proceeds and reserves, the terms set forth in this policy shall govern the respective investment of bond proceeds.~~This Investment Policy does not apply to the following financial assets:

- The City's Deferred Compensation Plan, which is controlled by federal law, specific provisions of the City's adopted Plan, and individual plan participants' decisions.
- The City Employee Retirement Plan, which is subject to regulation by federal and state laws.
- Other Post-Employment Benefits (OPEB) Trust and Pension 115 Trust, which are invested pursuant to California Code and the Trusts' separate long-term investment policy under the Trust Agreements.
- Proceeds of debt issuance, which are invested in accordance with permitted investment provisions of their specific bond indentures.

III. OBJECTIVES AND PERFORMANCE STANDARDS

The City's primary investment objective is to achieve a reasonable rate of return on public funds while minimizing the potential for capital losses arising from market changes or issuer default. Although pursuit of interest earnings on investment is appropriate City goal, the primary consideration is preservation of capital resources. Thus, the City's yield objective is to achieve a reasonable rate of return rather than the maximum generation of income that might expose the City to unacceptable levels of risk.

The overall program shall be designed and managed with a degree of professionalism worthy of ~~the~~ public trust. The City's primary investment objectives, in priority order, shall be:

1. **Safety:** Safety of principal is the foremost objective the City's investment program, followed by liquidity and yield. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the City's portfolio. To obtain this objective, the City will diversify its investment by investing funds among a variety of securities offering independent returns and financial institutions. Each investment transaction shall seek to first ensure that capital losses are avoided, whether they are from securities default or erosion of market value. Investment decisions should not incur unreasonable investment risks in order to obtain current investment income.

2. **Liquidity:** The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements, which might be reasonably anticipated. This need for investment liquidity may be tempered to the extent that the City is able to issue short-term notes to meet its operating requirements. Emphasis will be on marketable securities with low sensitivity to market risk. Maturities of investments for which there is limited opportunity for resale shall be staggered to maximize liquidity.

3. **Yield**: The City maintains an active investment strategy and its investment portfolio shall be designed to attain a rate of return which approximates benchmarks to be selected by the ~~City's~~ Director of Finance and the City Treasurer~~investment advisory committee~~ throughout budgetary and economic cycles, taking into account the City's investment risk constraints, the cash flow characteristics of the portfolio, and state and local laws, ordinances or resolutions that restricts the investment of funds.

IV. DELEGATION OF AUTHORITY

Pursuant to California Government Code 53607 and the City's Municipal Code, the City Council's management responsibility for the investment program is hereby delegated for a one-year period to the Director of Finance ~~Director~~, who shall be responsible for the investment of idle funds consistent with this investment policy. Subject to review, the City Council may renew the delegation of authority pursuant to this section each year. The Director of Finance ~~Director~~ may delegate these duties to his/her designee upon approval of the City Council. The day-to-day investment decision-making and execution authority may also be delegated to an external investment advisor under the supervision of the Director of Finance ~~Director~~. The investment advisor must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940 and shall follow this Policy and such other written instructions as are provided by the City.

V. PRUDENCE AND RISK TOLERANCE

The City recognizes that investment risks of the following can result from issuer defaults, market price changes or various technical complications leading to temporary liquidity:

1. Credit risk is the possibility that deterioration of an issuer's creditworthiness will adversely affect the value of its bonds or that an issuer will not make timely payments of interest or principal on its bonds (default). A decline in a bond issuer's credit rating, or creditworthiness, may cause prices for its outstanding bonds to decline. This shall be mitigated by limiting investments to high quality securities ~~those~~ allowed under this policy and by diversification.

2. Market or Interest Rate risk, defined as market value fluctuations due to overall changes in market price, shall be mitigated by eliminating the need to sell securities prior to maturity and investing operating funds needed for short-term liquidity primarily in short-term securities, money market funds or similar investment pools, thereby limiting the average maturity of the portfolio. Investment shall be made with that degree of judgment and care, under circumstances then prevailing, which persons of~~f~~ prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering the safety of their capital as well as the income to be derived.

The standard of prudence to be used by investment officers shall be the "prudent investor standard" as defined in California Government Code Section 53600.3 and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and the City's investment policy and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market price changes, if deviations from expectations are reported ~~on~~in a timely fashion, and appropriate action is taken to control adverse developments.

VI. INTERNAL CONTROLS

A system of internal controls will be maintained to assure compliance with Federal and State regulations, City Council direction, and prudent cash management procedures.

The controls shall be designed to prevent losses of public funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets or imprudent actions by employees and officers of the City. Controls deemed most important include: control of collusion, segregation of duties, separating transaction authority from accounting and recordkeeping, custodial safekeeping, clear delegation of authority, specific limitations regarding securities losses and remedial action, written confirmation of ~~telephone~~ transactions, minimizing the number of authorized investment officials, documentation of transactions and strategies, and code of ethical standards. In addition, whenever possible, pre-formatted wire transfers will be used to transfer funds to pre-authorized accounts.

1. The City Treasurer shall audit and examine all investments made by the City, or its duly authorized personnel, at those times deemed necessary by him/her

and shall in his/her discretion report his/her audit and examination to the City Council.

2. Investment Oversight Committee: Quarterly review of procedures and adherence to this Investment Policy is conducted by the Investment Oversight Committee. The Committee, established by the City Council, is comprised of the City Manager, Director of Finance ~~Director~~, and City Treasurer.

3. Annual Audit: The City's portfolio is included in the annual review of the City's financial management performed by an outside audit firm.

VII. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall not participate in personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions. Such employees and investment officials shall disclose any material financial interests in financial institutions that conduct business with the City, and they shall further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio.

VIII. ~~ELIGIBLE~~ AUTHORIZED INVESTMENTS

California Government Code Sections 53600 et. seq. provides basic investment limits and guidelines for government entities. Within the investments permitted by the Government Code, the City seeks to further restrict ~~eligible~~ authorized investment to the investments listed below. In the event an apparent discrepancy is found between this policy and the Government Code, the more restrictive parameters will take precedence.

Rating requirements and percentage limitations, where indicated, apply *at the time of purchase*. In the event a security held by the City is subject to a rating change that brings it below the minimum specified rating requirement, the Director of Finance ~~Director~~ shall notify the City Council of the change. The course of action to be followed will then be decided on a case-by-case basis, considering such factors as the reason for the rate drop, prognosis for recovery or further rate drops, and the market price of the security.

~~Eligible~~ Authorized Investments

1. **Securities of the U.S. Government**:

   United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest. There is no limitation as to the percentage of the City's portfolio that may be invested in this category.

2. **Securities of U.S. Government Agencies**
Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises. There is no limitation as to the percentage of the City's portfolio that may be invested in this category, provided that no more than 30% of the portfolio may be invested in any single Agency/GSE issuer, the maximum maturity may not exceed five (5) years, and the maximum percent of agency callable securities in the portfolio will be 20%.

3. **California State and Local Agency Obligations**

Obligations of the City, the State of California or any local agency within the state that are general obligation bonds or essential service bonds secured with revenue from a water, sewer, power or electric system, provided that such obligations are rated in a rating category of "A" or its equivalent or better by at least one nationally recognized statistical rating organization (NRSRO.) No more than 5 percent of the portfolio may be invested in any single issuer. No more than 30 percent of the portfolio may be invested in California State and Local Agency Obligations and other state obligations in the aggregate. The maximum maturity may not exceed five years.

4. **Other State Obligations**

Registered treasury notes or bonds of any of the other 49 United States in addition to California, including general obligation bonds or bonds payable solely out of the revenues from a revenue-producing property owned, controlled or operated by a state or by a department, board, agency or authority of any of the other 49 United States, in addition to California, provided that such obligations are rated in a rating category of "A" or its equivalent or better by at least one NRSRO. No more than 5 percent of the portfolio may be invested in any single issuer. No more than 30 percent of the portfolio may be invested in other state obligations and California State and Local Agency Obligations in the aggregate. The maximum maturity may not exceed five years.

5. **Banker's Acceptances**

Time drafts or bills of exchange that are drawn on and accepted by a commercial bank and brokered to investors in the secondary market. Purchasers are limited to issuers whose short-term debt is rated in the highest short-term rating category by a NRSRO. Banker's acceptances cannot exceed a maturity of 180 days. A maximum of 40% of the City's portfolio may be invested in this category.

6. **Commercial paper**

The City may purchase commercial paper with short-term ratings of "A-1" or the equivalent or higher by a NRSRO. Long-term ratings, if any, must be "A" category or its equivalent or higher by a NRSRO. The entity that issues the commercial paper shall meet all the following conditions in either paragraph (A) or paragraph (B):

(A) The entity meets the following criteria: (i) Is organized and operating in the United States as a general corporation. (ii) Has total assets of more than five hundred million dollars ($500,000,000). (iii) Has debt other than commercial paper, if any, that is rated in the "A" category or its equivalent or higher by a NRSRO

(B) The entity meets the following criteria: (i) Is organized within the United States as a special purpose corporation, trust, or limited liability company. (ii) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond. (iii) Has commercial paper that is rated "A-1" or higher, or the equivalent, by a NRSRO.

Eligible commercial paper shall have a maximum maturity of ~~270~~ 397 days or less~~ and not represent more than 10 percent of the outstanding paper of an issuing corporation~~. A maximum of 25 percent of the City's portfolio may be invested in this category. Under a provision sunsetting on January 1, ~~2026~~2031, no more than 40 percent of the portfolio may be invested in Commercial Paper if the City's investment assets under management are greater than $100,000,000.

7. **Negotiable Certificates of Deposit (NCDs)**

Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state or federally licensed branch of a foreign bank. Amounts of the NCD insured up to the FDIC limit do not require any credit rating. Any amount above the FDIC insured limit which has short-term ratings of "A-1" or its equivalent or higher by a NRSRO; or long-term obligations rated in a category of "A" or its equivalent or higher by a NRSRO may be purchased. A maximum of 30 percent of the City's portfolio may be invested in this category. No more than 5 percent of the portfolio may be invested in any single issuer.

8. **Time Deposits**

The City may invest in non-negotiable time deposits (CDs) that are FDIC insured or fully collateralized in financial institutions located in California, including United States branches of foreign banks licensed to do business in California.

To be eligible for purchase, the financial institution must have received a minimum overall satisfactory rating for meeting the credit needs of California Communities in its most recent evaluation, as provided Government Code Section 53635.2. Purchases are further limited to financial institutions meeting all capital requirements and rated in one of the three highest rating categories by an NRSRO organization. All time deposits must be collateralized in accordance

with California Government Code sections 53650 et. seq. The City, at its discretion, may waive the collateralization requirements for any portion of the deposit that is covered by federal insurance. The maximum maturity of a time certificate of deposit shall not exceed 1 year. A maximum of 30 percent of the City's portfolio may be invested in this category.

9. **Repurchase Agreements**

The City may enter into repurchase agreements with primary government securities dealers rated in one of the three highest categories by two NRSROs. Counterparties should also have (i) a short-term credit rating in the highest category; (ii) minimum assets and capital size of $25 billion in assets and $350 million in capital; (iii) five years of acceptable audited financial results; and (iv) a strong reputation among market participants.

The following collateral restrictions will be observed: Only U.S. Treasury securities or Federal Agency securities will be acceptable collateral. All securities underlying repurchase agreements must be delivered to the City's custodian bank delivery versus payment or be handled under a properly executed tri-party repurchase agreement. The total market value of all collateral for each repurchase agreement must equal or exceed 102 percent of the total dollar value of the money invested by the City for the term of the investment. Securities used as collateral for Repurchase Agreements will be delivered to an acceptable third-party custodian. For any repurchase agreement with a term of more than one day, the value of the underlying securities must be reviewed on a weekly basis according to market conditions. Since the market value of the underlying securities is subject to daily market fluctuations, the investment in repurchase agreements shall comply if the value of the underlying securities is brought back up to 102 percent no later than the next business day. Market value must also be calculated each time there is a substitution of collateral.

The City or its trustee shall have a perfected first security interest under the Uniform Commercial Code in all securities subject to repurchase agreement. The City shall have properly executed a master repurchase agreement with each counter—party with which it enters into repurchase agreements. Repurchase agreements are to be used solely as short-term investments not to exceed 90 days. A maximum of 15 percent of the City's portfolio may be invested in this category.

10. **Medium Term Notes**

Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Purchases are limited to securities rated in a rating category of "A" or its equivalent or better by at least one NRSRO. A maximum of 30 percent

of the City's portfolio may be invested in this category. No more than 5% of the portfolio may be invested in any single issuer.

11. Asset-Backed Securities

A mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond from issuers not defined in subsections 1 and 2 of the Eligible Investments Section, of a legal final maturity not exceeding five years. Securities eligible for investment under this subdivision must be rated in in a rating category of "AA" or its equivalent or better by a NRSRO. A maximum of 20 percent of the City's portfolio may be invested in this category. No more than 5% of the portfolio may be invested in any single Asset-Backed or Commercial Mortgage security issuer.

12. **Supranational Securities**

United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank, with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Securities eligible for investment under this subdivision must be rated in a rating category of "AA" or its equivalent or better by a NRSRO. A maximum of 30 percent of the City's portfolio may be invested in this category. No more than 10% of the portfolio may be invested in any single issuer.

13. **Money Market Funds**

Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.). To be eligible for purchase, the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of $500,000,000.

A maximum of 20 percent of the City's portfolio may be invested in this category (10 percent limit per fund).

14. **State of California's Local Agency Investment Fund (LAIF)**

The Local Agency Investment Fund was established by the State to enable local agency treasurers to place funds in a pool for investment (California Government Code Section 16429.1 et seq.). The City uses this investment vehicle for short-term liquidity, investment, and yield when rates are declining. Funds are available on demand and interest is paid quarterly. The City may invest up to the maximum permitted by LAIF.

15. **Local Government Investment Pools**

Shares of beneficial interest issued by a joint powers authority organized pursuant to Government Code Section 6509.7 that invests the securities and obligations authorized in subdivisions (a) to (r), inclusive, of Government Code Section 53601.

IX. Investment Pools/Mutual Funds

The City shall conduct a thorough investigation of any pool or mutual fund prior to making an investment, and on a continual basis thereafter. The Director of Finance ~~Director~~ shall develop a questionnaire, which will answer the following general questions:

- A description of eligible investment securities, and a written statement of investment policy and objectives.
- A description of interest calculations and how it is distributed, and how gains and losses are treated.
- A description of how the securities are safeguarded (including the settlement processes), and how often the securities are priced and the program audited.
- A description of who may invest in the program, how often, and what size deposit and withdrawal are allowed.
- A schedule for receiving statements and portfolio listings.
- Are reserves, retained earnings, etc. utilized by the pool/fund?
- A fee schedule, and when and how it is assessed.
- Is the pool/fund eligible for bond proceeds and/or will it accept such proceeds?

X. DIVERSIFICATION AND RISK MANAGEMENT

Mitigating Credit Risk in the Portfolio

Credit risk is the risk that a security or a portfolio will lose some or all its value due to a real or perceived change in the ability of the issuer to repay its debt. The City will mitigate credit risk by adopting the following strategies:

- The diversification requirements included in the "Authorized Investments" section of this policy are designed to mitigate credit risk in the portfolio.

- No more than 5% of the total portfolio may be deposited with or invested in securities issued by any single issuer unless otherwise specified in this policy.

- The City may elect to sell a security prior to its maturity and record a capital gain or loss in order to manage the quality, liquidity or yield of the portfolio in response to market conditions or Agency's risk preferences.

- If a security owned by the City is downgraded to a level below the requirements of this policy, making the security ineligible for additional purchases, the following steps will be taken:

    - Any actions taken related to the downgrade by the investment manager will be communicated to the Director of Finance ~~Director~~ in a timely manner.

    - If a decision is made to retain the security, the credit situation will be monitored and reported to the City Council.

Mitigating Market Risk in the Portfolio

Market risk is the risk that the portfolio value will fluctuate due to changes in the general level of interest rates. The City recognizes that, over time, longer-term portfolios have the potential to achieve higher returns. On the other hand, longer-term portfolios have higher volatility of return. The City will mitigate market risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes.

The City further recognizes that certain types of securities, including variable rate securities, securities with principal paydowns prior to maturity, and securities with embedded options, will affect the market risk profile of the portfolio differently in different interest rate environments. The Agency, therefore, adopts the following strategies to control and mitigate its exposure to market risk:

- The City will maintain a minimum of six months of budgeted operating expenditures in short-term investments to provide sufficient liquidity for expected disbursements.

- The maximum stated final maturity of individual securities in the portfolio will be five (5) years as measured from date of trade settlement, except as otherwise stated in this policy.

- The duration of the portfolio will generally be approximately equal to the duration (typically, plus or minus 20%) of a Market Benchmark, an index selected by the City based on the City's investment objectives, constraints and risk tolerances. Maximum maturities may not exceed five years.

XI. MAXIMUM MATURITY

The City's cash management system is fully designed to accurately monitor and forecast revenues and expenditures thus enabling the City to invest funds possible. To the extent possible, the City will attempt to match investments with anticipated cash flow requirements. Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds.

Where this Policy does not specify a maximum remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase agreement, that at the time of the investment has a term remaining to maturity in excess of five years as measured from date of trade settlement, unless the City Council has granted express authority to make that investment either specifically or as a part of an investment program approved by the City Council no less than three months prior to the investment.

XII. INELIGIBLE INVESTMENTS

Investments not described herein, including but not limited to common stocks and financial futures contracts and options, are prohibited. ~~in this fund.~~ The City shall not invest any funds in inverse floaters, range notes, mortgage derived interest-only strips or in any security that could result in zero interest accrual if held to maturity. The purchase of any security not listed in Section 8 above, but permitted by the California Government Code, is prohibited unless the City Council approves the investment specifically or as a part of an investment program approved by the City Council. Securities with a trade settlement period longer than 45 days are prohibited.

XIII. BANKS AND SECURITIES DEALERS

Unless the City has an external investment advisor, ~~T~~the Director of Finance ~~Director~~ shall maintain a list of authorized broker/dealers and financial institutions, which are approved for investment purposes. It shall be the City's policy to purchase securities only from those authorized institutions and firms. The City shall annually send a copy of the current investment policy to all dealers approved to do business with the City. Each broker dealer or financial institution that has been authorized by the City shall be required to submit the firm's most recent financial statements. If an investment advisor is used, they may use their own list of approved broker/dealers and financial institutions for investment purposes.

XIV. SAFEKEEPING AND CUSTODY

All security transactions entered by the City shall be conducted on a delivery-versus-payment (DVP) basis. All cash and securities in the City's portfolio, including those that are managed by an investment advisor, shall be held in safekeeping in the City's name by a third-party bank trust department, acting as agent for the City under the terms of a custody agreement executed by the bank and the City. The only exception to the foregoing shall be depository accounts and securities purchases made with: (i) local government investment pools; (ii) time

certificates of deposit, and, (iii) money market mutual funds, since the purchased securities are not deliverable. Evidence of each of these investments will be held in the Treasury vault. The safekeeping institution shall annually provide a copy of their most recent report on internal controls (Statement of Auditing Standards No. 70, or SAS 70).

XV. PERFORMANCE STANDARDS

The investment portfolio will be designed to obtain a market-average rate of return during budgetary and economic cycles, considering the City's investment risk constraints and cash flow needs.

XVI. REPORTING REQUIREMENTS

A Quarterly Investment report shall be provided to the City Council, City Manager, and Director of Finance ~~Director~~.

1. A quarterly investment report will be submitted within ~~60~~ 45 days following the period being reported to the City Council. Reports of the investment of bond proceeds are issued monthly by the Trustee and are included in the quarterly report of the pooled investment fund. The quarterly investment report shall include information on the following:
    - Type of Investment
    - Issuer
    - Date of Maturity
    - Par and dollar amount invested on all securities
    - Current market value of each security and the source of the valuation
    - Credit quality of each investment, as determined by one or more nationally recognized credit rating services
    - Listing of investment transactions for the quarter being reported upon.
    - Statement that portfolio follows investment policy, or the way the portfolio is not in compliance
    - Statement denoting ability of City to meet its expenditure requirements for the next six months, or provide enough explanation why money is not available

XVII. INVESTMENT POLICY REVIEW

The Director of Finance ~~Director~~ shall periodically submit to the City Council a statement of investment policy outlining any proposed changes, which the City Council must consider at a public meeting.

Glossary of Terms

Accrued Interest: Interest earned but not yet received.

Active Deposits: Funds which are immediately required for disbursement.

Amortization: An accounting practice of gradually decreasing (increasing) an asset's book value by spreading its depreciation (accretion) over a period.

Annual Comprehensive Financial Report (ACFR): The official annual financial report for public sector entities/companies. It includes five combined statements and basic financial statements for each individual fund and account group prepared in conformity with Generally Accepted Accounting Principles (GAAP).

Arbitrage: Transactions by which securities are bought and sold in different markets at the same time for the sake of the profit arising from a yield difference in the two markets.

Asked Price: The price a broker/dealer offers to sell securities.

Average Life: The average length of time that an issue of serial bonds and/or term bonds with a mandatory sinking fund features is expected to be outstanding.

Asset-Backed Securities (ABS): Securities that are supported by pools of assets, such as installment loans or leases, or by pools of revolving lines of credits. Asset-backed securities are structured as trusts in order to perfect a security interest in the underlying assets.

Bankers' Acceptance (BA): A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill, as well as the issuer.

Basis Point: One basis point is one hundredth of one percent (.01).

Benchmark: A comparative base for measuring the performance or risk tolerance of the investment portfolio. A benchmark should represent a close correlation to the level of risk and the average duration of the portfolio's investments.

Bid Price: The price a broker/dealer offers to purchase securities.

Bond: A financial obligation for which the issuer promises to pay the bondholder a specified stream of future cash flows, including periodic interest payments and a principal repayment.

Book Entry: The system maintained by the Federal Reserve, by which most money market securities are delivered to an investor's custodial bank. The Federal Reserve maintains a computerized record of the ownership of these securities and records any

changes in ownership corresponding to payments made over the Federal Reserve wire (delivery versus payment.)

Book Value: The value at which a debt security is shown on the holder's balance sheet. Book value is acquisition cost less amortization of premium or accretion of discount.

Broker: A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides; he does not take a position. In the money market, brokers are active in markets in which banks buy and sell money and in interdealer markets.

Callable Bond: A bond issue in which all or part of its outstanding principal amount may be redeemed before maturity by the issuer under specified conditions.

Call Price: The price at which an issuer may redeem a bond prior to maturity. The price is usually at a slight premium to the bond's original issue price to compensate the holder for loss of income and ownership.

Call Risk: The risk to a bondholder that a bond may be redeemed prior to maturity.

Cash Sale/Purchase: A transaction which calls for delivery and payment of securities on the same day that the transaction is initiated.

Certificate of Deposit (CD): A time deposit with a specific maturity evidenced by a Certificate. Large-denomination CDs are typically negotiable.

Collateral: Securities, evidence of deposit or other property, which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

Commercial Paper: A short-term, unsecured, and negotiable promissory note with a fixed maturity of no more than 270 days. By statute, these issues are exempt from registration with the U.S. Securities and Exchange Commission.

Convexity: A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

Coupon: The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value.

Credit Analysis: A critical review and appraisal of the economic and financial conditions or of the ability to meet debt obligations.

Credit Rating: Various alphabetical and numerical designations used by institutional investors, Wall Street underwriters, and commercial rating companies to give relative indications of bond and note creditworthiness. S&P Global and Fitch Ratings use the same system, starting with their highest rating of AA, AA, A, BBB, BB, B, CCC, CC, C and D for default. Moody's Investors Services uses Aaa, Aa, A Baa, Ba, B, Caa, Ca, C, and D.

Each of the services use pluses (+), minuses (-), or numerical modifiers to indicate steps within each category. The top four-letter categories are considered investment grade ratings.

Credit Risk: The risk to an investor that an issuer will default in the payment of interest and/or principal on a security and a loss will result.

Current Yield: The interest paid on an investment expressed as a percentage of the current price of ~~the~~ security.

CUSIP Number: the Committee on Uniform Security Information Procedures (CUSIP) Number refers to a security's identification number assigned to each publicly traded security by the CUSIP Service Bureau operated by S&P Global for the American Bankers Association. The CUSIP Number is a nine-characters identifier unique to the issuer, the specific issue and the maturity, if applicable (the first six characters identifying the issuer, the next two identifying the security and the last digit provides a check digit to validate the accuracy of the preceding CUSIP number).

Custodian: A bank or other financial institution that keeps custody of stock certificates and other assets.

Dealer: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his or her own account.

Debenture: A bond secured only by the general credit of the issuer.

Defeased Bond Issues: Issues that have sufficient money to retire outstanding debt when due so that the agency is released from the contracts and covenants in the bond document.

Delivery versus Payment: There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free delivery). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is delivery of securities with an exchange of a signed receipt for the securities.

Derivative: Securities that are based on, or derived from, some underlying asset, reference date, or index.

Discount: The difference between the cost of a security and its value at maturity when quoted at lower than face value.

Diversification: Dividing investment funds among a variety of securities offering independent returns.

Duration: A measure of the timing of the cash flows, such as the interest payments and the principal repayment, to be received from a given fixed-income security. This calculation is based on three variables: term to maturity, coupon rate, and yield to maturity.

The duration of a security is a useful indicator of its price volatility for given changes in interest rates.

Face Value: The principal amount owed on a debt instrument. It is the amount on which interest is computed and represents the amount that the issuer promises to pay at maturity.

Fair Value: The amount at which a security could be exchanged between willing parties, other than in a forced or liquidation sale. If a market price is available, the fair value is equal to the market value.

Federal Farm Credit Bank (FFCB): Government-sponsored institution that consolidates the financing activities of the Federal Land Banks, the Federal Intermediate Credit Banks and the Banks for Cooperatives. Its securities do not carry direct U. S. Government guarantees.

Federal Funds Rate: The rate of interest at which Federal funds are traded. This rate is considered the most sensitive indicator of the direction of interest rates, as it is currently pegged by the Federal Reserve through open-market operations.

Federal Home Loan Banks (FHLB): Government sponsored wholesale banks, which lend funds and provide correspondent banking services to member commercial banks, thrift institutions, credit unions and insurance companies. The mission of the FHLBs is to liquefy the housing related assets of its members who must purchase stock in their district Bank.

Federal Home Loan Mortgage Corporation (FHLMC or Freddie Mac): Established in 1970 to help maintain the availability of mortgage credit for residential housing. FHLMC finances these operations by marketing guaranteed mortgage certificates and mortgage participation certificates. Its discount notes and bonds do not carry direct U.S. Government guarantees.

Federal National Mortgage Association (FNMA): FNMA was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development (H.U.D.). It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

Federal Open Market Committee (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

Federal Reserve System: The central bank of the U.S., which consists of seven-member Board of Governors, 12 regional banks, and about 5,700 commercial banks that are members.

Fiduciary: A person who holds something in trust for another and bears liability for its safekeeping.

Financial Industry Regulatory Authority (FINRA): A self-regulatory organization (SRO) of brokers and dealers in the over the counter securities business. Its regulatory mandate includes authority over business dealings conducted between dealers, brokers and all public investors.

Fitch IBCA, Inc. (Fitch): One of the three best-known rating agencies in the United States, the others being Moody's Investment Service, Inc. and ~~Standard and Poor's Corporation~~S&P Global.

Government Accounting Standards Board (GASB): A standard-setting body, associated with the Financial Accounting Foundation, which prescribes standard accounting practices for governmental units.

Government National Mortgage Association (GNMA or Ginnie Mae): Securities influencing the volume of bank credit guaranteed by GNMA and issued by mortgage bankers, commercial banks, savings and loan associations, and other institutions. Security holder is protected by full faith and credit of the U.S. Government. Ginnie Mae securities are backed by FHA or VA mortgages. The term pass-through is often used to describe Ginnie Maes.

Government Securities: An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the U.S. securities market. See "Treasury Bills, Notes, and Bonds."

Guaranteed Investment Contracts (GICS): An agreement acknowledging receipt of funds, for deposit, specifying terms for withdrawal, and guaranteeing a rate of interest to be paid.

Inactive Deposits (Idle Funds): Funds not immediately needed for disbursement.

Investment-Grade Obligations: An investment instrument suitable for purchase by institutional investors under the prudent person rule. Investment-grade is restricted to those obligations rated BBB or higher by a rating agency.

Interest Rate Risk: The risk of gain or loss in market values of securities due to changes in interest-rate levels. For example, rising interest rates will cause the market value of portfolio securities to decline.

Inverse Floating Rate Note: A debt security with an interest rate stated as a fixed rate minus an index. This calculation causes the rate on the inverse floater to move in the opposite direction of general interest rates. This instrument generally performs well in a declining interest rate environment but will lose value if rates rise.

Liquidity: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between the bid and asked prices is narrow and reasonable size can be done at those quotes.

Local Agency: County, City, City and County, including a chartered city or county, school district, community college district, public district, or any public or municipal corporation.

Local Agency Investment Fund (LAIF): An investment pool managed by the California State Treasurer. Local government units, with consent of the governing body of that agency, may voluntarily deposit surplus funds for the purpose of investment. Interest earned is distributed by the State Controller to the participating governmental agencies on a quarterly basis.

Make whole call: A type of call provision on a bond that allows the issuer to pay off the remaining debt early. Unlike a call option, with a make whole call provision, the issuer makes a lump sum payment that equals the net present value (NPV) of future coupon payments that will not be paid because of the call. With this type of call, an investor is compensated, or "made whole."

Mark-to-market: The process whereby the book value or collateral value of a security is adjusted to reflect its current market value.

Market Risk: Systematic risk of a security that is common to all securities of the same general class (stocks, bonds, notes, money market instruments) and cannot be eliminated by diversification (which may be used to eliminate non-systematic risk).

Market Value: The price at which a security is trading and could presumably be sold.

Master Repurchase Agreement: A written contract covering all future transactions between the parties to repurchase agreements and reverse repurchase agreements that establish each person's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

Maturity: The date upon which the principal or stated value of an investment becomes due and payable.

Medium Term Notes: Instruments issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States.

Modified Duration: A measure of exposure to market risk of a security or a portfolio. It is the percent change in the price of a security (portfolio) or a 100-basis point change in the security's (portfolio's) yield.

Money Market: The market in which short-term debt instruments (bills, commercial paper, bankers' acceptance, etc.) are issued and traded.

Money Market Mutual Fund: Mutual funds that invest solely in money market instruments (short-term debt instruments, such as Treasury bills, commercial paper, bankers' acceptances, repos and federal funds).

Moody's: Moody's Investment Service, Inc. One of the three best-known rating agencies in the United States, the others being Standard and Poor's Corporation (S&P) and Fitch IBCA, Inc. (Fitch).

National Association of Securities Dealers (NASD): A self-regulatory organization (SRO) of brokers and dealers in the over-the-counter securities business. Its regulatory mandate includes authority over firms that distribute mutual fund shares as well as other securities.

National Recognized Statistical Rating Organization (NRSRO)::
A rating organization designated by the SEC as being nationally recognized, such as Moody's Investor Service, Inc. (Moody's), ~~Standard & Poor's (S&P)~~S&P Global (S&P), and Fitch Ratings (Fitch).

Net Asset Value: The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets, which includes securities, cash, and any accrued earnings, subtracting this from the fund's liabilities and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio. [(Total assets) - (Liabilities)] / (Number of shares outstanding)

Negotiable Certificate of Deposit: A large denomination certificate of deposit, which can be sold in the open market prior to maturity.

Nominal Yield: The stated rate of interest that a bond pays its current owner, based on par value of the security. It is also known as the "coupon," "coupon rate," or "interest rate."

New Issue: Term used when a security is originally "brought" to market.

Note: A written promise to pay a specified amount to a certain entity on demand or on a specified date.

Open Market Operations: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the Federal Open Market Committee, (FOMC), to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of

money and credit: Sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

Par Value: The amount of principal that must be paid at maturity. Also referred to as the face amount of a bond, normally quoted in $1,000 increments per bond.

Portfolio: Collection of securities held by an investor.

Premium: The amount by which the price paid for a security exceeds the security's par value.

Primary Dealer: A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities, broker/dealers, banks and a few unregulated firms.

Principal: The face value or par value of a debt instrument, or the amount of capital invested in a given security.

Prospectus: A legal document that must be provided to any prospective purchaser of a new securities offering registered with the SEC that typically includes information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements (also known as an "official statement").

Prudent Investor Standard: An investment standard. In some states, the law requires that a fiduciary, such as a trustee, may invest money only in a list of securities selected by the state, the so-called legal list. In other states, the trustee may invest in a security if it is one that would be bought by a prudent person of discretion and intelligence who is seeking a reasonable income and preservation of capital.

Purchase Date: The date in which a security is purchased for settlement on that or a later date.

Range Note: A debt security with a varied interest payment that depends on the number of days the designated index falls within (or in some cases outside) an established range of interest rates. Should rates move beyond the range on either end, the investor faces the risk of a reduced or zero interest payment for the applicable interest period.

Rate of Return: The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

Rating Agency: Nationally recognized credit rating agency such as Fitch, Moody's or S&P Global.

Rating Category: A credit rating assignment by a Rating Agency shall mean (a) with respect to any long-term rating category, all ratings designated by a particular letter or combination of letters, without regard to any numerical modifier, plus or minus sign or other modifier, and (b) with respect to any short-term or commercial paper rating category, all ratings designated by a particular letter or combination of letters and taking into account any numerical modifier, but not any plus or minus sign or other modifier.

Repurchase Agreement (RP or Repo): A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement and the terms of the agreement are structured to compensate the buyer for this. Dealers use RP extensively to finance their positions. Exception: when the Fed is said to be doing RP, it is lending money, which is increasing bank reserves.

Reverse Repurchase Agreement (Reverse Repo): A counter party (e.g. investment dealer) buys the securities from the holder of securities (e.g. the Agency) with an agreement to sell them back at a fixed date. The counter party in effect lends the seller, (e.g. the Agency) money for the period of the agreement with terms of the agreement structured to compensate buyer.

Risk: The uncertainty of maintaining the principal or interest associated with an investment due to a variety of factors.

Rule G-37 of the Municipal Securities Rulemaking Board: Federal regulations to sever any connection between the making of political contributions and the awarding of municipal securities.

Safekeeping: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

Safety: In the context of investing public funds, safety relates to preserving the principal of an investment in an investment portfolio; local agencies address the concerns of safety by controlling exposure to risks.

Secondary Market: A market for the repurchase and resale of outstanding issues following the initial distribution.

Securities: Investment instruments such as notes, bonds, stocks, money market instruments and other instruments of indebtedness of equity.

Sec Rule 15C3:1: See Uniform Net Capital Rule.

Securities and Exchange Commission: Agency created by Congress to protect investors in securities transactions by administering securities legislation.

Settlement Date: The date on which a trade is cleared by delivery of securities against funds.

Serial Bond: A bond issue, usually of a municipality, with various maturity dates scheduled at regular intervals until the entire issue is retired.

Sinking Fund: Money accumulated on a regular basis in a separate custodial account that is used to redeem debt securities or preferred stock issues.

Spread: The difference between two figures or percentages. It may be the difference between the bid (price at which a prospective buyer offers to pay) and asked (price at which an owner offers to sell) prices of a quote, or between the amount paid when bought and the amount received when sold.

Standard and Poor's Global~~Corporation~~ **(S&P)**: One of the three best-known rating agencies in the United States, the others being Moody's Investment Service, Inc. and Fitch IBCA, Inc. (Fitch).

Strip (Bonds): Brokerage-house practice of separating a bond into its principal and interest, which are then sold as zero-coupon bonds.

Supranationals: Multi-national organizations whereby member states transcend national boundaries or interests to share in the decision making to promote economic development in member countries.

Swap: An agreement between two parties (known as counterparties) where one stream of future interest payments is exchanged for another based on a specified principal amount.

Term Bond: Bonds comprising a large part or all of a particular issue, which come due in a single maturity. The issuer usually agrees to make periodic payments into a sinking fund for mandatory redemption of term bonds before maturity.

Time Certificate of Deposit: A non-negotiable certificate of deposit, which cannot be sold prior to maturity.

Total Return: The sum of all investment income plus changes in the capital value of the portfolio. For mutual funds, return on an investment is composed of share price appreciation plus any realized dividends or capital gains. This is calculated by taking the following components during a certain time period. (Price Appreciation) + (Dividends paid) + (Capital gains) = Total Return

Treasury Bills: A noninterest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

Treasury Bonds: Long-term coupon-bearing U.S. Treasury securities issued as direct obligations of the U.S. Government and having initial maturities of more than 10 years.

Treasury Notes: Medium-term coupon-bearing U.S. Treasury securities issued as direct obligations of the U.S. Government and having initial maturities from two to 10 years.

Trustee or trust company or trust department of a bank: A financial institution with trust powers which acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.

Underwriter: A dealer which purchases a new issue of municipal securities for resale.

Uniform Net Capital Rule: Securities and Exchange Commission requirement that member firms as well as nonmember broker/dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

U.S. Government Agencies: Instruments issued by various U.S. Government Agencies most of which are secured only by the credit worthiness of the agency.

U.S. Treasury Obligations: Debt obligations of the United States Government sold by the Treasury Department in the forms of Bills, Notes, and Bonds. Bills are short-term obligations that mature in 1 year or less and are sold based on a rate of discount. Notes are obligations that mature between 1 year and 10 years. Bonds are long-term obligations that generally mature in 10 years or more.

Weighted Average Maturity (WAM): The average maturity of all the securities that comprise a portfolio that is typically expressed in days or years.

Yield: The rate of annual income returns on an investment, expressed as a percentage. (a) Income Yield is obtained by dividing the current dollar income by the current market price for the security. (b) Net Yield or Yield to Maturity is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

Yield to Maturity: The rate of income returns on an investment, minus any premium or plus any discount, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond, expressed as a percentage.

Yield Curve: A graphic representation that shows the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity.

Zero-coupon Securities: Security that is issued at a discount and makes no periodic interest payments. The rate of return consists of a gradual accretion of the principal of the security and is payable at par upon maturity.

CITY OF PITTSBURG
INVESTMENT POLICY
For Fiscal Year 2026-2027

I. Statement of Purpose and Adoption of Policy

The purpose of this Investment Policy (the "Policy") is to establish strategies, practices, and procedures to be used in administering the City of Pittsburg (the "City") portfolio. The goal is to establish guidelines to manage City funds to maximize security and liquidity while also complying with the Investment Policy and California Government Code Sections 53600 through 53686, which govern investments for municipal governments and while meeting the daily cash flow demands of the City.

Safeguards will be set into place to ensure that adequate operating reserves are established and maintained to provide that cash in enough amounts will be available to pay for immediate expenditures as authorized by the City's budget. Funds so maintained will be deposited in a manner best serving the City.

The City has a responsibility to monitor the security of its assets and always maintain a level of quality so that the public at large will have the highest confidence that its best interests are being served.

The purpose of this document is to identify various policies and procedures that enhance opportunities for a systemic investment process. The initial step toward a prudent investment policy is to organize and formalize investment related activities. Related activities, which comprise good cash management, include accurate cash projection, the expeditious collection of revenue, the control of disbursements, cost effective banking relations and a short-term borrowing program, which coordinates working capital requirements and investment opportunities.

The City's Investment Policy shall be adopted by resolution of City Council. The policy shall be reviewed at least annually by the City Treasurer, City Manager and the Finance Director, and any modification must be approved by City Council.

II. SCOPE

It is intended that this policy covers all operating funds and investment activities under the direct authority of the City. These funds are described in the City's Annual Comprehensive Financial Report and include its General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds, Enterprise Funds, Custodial Funds, Internal Service Funds, Successor Agency Private-Purpose Trust Funds and any new fund created by the City Council unless specifically exempted.

The Investment Policy applies to all transactions involving the financial assets and related activities of the foregoing funds. Except for cash held in separate restricted funds, the City will pool cash balances from all funds for investments to maximize

earnings and efficiencies concerning investment pricing, safekeeping and administration. Investment income will be allocated to the City's funds based upon their respective average monthly balances and in accordance with Generally Accepted Accounting Principles (GAAP).

This Investment Policy does not apply to the following financial assets:

- The City's Deferred Compensation Plan, which is controlled by federal law, specific provisions of the City's adopted Plan, and individual plan participants' decisions.
- The City Employee Retirement Plan, which is subject to regulation by federal and state laws.
- Other Post-Employment Benefits (OPEB) Trust and Pension 115 Trust, which are invested pursuant to California Code and the Trusts' separate long-term investment policy under the Trust Agreements.
- Proceeds of debt issuance, which are invested in accordance with permitted investment provisions of their specific bond indentures.

III. OBJECTIVES AND PERFORMANCE STANDARDS

The City's primary investment objective is to achieve a reasonable rate of return on public funds while minimizing the potential for capital losses arising from market changes or issuer default. Although pursuit of interest earnings on investment is appropriate City goal, the primary consideration is preservation of capital resources. Thus, the City's yield objective is to achieve a reasonable rate of return rather than the maximum generation of income that might expose the City to unacceptable levels of risk.

The overall program shall be designed and managed with a degree of professionalism worthy of public trust. The City's primary investment objectives, in priority order, shall be:

1. **Safety:** Safety of principal is the foremost objective the City's investment program, followed by liquidity and yield. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the City's portfolio. To obtain this objective, the City will diversify its investment by investing funds among a variety of securities offering independent returns and financial institutions. Each investment transaction shall seek to first ensure that capital losses are avoided, whether they are from securities default or erosion of market value. Investment decisions should not incur unreasonable investment risks in order to obtain current investment income.

2. **Liquidity:** The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements, which might be reasonably anticipated. This need for investment liquidity may be tempered to the extent that the City is able to issue short-term notes to meet its operating requirements. Emphasis will be on marketable securities with low sensitivity to

market risk. Maturities of investments for which there is limited opportunity for resale shall be staggered to maximize liquidity.

3. **Yield**: The City maintains an active investment strategy and its investment portfolio shall be designed to attain a rate of return which approximates benchmarks to be selected by the Director of Finance and the City Treasurer throughout budgetary and economic cycles, taking into account the City's investment risk constraints, the cash flow characteristics of the portfolio, and state and local laws, ordinances or resolutions that restricts the investment of funds.

IV. DELEGATION OF AUTHORITY

Pursuant to California Government Code 53607 and the City's Municipal Code, the City Council's management responsibility for the investment program is hereby delegated for a one-year period to the Director of Finance, who shall be responsible for the investment of idle funds consistent with this investment policy. Subject to review, the City Council may renew the delegation of authority pursuant to this section each year. The Director of Finance may delegate these duties to his/her designee upon approval of the City Council. The day-to-day investment decision-making and execution authority may also be delegated to an external investment advisor under the supervision of the Director of Finance. The investment advisor must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940 and shall follow this Policy and such other written instructions as are provided by the City.

V. PRUDENCE AND RISK TOLERANCE

The City recognizes that investment risks of the following can result from issuer defaults, market price changes or various technical complications leading to temporary liquidity:

1. Credit risk is the possibility that deterioration of an issuer's creditworthiness will adversely affect the value of its bonds or that an issuer will not make timely payments of interest or principal on its bonds (default). A decline in a bond issuer's credit rating, or creditworthiness, may cause prices for its outstanding bonds to decline. This shall be mitigated by limiting investments to high quality securities allowed under this policy and by diversification.

2. Market or Interest Rate risk, defined as market value fluctuations due to overall changes in market price, shall be mitigated by eliminating the need to sell securities prior to maturity and investing operating funds needed for short-term liquidity primarily in short-term securities, money market funds or similar investment pools, thereby limiting the average maturity of the portfolio. Investment shall be made with that degree of judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation

but for investment, considering the safety of their capital as well as the income to be derived.

The standard of prudence to be used by investment officers shall be the "prudent investor standard" as defined in California Government Code Section 53600.3 and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and the City's investment policy and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market price changes, if deviations from expectations are reported in a timely fashion, and appropriate action is taken to control adverse developments.

VI. INTERNAL CONTROLS

A system of internal controls will be maintained to assure compliance with Federal and State regulations, City Council direction, and prudent cash management procedures.

The controls shall be designed to prevent losses of public funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets or imprudent actions by employees and officers of the City. Controls deemed most important include: control of collusion, segregation of duties, separating transaction authority from accounting and recordkeeping, custodial safekeeping, clear delegation of authority, specific limitations regarding securities losses and remedial action, written confirmation of transactions, minimizing the number of authorized investment officials, documentation of transactions and strategies, and code of ethical standards. In addition, whenever possible, pre-formatted wire transfers will be used to transfer funds to pre-authorized accounts.

1. The City Treasurer shall audit and examine all investments made by the City, or its duly authorized personnel, at those times deemed necessary by him/her and shall in his/her discretion report his/her audit and examination to the City Council.

2. Investment Oversight Committee: Quarterly review of procedures and adherence to this Investment Policy is conducted by the Investment Oversight Committee. The Committee, established by the City Council, is comprised of the City Manager, Director of Finance, and City Treasurer.

3. Annual Audit: The City's portfolio is included in the annual review of the City's financial management performed by an outside audit firm.

VII. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall not participate in personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions. Such employees and investment officials shall disclose any material financial

interests in financial institutions that conduct business with the City, and they shall further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio.

VIII. AUTHORIZED INVESTMENTS

California Government Code Sections 53600 et. seq. provides basic investment limits and guidelines for government entities. Within the investments permitted by the Government Code, the City seeks to further restrict authorized investment to the investments listed below. In the event an apparent discrepancy is found between this policy and the Government Code, the more restrictive parameters will take precedence.

Rating requirements and percentage limitations, where indicated, apply *at the time of purchase*. In the event a security held by the City is subject to a rating change that brings it below the minimum specified rating requirement, the Director of Finance shall notify the City Council of the change. The course of action to be followed will then be decided on a case-by-case basis, considering such factors as the reason for the rate drop, prognosis for recovery or further rate drops, and the market price of the security.

Authorized Investments

1. **Securities of the U.S. Government**:

   United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest. There is no limitation as to the percentage of the City's portfolio that may be invested in this category.

2. **Securities of U.S. Government Agencies**
   Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises. There is no limitation as to the percentage of the City's portfolio that may be invested in this category, provided that no more than 30% of the portfolio may be invested in any single Agency/GSE issuer, the maximum maturity may not exceed five (5) years, and the maximum percent of agency callable securities in the portfolio will be 20%.

3. **California State and Local Agency Obligations**

   Obligations of the City, the State of California or any local agency within the state that are general obligation bonds or essential service bonds secured with revenue from a water, sewer, power or electric system, provided that such obligations are rated in a rating category of "A" or its equivalent or better by at least one nationally recognized statistical rating organization (NRSRO.) No more than 5 percent of the portfolio may be invested in any single issuer. No more

than 30 percent of the portfolio may be invested in California State and Local Agency Obligations and other state obligations in the aggregate. The maximum maturity may not exceed five years.

4. Other State Obligations

Registered treasury notes or bonds of any of the other 49 United States in addition to California, including general obligation bonds or bonds payable solely out of the revenues from a revenue-producing property owned, controlled or operated by a state or by a department, board, agency or authority of any of the other 49 United States, in addition to California, provided that such obligations are rated in a rating category of "A" or its equivalent or better by at least one NRSRO. No more than 5 percent of the portfolio may be invested in any single issuer. No more than 30 percent of the portfolio may be invested in other state obligations and California State and Local Agency Obligations in the aggregate. The maximum maturity may not exceed five years.

5. **Banker's Acceptances**

Time drafts or bills of exchange that are drawn on and accepted by a commercial bank and brokered to investors in the secondary market. Purchasers are limited to issuers whose short-term debt is rated in the highest short-term rating category by a NRSRO. Banker's acceptances cannot exceed a maturity of 180 days. A maximum of 40% of the City's portfolio may be invested in this category.

6. **Commercial paper**

The City may purchase commercial paper with short-term ratings of "A-1" or the equivalent or higher by a NRSRO. Long-term ratings, if any, must be "A" category or its equivalent or higher by a NRSRO. The entity that issues the commercial paper shall meet all the following conditions in either paragraph (A) or paragraph (B):

(A) The entity meets the following criteria: (i) Is organized and operating in the United States as a general corporation. (ii) Has total assets of more than five hundred million dollars ($500,000,000). (iii) Has debt other than commercial paper, if any, that is rated in the "A" category or its equivalent or higher by a NRSRO

(B) The entity meets the following criteria: (i) Is organized within the United States as a special purpose corporation, trust, or limited liability company. (ii) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond. (iii) Has commercial paper that is rated "A-1" or higher, or the equivalent, by a NRSRO.

Eligible commercial paper shall have a maximum maturity of 397 days or less. A maximum of 25 percent of the City's portfolio may be invested in this category. Under a provision sunsetting on January 1, 2031, no more than 40 percent of

the portfolio may be invested in Commercial Paper if the City's investment assets under management are greater than $100,000,000.

7. **Negotiable Certificates of Deposit (NCDs)**

   Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state or federally licensed branch of a foreign bank. Amounts of the NCD insured up to the FDIC limit do not require any credit rating. Any amount above the FDIC insured limit which has short-term ratings of "A-1" or its equivalent or higher by a NRSRO; or long-term obligations rated in a category of "A" or its equivalent or higher by a NRSRO may be purchased. A maximum of 30 percent of the City's portfolio may be invested in this category. No more than 5 percent of the portfolio may be invested in any single issuer.

8. **Time Deposits**

   The City may invest in non-negotiable time deposits (CDs) that are FDIC insured or fully collateralized in financial institutions located in California, including United States branches of foreign banks licensed to do business in California.

   To be eligible for purchase, the financial institution must have received a minimum overall satisfactory rating for meeting the credit needs of California Communities in its most recent evaluation, as provided Government Code Section 53635.2. Purchases are further limited to financial institutions meeting all capital requirements and rated in one of the three highest rating categories by an NRSRO organization. All time deposits must be collateralized in accordance with California Government Code sections 53650 et. seq. The City, at its discretion, may waive the collateralization requirements for any portion of the deposit that is covered by federal insurance. The maximum maturity of a time certificate of deposit shall not exceed 1 year. A maximum of 30 percent of the City's portfolio may be invested in this category.

9. **Repurchase Agreements**

   The City may enter into repurchase agreements with primary government securities dealers rated in one of the three highest categories by two NRSROs. Counterparties should also have (i) a short-term credit rating in the highest category; (ii) minimum assets and capital size of $25 billion in assets and $350 million in capital; (iii) five years of acceptable audited financial results; and (iv) a strong reputation among market participants.

   The following collateral restrictions will be observed: Only U.S. Treasury securities or Federal Agency securities will be acceptable collateral. All securities underlying repurchase agreements must be delivered to the City's custodian bank delivery versus payment or be handled under a properly executed tri-party repurchase agreement. The total market value of all collateral

for each repurchase agreement must equal or exceed 102 percent of the total dollar value of the money invested by the City for the term of the investment. Securities used as collateral for Repurchase Agreements will be delivered to an acceptable third-party custodian. For any repurchase agreement with a term of more than one day, the value of the underlying securities must be reviewed on a weekly basis according to market conditions. Since the market value of the underlying securities is subject to daily market fluctuations, the investment in repurchase agreements shall comply if the value of the underlying securities is brought back up to 102 percent no later than the next business day. Market value must also be calculated each time there is a substitution of collateral.

The City or its trustee shall have a perfected first security interest under the Uniform Commercial Code in all securities subject to repurchase agreement. The City shall have properly executed a master repurchase agreement with each counterparty with which it enters into repurchase agreements. Repurchase agreements are to be used solely as short-term investments not to exceed 90 days. A maximum of 15 percent of the City's portfolio may be invested in this category.

10. **Medium Term Notes**

Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Purchases are limited to securities rated in a rating category of "A" or its equivalent or better by at least one NRSRO. A maximum of 30 percent of the City's portfolio may be invested in this category. No more than 5% of the portfolio may be invested in any single issuer.

11. Asset-Backed Securities

A mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond from issuers not defined in subsections 1 and 2 of the Eligible Investments Section, of a legal final maturity not exceeding five years. Securities eligible for investment under this subdivision must be rated in in a rating category of "AA" or its equivalent or better by a NRSRO. A maximum of 20 percent of the City's portfolio may be invested in this category. No more than 5% of the portfolio may be invested in any single Asset-Backed or Commercial Mortgage security issuer.

12. **Supranational Securities**

United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank, with a maximum remaining maturity of five years

or less, and eligible for purchase and sale within the United States. Securities eligible for investment under this subdivision must be rated in a rating category of "AA" or its equivalent or better by a NRSRO. A maximum of 30 percent of the City's portfolio may be invested in this category. No more than 10% of the portfolio may be invested in any single issuer.

13. **Money Market Funds**

Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.). To be eligible for purchase, the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of $500,000,000.

A maximum of 20 percent of the City's portfolio may be invested in this category (10 percent limit per fund).

14. **State of California's Local Agency Investment Fund (LAIF)**

The Local Agency Investment Fund was established by the State to enable local agency treasurers to place funds in a pool for investment (California Government Code Section 16429.1 et seq.). The City uses this investment vehicle for short-term liquidity, investment, and yield when rates are declining. Funds are available on demand and interest is paid quarterly. The City may invest up to the maximum permitted by LAIF.

15. **Local Government Investment Pools**

Shares of beneficial interest issued by a joint powers authority organized pursuant to Government Code Section 6509.7 that invests the securities and obligations authorized in subdivisions (a) to (r), inclusive, of Government Code Section 53601.

IX. Investment Pools/Mutual Funds

The City shall conduct a thorough investigation of any pool or mutual fund prior to making an investment, and on a continual basis thereafter. The Director of Finance shall develop a questionnaire, which will answer the following general questions:

- A description of eligible investment securities, and a written statement of investment policy and objectives.
- A description of interest calculations and how it is distributed, and how gains and losses are treated.
- A description of how the securities are safeguarded (including the settlement processes), and how often the securities are priced and the program audited.
- A description of who may invest in the program, how often, and what size deposit and withdrawal are allowed.
- A schedule for receiving statements and portfolio listings.
- Are reserves, retained earnings, etc. utilized by the pool/fund?
- A fee schedule, and when and how it is assessed.
- Is the pool/fund eligible for bond proceeds and/or will it accept such proceeds?

X. DIVERSIFICATION AND RISK MANAGEMENT

Mitigating Credit Risk in the Portfolio

Credit risk is the risk that a security or a portfolio will lose some or all its value due to a real or perceived change in the ability of the issuer to repay its debt. The City will mitigate credit risk by adopting the following strategies:

- The diversification requirements included in the "Authorized Investments" section of this policy are designed to mitigate credit risk in the portfolio.

- No more than 5% of the total portfolio may be deposited with or invested in securities issued by any single issuer unless otherwise specified in this policy.

- The City may elect to sell a security prior to its maturity and record a capital gain or loss in order to manage the quality, liquidity or yield of the portfolio in response to market conditions or Agency's risk preferences.

- If a security owned by the City is downgraded to a level below the requirements of this policy, making the security ineligible for additional purchases, the following steps will be taken:

    - Any actions taken related to the downgrade by the investment manager will be communicated to the Director of Finance in a timely manner.

    - If a decision is made to retain the security, the credit situation will be monitored and reported to the City Council.

Mitigating Market Risk in the Portfolio

Market risk is the risk that the portfolio value will fluctuate due to changes in the general level of interest rates. The City recognizes that, over time, longer-term portfolios have the potential to achieve higher returns. On the other hand, longer-

term portfolios have higher volatility of return. The City will mitigate market risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes.

The City further recognizes that certain types of securities, including variable rate securities, securities with principal paydowns prior to maturity, and securities with embedded options, will affect the market risk profile of the portfolio differently in different interest rate environments. The Agency, therefore, adopts the following strategies to control and mitigate its exposure to market risk:

- The City will maintain a minimum of six months of budgeted operating expenditures in short-term investments to provide sufficient liquidity for expected disbursements.

- The maximum stated final maturity of individual securities in the portfolio will be five (5) years as measured from date of trade settlement, except as otherwise stated in this policy.

- The duration of the portfolio will generally be approximately equal to the duration (typically, plus or minus 20%) of a Market Benchmark, an index selected by the City based on the City's investment objectives, constraints and risk tolerances. Maximum maturities may not exceed five years.

XI. MAXIMUM MATURITY

The City's cash management system is fully designed to accurately monitor and forecast revenues and expenditures thus enabling the City to invest funds possible. To the extent possible, the City will attempt to match investments with anticipated cash flow requirements. Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds.

Where this Policy does not specify a maximum remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase agreement, that at the time of the investment has a term remaining to maturity in excess of five years as measured from date of trade settlement, unless the City Council has granted express authority to make that investment either specifically or as a part of an investment program approved by the City Council no less than three months prior to the investment.

XII. INELIGIBLE INVESTMENTS

Investments not described herein, including but not limited to common stocks and financial futures contracts and options, are prohibited. The City shall not invest any funds in inverse floaters, range notes, mortgage derived interest-only strips or in any security that could result in zero interest accrual if held to maturity. The purchase of any security not listed in Section 8 above, but permitted by the California Government Code, is prohibited unless the City Council approves the

investment specifically or as a part of an investment program approved by the City Council. Securities with a trade settlement period longer than 45 days are prohibited.

XIII. BANKS AND SECURITIES DEALERS

Unless the City has an external investment advisor, the Director of Finance shall maintain a list of authorized broker/dealers and financial institutions, which are approved for investment purposes. It shall be the City's policy to purchase securities only from those authorized institutions and firms. The City shall annually send a copy of the current investment policy to all dealers approved to do business with the City. Each broker dealer or financial institution that has been authorized by the City shall be required to submit the firm's most recent financial statements. If an investment advisor is used, they may use their own list of approved broker/dealers and financial institutions for investment purposes.

XIV. SAFEKEEPING AND CUSTODY

All security transactions entered by the City shall be conducted on a delivery-versus-payment (DVP) basis. All cash and securities in the City's portfolio, including those that are managed by an investment advisor, shall be held in safekeeping in the City's name by a third-party bank trust department, acting as agent for the City under the terms of a custody agreement executed by the bank and the City. The only exception to the foregoing shall be depository accounts and securities purchases made with: (i) local government investment pools; (ii) time certificates of deposit, and, (iii) money market mutual funds, since the purchased securities are not deliverable. Evidence of each of these investments will be held in the Treasury vault. The safekeeping institution shall annually provide a copy of their most recent report on internal controls (Statement of Auditing Standards No. 70, or SAS 70).

XV. PERFORMANCE STANDARDS

The investment portfolio will be designed to obtain a market-average rate of return during budgetary and economic cycles, considering the City's investment risk constraints and cash flow needs.

XVI. REPORTING REQUIREMENTS

A Quarterly Investment report shall be provided to the City Council, City Manager, and Director of Finance.

1. A quarterly investment report will be submitted within 45 days following the period being reported to the City Council. Reports of the investment of bond proceeds are issued monthly by the Trustee and are included in the quarterly report of the pooled investment fund. The quarterly investment report shall include information on the following:
    - Type of Investment

- Issuer
- Date of Maturity
- Par and dollar amount invested on all securities
- Current market value of each security and the source of the valuation
- Credit quality of each investment, as determined by one or more nationally recognized credit rating services
- Listing of investment transactions for the quarter being reported upon.
- Statement that portfolio follows investment policy, or the way the portfolio is not in compliance
- Statement denoting ability of City to meet its expenditure requirements for the next six months, or provide enough explanation why money is not available

XVII. INVESTMENT POLICY REVIEW

The Director of Finance shall periodically submit to the City Council a statement of investment policy outlining any proposed changes, which the City Council must consider at a public meeting.

Glossary of Terms

Accrued Interest: Interest earned but not yet received.

Active Deposits: Funds which are immediately required for disbursement.

Amortization: An accounting practice of gradually decreasing (increasing) an asset's book value by spreading its depreciation (accretion) over a period.

Annual Comprehensive Financial Report (ACFR): The official annual financial report for public sector entities/companies. It includes five combined statements and basic financial statements for each individual fund and account group prepared in conformity with Generally Accepted Accounting Principles (GAAP).

Arbitrage: Transactions by which securities are bought and sold in different markets at the same time for the sake of the profit arising from a yield difference in the two markets.

Asked Price: The price a broker/dealer offers to sell securities.

Average Life: The average length of time that an issue of serial bonds and/or term bonds with a mandatory sinking fund features is expected to be outstanding.

Asset-Backed Securities (ABS): Securities that are supported by pools of assets, such as installment loans or leases, or by pools of revolving lines of credits. Asset-backed securities are structured as trusts in order to perfect a security interest in the underlying assets.

Bankers' Acceptance (BA): A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill, as well as the issuer.

Basis Point: One basis point is one hundredth of one percent (.01).

Benchmark: A comparative base for measuring the performance or risk tolerance of the investment portfolio. A benchmark should represent a close correlation to the level of risk and the average duration of the portfolio's investments.

Bid Price: The price a broker/dealer offers to purchase securities.

Bond: A financial obligation for which the issuer promises to pay the bondholder a specified stream of future cash flows, including periodic interest payments and a principal repayment.

Book Entry: The system maintained by the Federal Reserve, by which most money market securities are delivered to an investor's custodial bank. The Federal Reserve maintains a computerized record of the ownership of these securities and records any

changes in ownership corresponding to payments made over the Federal Reserve wire (delivery versus payment.)

Book Value: The value at which a debt security is shown on the holder's balance sheet. Book value is acquisition cost less amortization of premium or accretion of discount.

Broker: A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides; he does not take a position. In the money market, brokers are active in markets in which banks buy and sell money and in interdealer markets.

Callable Bond: A bond issue in which all or part of its outstanding principal amount may be redeemed before maturity by the issuer under specified conditions.

Call Price: The price at which an issuer may redeem a bond prior to maturity. The price is usually at a slight premium to the bond's original issue price to compensate the holder for loss of income and ownership.

Call Risk: The risk to a bondholder that a bond may be redeemed prior to maturity.

Cash Sale/Purchase: A transaction which calls for delivery and payment of securities on the same day that the transaction is initiated.

Certificate of Deposit (CD): A time deposit with a specific maturity evidenced by a Certificate. Large-denomination CDs are typically negotiable.

Collateral: Securities, evidence of deposit or other property, which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

Commercial Paper: A short-term, unsecured, and negotiable promissory note with a fixed maturity of no more than 270 days. By statute, these issues are exempt from registration with the U.S. Securities and Exchange Commission.

Convexity: A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

Coupon: The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value.

Credit Analysis: A critical review and appraisal of the economic and financial conditions or of the ability to meet debt obligations.

Credit Rating: Various alphabetical and numerical designations used by institutional investors, Wall Street underwriters, and commercial rating companies to give relative indications of bond and note creditworthiness. S&P Global and Fitch Ratings use the same system, starting with their highest rating of AA, AA, A, BBB, BB, B, CCC, CC, C and D for default. Moody’s Investors Services uses Aaa, Aa, A Baa, Ba, B, Caa, Ca, C, and D.

Each of the services use pluses (+), minuses (-), or numerical modifiers to indicate steps within each category. The top four-letter categories are considered investment grade ratings.

Credit Risk: The risk to an investor that an issuer will default in the payment of interest and/or principal on a security and a loss will result.

Current Yield: The interest paid on an investment expressed as a percentage of the current price of security.

CUSIP Number: the Committee on Uniform Security Information Procedures (CUSIP) Number refers to a security's identification number assigned to each publicly traded security by the CUSIP Service Bureau operated by S&P Global for the American Bankers Association. The CUSIP Number is a nine-characters identifier unique to the issuer, the specific issue and the maturity, if applicable (the first six characters identifying the issuer, the next two identifying the security and the last digit provides a check digit to validate the accuracy of the preceding CUSIP number).

Custodian: A bank or other financial institution that keeps custody of stock certificates and other assets.

Dealer: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his or her own account.

Debenture: A bond secured only by the general credit of the issuer.

Defeased Bond Issues: Issues that have sufficient money to retire outstanding debt when due so that the agency is released from the contracts and covenants in the bond document.

Delivery versus Payment: There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free delivery). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is delivery of securities with an exchange of a signed receipt for the securities.

Derivative: Securities that are based on, or derived from, some underlying asset, reference date, or index.

Discount: The difference between the cost of a security and its value at maturity when quoted at lower than face value.

Diversification: Dividing investment funds among a variety of securities offering independent returns.

Duration: A measure of the timing of the cash flows, such as the interest payments and the principal repayment, to be received from a given fixed-income security. This calculation is based on three variables: term to maturity, coupon rate, and yield to maturity.

The duration of a security is a useful indicator of its price volatility for given changes in interest rates.

Face Value: The principal amount owed on a debt instrument. It is the amount on which interest is computed and represents the amount that the issuer promises to pay at maturity.

Fair Value: The amount at which a security could be exchanged between willing parties, other than in a forced or liquidation sale. If a market price is available, the fair value is equal to the market value.

Federal Farm Credit Bank (FFCB): Government-sponsored institution that consolidates the financing activities of the Federal Land Banks, the Federal Intermediate Credit Banks and the Banks for Cooperatives. Its securities do not carry direct U. S. Government guarantees.

Federal Funds Rate: The rate of interest at which Federal funds are traded. This rate is considered the most sensitive indicator of the direction of interest rates, as it is currently pegged by the Federal Reserve through open-market operations.

Federal Home Loan Banks (FHLB): Government sponsored wholesale banks, which lend funds and provide correspondent banking services to member commercial banks, thrift institutions, credit unions and insurance companies. The mission of the FHLBs is to liquefy the housing related assets of its members who must purchase stock in their district Bank.

Federal Home Loan Mortgage Corporation (FHLMC or Freddie Mac): Established in 1970 to help maintain the availability of mortgage credit for residential housing. FHLMC finances these operations by marketing guaranteed mortgage certificates and mortgage participation certificates. Its discount notes and bonds do not carry direct U.S. Government guarantees.

Federal National Mortgage Association (FNMA): FNMA was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development (H.U.D.). It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

Federal Open Market Committee (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

Federal Reserve System: The central bank of the U.S., which consists of seven-member Board of Governors, 12 regional banks, and about 5,700 commercial banks that are members.

Fiduciary: A person who holds something in trust for another and bears liability for its safekeeping.

Financial Industry Regulatory Authority (FINRA): A self-regulatory organization (SRO) of brokers and dealers in the over the counter securities business. Its regulatory mandate includes authority over business dealings conducted between dealers, brokers and all public investors.

Fitch IBCA, Inc. (Fitch): One of the three best-known rating agencies in the United States, the others being Moody's Investment Service, Inc. and S&P Global.

Government Accounting Standards Board (GASB): A standard-setting body, associated with the Financial Accounting Foundation, which prescribes standard accounting practices for governmental units.

Government National Mortgage Association (GNMA or Ginnie Mae): Securities influencing the volume of bank credit guaranteed by GNMA and issued by mortgage bankers, commercial banks, savings and loan associations, and other institutions. Security holder is protected by full faith and credit of the U.S. Government. Ginnie Mae securities are backed by FHA or VA mortgages. The term pass-through is often used to describe Ginnie Maes.

Government Securities: An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the U.S. securities market. See "Treasury Bills, Notes, and Bonds."

Guaranteed Investment Contracts (GICS): An agreement acknowledging receipt of funds, for deposit, specifying terms for withdrawal, and guaranteeing a rate of interest to be paid.

Inactive Deposits (Idle Funds): Funds not immediately needed for disbursement.

Investment-Grade Obligations: An investment instrument suitable for purchase by institutional investors under the prudent person rule. Investment-grade is restricted to those obligations rated BBB or higher by a rating agency.

Interest Rate Risk: The risk of gain or loss in market values of securities due to changes in interest-rate levels. For example, rising interest rates will cause the market value of portfolio securities to decline.

Inverse Floating Rate Note: A debt security with an interest rate stated as a fixed rate minus an index. This calculation causes the rate on the inverse floater to move in the

opposite direction of general interest rates. This instrument generally performs well in a declining interest rate environment but will lose value if rates rise.

Liquidity: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between the bid and asked prices is narrow and reasonable size can be done at those quotes.

Local Agency: County, City, City and County, including a chartered city or county, school district, community college district, public district, or any public or municipal corporation.

Local Agency Investment Fund (LAIF): An investment pool managed by the California State Treasurer. Local government units, with consent of the governing body of that agency, may voluntarily deposit surplus funds for the purpose of investment. Interest earned is distributed by the State Controller to the participating governmental agencies on a quarterly basis.

Make whole call: A type of call provision on a bond that allows the issuer to pay off the remaining debt early. Unlike a call option, with a make whole call provision, the issuer makes a lump sum payment that equals the net present value (NPV) of future coupon payments that will not be paid because of the call. With this type of call, an investor is compensated, or "made whole."

Mark-to-market: The process whereby the book value or collateral value of a security is adjusted to reflect its current market value.

Market Risk: Systematic risk of a security that is common to all securities of the same general class (stocks, bonds, notes, money market instruments) and cannot be eliminated by diversification (which may be used to eliminate non-systematic risk).

Market Value: The price at which a security is trading and could presumably be sold.

Master Repurchase Agreement: A written contract covering all future transactions between the parties to repurchase agreements and reverse repurchase agreements that establish each person's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

Maturity: The date upon which the principal or stated value of an investment becomes due and payable.

Medium Term Notes: Instruments issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States.

Modified Duration: A measure of exposure to market risk of a security or a portfolio. It is the percent change in the price of a security (portfolio) or a 100-basis point change in the security's (portfolio's) yield.

Money Market: The market in which short-term debt instruments (bills, commercial paper, bankers' acceptance, etc.) are issued and traded.

Money Market Mutual Fund: Mutual funds that invest solely in money market instruments (short-term debt instruments, such as Treasury bills, commercial paper, bankers' acceptances, repos and federal funds).

Moody's: Moody's Investment Service, Inc. One of the three best-known rating agencies in the United States, the others being Standard and Poor's Corporation (S&P) and Fitch IBCA, Inc. (Fitch).

National Association of Securities Dealers (NASD): A self-regulatory organization (SRO) of brokers and dealers in the over-the-counter securities business. Its regulatory mandate includes authority over firms that distribute mutual fund shares as well as other securities.

National Recognized Statistical Rating Organization (NRSRO)::
A rating organization designated by the SEC as being nationally recognized, such as Moody's Investor Service, Inc. (Moody's), S&P Global (S&P), and Fitch Ratings (Fitch).

Net Asset Value: The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets, which includes securities, cash, and any accrued earnings, subtracting this from the fund's liabilities and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio. [(Total assets) - (Liabilities)] / (Number of shares outstanding)

Negotiable Certificate of Deposit: A large denomination certificate of deposit, which can be sold in the open market prior to maturity.

Nominal Yield: The stated rate of interest that a bond pays its current owner, based on par value of the security. It is also known as the "coupon," "coupon rate," or "interest rate."

New Issue: Term used when a security is originally "brought" to market.

Note: A written promise to pay a specified amount to a certain entity on demand or on a specified date.

Open Market Operations: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the Federal Open Market Committee, (FOMC), to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit: Sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

Par Value: The amount of principal that must be paid at maturity. Also referred to as the face amount of a bond, normally quoted in $1,000 increments per bond.

Portfolio: Collection of securities held by an investor.

Premium: The amount by which the price paid for a security exceeds the security's par value.

Primary Dealer: A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities, broker/dealers, banks and a few unregulated firms.

Principal: The face value or par value of a debt instrument, or the amount of capital invested in a given security.

Prospectus: A legal document that must be provided to any prospective purchaser of a new securities offering registered with the SEC that typically includes information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements (also known as an "official statement").

Prudent Investor Standard: An investment standard. In some states, the law requires that a fiduciary, such as a trustee, may invest money only in a list of securities selected by the state, the so-called legal list. In other states, the trustee may invest in a security if it is one that would be bought by a prudent person of discretion and intelligence who is seeking a reasonable income and preservation of capital.

Purchase Date: The date in which a security is purchased for settlement on that or a later date.

Range Note: A debt security with a varied interest payment that depends on the number of days the designated index falls within (or in some cases outside) an established range of interest rates. Should rates move beyond the range on either end, the investor faces the risk of a reduced or zero interest payment for the applicable interest period.

Rate of Return: The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

Rating Agency: Nationally recognized credit rating agency such as Fitch, Moody's or S&P Global.

Rating Category: A credit rating assignment by a Rating Agency shall mean (a) with respect to any long-term rating category, all ratings designated by a particular letter or combination of letters, without regard to any numerical modifier, plus or minus sign or other modifier, and (b) with respect to any short-term or commercial paper rating category, all ratings designated by a particular letter or combination of letters and taking into account any numerical modifier, but not any plus or minus sign or other modifier.

Repurchase Agreement (RP or Repo): A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement and the terms of the agreement are structured to compensate the buyer for this. Dealers use RP extensively to finance their positions. Exception: when the Fed is said to be doing RP, it is lending money, which is increasing bank reserves.

Reverse Repurchase Agreement (Reverse Repo): A counter party (e.g. investment dealer) buys the securities from the holder of securities (e.g. the Agency) with an agreement to sell them back at a fixed date. The counter party in effect lends the seller, (e.g. the Agency) money for the period of the agreement with terms of the agreement structured to compensate buyer.

Risk: The uncertainty of maintaining the principal or interest associated with an investment due to a variety of factors.

Rule G-37 of the Municipal Securities Rulemaking Board: Federal regulations to sever any connection between the making of political contributions and the awarding of municipal securities.

Safekeeping: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

Safety: In the context of investing public funds, safety relates to preserving the principal of an investment in an investment portfolio; local agencies address the concerns of safety by controlling exposure to risks.

Secondary Market: A market for the repurchase and resale of outstanding issues following the initial distribution.

Securities: Investment instruments such as notes, bonds, stocks, money market instruments and other instruments of indebtedness of equity.

Sec Rule 15C3:1: See Uniform Net Capital Rule.

Securities and Exchange Commission: Agency created by Congress to protect investors in securities transactions by administering securities legislation.

Settlement Date: The date on which a trade is cleared by delivery of securities against funds.

Serial Bond: A bond issue, usually of a municipality, with various maturity dates scheduled at regular intervals until the entire issue is retired.

Sinking Fund: Money accumulated on a regular basis in a separate custodial account that is used to redeem debt securities or preferred stock issues.

Spread: The difference between two figures or percentages. It may be the difference between the bid (price at which a prospective buyer offers to pay) and asked (price at which an owner offers to sell) prices of a quote, or between the amount paid when bought and the amount received when sold.

Standard and Poor's Global (S&P): One of the three best-known rating agencies in the United States, the others being Moody's Investment Service, Inc. and Fitch IBCA, Inc. (Fitch).

Strip (Bonds): Brokerage-house practice of separating a bond into its principal and interest, which are then sold as zero-coupon bonds.

Supranationals: Multi-national organizations whereby member states transcend national boundaries or interests to share in the decision making to promote economic development in member countries.

Swap: An agreement between two parties (known as counterparties) where one stream of future interest payments is exchanged for another based on a specified principal amount.

Term Bond: Bonds comprising a large part or all of a particular issue, which come due in a single maturity. The issuer usually agrees to make periodic payments into a sinking fund for mandatory redemption of term bonds before maturity.

Time Certificate of Deposit: A non-negotiable certificate of deposit, which cannot be sold prior to maturity.

Total Return: The sum of all investment income plus changes in the capital value of the portfolio. For mutual funds, return on an investment is composed of share price appreciation plus any realized dividends or capital gains. This is calculated by taking the following components during a certain time period. (Price Appreciation) + (Dividends paid) + (Capital gains) = Total Return

Treasury Bills: A noninterest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

Treasury Bonds: Long-term coupon-bearing U.S. Treasury securities issued as direct obligations of the U.S. Government and having initial maturities of more than 10 years.

Treasury Notes: Medium-term coupon-bearing U.S. Treasury securities issued as direct obligations of the U.S. Government and having initial maturities from two to 10 years.

Trustee or trust company or trust department of a bank: A financial institution with trust powers which acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.

Underwriter: A dealer which purchases a new issue of municipal securities for resale.

Uniform Net Capital Rule: Securities and Exchange Commission requirement that member firms as well as nonmember broker/dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

U.S. Government Agencies: Instruments issued by various U.S. Government Agencies most of which are secured only by the credit worthiness of the agency.

U.S. Treasury Obligations: Debt obligations of the United States Government sold by the Treasury Department in the forms of Bills, Notes, and Bonds. Bills are short-term obligations that mature in 1 year or less and are sold based on a rate of discount. Notes are obligations that mature between 1 year and 10 years. Bonds are long-term obligations that generally mature in 10 years or more.

Weighted Average Maturity (WAM): The average maturity of all the securities that comprise a portfolio that is typically expressed in days or years.

Yield: The rate of annual income returns on an investment, expressed as a percentage. (a) Income Yield is obtained by dividing the current dollar income by the current market price for the security. (b) Net Yield or Yield to Maturity is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

Yield to Maturity: The rate of income returns on an investment, minus any premium or plus any discount, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond, expressed as a percentage.

Yield Curve: A graphic representation that shows the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity.

Zero-coupon Securities: Security that is issued at a discount and makes no periodic interest payments. The rate of return consists of a gradual accretion of the principal of the security and is payable at par upon maturity.

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
Sara Bellafronte, Assistant to the City Manager

SUBJECT: Adoption of a City Council Resolution Authorizing the City Manager to Execute an Agreement with R3 Consulting Group, Inc. for Solid Waste Consulting Services

EXECUTIVE SUMMARY

Since the late 1990s, when Pittsburg's solid waste collection and transfer station agreements were first executed, the regulatory landscape has shifted significantly with the adoption of three major State solid waste laws beginning in 2011. To ensure the City's agreements remain current and compliant, the proposed resolution authorizes the City Manager to execute a Consulting Services Agreement with R3 Consulting Group, Inc. (R3) to provide solid waste consulting services and support the update of these agreements.

FISCAL IMPACT

Approval of this agreement will result in an expenditure of up to $299,750 spanning Fiscal Years 2025-26, 2026-27, and 2027-28 from the Solid Waste Fund (210).

RECOMMENDATION

Staff recommends that the City Council adopt the attached Resolution authorizing the City Manager to execute an agreement with R3 Consulting Group, Inc. for solid waste consulting services.

BACKGROUND

The City entered into an exclusive Franchise Agreement for Refuse and Recycling Collection and Disposal with Pittsburg Disposal & Debris Box Service, Inc. (DBA Mount

Diablo Resource Recovery, MDRR) in 1999 (the “Franchise Agreement”) and an Agreement for the Operation of a Recycling Center and Transfer Station (RCTS) with Contra Costa Waste Services, Inc. (DBA MDRR) in 1995 (the “Operating Agreement”) (collectively, “the Agreements”). The Agreements have been amended at least five times each and require significant updates for modernization and alignment with applicable State laws.

As set forth in the Franchise Agreement, the City presides over base rate adjustment requests for collection and disposal services from MDRR every five years, the next being 2027. It is anticipated that new rates if approved will go into effect on July 1, 2027. Similarly, with the sunset of its most recent City Council-approved RCTS fee adjustment, the City anticipates the receipt of an RCTS fee adjustment request. It is anticipated that any Council-approved RCTS fee update will go into effect on January 1, 2027.

As a measure of transparency in restating the Agreements and responding to the anticipated fee and rate requests, the City also seeks consulting assistance to conduct an audit of MDRR’s RCTS and collection services.

On March 23, 2026, a Request for Proposals (RFP) was published for solid waste consulting services to solicit a consultant to manage the 2027 rate and fee setting processes for these services, modernize and clarify its existing Agreements, and manage various internal solid waste programs while ensuring compliance with California law, financial accountability, and public transparency.

City staff received two proposals in response to the RFP. Both proposals were carefully reviewed and scored. Both firms were invited for interviews to discuss their qualifications and approach to the City’s 2027 project, public transparency, and long-term needs. Staff recommends award of this agreement to R3.

SUBCOMMITTEE FINDINGS

This item was not reviewed by a subcommittee.

STAFF ANALYSIS

The City strives to ensure its Agreements comply with applicable State laws: AB 341 (2011) Mandatory Commercial Recycling (MCR) that establishes California’s 75% statewide recycling goal and requires businesses and multi-family properties to recycle; AB 1826 (2014) Mandatory Commercial Organics Recycling (MORe), which requires businesses and multi-family properties to arrange for organic waste recycling (food, green waste, etc.); and SB 1383 (2016) Short-Lived Climate Pollutants (SLCP) Reduction Law that requires statewide reductions in organic waste disposal and mandates edible food recovery to reduce methane emissions. With the introduction of each of these landmark State laws, the list of unfunded requirements for residents, businesses, haulers, transfer stations, and City have grown significantly. The

Agreements are in need of detailed updates after more than a combined 10 amendments made in response to the changing solid waste environment.

Furthermore, in 2025, MDRR entered into a 20-year post-collection contract with RecycleSmart (representing Cities of Walnut Creek, Lafayette, and Orinda, and the towns of Danville and Moraga, and unincorporated Alamo, Blackhawk, Diablo, and Tassajara), effective March 2027. Staff anticipates that this expansion of services at the RCTS will bring a new level of complexity to the annual and five-year rate and fee adjustment requests submitted by MDRR.

The R3 is experienced in solid waste rate analysis, contract negotiations, and financial audits. The R3 team has completed 100+ comparable engagements, including comprehensive rate reviews, study of costs analyses, and contract restructurings for jurisdictions of all sizes throughout California. R3 is currently supporting more than 12 cities, counties, and public solid waste agencies with fee audits, contract development, and rate-setting processes that mirror the City's needs. R3 demonstrated an understanding of industry trends and practical challenges that agencies face when balancing financial sustainability, regulatory compliance, and community impacts.

R3 is currently engaged in negotiating and finalizing an agreement with MDRR on behalf of another city in this region that may be instructional in developing standards of compliance, customer service, and transparency. Staff recommends R3 to assist the City with management of the 2027 rate and fee processes, modernization and clarification of existing Agreements, and management of various internal solid waste programs to ensure compliance with California law, financial accountability, exceptional customer service, low community impact, and public transparency in its solid waste programs.

ATTACHMENTS: Resolution
Consultant Agreement with R3 Consulting Group, Inc.

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter Of:

Authorizing the City Manager to Execute an Agreement with R3 Consulting Group, Inc.) RESOLUTION NO. 26-

WHEREAS, the City of Pittsburg entered into a Franchise Agreement for Refuse and Recycling Collection and Disposal with Pittsburg Disposal & Debris Box Service, Inc. (DBA Mount Diablo Resource Recovery, MDRR) in 1999, and an Agreement for the Operation of a Recycling Center and Transfer Station with Contra Costa Waste Services, Inc. (DBA MDRR) in 1995 (collectively, "the Agreements"); and

WHEREAS, since 2011, the State of California has adopted major solid waste laws, including AB 341 (2011 Mandatory Commercial Recycling), AB 1826 (2014 Mandatory Commercial Organics Recycling), and SB 1383 (2016 Short-Lived Climate Pollutants Reduction Law), introducing new requirements to jurisdictions, haulers, facilities, businesses, and residents; and

WHEREAS, the Agreements have been amended significantly and require modernization to ensure alignment with current State solid waste regulations; and

WHEREAS, in light of MDRR's new post-collection contract with RecycleSmart representing Cities of Walnut Creek, Lafayette, and Orinda, and the towns of Danville and Moraga, and unincorporated Alamo, Blackhawk, Diablo, and Tassajara, the City also seeks consulting support to conduct an audit of MDRR's collection and RCTS operations, ensure transparency in a fee and rate update processes, and support modernization of the Agreements.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Pittsburg hereby authorizes the City Manager to execute a Consulting Services Agreement with R3 Consulting Group, Inc. for solid waste consulting services.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

AYES:

NOES:

ABSTAINED:

CONSULTING SERVICES AGREEMENT BETWEEN
THE CITY OF PITTSBURG AND
R3 CONSULTING GROUP, INC.

THIS Agreement ("Agreement") for consulting services is made by and between the City of Pittsburg ("City") and R3 Consulting Group, Inc., a California limited liability company ("Consultant") (together referred to as the "Parties") as of June 1, 2026 (the "Effective Date").

Section 1. SERVICES. Subject to the terms and conditions set forth in this Agreement, Consultant shall provide to City the services described in the Scope of Work attached as Exhibit A, and incorporated herein, at the time and place and in the manner specified therein.

1.1 Term of Services. The term of this Agreement shall begin on the Effective Date. The initial term of this Agreement shall be for two (2) years from the Effective Date ("Initial Term") or the date the Consultant completes the services specified in Exhibit A, whichever occurs first, unless the term of the Agreement is otherwise terminated or extended, as referenced herein.

The City shall have the option to extend the Agreement for up to two (2) additional two-year periods (each, an "Extension Term"), at the City's sole discretion. Each Extension Term shall be exercised by providing written notice to the Consultant prior to the expiration of the then-current term. All terms and conditions of this Agreement shall remain in effect during any exercised Extension Term unless otherwise amended in writing by the Parties.

1.2 Standard of Performance. Consultant shall perform all services required pursuant to this Agreement according to the standards observed by a competent practitioner of the profession in which Consultant is engaged.

1.3 Assignment of Personnel. Consultant shall assign only competent personnel to perform services pursuant to this Agreement. In the event that City, in its sole discretion, at any time during the term of this Agreement, requests in writing the reassignment of any such persons to ensure Consultant performs services in accordance with the Standard of Performance, Consultant shall, immediately upon receiving City's request, reassign such persons.

1.4 **Time.** Consultant shall devote such time to the performance of services pursuant to this Agreement as may be reasonably necessary to meet the standard of performance provided herein above and to satisfy Consultant's obligations hereunder.

Section 2. **COMPENSATION.** City hereby agrees to pay Consultant a sum not to exceed two hundred ninety-nine thousand seven hundred fifty dollars ($299,750), as set forth in Exhibit B, attached hereto and incorporated herein for services to be performed and reimbursable expenses incurred under this Agreement. This dollar amount is not a guarantee that the City will pay that full amount to the Consultant, but is merely a limit of potential City expenditures under this Agreement.

The rates and costs for all services provided under this Agreement shall remain firm and unchanged for the entire Initial Term. If the City elects to exercise any of the optional extension terms, the rates for each subsequent extension term may be adjusted only upon mutual agreement and shall not exceed an increase equal to the Consumer Price Index (CPI) for the most recent 12-month period available at the time of the extension. No other rate increases or additional charges shall be permitted unless expressly approved in writing by the City.

Consultant and City acknowledge and agree that compensation paid by City to Consultant under this Agreement is based upon Consultant's estimated costs of providing the services required hereunder, including salaries and benefits of employees and subcontractors of Consultant. Consequently, the parties further agree that compensation hereunder is intended to include the costs of contributions to any pensions and/or annuities to which Consultant and its employees, agents, and subcontractors may be eligible. City therefore has no responsibility for such contributions beyond compensation required under this Agreement.

2.1 **Invoices.** Consultant shall submit invoices, not more often than once a month during the term of this Agreement, based on the cost for services performed and reimbursable costs incurred prior to the invoice date. Invoices shall contain the following information, unless waived by the City Manager, or his or her designee:

- Serial identifications of progress bills; i.e., Progress Bill No. 1 for the first invoice, etc.;
- The beginning and ending dates of the billing period;
- A Task Summary containing the original contract amount, the amount of prior billings, the total due this period, the balance available under the Agreement, and the percentage of completion;
- At City's option, for each work item in each task, a copy of the applicable time entries or time sheets shall be submitted showing

the name of the person doing the work, the hours spent by each person, a brief description of the work, and each reimbursable expense;
- The total number of hours of work performed under the Agreement by Consultant and each employee, agent, and subcontractor of Consultant performing services hereunder;
- The Consultant's signature.

2.2 **Monthly Payment.** City shall make monthly payments, based on invoices received, for services satisfactorily performed, and for authorized reimbursable costs incurred. City shall pay undisputed invoices that comply with the above requirements within 30 days from the receipt of the invoice.

2.3 **Final Payment.** Consultant shall submit its final invoice within 60 days of completing its services. Consultant's failure to submit its final invoice within this 60 day period shall constitute Consultant's waiver of any further billings to, or payments from, City.

2.4 **Reimbursable Expenses.** Reimbursable expenses, if any, are specified in Exhibit B and included in the total compensation referenced in Section 2. Expenses not listed in Exhibit B are not chargeable to, or reimbursable by, City.

2.5 **Payment of Taxes.** Consultant is solely responsible for the payment of all federal, state and local taxes, including employment taxes, incurred under this Agreement.

2.6 **Authorization to Perform Services.** The Consultant is not authorized to perform any services or incur any costs whatsoever under the terms of this Agreement until receipt of a written authorization from the City Manager, or his or her designee.

Section 3. **FACILITIES AND EQUIPMENT.** Except as set forth herein, Consultant shall, at its sole cost and expense, provide all facilities and equipment that may be necessary to perform the services required by this Agreement

Section 4. **INSURANCE REQUIREMENTS.** Before beginning any services under this Agreement, Consultant, at its own cost and expense, shall procure the types and amounts of insurance specified herein and maintain that insurance throughout the term of this Agreement. The cost of such insurance shall be included in the Consultant's bid or proposal. Consultant shall be fully responsible for the acts and omissions of its subcontractors or other agents.

4.1 Workers' Compensation. Consultant shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Consultant in the amount required by applicable law. The requirement to maintain Statutory Workers' Compensation and Employer's Liability Insurance may be waived by the City upon written verification that Consultant is a sole proprietor and does not have any employees and will not have any employees during the term of this Agreement.

4.2 Commercial General and Automobile Liability Insurance.

4.2.1 General requirements. Consultant, at its own cost and expense, shall maintain commercial general and automobile liability insurance for the term of this Agreement in an amount not less than $2,000,000 per occurrence and $4,000,000 aggregate, combined single limit coverage for risks associated with the work contemplated by this Agreement.

4.2.2 Minimum scope of coverage. Commercial general coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (most recent edition) covering comprehensive General Liability on an "occurrence" basis. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (most recent edition) covering any auto (Code 1), or if Consultant has no owned autos, hired (code 8) and non-owned autos (Code 9). No endorsement shall be attached limiting the coverage.

4.2.3 Additional requirements. Each of the following shall be included in the insurance coverage or added as a certified endorsement to the policy:

a. The Commercial General and Automobile Liability Insurance shall cover on an occurrence basis.

b. City, its officers, officials, employees, agents, and volunteers shall be covered as additional insureds for liability arising out of work or operations on behalf of the Consultant, including materials, parts, or equipment furnished in connection with such work or operations; or automobiles owned, leased, hired, or borrowed by the Consultant. Coverage can be provided in the form of an endorsement to the Consultant's

insurance at least as broad as CG 20 10 11 85, or both CG 20 10 10 01 and CG 20 37 10 01.

c. For any claims related to this Agreement or the work hereunder, the Consultant's insurance covered shall be primary insurance as respects the City, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, agents or volunteers shall be excess of the Consultant's insurance and non-contributing.

d. The policy shall cover inter-insured suits and include a "separation of Insureds" or "severability" clause which treats each insured separately.

e. Consultant agrees to give at least 30 days prior written notice to City before coverage is canceled or modified as to scope or amount.

4.3 Professional Liability Insurance.

4.3.1 General requirements. Consultant, at its own cost and expense, shall maintain for the period covered by this Agreement professional liability insurance for licensed professionals performing work pursuant to this Agreement in an amount not less than $1,000,000 per occurrence or claim covering the Consultant's errors and omissions.

4.3.2 Claims-made limitations. The following provisions shall apply if the professional liability coverage is written on a claims-made form:

a. The retroactive date of the policy must be shown and must be before the date of the Agreement.

b. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement or the work.

c. If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the date of this Agreement, Consultant must purchase an extended period coverage for a minimum of five (5) years after completion of work under this Agreement.

d. A copy of the claim reporting requirements must be submitted to the City for review prior to the commencement of any work under this Agreement.

4.4 All Policies Requirements.

4.4.1 Submittal Requirements. Consultant shall submit the following to City prior to beginning services:

a. Certificate of Liability Insurance in the amounts specified in this Agreement; and

b. Additional Insured Endorsement as required for the General Commercial and Automobile Liability Polices.

4.4.2 Acceptability of Insurers. All insurance required by this Agreement is to be placed with insurers with a Bests' rating of no less than A:VII.

4.4.3 Deductibles and Self-Insured Retentions. Insurance obtained by the Consultant shall have a self-insured retention or deductible of no more than $100,000.

4.4.4 Wasting Policies. No policy required herein shall include a "wasting" policy limit (i.e. limit that is eroded by the cost of defense).

4.4.5 Waiver of Subrogation. Consultant hereby agrees to waive subrogation which any insurer or contractor may require from Consultant by virtue of the payment of any loss. Consultant agrees to obtain any endorsements that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Consultant, its employees, agents, and subcontractors.

4.4.6 Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated

herein, and Consultant shall ensure that City, its officers, officials, employees, agents, and volunteers are covered as additional insured on all coverages.

4.4.7 **Excess Insurance.** If Consultant maintains higher insurance limits than the minimums specified herein, City shall be entitled to coverage for the higher limits maintained by the Consultant.

4.5 **Remedies.** In addition to any other remedies City may have if Consultant fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option: 1) obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement; 2) order Consultant to stop work under this Agreement and withhold any payment that becomes due to Consultant hereunder until Consultant demonstrates compliance with the requirements hereof; and/or 3) terminate this Agreement.

Section 5. INDEMNIFICATION AND CONSULTANT'S RESPONSIBILITIES.

5.1 **General Requirement.** To the fullest extent permitted by law, Consultant shall indemnify, defend with counsel acceptable to City, and hold harmless City and its officers, officials, employees, agents and volunteers (collectively, "Indemnitees") from and against any and all liability, loss, damage, claims, expenses, and costs, including without limitation, attorney's fees, costs and fees of litigation, (collectively, "Liability") of every nature arising out of or in connection with Consultant's performance of the services under this Agreement, or its failure to comply with any of its obligations contained in this Agreement, or its failure to comply with any applicable law or regulation, except such Liability caused by the sole negligence or willful misconduct of City.

Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Consultant from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damage or claims for damages whether or not such insurance policies shall be determined to apply.

5.2 **PERS Indemnification.** In the event that Consultant or any employee, agent, or subcontractor of Consultant providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of City, Consultant shall indemnify,

defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Consultant or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

Section 6. STATUS OF CONSULTANT.

6.1 Independent Contractor. At all times during the term of this Agreement, Consultant shall be an independent contractor and shall not be an employee of City.

6.2 Consultant Not an Agent. Except as City may specify in writing, Consultant shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Consultant shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.

Section 7. LEGAL REQUIREMENTS.

7.1 Governing Law. The laws of the State of California shall govern this Agreement.

7.2 Compliance with Applicable Laws. Consultant and any subcontractors shall comply with all laws applicable to the performance of the work hereunder. Consultant shall also, to the extent required by the California Labor Code, pay not less than the latest prevailing wage rates as determined by the California Department of Industrial Relations.

7.3 Licenses and Permits. Consultant represents and warrants to City that Consultant and its employees, agents, and any subcontractors have, and will maintain at their sole cost and expense, all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required to practice their respective professions. In addition to the foregoing, Consultant and any subcontractors shall obtain and maintain during the term of this Agreement valid business licenses from City.

7.4 Nondiscrimination and Equal Opportunity. Consultant shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, genetic information, marital status, sex, sexual orientation, gender or gender identity, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or

applicant for any services or programs provided by Consultant under this Agreement. Consultant shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Consultant thereby.

Section 8. TERMINATION AND MODIFICATION.

8.1 Termination. Upon ten days' prior written notice, City may cancel this Agreement at any time and without cause upon such written notification to Consultant. In the event of termination, Consultant shall be entitled to compensation for services performed to the effective date of termination; City, however, may condition payment of such compensation upon Consultant delivering to City any or all documents, photographs, computer software, video and audio tapes, and other materials provided to Consultant or prepared by or for Consultant or the City in connection with this Agreement.

8.2 Amendments. The parties may amend this Agreement only by a writing signed by the parties hereto.

8.3 Assignment and Subcontracting. City and Consultant recognize and agree that this Agreement contemplates personal performance by Consultant and is based upon a determination of Consultant's unique personal competence, experience, and specialized personal knowledge. Moreover, a substantial inducement to City for entering into this Agreement was and is the professional reputation and competence of Consultant. Consultant may not assign this Agreement or any interest therein without the prior written approval of the City Manager, or his or her designee. Consultant shall not subcontract any portion of the performance contemplated and provided for herein, other than to the subcontractors noted in the proposal, without prior written approval of the City Manager, or his or her designee.

8.4 Survival. All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between City and Consultant, including but not limited to the provisions of Section 5, shall survive the termination of this Agreement.

8.5 **Options upon Breach by Consultant.** If Consultant materially breaches any of the terms of this Agreement, City's remedies shall include, but not be limited to, the following:

8.5.1 Immediately terminate the Agreement;

8.5.2 Retain the plans, specifications, drawings, reports, design documents, and any other work product prepared by Consultant pursuant to this Agreement;

8.5.3 Retain a different consultant to complete the work described in Exhibit A not finished by Consultant; or

8.5.4 Charge Consultant the difference between the cost to complete the work described in Exhibit A that is unfinished at the time of breach and the amount that City would have paid Consultant pursuant to Section 2 if Consultant had completed the work.

8.5.5 The remedies mentioned in this Agreement are not exclusive of any other right, power or remedy permitted by law. The City's failure or delay in exercising any remedy shall not constitute a waiver of such remedy or preclude the further exercise of City's rights.

Section 9. KEEPING AND STATUS OF RECORDS.

9.1 **Records Created as Part of Consultant's Performance.** All final versions of reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form, that Consultant prepares or obtains pursuant to this Agreement and that relate to the matters covered hereunder shall be the property of the City. Consultant hereby agrees to deliver those documents to the City upon termination of the Agreement, and the City may use, reuse or otherwise dispose of the documents without Consultant's permission. It is understood and agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for the City and are not necessarily suitable for any future or other use. City and Consultant agree that, until final approval by City, all data, plans, specifications, reports and other documents are confidential drafts and will not be released to third parties by Consultant without prior written approval of City.

9.2 **Consultant's Books and Records.** Consultant shall maintain any and all records or documents evidencing or relating to charges for services or expenditures and disbursements charged to the City under this Agreement for a minimum of 3 years, or for any longer period required by law, from the date of final payment to the Consultant to this Agreement. All such records shall be maintained in accordance with generally accepted accounting principles and shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of the City. Pursuant to Government Code Section 8546.7, the Agreement may be subject to the examination and audit of the State Auditor for a period of 3 years after final payment under the Agreement.

Section 10 MISCELLANEOUS PROVISIONS.

10.1 **Attorneys' Fees.** If a party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provision of this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees in addition to any other relief to which that party may be entitled. The court may set such fees in the same action or in a separate action brought for that purpose.

10.2 **Venue.** In the event that either party brings any action against the other under this Agreement, the parties agree that trial of such action shall be vested exclusively in the state courts of California in Contra Costa County or in the United States District Court for the Northern District of California.

10.3 **Severability.** If a court of competent jurisdiction finds or rules that any provision of this Agreement is invalid, void, or unenforceable, the provisions of this Agreement not so adjudged shall remain in full force and effect. The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.

10.4 **No Implied Waiver of Breach**. The waiver of any breach of a specific provision of this Agreement does not constitute a waiver of any other breach of that term or any other term of this Agreement.

10.5 **Successors and Assigns.** The provisions of this Agreement shall inure to the benefit of and shall apply to and bind the successors and assigns of the parties.

10.6 **Conflict of Interest.** Consultant may serve other clients, but none whose activities within the corporate limits of City or whose business, regardless of location, would place Consultant in a "conflict of interest," as that term is

defined in the Political Reform Act, codified at California Government Code Section 81000 *et seq.*

Consultant shall not employ any City official in the work performed pursuant to this Agreement. No officer or employee of City shall have any financial interest in this Agreement that would violate California Government Code Sections 1090 *et seq.*

10.7 Solicitation. Consultant agrees not to solicit business at any meeting, focus group, or interview related to this Agreement, either orally or through any written materials.

10.8 Notices. Any notice, demand, request, consent or approval that either party is required to give the other pursuant to this Agreement, shall be in writing and may be given by either (i) personal service, or (ii) certified United States mail, postage prepaid, return receipt requested. Notice shall be effective upon personal delivery or delivery to the addresses specified below, as reflected on the receipt of delivery or return receipt, as applicable.

10.9 Professional Seal. Where applicable in the determination of the City Manager, or his or her designee, the first page of a technical report, first page of design specifications, and each page of construction drawings shall be stamped/sealed and signed by the licensed professional responsible for the report/design preparation. The stamp/seal shall be in a block entitled "Seal and Signature of Registered Professional with report/design responsibility."

10.10 Integration. This Agreement, including the scope of work attached hereto and incorporated herein as Exhibits A and B represents the entire and integrated agreement between City and Consultant and supersedes all prior negotiations, representations, or agreements, either written or oral. To the extent there are any inconsistencies between this Agreement, the

Exhibits, and Consultant's proposal, the Agreement shall control. To the extent there are any inconsistencies between the Exhibits and the Consultant's Proposal, the Exhibits shall control.

10.11 Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be an original and all of which together shall constitute one agreement.

10.12 Construction of Agreement. Each party hereto has had an equivalent opportunity to participate in the drafting of the agreement and/or to consult with legal counsel. Therefore, the usual construction of an agreement against the drafting party shall not apply hereto.

10.13 No Third Party Beneficiaries. This Agreement is made solely for the benefit of the parties hereto, with no intent to benefit any third parties.

The Parties have executed this Agreement as of the Effective Date.

SCOPE OF SERVICES

To provide its residents, businesses, and region with solid waste service, the City of Pittsburg (City) has two long-term agreements for solid waste collection and hauling, and operation of a Recycling Center and Transfer Station (RCTS). This Agreement is for solid waste consulting services to manage the 2027 rate and fee setting processes for these services, modernize and clarify its existing solid waste and operating agreements, and manage various internal solid waste programs while ensuring compliance with California law, financial accountability, and public transparency.

Key objectives contract include:

- Ensuring agreements comply with applicable State laws AB 341 2011 Mandatory Commercial Recycling (MCR) that establishes California's 75% statewide recycling goal and requires businesses and multi-family properties to recycle, AB 1826 2014 Mandatory Commercial Organics Recycling (MORe) which requires businesses and multi-family properties to arrange for organic waste recycling (food, green waste, etc.), and SB 1383 2016 Short-Lived Climate Pollutants (SLCP) Reduction Law that requires statewide reductions in organic waste disposal and mandates edible food recovery to reduce methane emissions.

- Analyzing proposed rate and fee adjustment requests received for solid waste collection and hauling, and RCTS operating services.

- Auditing financial records of the contractor to confirm accuracy and compliance.

- Reviewing franchise fees by analyzing costs versus proposed fees.

- Strengthening operational, reporting, and performance standards.

- Supporting City Council and public understanding through meetings and presentations.

Other objectives include assistance with enforcement including site visits, inspection, record-keeping, and participation in compliance related follow up, development and deployment of public education and outreach, grant application and administration, compliance reporting, and development and implementation of ordinances and programs to comply with new and existing State law.

The consultant shall be proactive, utilize best practices, comply with City policies, programs and ordinances, ensure compliance with State law, and also minimize financial, health, and safety impacts on residents and businesses.

Tasks:

A. Assist with amendment and restatement of the Agreements
   a. Recommend provisions that reflect evolution of industry and address all aspects of the City's Solid Waste program related to MDRR
   b. Ensure regulatory compliance
   c. Update reporting and outreach requirements
   d. Clarify rate-setting and audit provisions

B. Financial audit
   a. Examine revenues, costs, and compliance between Fiscal Years 2020-2021 and 2025-2026

C. Review, analyze, and seek City Council approval of proposed base rate increases for collection and hauling services

D. Review, analyze, and seek City Council approval of proposed RCTS fees

E. Conduct franchise fee review for compliance with applicable requirements
   a. Analysis of cost to provide service(s) and fees proposed

F. Other
   a. Review presentation and education materials for City Council, community groups and residents, assist with presentations as requested.
   b. Assist with development of any ordinances and policies resulting from tasks A-E
   c. Assist with City's SB 1383 compliance as needed including required countywide edible food recovery capacity planning and more
   d. Assist with development of an Education and Outreach Program resulting from task A
   e. Provide assistance with grant and funding programs offered by CalRecycle and other funding sources.
   f. Assist with Annual Reporting and CalRecycle Coordination including but not limited to:
      i. AB 939 Electronic Annual Report.
      ii. CalRecycle Electronic Annual Report
      iii. Assist with Form 303 Household Hazardous Waste Report.
   g. Assist with solid waste-related administration activities as requested.

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
John Samuelson, Director of Public Works/City Engineer
Sharon Paz, Administrative Analyst II

SUBJECT: Adoption of a City Council Resolution Approving the Preliminary Engineer's Report for Citywide Landscaping and Lighting Assessment District 1988-1, Declaring Intent to Levy and Collect Assessments for Fiscal Year 2026/27, and Setting a Date to Conduct a Public Hearing

EXECUTIVE SUMMARY

Pursuant to state statutes governing the renewal of assessment districts, the City Council is asked to adopt a resolution approving the Preliminary Engineer's Report for Citywide Landscaping and Lighting Assessment District 1988-1 (Citywide LLAD) for Fiscal Year (FY) 2026/27, and to set July 20, 2026, as the date for a public hearing for this matter.

FISCAL IMPACT

To maintain the Citywide LLAD, the Public Works Department has a preliminary budget of:
$(418,046) Estimated Beginning Fund Balance
$5,487,400 Estimated Total Revenue

- Assessment Posted to Tax Roll $3,187,022
- Assessment for City-owned Parcel (General Fund) $ 57,871
- Assessment for City-subsidized Parcels (General Fund) $ 71,566
- General Benefit (General Fund) $ 396,941
- Gap Funding (General Fund) $1,774,000

$6,341,872 Estimated Total Cost of Improvements
($854,472) Excess of Revenue Over Expense

RECOMMENDATION

City Council adopt a resolution approving the Preliminary Engineer's Report for Citywide LLAD, declare their intent to levy assessments in FY 2026/27, and set a public hearing date for July 20, 2026.

BACKGROUND

On June 6, 1988, the City Council confirmed the Engineer’s Report, ordered improvements, and levied the first annual assessment for Citywide LLAD. Since then, the assessment collected annually fund a portion of the district’s landscaping and lighting operations.

On May 4, 2026, the City Council adopted Resolution No. 26-14767, directing the City Engineer to file an annual Engineer’s Report for FY 2026/27 in accordance with the Landscaping and Lighting Act of 1972. That report has been prepared and is on file in the Office of the City Clerk.

SUBCOMMITTEE FINDINGS

This item was not brought before a subcommittee.

STAFF ANALYSIS

When the Citywide LLAD was formed in June 1988, the annual assessment was set at $69.24 per benefit factor.

Services provided include:

- Rights-of-way landscaping maintenance
- Street tree maintenance
- Sidewalk repair related to street tree damage
- Street light energy, maintenance and replacement

The assessment increased to $77.18 per benefit factor in FY 1990/91. This was affirmed by voters in the 1996 general election.

For FY 2007/08 and all years thereafter, the City increased the assessment for residential land use, (category codes 01, 21, 22, 23, 24, 25 and 29), for a total assessment of $102.18 per benefit factor. All other parcels including commercial, institutional, industrial, churches, and non-profit continue to pay the current assessment of $77.18 per benefit factor. In accordance with Proposition 218, the City conducted a mailed ballot election for the assessment increase.

There is no Consumer Price Index (CPI) adjustment factor for Citywide LLAD, and there has been no increase in the assessment since FY 2007/08, though both the area of responsibility and operation costs have increased.

State statutes mandate the annual renewal procedures for the Citywide LLAD. This is the second step of that process wherein the City Council is asked to consider and approve the Preliminary Engineer's Report and to set a public hearing for this matter before assessments can be levied.

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter Of:

Approving the Fiscal Year 2026/27 Preliminary Engineer's Report for Citywide Landscaping And Lighting Assessment District 1988-1, Declaring Intent to Levy and Collect Assessments, and Setting a Date to Conduct A Public Hearing	)	RESOLUTION NO. 26-

WHEREAS, on May 4, 2026, the City Council adopted Resolution No. 26-14767 directing the City Engineer to file an annual Engineer's Report for Citywide Landscaping and Lighting Assessment District 1988-1 for Fiscal Year 2026/27; and

WHEREAS, the assessment pays for maintenance and improvements to street lights and street trees, concrete replacement due to damage caused by street trees, facilities landscaping, rights-of-way, and medians; and

WHEREAS, by June 1, 2026, the City Engineer has filed with the City Clerk the preliminary report required by the Landscaping and Lighting Act of 1972; and

WHEREAS, all interested persons are referred to that report for a full and detailed description of the improvements, the boundaries of the assessment district, and the proposed assessments upon assessable lots and parcels of land within the district.

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby approves the preliminary Engineer's Report, intends to levy and collect assessments within Citywide Assessment District 1988-1 during Fiscal Year 2026/27, and sets the date of July 20, 2026, to conduct a public hearing on the matter during its regularly scheduled meeting pursuant to Section 22553 of the Streets and Highways Code.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

AYES:

NOES:

ABSTAINED:

ABSENT:

_____
Dionne Adams, Mayor

1. INTRODUCTION

1.1 Background

The City Council of the City of Pittsburg (the "City") pursuant to the Landscaping and Lighting Act of 1972 (Streets & Highways Code Section 22500 et seq.) (the "1972 Act"), has adopted Resolution No. 26-14767 Directing the City Engineer to Prepare and File an Annual Report for Citywide Landscaping and Lighting Assessment District 1988-1 (the "District") for Fiscal Year ("FY") 2026/27.

The Annual Report presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations, and servicing of the improvements for the District for the referenced fiscal year, a diagram of the District showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in the District in proportion to the special benefit received.

1.2 Process for Annual Assessment

In June 1988, the City Council confirmed the Engineer's Report, ordered improvements, and levied the first annual assessment for the District. This report is based on the report commissioned for the District's formation and subsequent reports prepared in previous fiscal years. As required by the procedures specified in the Act, an Engineer's Report must be prepared on an annual basis and contain a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the District. The Engineer's Report may also identify future planned projects.

The City Council must also annually adopt a resolution of intention which:

- Declares the intention of the City Council to levy and collect assessments within the District for the fiscal year stated therein.
- Refers to the District by its distinctive designation and indicates the general location.
- Refers to the report of the engineer on file with the City Clerk for a full and detailed description of the improvements, the boundaries of the District and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the District.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessment.
- Describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- States if the assessment is proposed to increase from the previous year.

1.3 Legislative Context

In 1996, California voters adopted Proposition 218, known as the "Right to Vote on Taxes Act," which added Articles XIII C and XIII D to the California Constitution. Article XIII D established new substantive and procedural requirements on agencies for levying assessments, being levies on real property by an agency for a special benefit conferred upon the real property. "Special benefit" is defined in Article XIII D as "a particular and distinct benefit over and above general benefits conferred on a real property located in the district or to the public at large."

Article XIII D imposes five basic substantive requirements on assessments:

(1) All parcels that will have a special benefit conferred upon them and upon which an assessment will be imposed must be identified;
(2) The general benefits must be distinguished from the special benefits conferred on the parcels;
(3) The proportionate special benefit derived by each identified parcel must be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided;
(4) The amount assessed to a parcel must not exceed the reasonable cost of the proportional special benefit conferred on that parcel and must not include any costs attributable to the general benefit; and
(5) Parcels within a district that are owned or used by any agency, the State of California, or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.

Article XIII D also places procedural requirements on assessments, which include preparing an engineer's report, providing written notice of the proposed assessment and a public hearing to property owners, holding a public hearing, and providing for a protest ballot proceeding.

1.4 Court Rulings

Since the initial passage of Proposition 218, several court rulings have helped provide context and direction with respect to the procedures and requirements of Article XIII D for levying assessments. Several of the key concepts from these rulings are summarized below.

1.4.1 GENERAL BENEFIT

Article XIII D requires an agency to separate the general benefits from the special benefits conferred on the identified parcels because only special benefits are assessable.

The Court of Appeal in *Golden Hills Neighborhood Assn., Inc. v. City of San Diego* (2011) ("*Golden Hills"*) clarified this concept by stating, "*Separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits*."

The Court of Appeal in *Beutz v. County of Riverside* (2010) ("*Beutz"*) noted that the trial court took judicial notice of the Legislative Analyst's Office pamphlet titled "Understanding Proposition 218" which states an agency must, "*estimate the amount of special benefit landowners would receive from the project or service, as well as the amount of 'general benefit.' This step is needed because Proposition 218 allows local government to recoup from assessments only the proportionate share of cost to provide the special benefit.*"

The Court in *Beutz* furthered this idea stating, "*Separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits*."

The Court of Appeal again reiterated the need to separate, quantify and apportion costs to general benefits from the improvements in *Broad Beach Geologic Hazard Abatement District v 31506 Victoria Point LLC* (2022), stating, *"The District cites no authority, and we are aware of none, suggesting that an agency's subjective intent determines the need to account for general benefits."*

1.4.2 BENEFIT-BASED NOT COST-BASED

In *Town of Tiburon v. Bonander* (2009) ("*Tiburon"*), the Court of Appeal clarified the idea that assessments must be apportioned based upon benefit rather than cost. The Court stated, "*Proportionate special benefit is the basis upon which a project's total assessable costs are apportioned among parcels within an assessment district.*"

The assessment on a particular property cannot be based on the relative cost of the improvements to the property, but rather on the special benefit conferred on such property. The Court in *Tiburon* also stated, "*an assessment represents the entirety of the cost of the improvement or property-related service, less any amount attributable to general benefits (which may not be assessed), allocated to individual properties in proportion to the relative special benefit conferred on the property*."

1.4.3 MEASURING AND APPORTIONING SPECIAL BENEFIT

The Court in *Tiburon* acknowledged the difficulty of trying to precisely assign and measure special benefit, stating, "*Any attempt to classify special benefits conferred on particular properties and to assign relative weights to those benefits will necessarily involve some degree of imprecision.*"

The Court in *Tiburon* went on to say that a formula assigning equal weight to different special benefits *"may be a legally justifiable approach to measuring and apportioning special benefits,* [but] *it is not necessarily the only valid approach. Whichever approach is taken to measuring and apportioning special benefits, however, it must be both defensible and consistently applied*."

2. PLANS AND SPECIFICATIONS

Pursuant to sections 22567(a) and 22568 of the 1972 Act, this report describes the existing and any proposed improvements for the District. The purpose of the District is to provide for the continued maintenance, operation, and servicing of various public improvements specially benefiting property within the District. The sections below provide general descriptions of the improvements maintained by the District.

2.1 Description of Boundaries of the District

The Assessment Diagram showing the boundary for the District can be found in Section 8.

2.2 Description of Improvements and Services

2.2.1 STREET LIGHTING

The improvements include the maintenance, operation, and servicing of streetlights throughout the boundary of the District. The improvements are generally described as: maintenance, operation, and servicing of public street lighting facilities, including all works or improvements used or useful for the lighting of any public places, including ornamental standards, luminaires, poles, supports, tunnels, manholes, vaults, conduits, pipes, wires, conductors, guys, stubs, platforms, braces, contacts, switches, capacitors, meters, communication circuits, appliances, attachments, and appurtenances. Maintenance, operation, and servicing includes, but is not limited to, personnel, furnishing utilities, electrical energy and timing/switching, lamp changing, emergency services, pole painting, fixture cleaning, glassware replacement, and rehabilitation, which includes modernization and replacement of systems; repairs, including poles, conduit, wiring and fusing, and fixtures repair and replacement, contracting services and other items necessary for the satisfactory operation of these services.

The street lighting system includes all streetlights within the public right-of-way and easements. In the District, there is a total of 4,544 streetlights of which 2,333 are owned by the City, and 2,211 are PG&E owned.

2.2.2 STREET TREES AND OTHER LANDSCAPING

The improvements include the maintenance, operation, and servicing of street trees and landscaping throughout the boundary of the District. The improvements are generally described as: the maintenance, operation, and servicing of trees, landscape and appurtenant facilities in the public right-of-way areas, as well as open space throughout the District. Eligible district costs may include, but are not limited to, personnel, furnishing electrical energy, utilities such as water and gas, materials, contracting services, and other items necessary for the satisfactory operation of these services.

The improvements authorized to be maintained and serviced include, but are not limited to: groundcover, turf, trees, shrubs, planters, the landscaped areas and weed abatement of open spaces, and may also include sidewalk and hardscape improvements, entry monuments and associated appurtenant facilities.

Maintenance includes but is not limited to trimming, pruning, weeding, fertilizing, irrigating, trash removal, sprinkler repair, plant replacement, and other necessary maintenance functions. Removal and replacement of damaged or unhealthy trees and plants located on eroded slope areas. Stabilization and soil replacement of eroded slopes.

There are approximately 415 acres of landscape maintenance area and 18,244 city-maintained trees within the District. The general location of the Improvements within the District is described as follows:

1. Park and Trail Landscaping

8th St. Linear Park	Larry Lasater Park
Americana Park	John S. Bryant Park
BART Pedestrian and Bicycle Trail	Marina Walk Park
Buchanan Park	Mariner Park
California Seasons Park	Oak Hills Park
Central Park	Oak Hills Park West
City Park	PITTSBURG Letters and Parklet
Central Harbor Park	Premier Fields
Columbia St. Linear Park	Ray Giacomelli Park
De Anza Park	Riverview Park
East Bay MUD Trail	San Marco Park – West
Frontage Rd. Living Green Trail	Santa Fe Linear Park
Harbor St. Trailhead	Small World Park
Highlands Park	Stoneman Park
Highlands Ranch Park	Stoneman Park – South (undeveloped)
Hillsdale Park	Stoneman Trailhead
John Buckley Square	Village Park at New York Landing

2. Facilities Landscaping

E. 3rd St. Parking Lot	Environmental Center
E. 6th St. Parking Lot	Old Town (Railroad Ave.)
City Hall	Heritage Plaza
Community Youth Center	Marina Center
Dream Courts	Senior Center

3. Median Landscaping

E. 3rd St. (Marina Blvd. to East St.)	Loveridge Rd. (North of Highway 4)
W. 10th St. (Railroad Ave. to Beacon St.)	McDermott Ave. (at Buchanan Rd.)
Bailey Rd. (W. Leland Rd. to Highway 4)	Marina Blvd. (Bayside Dr. to E. 3rd St.)
Buchanan Rd. (Railroad Ave. to Crestview Dr.)	McFaul Dr. (at Buchanan Rd.)
Buchanan Rd. (Tuscany Meadows subdivision)	Meadowbrook Ave. (Stoneman Ave. to Fallenleaf Way)
Civic Ave. (Davi St. to Railroad Ave.)	Meadows Ave. (south of Buchanan Rd.)
Cambria Ct. (to E. 8th St.)	N. Parkside Dr. (to Railroad Ave.)
Campbell Dr. (at Buchanan Rd.)	Power Ave. (Andrew Ave. to Range Rd.)
Capitola Pl. (to Cumberland St.)	Railroad Ave. (10th St. to south city limits)
Carion Ct. (to Loveridge Rd.)	Range Rd. (Willow Pass Rd. to south terminus)
Century Blvd. (E Leland Rd. to Somersville Rd.)	San Marco Blvd. (Highway 4 to south terminus)

Davi Ave. (Civic Ave. to Power Ave.)	Santa Ana Dr. (at Buchanan Rd.)
Gladstone Dr. (Loveridge Rd. to Arlington Cir.)	Santa Teresa Dr. (San Marco Blvd. to W. Leland Rd.)
Harbor St. (E. 3rd St. to Stoneman Ave.)	Suzanne Dr. (at Buchanan Rd.)
Inverness Dr. (at Buchanan Rd.)	Toscana Dr. (to Portofino Dr.)
E. Leland Rd. (Railroad Ave. to Century Blvd.)	Tuscany Meadows Dr. (at Buchanan Rd.)
W. Leland Rd. (to Kapalua Bay Cir.)	Valente Dr. (to Portofino Dr.)
W. Leland Rd. (Southwood Dr. to San Marco Blvd.)	Ventura Dr. (at Buchanan Rd.)
W. Leland Rd. Extension (San Marco Blvd. to Santa Teresa Dr.)	Ventura Dr. (south of Buchanan Rd.)
Loveridge Rd. (Buchanan Rd. to Highway 4)	Alves Ranch Rd. (W. Leland Rd. and Harmony St.)

4. Right-of-Way Landscaping

1050 Oak Point Dr. (pathway)	Loveridge Rd. (Stoneman Ave. to Ventura Dr.)
E. 3rd St. (Marina Blvd. to East St. tree wells)	Marina Blvd. (at E. 5th St. - Lapori Building parking lot
E. 8th St. (Harbor St. to Cumberland St.)	Marina Blvd. (Bayside Dr. to Black Diamond. St.)
W. 8th St. (mitigation project at Herb White Way)	Oak Crest Pl. (fire trail)
Alves Ranch Rd. (south of W Leland Rd.)	N. Parkside Dr. (Range Rd. to PG&E lot)
Bailey Rd. (W. Leland Rd. to city limit)	Pittsburg-Antioch Hwy. (Arcy Ln. to Solari Ave.)
Bayside Dr. (west) (Marina Blvd. to River Park Dr.)	Pittsburg-Antioch Hwy. (Harbor Rd. to city limits)
Buchanan Rd. (north) (Harbor St. to city limits)	Polaris Dr. (Brickyard Ave. to Trident Dr.)
Buchanan Rd. (south) (Quercas Ln. to east city limits)	Power Ave (north) (Andrew Ave. to Brickyard Ave.)
California Ave. (east of Loveridge Rd.)	Quiet Path Pl.
Capitola Pl. (Capitola Dr. to Cumberland St.)	Railroad Ave. (west) (Frontage Rd. to Alvarado Ave.)
E. Catamaran Cir. (east)	Railroad Ave. (California Ave. to E. 10th St.)
Central Harbor Pkwy. (launch ramp and parking lot)	Railroad Ave. (NE corner of E. 17th St.)
Central Waterfront Basin III	Railroad Ave. (east) (California Ave. to Victory Ave.)
Cumberland St. (E. 3rd St. to E. 8th St.)	Railroad Ave. & Buchanan Rd. (NW corner)
Fairside Ct.	Range Rd. (northern terminus to W. Leland Rd.)
Fawn Glen Ct.	Range Rd. (Willow Pass Rd. to southern terminus)
Freshwater Ct.	San Marco Blvd. (south of Highway 4)
Frontage Rd. (Burton Ave. to Crestview Dr.)	2246-2236 Santa Maria Dr. (west side)
Frontage Rd. Living Green Trail (Dover Way to Chelsea Way)	Santa Teresa Dr. (San Marco Blvd. to W Leland Ave.)
Greystone Pl. and Stoneman Ave.	Stoneman Ave. (Harbor St.)
Harbor St. (E. Santa Fe Ave. to E. 3rd St.)	Ventura Dr. (Buchanan Rd.)
Kirker Pass Rd. and Castlewood Dr. (to city limits)	Willow Ave. (Bailey Rd.)
E. Leland Rd. (south) (Leland Ct. and Stoneridge Dr.)	Willow Pass Rd. (Dory Rd. to west city limits)
W. Leland Rd. (Arlington Dr. to Bailey Rd.)	School St. (to Hawthorne Ave. both sides)
W. Leland Rd. (Toscana Blvd. to Santa Teresa Dr.)	Woodhill (from Burlwood Ct. to Shadow Hill Cir.)
Buchanan Rd. (east of Meadows Ave.)	W. Leland Rd. (Premier Fields)
Siena Village Dr. (San Marco 16)	Avellino Rd. (San Marco 17)

5. Feature Planting Bed Landscaping

Buchanan Park Entrance Sign and Planter	Muniz Plaza
City Park Entrance Sign	Oak Hills South Entry Monument
City Park Memorial	Oak Hills Unit 5 (at Oakpoint Dr.)
Fisherman Monument	Pelican Loop Entry (at Marina Blvd.)
Fishing Boat Monument	Plaza Fountain (E. 5th St. at Black Diamond St.)
Harbor St. (at Presidio Ln.)	Railroad Ave. (at Alvarado Ave.)
E. Leland Rd. (at eastern city limit)	Railroad Ave. (at 17th St.)
Leland Rd. at Railroad Ave.	Steel Worker State (Railroad Ave. at E. 5th St.)
Marina Blvd. (at E. 4th St.)	Raised Planter Beds (Railroad Ave., at E. 3rd St.)

Marina District Sign (E. 8th St. and Railroad Ave.)	San Marco Blvd. (south of Highway 4)
Meadows Ave. (South of Buchanan Rd.)	Veterans & Camp Stoneman Memorial

3. ESTIMATE OF COSTS

3.1 Improvement Costs

The following table summarizes the estimated annual costs to fund the improvements for FY 2026/27:

Description	Amount[(1)]
Landscaping	
Landscaping Maintenance – Staff	2,895,483
Utilities and Other Supplies	1,637,744
Subtotal Landscaping (71.48% of total costs):	*$4,533,227*
Street Trees	
Street Tree Maintenance – Staff	539,945
Supplies	110,928
Subtotal Street Trees (10.26% of total costs):	*$650,873*
Street Lighting	
Streetlight Maintenance – Staff	331,351
Utilities and Other Supplies	660,305
Subtotal Street Lighting (15.64% of total costs):	*$991,656*
Administration	
Supplies and Services	166,116
Subtotal Administration (2.62% of total costs):	*$166,116*
Total Cost of Improvements	**$6,341,872**
Less General Benefit Portion (6.26%)	(396,941)
Total Cost of Improvements to Be Assessed	**$5,944,931**
Total Special Benefit Factors	34,367.25
Actual Cost Per Special Benefit Factor - FY 2026/27	
Lighting and Landscaping	172.98
Assessed Rate Per Special Benefit Factor - FY 2026/27	
Residential and Mixed Use	102.18
All Other Uses	77.18
City Subsidy Per Special Benefit Factor - FY 2026/27	
Residential and Mixed Use	70.80
All Other Uses	95.80

(1) Slight variances may occur due to rounding.

3.2 Estimated Revenue

The following table summarizes the estimated revenue for FY 2026/27.

Description	Amount
Assessments Posted to County Tax Roll	3,187,022
Assessment for City-owned & Parcels (General Fund)	57,871
Assessment for City-subsidized Parcels (General Fund)	71,566
General Benefit (General Fund)	396,941
Gap Funding (General Fund)	1,774,000
Total Estimated Revenue	**$5,487,400**

The following table details the City-subsidized parcels.

Description	Amount
Contra Costa County Junior College District	5,840
Pittsburg Unified School District	57,367
Mount Diablo Unified School District	2,646
State Board of Equalization Properties	5,713
Total Estimated Revenue	**$71,566**

3.3 Fund Balance

The reserve balance information for the District is as follows:

Total Estimated Year Ending June 30, 2026 Fund Balance	**$(418,046)**

4. BENEFITS FROM IMPROVEMENTS

The improvements will confer special benefits upon certain parcels within the District. These special benefits created by the improvements are summarized in the table below:

Improvement	Benefit
Street Lighting	Improved Safety Improved Accessibility
Street Trees and Other Landscaping	Improved Aesthetics Increased Livability

5. QUANTIFICATION OF BENEFIT

The City may only assess property owners for that portion of the costs that provide a special and direct benefit to the properties located within the boundaries of the District. General benefits are not assessable, and the City must fund that portion of improvements that provides a general benefit to the public at large with some other funding source, such as the General Fund.

The 1972 Act does not specify a formula or method to use when determining the amount of general versus special benefit. The City Engineer is responsible for conducting the general versus special benefit analysis and then making a recommendation to the City Council, which makes the final determination. The general benefit analysis is summarized below.

5.1 Street Lighting

The City recognizes that a portion of the maintenance, operation, and servicing of the City's streetlights on arterial streets that are funded by the District provides a general benefit to the public at large. Therefore, the City contribution to the District for any general benefits incurred by the maintenance, operation, and services on arterial roadways is estimated to be 3% of the operation and maintenance cost. This estimate was derived by determining the percentage of arterial roadway included in the District and multiplying that by the percent benefit assumed for traffic operations.

5.2 Street Trees and Other Landscaping

The District provides operation and maintenance for over 250 acres of City-owned neighborhood and community parks, and open space. For the purpose of calculating general benefit, it was assumed that casual park use by non-residents (park users not participating in a scheduled program) is de minimus because of the local nature of park use and the condition and popularity of parks in adjacent communities. Therefore, the general benefit derived for park and facility operation and maintenance is based solely on programs currently offered by the Pittsburg Recreation Department. It was estimated that 27% of the park area and facilities in the District have recreation programs offered. Based on data sampled, 30% of the participants registered for City recreation programs in the previous twelve months are non-residents.

5.3 Residential Benefit

For residential parcels, the measure of the intensity of land use is based on the number of dwelling units on a parcel. Multiple dwelling unit residences receive increased benefits as the number of units on a parcel increase. However, the incremental benefit per unit decreases as the number of units increase. In other words, a single-family home's benefit factor is 1.00, a condominium's benefit factor is 0.75, a four-plex's benefit factor is 2.95. A four-plex does not have four times the special benefit of a single-family home, but its benefit is larger than that of a single-family home. Each additional unit in a residential complex adds benefit but less benefit than the previous unit added.

5.4 Commercial and Industrial Benefit

For non-residential parcels, the intensity of use is based on the parcel's area and its frontage along public streets. Benefits from district improvements are estimated to rise with increasing parcel area and frontage. Once again, however, the incremental benefit per unit of area or frontage decreases with increasing parcel size or frontage.

Two separate land use categories are used for nonresidential parcels: "industrial" and "commercial/institutional". These two nonresidential categories are further divided according to whether a parcel is developed or vacant. The assessment methodology estimates that the benefit to a vacant parcel is fifty (50) percent of the benefit to a developed one. Parking lots are defined as vacant commercial/institutional parcels and are thus assessed at the fifty (50) percent benefit level.

5.5 Mathematical Benefit Calculation

The total benefit estimate for a given benefit measure can be calculated from formulas determined by the City Engineer that closely estimate the special benefit. Those formulas, charts denoting benefit given parcel use and size, and sample calculations are in Section 6 of this report.

6. METHOD OF APPORTIONMENT

Once special benefits are identified, they must be assigned based on the estimated proportionate special benefit derived by each parcel. This section describes the assignment of special benefit to each parcel.

6.1 Method

The City Engineer has developed and proposed an equitable method for distributing the costs of maintaining the District lighting and landscaping. That method:

- Determines the relative benefit received by each parcel based on type and intensity of land use.
- Derives a numerical expression to determine the special benefit (benefit factor)
- Determines the cost for maintenance of the District improvements.
- Derives an actual cost per unit of benefit (unit cost) by dividing the total estimated costs based on actual maintenance costs to cover all District costs by the total benefit factors.
- Derives an applied assessment for each parcel based on an assessment per benefit factor of $102.18 for residential and mixed use parcels and $77.18 for all other uses.
- Analyzes the actual costs per unit benefit for each parcel and the applied assessment for each parcel and calculates the difference between actual district costs and applied assessment.

The assessment method asserts that: 1) all assessable parcels in the District benefit from the improvements because they are similarly distributed throughout the District; 2) the benefit for each property varies according to the use of the property and the intensity of that use, and for a given intensity of use, similar land uses will derive similar benefits; 3) any subsidy currently provided by the City is based on the actual maintenance cost to the District.

Newly developed areas within the District will be assessed if a final map has been recorded and the parcel has been created by the date established by the County Assessor's Office for inclusion on the Assessment Roll. Vacant residential parcels are currently not assessed. Therefore, an assessment will be levied once a structure is declared final by the City of Pittsburg's Building Division.

The establishment of the LLAD and its assessment methodology occurred prior to passage of Proposition 218. The provisions of Proposition 218 require that all parcels, including those that are owned by any agency (local, state, or federal), that benefit from the improvements within the District cannot be exempt from assessments "*unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.*" Proposition 218 also requires that all existing, new, or increased assessments comply with the provisions of Proposition 218. Therefore, after the passage of Prop. 218, the City began imposing assessments on public property to ensure conformance with state law.

6.2 Assessment by Land Use Category

The following table details the total assessments by land use category.

Category Code	Land Use Category	Parcel Count	Benefit Factors	Assessment
01	Single Family Residential	16,972	16,972.00	1,734,198.96
21	2 Units, Residential	410	610.08	62,336.40
22	3 Units, Residential	19	42.24	4,316.04
23	4 Units, Residential	67	197.78	20,209.88
24	Combo with More than 1 Residence	18	41.44	4,234.04
25	Multi-Family, 5 or More Residences	51	2,747.53	280,742.86
29	Condos, Co-ops, Clusters	396	297	30,349.44
	Subtotal Residential	**17,933**	**20,908.07**	**2,136,387.62**
25/60	Multi-Family/Commercial	5	312.2080	31,901.46
	Subtotal Mixed Use	**5**	**312.2080**	**31,901.46**
39	Vacant Commercial & Institutional	63	535.47	41,327.86
50	Developed Industrial	200	5,111.54	394,509.58
59	Vacant Industrial	65	871.44	67,257.72
60	Developed Commercial & Institutional	362	6,015.54	464,281.50
71	Churches	52	208	16,053.44
85	Parking Lots	53	372.98	28,787.16
90	Non-Profit Organizations	8	32	2,469.76
	Subtotal Commercial, Institutional, Industrial, Churches, Parking Lots, and Non-Profit	**803**	**13,146.97**	**1,014,687.02**
	Totals	**18,741**	**34,367.25**	**3,182,976.10**

For each land use category, Table 5 summarizes the number of parcels, the subtotal benefit factors, and the applied assessment per benefit factor. The applied assessment for residential land use, city category codes 01, 21, 22, 23, 24, 25 and 29, is $102.18 per benefit factor. All other parcels including commercial, institutional, industrial, churches, and non-profit pay $77.18 per benefit factor. This amount continues to be less than the actual maintenance expenditure to cover all district costs per benefit factor, which is $176.52 per Benefit Factor.

The city continues to subsidize residential uses and non-residential uses, which is consistent with the goals of City Council and the community to encourage economic development and create and maintain jobs in the City of Pittsburg. The resulting assessments for each parcel are listed on the assessment roll, incorporated by reference into this report and on file with the City Clerk's office.

6.3 Calculation of Multi-Family Residential Assessment

The assessment for each parcel with a multi-family residential building is determined by multiplying the residential unit assessment ($102.18) by the parcel benefit factor. The parcel's benefit factor is determined by the number of dwelling units on the parcel. The Engineer uses one of two formulas for the benefit factor calculation, B_1 or B_2 (below). B_1 is used to calculate

the benefit for twenty-five (25) or fewer residential units, and B_2 is used for parcels with more than twenty-five residential units.

Below are 1) The formulas used to calculate the benefit factors, and 2) examples of the calculation. Using these formulas, we have constructed tables showing the number of residential units and the corresponding benefit factors.

Residential benefit factor calculation uses either:

Formula $B_1 = RO \times M + (S_1 \div 2) \times M^2$ or
Formula $B_2 = RO \times MB + (S_1 \div 2) \times MB^2 + RB \times (M\text{-}MB) + (S_2 \div 2) \times (M\text{-}MB)^2$;

Where,
M = Number of Dwelling Units
MB = 25
RO = 0.75
RB = 0.60
S_1 = -0.006
S_2 = -0.00038

Where,
B_1 = benefit for a parcel with benefit measure falling within the first line segment of incremental benefit curve

B_2 = benefit for a parcel with benefit measure falling within the second line segment of incremental benefit curve

M = benefit measure (e.g., number of dwelling units on a parcel)

MB = value of benefit measure at the point where two-line segments meet (e.g., number of dwelling units on a parcel)

RO = incremental benefit at benefit measure of 0 (i.e., the y-intercept for incremental benefit curve) (e.g., SFR/dwelling unit)

RB = incremental benefit at point where the two-line segments meet (e.g., dwelling unit number or parcel area or parcel frontage)

S_1 = slope of first line segment of incremental benefit curve (e.g., dwelling unit number or parcel area or parcel frontage)

S_2 = slope of second line segment of incremental benefit curve (e.g., dwelling unit number or parcel area or parcel frontage)

Substituting the above numbers for letters, the formulas may be simplified to read:

$B_1 = RO \times M + (S_1 \div 2) \times M^2$
$B_1 = 0.75M - (0.006 \div 2) \times M^2$
$B_1 = 0.75M - 0.003 \times M^2$

B_2 = RO x MB + (S_1 ÷ 2) x MB^2 + RB x (M-MB) + (S_2 ÷ 2) x $(M-MB)^2$
B_2 = 0.75 x 25 - (0.006 ÷ 2) x 625 + 0.60 x (M-25) - (0.00038 ÷ 2) x $(M-25)^2$
B_2 = 18.75 - (0.003) x 625 + 0.60 x (M-25) - 0.00019 x $(M-25)^2$
B_2 = 18.75 - 1.875 + (0.60 x M) - 15 - 0.00019 x $(M-25)^2$
B_2 = 1.875 + 0.60M - 0.00019 x $(M-25)^2$

Calculation examples are on the next page.

EXAMPLE 1. Find the benefit factors for a residential complex with sixteen (16) units.

16 units are less than twenty-five, so Formula B_1 "RO x M + (S_1 ÷ 2) x M^2" is used. That formula has been simplified for this example.

B_1 = 0.75M - 0.003 x M^2
M = 16
B_1 = (0.75)(16) - (0.003)(16^2)
B_1 = 12 - 0.768
B_1 = 11.232 Benefit Factors

The Assessment Amount = Benefit Factors Times the Unit Assessment
The Assessment Amount = 11.232 x $102.18 = $1147.69 = $1147.70

EXAMPLE 2. Find the benefit factors for a residential complex with one hundred twenty units.

120 units are more than 25, so Formula B_2 [RO x MB + (S_1 ÷ 2) x MB^2 + RB x (M-MB) + (S_2 ÷ 2) x $(M-MB)^2$] is used. That formula has been simplified for this example.

B_2 = 1.875 + 0.60M - 0.00019 x $(M-25)^2$
M = 120
B_2 = 1.875 + 0.60 x 120 - 0.00019 x $(120-25)^2$
B_2 = 1.875 + 72 - 0.00019 x 9025
B_2 = 73.875 - 1.71475
B_2 = 72.160 Benefit Factors

The Assessment Amount = Benefit Factors Times the Unit Assessment
The Assessment Amount = 72.160 x $102.18 = $7,373.31 = $7,373.32

6.4 Residential Benefit Factors

6.5 Calculation of Commercial Assessment

The assessment for each parcel with a commercial use building is determined by multiplying the unit assessment ($77.18) by that parcel's benefit factors. The parcel's benefit factors are determined by its area and street frontage. The formula for calculating a parcel's benefit factors is a detailed formula which places frontage and area on a curve corresponding to a special benefit factor rating. Separate formulas are used for calculating the number of benefit factors earned by the parcel's frontage and by its area.

Below are the formulas used to calculate the benefit factors for frontage and for area and an example of the calculation.

In the following formulas and example, please note:

F = Actual Parcel Frontage x .75
A = Parcel Area (in acres)
B = Benefit Factor

FB_1 Frontage Benefit Formula 1 (when frontage is <= 230'

$FB_1 = 0.062 \times F - (0.0002391304 \div 2) \times F^2$

FB_2 Frontage Benefit Formula 2 (when frontage is > 230')

$FB_2 = 7.935 + 0.007 \times (F-230) - (0.0000022472 \div 2) \times (F-230)^2$

AB_1 Area Benefit Formula 1 (when parcel area is <= 1.25 acres)

$AB_1 = 28.0 \times A - (21.6 \div 2) \times A^2$

AB_2 Area Benefit Formula 2 (when parcel area is > 1.25 acres)

$AB_2 = 18.125 + 1.0 \times (A - 1.25) - (0.012903226 \div 2) \times (A-1.25)^2$

EXAMPLE: Find the assessment for an inside lot; 75' x 100'

Step 1 Define the parameters:

F = 75' (Actual Parcel Frontage) X .75 (multiplier)
A = 75' x 100' = 7500 square feet ÷ 43,560 = 0.172 acre
(1 acre = 43,560 square feet)

Step 2 Calculate frontage benefit factors using Formula FB_1: (frontage is < 230')

FB_1 = $0.062 \times F - (0.0002391304 \div 2) \times F^2$
F = 56.25'
FB_1 = $0.062 \times 56.25 - 0.0001195652 \times 56.25^2$
FB_1 = $3.49 - 0.0001195652 \times 3164$
FB_1 = 3.49 - 0.369
FB_1 = 3.121 benefit factors

Step 3 Calculate area benefit factors using Formula AB_1 (area is < 1.25 acres)

AB_1 = $28.0 \times A - (21.6 \div 2) \times A^2$
A = 0.172 acre
AB_1 = $28.0 \times 0.172 - 10.8 \times 0.172^2$
AB_1 = $4.816 - 10.8 \times 0.030$
AB_1 = 4.816 - 0.324
AB_1 = 4.492 benefit factors

Step 4 Find the total benefit factors earned by the parcel.

Benefit Factors = $FB_1 + AB_1$
Benefit Factors = 3.121 + 4.492 = 7.613 Benefit Factors

Step 5 Determine the Landscaping and Lighting Assessment.

Assessment = Unit Assessment Times Benefit Factors
Assessment = \$77.18 x 7.613 = \$587.58

The above example assumes the parcel is developed. If the parcel is not developed, the assessment is 50% of the above figure.

Exceptions

Individually owned parcels and common area parcels of commercial and industrial condominiums are assigned a proration of the area and frontage, if applicable, to accommodate for the common area parcel.

6.6 Calculation of Industrial Assessment

The assessment for each parcel with an industrial use building is determined by multiplying the industrial unit assessment ($77.18) by that parcel's benefit factors. The parcel's benefit factors are determined by its area and street frontage. The formula for calculating a parcel's benefit factors is a detailed formula which places frontage and area on a curve corresponding to a predetermined benefit factor rating. Separate formulas are used for calculating the number of benefit factors earned by the parcel's frontage and by its area.

Below are the formulas used to calculate the benefit factors for frontage and for area and an example of the calculation.

In the following formulas and example, please note:

F = Actual Parcel Frontage x .75
A = Parcel Area (in acres)
BF = Benefit Factor

FB_1 Frontage Benefit Formula 1 (when frontage is <= 1,000')

$FB_1 = 0.026 \times F - (0.000017 \div 2) \times F^2$

FB_2 Frontage Benefit Formula 2 (when frontage is > 1,000')

$FB_2 = 17.5 + 0.009 \times (F-1000) - (0.0000032 \div 2) \times (F-1000)^2$

AB_1 Area Benefit Formula 1 (when parcel area is <= 5.32 acres)

$AB_1 = 14.75 \times A - (2.678572 \div 2) \times A^2$

AB_2 Area Benefit Formula 2 (when parcel area is > 5.32 acres)

$AB_2 = 40.565 + 0.5 \times (A - 5.32) - (0.007032 \div 2) \times (A-5.32)^2$

EXAMPLE: Find the assessment for an inside lot; 250' x 400'

Step 1 Define the parameters:

F = 250' (Actual Parcel Frontage) x .75 (multiplier)
A = 250' x 400' = 100,000 square feet ÷ 43,560 = 2.30 acres
(1 acre = 43,560 square feet)

Step 2 Calculate frontage benefit factors using Formula FB_1: (frontage is < 1,000')

$FB_1 = 0.026 \times F - (0.000017 \div 2) \times F^2$
F = 187.5'
$FB_1 = 0.026 \times 187.5 - 0.0000085 \times 187.5^2$

FB_1 = 0.026 x 187.5 - 0.0000085 x 35,156
FB_1 = 4.875 - 0.299
FB_1 = 4.576 benefit factors

Step 3 Calculate area benefit factors using Formula AB_1 (area is < 5.32 acres)

AB_1 = 14.75 x A - (2.678572 ÷ 2) x A^2
A = 2.30 acres
AB_1 = 14.75 x 2.30 - 1.339286 x 2.30^2
AB_1 = 14.75 x 2.30 - 1.339286 x 5.29
AB_1 = 33.925 - 7.085
AB_1 = 26.8402 Benefit Factors

Step 4 Find the total benefit factors earned by the parcel.

Benefit Factors = FB_1 + AB_1
Benefit Factors = 4.576 + 26.8402 = 31.4162 benefit factors

Step 5 Determine the Landscaping and Lighting Assessment.

Assessment = Unit Assessment Time Benefit Factors
Assessment = $77.18 x 31.4162 = $2,424.70

The above example assumes the parcel is developed. If the parcel is not developed, the assessment is 50% of the above figure.

EXCEPTIONS

Each industrial parcel that has an area greater than seventy-six (76) acres are assigned, for purposes of assessment, an acreage of 76 acres, this being the point before the parcel area formula curve goes downward. Without such an assignment, the assessment for these parcels would have been less than for parcels of a smaller size.

6.7 Amount To Be Assessed

The total maximum amount to be assessed upon the assessable parcels is the total cost of the improvements, as detailed above, less the portion of costs attributable to general benefit as detailed in the Quantification of Benefit section.

Description	Amount
Total Cost of Improvements	6,341,872
Less General Benefit Portion (6.14% of total costs)	(396,941)
Total Cost of Improvements To Be Assessed	**$5,944,931**

6.8 Method of Collection

The assessments will be collected annually on the Contra Costa County secured property tax roll. The assessments will be subject to the County's assigned due dates and late penalties. However, the City Manager (or his/her designee) may choose to collect the assessments in an alternate manner (including directly billing the property owner) as may be deemed appropriate or necessary by the City or as allowed by law.

7. CERTIFICATE

CITY OF PITTSBURG
Citywide Landscaping and Lighting Assessment District 1988-1
FISCAL YEAR 2026/27

The undersigned respectfully submits the enclosed Engineer's Report as directed by the City of Pittsburg.

By:_____

John Samuelson, P.E.
CE 67734

Date: May 13, 2026

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and the Assessment Diagram thereto attached were filed with me before the 30th day of June, 2026.

By:_____

Alice E. Evenson, City Clerk
City of Pittsburg
Contra Costa County, California

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and the Assessment Diagram thereto attached was approved and confirmed by the City Council of the City of Pittsburg, Contra Costa County on the 20th day of July 2026.

By:_____

Alice E. Evenson, City Clerk
City of Pittsburg
Contra Costa County, California

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and the Assessment Diagram thereto attached were filed with the County Auditor of the county of Contra Costa on the _____ day of _____, 2026.

By:_____

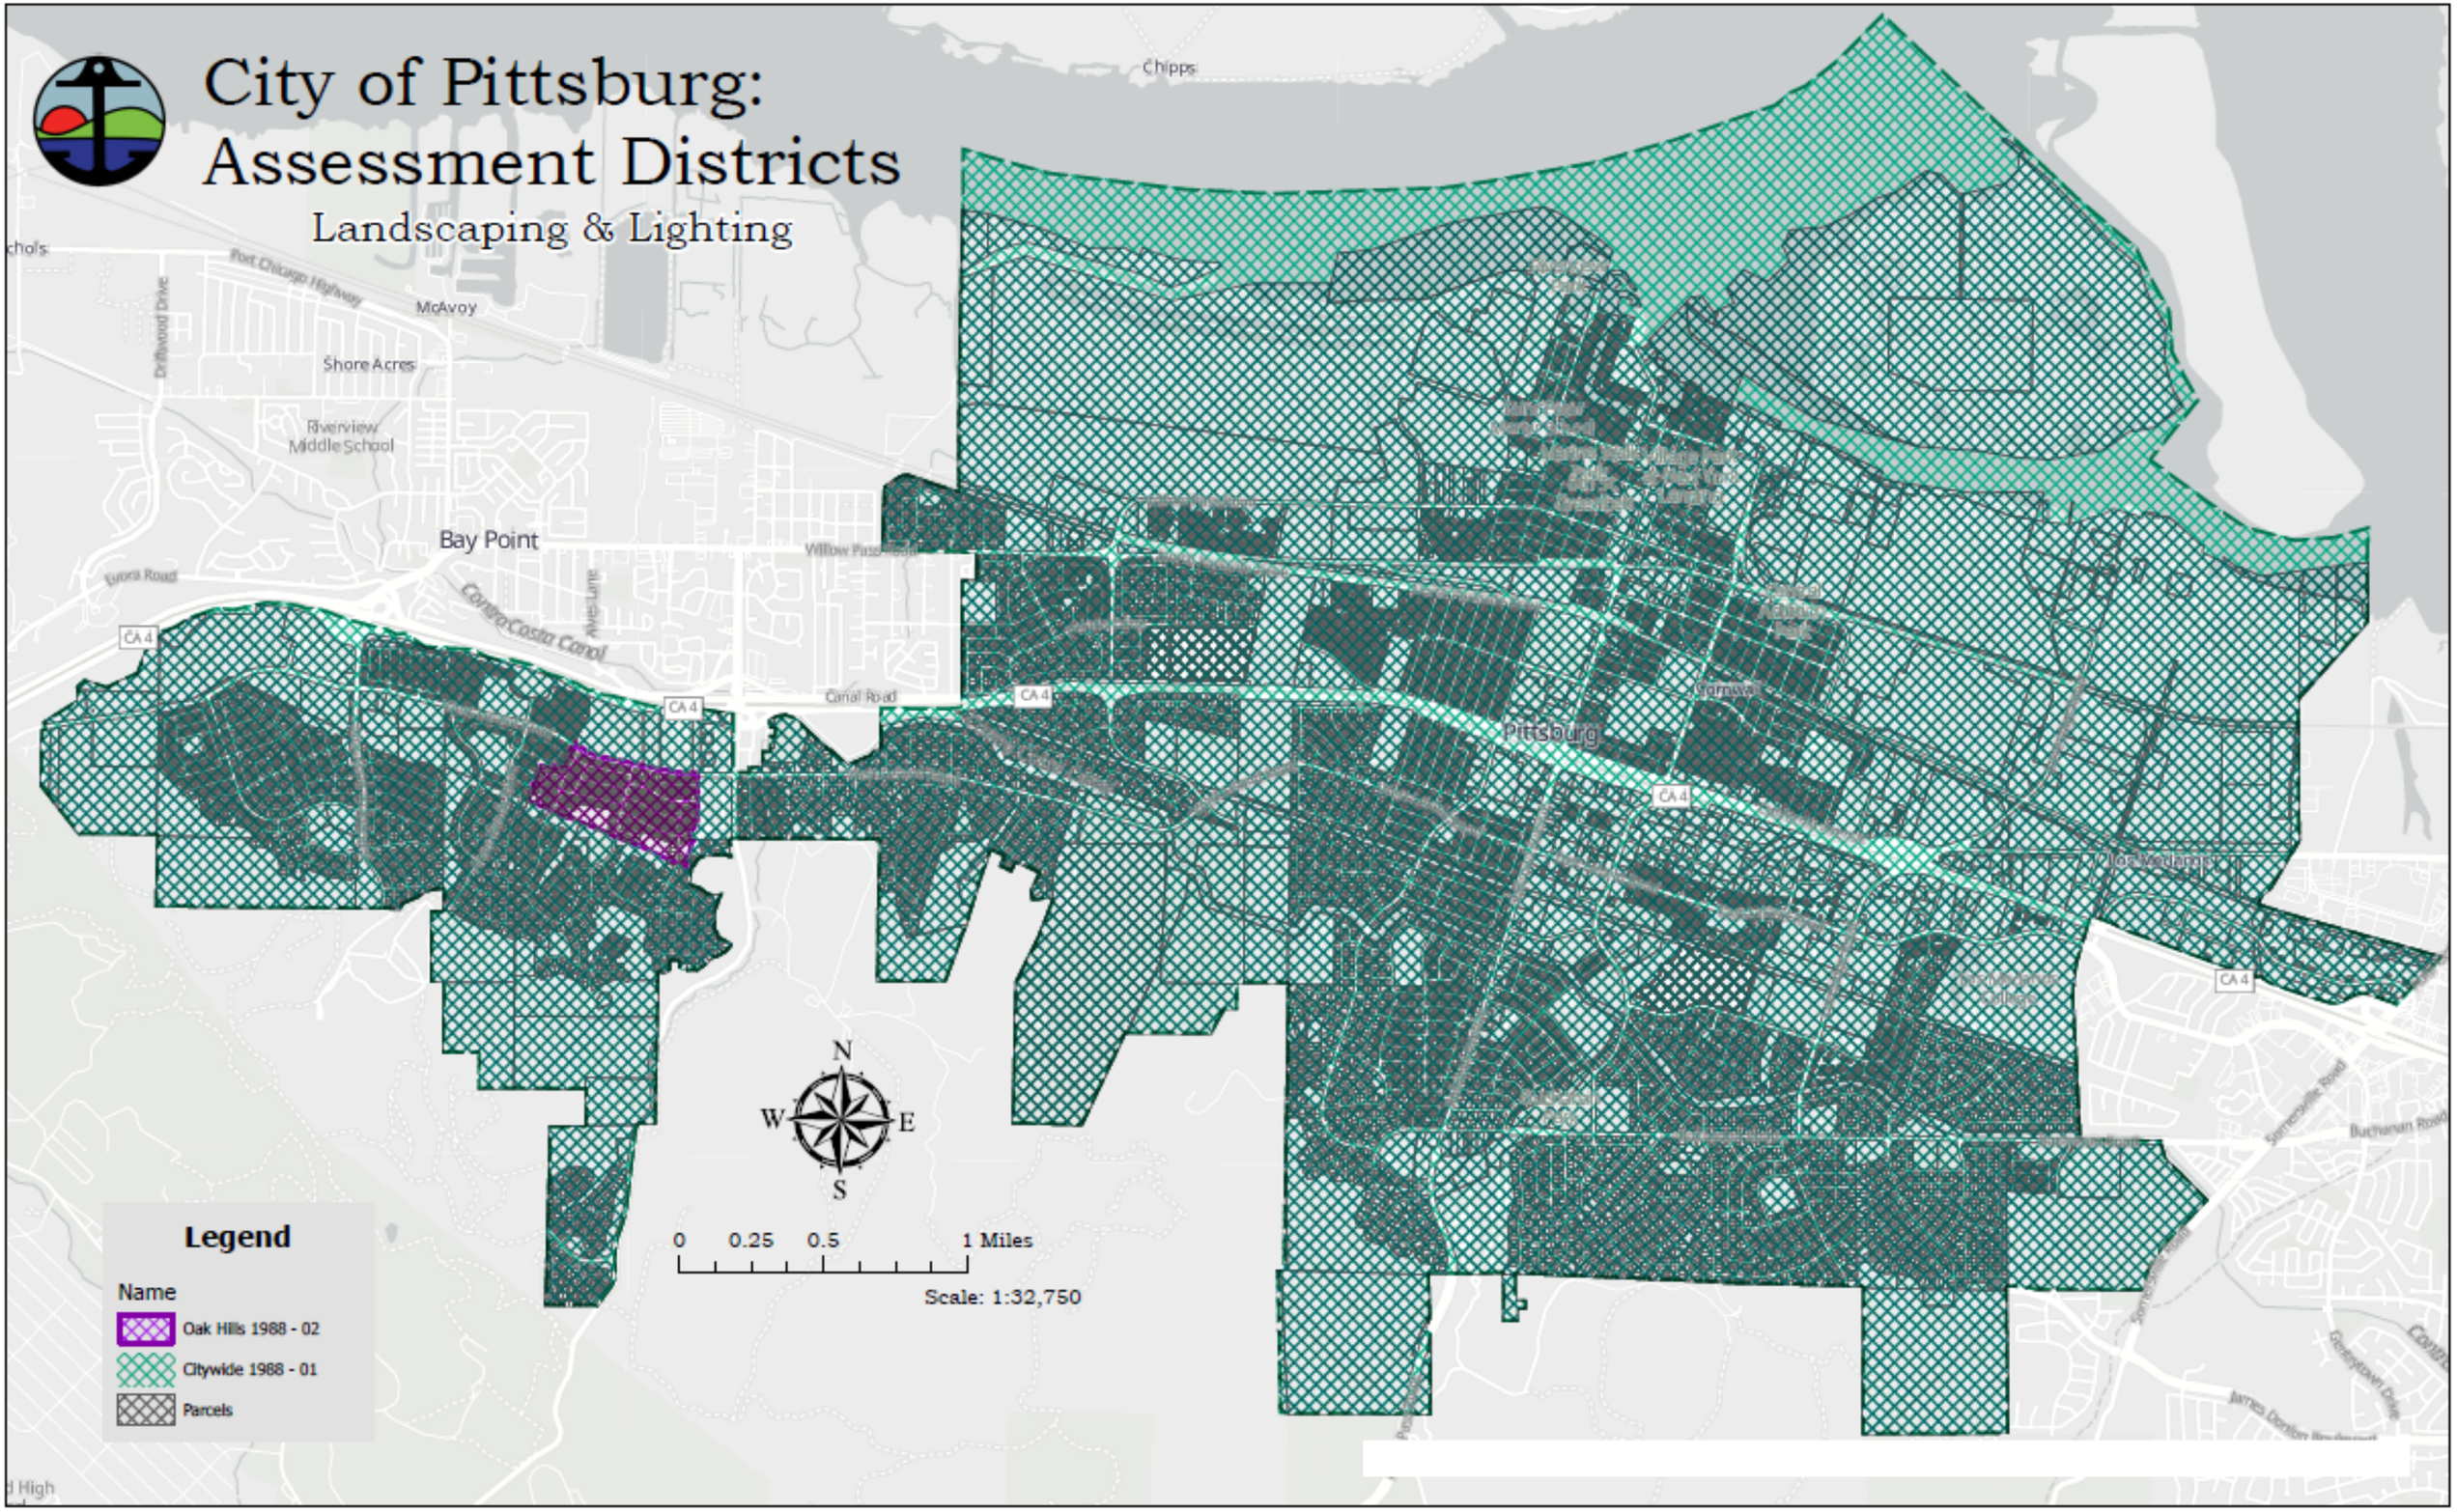

John Samuelson, P.E.
CE 67734

8. ASSESSMENT DISTRICT DIAGRAM

The following page contains the assessment diagram for the District. The lines and dimensions of each lot or parcel within the assessment district are those lines and dimensions shown on the maps of the Assessor of the County of Contra Costa for the fiscal year when this report was prepared. The Contra Costa County Assessor's Parcel Maps are hereby incorporated by reference into this report. The County Assessor's Maps shall govern all details concerning the lines and dimensions of lots or parcels. The County Assessor's Parcel Number is hereby adopted as the distinctive number identifying each parcel for purposes of this assessment.

Map Prepared by Nikesh Patel - GIS
Date Exported: 5/26/2022

9. ASSESSMENT ROLL

The Assessment Roll is a list of the Assessor Parcel numbers of Contra Costa County, owner of record, situs address, and the assessment amount for each parcel. It is incorporated by reference into this report and on file with the City Clerk's office.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Engineer's Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The following pages contain the proposed Fiscal Year 2026/27 assessment roll for the District.

PITTSBURG LANDSCAPING & LIGHTING ASSESSMENT DISTRICT 1988-01

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
John Samuelson, Director of Public Works/City Engineer
Sharon Paz, Administrative Analyst II

SUBJECT: Adoption of a City Council Resolution Approving the Preliminary Engineer's Report for Oak Hills Landscaping and Lighting Assessment District 1988-2, Declaring Intent to Levy and Collect Assessments for Fiscal Year 2026/27, and Setting a Date to Conduct a Public Hearing

EXECUTIVE SUMMARY

Pursuant to state statutes governing the renewal of assessment districts, the City Council is asked to adopt a resolution approving the Preliminary Engineer's Report for Oak Hills Landscaping and Lighting Assessment District 1988-2 (Oak Hills LLAD) for Fiscal Year (FY) 2026/27, and to set July 20, 2026, as the date for a public hearing for this matter.

FISCAL IMPACT

To maintain the Oak Hills LLAD, the Public Works Department has a preliminary budget of:
$75,611 Estimated Beginning Fund Balance
$36,236 Estimated Total Revenue

- Assessment Posted to Tax Roll $34,036
- Assessment for City-owned Parcel (General Fund) $77
- General Benefit (General Fund) $1,423
- Investment Earnings (LAIF and Other) $700

$40,352 Estimated Total Cost of Improvements
($4,116) Shortfall of Revenue Over Expense

RECOMMENDATION

City Council adopt the resolution approving the Preliminary Engineer's Report for Oak Hills LLAD, declare their intent to levy assessments in FY 2026/27, and set a public hearing date for July 20, 2026.

BACKGROUND

On June 6, 1988, the City Council confirmed the Engineer's Report, ordered improvements, and levied the first annual assessment for Oak Hills LLAD. Since then, the assessment collected annually funds the district's landscaping and lighting operations.

On May 4, 2026, the City Council adopted Resolution No. 26-14768, directing the Engineer of Work to file an annual Engineer's Report for FY 2026/27 in accordance with the Landscaping and Lighting Act of 1972. That report has been prepared and is on file in the Office of the City Clerk.

SUBCOMMITTEE FINDINGS

This item was not brought before a subcommittee.

STAFF ANALYSIS

When the Oak Hills LLAD was formed in June 1988, the annual assessment was set at $69.24 per benefit factor.

Services provided include:

- Rights-of-way landscaping maintenance
- Street tree maintenance
- Sidewalk repair related to street tree damage
- Streetlight energy, maintenance and replacement

The assessment increased to $77.18 per benefit factor in FY 1990/91. This was affirmed by voters in the 1996 general election.
The assessment has not increased in 36 years, and there is no Consumer Price Index (CPI) adjustment factor added into the existing rate.
State statutes mandate the annual renewal procedures for the Oak Hills LLAD. This is the second step of that process wherein the City Council is asked to consider and approve the Preliminary Engineer's Report and to set a public hearing for this matter before assessments can be levied.

ATTACHMENTS: Resolution
Preliminary Engineer's Report

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter Of:

Approving the Fiscal Year 2026/27 Preliminary Engineer's Report for Oak Hills Landscaping And Lighting Assessment District 1988-2, Declaring Intent to Levy and Collect Assessments, and Setting a Date to Conduct A Public Hearing	)	RESOLUTION NO. 26-

WHEREAS, on May 4, 2026, the City Council adopted Resolution No. 26-14768 directing the City Engineer to file an annual Engineer's Report for Oak Hills Landscaping and Lighting Assessment District 1988-2 for Fiscal Year 2026/27; and

WHEREAS, the assessment pays for maintenance and improvements to street lights and street trees, concrete replacement due to damage caused by street trees, facilities landscaping, rights-of-way, and medians; and

WHEREAS, on June 1, 2026, the City Engineer has filed with the City Clerk the preliminary report required by the Landscaping and Lighting Act of 1972; and

WHEREAS, all interested persons are referred to that report for a full and detailed description of the improvements, the boundaries of the assessment district, and the proposed assessments upon assessable lots and parcels of land within the district.

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby approves the preliminary Engineer's Report, intends to levy and collect assessments within Oak Hills Assessment District 1988-2 during Fiscal Year 2026/27, and sets the date of July 20, 2026, to conduct a public hearing on the matter during its regularly scheduled meeting pursuant to Section 22553 of the Streets and Highways Code.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

1. INTRODUCTION

1.1 Background

The City Council of the City of Pittsburg (the "City") pursuant to the Landscaping and Lighting Act of 1972 (Streets & Highways Code Section 22500 et seq.) (the "1972 Act"), has adopted Resolution No. 26-14768 Directing the City Engineer to Prepare and File an Annual Report for Oak Hills Landscaping and Lighting Assessment District 1988-2 (the "District") for Fiscal Year ("FY") 2026/27.

The Annual Report presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations, and servicing of the improvements for the District for the referenced fiscal year, a diagram of the District showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in the District in proportion to the special benefit received.

1.2 Process for Annual Assessment

In June 1988, the City Council confirmed the Engineer's Report, ordered improvements, and levied the first annual assessment for the District. This report is based on the report commissioned for the District's formation and subsequent reports prepared in previous fiscal years. As required by the procedures specified in the Act, an Engineer's Report must be prepared on an annual basis which contains a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the District. The Engineer's Report may also identify future planned projects.

The City Council must also annually adopt a resolution of intention which:

- Declares the intention of the City Council to levy and collect assessments within the District for the fiscal year stated therein.
- Refers to the District by its distinctive designation and indicates the general location.
- Refers to the report of the engineer on file with the City Clerk for a full and detailed description of the improvements, the boundaries of the District and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the District.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessment.
- Describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- States if the assessment is proposed to increase from the previous year.

1.3 Legislative Context

In 1996, California voters adopted Proposition 218, known as the "Right to Vote on Taxes Act," which added Articles XIII C and XIII D to the California Constitution. Article XIII D established new substantive and procedural requirements on agencies for levying assessments, being levies on real property by an agency for a special benefit conferred upon the real property. "Special benefit" is defined in Article XIII D as "a particular and distinct benefit over and above general benefits conferred on a real property located in the district or to the public at large."

Article XIII D imposes five basic substantive requirements on assessments:

(1) All parcels that will have a special benefit conferred upon them and upon which an assessment will be imposed must be identified;
(2) The general benefits must be distinguished from the special benefits conferred on the parcels;
(3) The proportionate special benefit derived by each identified parcel must be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided;
(4) The amount assessed to a parcel must not exceed the reasonable cost of the proportional special benefit conferred on that parcel and must not include any costs attributable to the general benefit; and
(5) Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.

Article XIII D also places procedural requirements on assessments, which include preparing an engineer's report, providing written notice of the proposed assessment and a public hearing to property owners, holding a public hearing, and providing for a protest ballot proceeding.

1.4 Court Rulings

Since the initial passage of Proposition 218, several court rulings have helped provide context and direction with respect to the procedures and requirements of Article XIII D for levying assessments. Several of the key concepts from these rulings are summarized below.

1.4.1 GENERAL BENEFIT

Article XIII D requires an agency to separate the general benefits from the special benefits conferred on the identified parcels because only special benefits are assessable.

The Court of Appeal in *Golden Hills Neighborhood Assn., Inc. v. City of San Diego* (2011) ("*Golden Hills"*) clarified this concept by stating, "*Separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits*."

The Court of Appeal in *Beutz v. County of Riverside* (2010) ("*Beutz"*) noted that the trial court took judicial notice of the Legislative Analyst's Office pamphlet titled "Understanding Proposition 218" which states an agency must, "*estimate the amount of special benefit landowners would receive from the project or service, as well as the amount of 'general benefit.' This step is needed because Proposition 218 allows local government to recoup from assessments only the proportionate share of cost to provide the special benefit.*"

The Court in *Beutz* furthered this idea stating, "*Separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits*."

The Court of Appeal again reiterated the need to separate, quantify and apportion costs to general benefits from the improvements in *Broad Beach Geologic Hazard Abatement District v 31506 Victoria Point LLC* (2022), stating, *"The District cites no authority, and we are aware of none, suggesting that an agency's subjective intent determines the need to account for general benefits."*

1.4.2 BENEFIT-BASED NOT COST-BASED

In *Town of Tiburon v. Bonander* (2009) ("*Tiburon"*), the Court of Appeal clarified the idea that assessments must be apportioned based upon benefit rather than cost. The Court stated, "*Proportionate special benefit is the basis upon which a project's total assessable costs are apportioned among parcels within an assessment district.*"

The assessment on a particular property cannot be based on the relative cost of the improvements to the property, but rather on the special benefit conferred on such property. The Court in *Tiburon* also stated, "*an assessment represents the entirety of the cost of the improvement or property-related service, less any amount attributable to general benefits (which may not be assessed), allocated to individual properties in proportion to the relative special benefit conferred on the property*."

1.4.3 MEASURING AND APPORTIONING SPECIAL BENEFIT

The Court in *Tiburon* acknowledged the difficulty of trying to precisely assign and measure special benefit, stating, "*Any attempt to classify special benefits conferred on particular properties and to assign relative weights to those benefits will necessarily involve some degree of imprecision.*"

The Court in *Tiburon* went on to say that a formula assigning equal weight to different special benefits *"may be a legally justifiable approach to measuring and apportioning special benefits,* [but] *it is not necessarily the only valid approach. Whichever approach is taken to measuring and apportioning special benefits, however, it must be both defensible and consistently applied*."

2. PLANS AND SPECIFICATIONS

Pursuant to sections 22567(a) and 22568 of the 1972 Act, this report describes the existing and any proposed improvements for the District. The purpose of the District is to provide for the continued maintenance, operation, and servicing of various public improvements specially benefiting property within the District. The sections below provide general descriptions of the improvements maintained by the District.

The assessments will fund the following maintenance, operation, and servicing activities:

- Street Lighting
- Street Trees and Other Landscaping

2.1 Description of Boundaries of the District

The Assessment Diagram showing the boundary for the District can be found in Section 8.

2.2 Description of Improvements and Services

2.2.1 STREET LIGHTING

The improvements include the maintenance, operation, and servicing of streetlights throughout the boundary of the District. The improvements are generally described as: maintenance, operation, and servicing of public street lighting facilities, including all works or improvements used or useful for the lighting of any public places, including ornamental standards, luminaires, poles, supports, tunnels, manholes, vaults, conduits, pipes, wires, conductors, guys, stubs, platforms, braces, contacts, switches, capacitors, meters, communication circuits, appliances, attachments, and appurtenances. Maintenance, operation, and servicing includes, but is not limited to, personnel, furnishing utilities, electrical energy and timing/switching, lamp changing, emergency services, pole painting, fixture cleaning, glassware replacement, and rehabilitation, which includes modernization and replacement of systems; repairs, including poles, conduit, wiring and fusing, and fixtures repair and replacement, contracting services and other items necessary for the satisfactory operation of these services. Currently, there are eighty-three (83) city-owned streetlights within the District.

2.2.2 STREET TREES AND OTHER LANDSCAPING

The improvements include the maintenance, operation, and servicing of street trees and landscaping throughout the boundary of the District. The improvements are generally described as: the maintenance, operation, and servicing of trees, landscape and appurtenant facilities in the public right-of-way areas, as well as open space throughout the District. Eligible district costs may include, but are not limited to, personnel, furnishing electrical energy, utilities such as water and gas, materials, contracting services, and other items necessary for the satisfactory operation of these services.

The improvements authorized to be maintained and serviced include, but are not limited to: groundcover, turf, trees, shrubs, planters, the landscaped areas and weed abatement of open spaces,

and may also include sidewalk and hardscape improvements, entry monuments and associated appurtenant facilities.

Maintenance includes but is not limited to trimming, pruning, weeding, fertilizing, irrigating, trash removal, sprinkler repair, plant replacement, and other necessary maintenance functions. Removal and replacement of damaged or unhealthy trees and plants located on eroded slope areas. Stabilization and soil replacement of eroded slopes.

There are approximately 1.92 acres of landscape maintenance area and 37 street trees within the District. The general location of the Improvements within the District is described as follows:

1. Oak Hills Dr. right-of-way from W. Leland Rd. to Southwood Dr.

2. W. Leland Rd. right-of-way from Oak Hills Dr. to westerly terminus.

3. All other improvements necessary to maintain and service the above-described facilities within the District.

The image below identifies the 37 city-maintained trees that are within the boundary of the District and along W Leland Rd

3. ESTIMATE OF COSTS

3.1 Improvement Costs

The following table summarizes the estimated annual costs to fund the improvements for Fiscal Year 2026/27:

Description	Amount[1]
Landscaping and Street Trees	
Landscape Maintenance – Staff	17,827
Other Special Department Supplies	6,000
Utilities - Water	4,000
Subtotal Landscaping and Street Trees (68.96% of total costs):	*$27,827*
Street Lighting	
Utilities - Electric	5,500
Subtotal Street Lighting (13.63% of total costs):	*$5,500*
Administration	
Other Contractual and Professional Services	1,700
Assessment Collection Fees	600
Administrative Overhead	4,725
Subtotal Administration (17.41% of total costs)	*$7,025*
Total Cost of Improvements	**$40,352**
Less General Benefit Portion (3.53%)	(1,423)
Total Cost of Improvements to Be Assessed	**$38,929**
Total Special Benefit Factors	439
Actual Cost Per Special Benefit Factor - FY 2026/27	
Lighting and Landscaping	88.68
Assessed Rate Per Special Benefit Factor - FY 2026/27	
Lighting and Landscaping	77.18
City Subsidy Per Special Benefit Factor - FY 2026/27	
Lighting and Landscaping	11.50

(1) Slight variances may occur due to rounding.

3.2 Estimated Revenue

The following table summarizes the estimated revenue for Fiscal Year 2026/27.

Description	Amount
Assessments Posted to County Tax Roll	34,036
Assessment for City-owned Parcel	77
General Benefit	1,423
Investment Earnings (LAIF and Other)	700
Total Estimated Revenue	**$36,236**

3.3 Fund Balance

The reserve balance information for the District is as follows:

Total Estimated Fund Balance Year Ending June 30, 2026	**$75,611**

4. BENEFITS FROM IMPROVEMENTS

The improvements will confer special benefits upon certain parcels within the District. These special benefits created by the improvements are summarized in the table below:

Improvement	Benefit
Street Lighting	Improved Safety Improved Accessibility
Street Trees and Other Landscaping	Improved Aesthetics Increased Livability

5. QUANTIFICATION OF BENEFIT

The City may only assess property owners for that portion of the costs that provide a special and direct benefit to the properties located within the boundaries of the District. General benefits are not assessable, and the City must fund that portion of improvements that provides a general benefit to the public at large with some other funding source, such as the General Fund.

The 1972 Act does not specify a formula or method to use when determining the amount of general versus special benefit. The City Engineer is responsible for conducting the general versus special benefit analysis and then making a recommendation to the City Council, which makes the final determination. The general benefit analysis is summarized below.

The City recognizes that nine of the City's streetlights on West Leland Rd., an arterial street that is included in the District, provides a general benefit to the public at large.

6. METHOD OF APPORTIONMENT

Once special benefits are identified, they must be assigned based on the estimated proportionate special benefit derived by each parcel. This section describes the assignment of special benefit to each parcel.

6.1 Method

The City Engineer has developed and proposed an equitable method for distributing the costs of maintaining the District lighting and landscaping. That method:

- Determines the relative benefit received by each parcel based on type and intensity of land use.
- Derives a numerical expression to determine the special benefit (benefit factor)
- Determines the cost for maintenance of the district improvements.
- Derives an actual cost per unit of benefit (unit cost) by dividing the total estimated costs based on actual maintenance costs to cover all district costs by the total benefit factors.
- Derives an applied assessment for each parcel based on an assessment per benefit factor of $77.18 for residential parcels.
- Analyzes the actual costs per unit benefit for each parcel and the applied assessment for each parcel and calculates the difference between actual district costs and applied assessment.

The assessment method asserts that: 1) all assessable parcels in the District benefit from the improvements because they are similarly distributed throughout the District; 2) the benefit for each property varies according to the use of the property and the intensity of that use, and for a given intensity of use, similar land uses will derive similar benefits; 3) any subsidy currently provided by the City is based on the actual maintenance cost to the District.

Vacant residential parcels are currently not assessed. Therefore, an assessment will be levied once a structure is declared final by the City of Pittsburg's Building Division.

Of the 441 parcels in the District, 438 are used as residences, two are open space (non-assessable), and one city-owned pump station. Benefits to family residences and the city pump station are estimated to be uniform throughout the district. Therefore, each residential parcel and the city's pump station are assessed an equal amount.

The establishment of the LLAD and its assessment methodology occurred prior to passage of Proposition 218. The provisions of Proposition 218 require that all parcels, including those that are owned by any agency (local, state, or federal), that benefit from the improvements within the District cannot be exempt from assessments "*unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit."* Proposition 218 also requires that all existing, new, or increased assessments comply with the provisions of Proposition 218. Therefore, after the passage of Prop. 218, the City began imposing assessments on public property to ensure conformance with state law.

6.2 Amount To Be Assessed

The total maximum amount to be assessed upon the assessable parcels is the total cost of the improvements, as detailed above, less the portion of costs attributable to General Benefit as detailed in the Quantification of Benefit section.

Description	Amount[(1)]
Total Cost of Improvements	40,352
Less General Benefit Portion (3.53%)	(1,423)
Total Cost of Improvements To Be Assessed	**$38,929**

6.3 Method of Collection

The assessments will be collected annually on the Contra Costa County secured property tax roll. The assessments will be subject to the County's assigned due dates and late penalties. However, the City Manager (or his/her designee) may choose to collect the assessments in an alternate manner (including directly billing the property owner) as may be deemed appropriate or necessary by the City or as allowed by law.

7. CERTIFICATE

CITY OF PITTSBURG
Oak Hills Landscaping and Lighting Assessment District 1988-2
FISCAL YEAR 2026/27

The undersigned respectfully submits the enclosed Preliminary Engineer's Report as directed by the City of Pittsburg.

By:_____

John Samuelson, P.E.
CE 67734

Date: May 11, 2026

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and the Assessment Diagram thereto attached were filed with me before the 30th day of June, 2026.

By:_____

Alice E. Evenson, City Clerk
City of Pittsburg
Contra Costa County, California

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and the Assessment Diagram thereto attached was approved and confirmed by the City Council of the City of Pittsburg, Contra Costa County on the 20th day of July 2026.

By:_____

Alice E. Evenson, City Clerk
City of Pittsburg
Contra Costa County, California

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and the Assessment Diagram thereto attached were filed with the County Auditor of the county of Contra Costa on the _____ day of _____, 2026.

By:_____

John Samuelson, P.E.
CE 67734

8. ASSESSMENT DIAGRAM

The following page contains the assessment diagram for the District. The lines and dimensions of each lot or parcel within the assessment district are those lines and dimensions shown on the maps of the Assessor of the County of Contra Costa for the fiscal year when this report was prepared. The Contra Costa County Assessor's Parcel Maps are hereby incorporated by reference into this report. The County Assessor's Maps shall govern all details concerning the lines and dimensions of lots or parcels. The County Assessor's Parcel Number is hereby adopted as the distinctive number identifying each parcel for purposes of this assessment.

9. ASSESSMENT ROLL

The Assessment Roll is a list of the Assessor Parcel numbers of Contra Costa County, owner of record, situs address, and the assessment amount for each parcel. It is incorporated by reference into this report and on file with the City Clerk's office.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Engineer's Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The following pages contain the proposed Fiscal Year 2026/27 assessment roll for the District.

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
Jordan Davis, Director of Community and Economic Development
Alison Spells, Senior Planner

SUBJECT: Adoption of a City Council Resolution Authorizing the City Manager to Execute a Consulting Services Agreement with Stantec Consulting Services Inc. for Environmental Review for the Esperanza at San Marco Project

EXECUTIVE SUMMARY

The item would authorize the City Manager to execute a Consulting Services Agreement with Stantec Consulting Services Inc. for environmental review services to comply with the California Environmental Quality Act (CEQA) for the Esperanza at San Marco Project, AP-26-0032, a proposed residential subdivision on a 22-acre site.

FISCAL IMPACT

Sufficient budget is available in the Developer Deposits fund to cover the costs of this agreement. The agreement would cover the estimated $75,116 cost for CEQA services by Stantec Consulting Services Inc., along with an approximately 25 percent contingency of $19,884.

The applicant (Legacy Builders, Inc.) is required to execute a Reimbursement Agreement with the City and provide funds to cover the base cost. As such, there is no fiscal impact to the City.

RECOMMENDATION

City Council adopt the attached resolution authorizing the City Manager to execute a Consulting Services Agreement with Stantec Consulting Services Inc., for environmental review services related to the Esperanza at San Marco Project, AP-26-0032.

BACKGROUND

On April 3, 1990, the City Council adopted Ordinance No. 90-990 certifying a negative declaration and authorizing the execution of the Southwest Development Agreement (DA) for the development of 2,938 residential units on 639 acres in the southwest hills of Pittsburg.

On January 19, 1993, the City Council adopted Resolution No. 93-7888 certifying a Final Subsequent Environmental Impact Report (SEIR) for the entire, 639-acre, 2,938-unit project currently known as the San Marco Development (State Clearinghouse No. 1991073029).

To date, approximately 2,208 residential units (1,566 single-family houses and 462 multifamily units), a public elementary school (Delta View), two neighborhood parks (Larry Lasater Park and San Marco Hills Park), a commercial center (Shoppes at San Marco), and a community park (Ray Giacomelli) have been built in the San Marco Development.

On March 10, 2026, Legacy Builders, Inc. submitted a formal application for the proposed Esperanza at San Marco Project, Planning Application No. 26-0032, requesting approval of various entitlements including: (1) an Amendment to the General Plan Map, (2) an Amendment to the San Marco Development Plan and PD-1519 (Planned Development, Ordinance No. 24-1519) District, (3) a Vesting Tentative Map for a Major Subdivision, (4) Design Review of Architectural and Landscape Plans, and (5) an Amendment to the San Marco Development Agreement. As part of the processing of this application, environmental review documentation must be prepared to comply with the California Environmental Quality Act (CEQA).

Stantec Consulting Services Inc. has submitted a Scope of Work for Environmental Consulting Services pursuant to CEQA for the Esperanza at San Marco Project.

SUBCOMMITTEE FINDINGS

The item was not presented to a subcommittee.

STAFF ANALYSIS

Stantec Consulting Services Inc. is on the City's "On-Call" list of qualified environmental consulting firms to assist the City with the preparation of environmental assessments under the CEQA and the National Environmental Policy Act (NEPA) for land use development projects. Staff believes Stantec Consulting Services Inc. can complete the required environmental review documentation required by CEQA for the Esperanza at San Marco proposal (AP-26-0032).

ATTACHMENTS: Resolution
Consulting Services Agreement

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter Of:

Authorizing the City Manager to)
Execute a Consulting Services)
Agreement with Stantec Consulting) RESOLUTION NO. 26-
Services Inc. for the Esperanza at)
San Marco Project, AP-26-0032)

WHEREAS, on March 10, 2026, Legacy Builders, Inc. ("Developer") submitted an application for the proposed "Esperanza at San Marco" Project, Planning Application No. 26-0032, requesting approval of various entitlements including an Amendment to the General Plan Map, Amendment to the San Marco Development Plan and PD-1519 (Planned Development, Ordinance No. 24-1519) District, Vesting Tentative Map for a Major Subdivision, Design Review of Architectural and Landscape Plans, Amendment to the San Marco Development Agreement and Environmental Review in accordance with the California Environmental Quality Act to construct 105 single-family residential units on an approximately 22-acre site located within Village M of the San Marco Development Plan Area at 2009 West Leland Road. Assessor's Parcel Numbers: 091-050-068 and 091-050 069; and

WHEREAS, on March 6, 2026, Stantec Consulting Services Inc., submitted a Scope of Work for Environmental Consulting Services pursuant to the California Environmental Quality Act (CEQA) for the Esperanza at San Marco Project, AP-26-0032, a residential subdivision on a 22-acre site; and

WHEREAS, Stantec Consulting Services Inc. is on the City's "On-Call" list of qualified environmental consulting firms to assist the City with the preparation of environmental assessments under the CEQA and the National Environmental Policy Act (NEPA) for land use development projects; and

WHEREAS, Stantec Consulting Services Inc. has a history of producing objective, cost-effective, and timely CEQA documents for the City of Pittsburg, as well as experience preparing CEQA addendums and Environmental Impact Reports.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Pittsburg hereby authorizes the City Manager to execute the Consulting Services Agreement with Stantec Consulting Services Inc. in an amount not to exceed $95,000.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

AYES:

CONSULTING SERVICES AGREEMENT BETWEEN
THE CITY OF PITTSBURG AND
STANTEC CONSULTING SERVICES INC.
(Environmental Consultant)

THIS Agreement ("Agreement") for consulting services is made by and between the City of Pittsburg ("City") and Stantec Consulting Services Inc., a California corporation ("Consultant") (together referred to as the "Parties") as of June 1, 2026, (the "Effective Date").

Section 1. SERVICES. Subject to the terms and conditions set forth in this Agreement, Consultant shall provide to City the services described in the Scope of Work attached as Exhibit A, and incorporated herein, at the time and place and in the manner specified therein.

1.1 Term of Services. The term of this Agreement shall begin on the Effective Date and shall end on June 1, 2028, or the date the Consultant completes the services specified in Exhibit A, whichever occurs first, unless the term of the Agreement is otherwise terminated or extended, as referenced herein.

1.2 Standard of Performance. Consultant shall perform all services required pursuant to this Agreement according to the standards observed by a competent practitioner of the profession in which Consultant is engaged.

1.3 Assignment of Personnel. Consultant shall assign only competent personnel to perform services pursuant to this Agreement. In the event that City, in its sole discretion, at any time during the term of this Agreement, requests in writing the reassignment of any such persons to ensure Consultant performs services in accordance with the Standard of Performance, Consultant shall, immediately upon receiving City's request, reassign such persons.

1.4 Time. Consultant shall devote such time to the performance of services pursuant to this Agreement as may be reasonably necessary to meet the standard of performance provided herein above and to satisfy Consultant's obligations hereunder.

Section 2. COMPENSATION. City hereby agrees to pay Consultant a sum not to exceed ninety-three thousand eight hundred ninety-five dollars ($93,895), $75,116 (plus a 25 percent contingency of $18,779) as set forth in Exhibit B, attached hereto and incorporated herein for services to be performed and reimbursable expenses incurred under this Agreement.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

This dollar amount is not a guarantee that the City will pay that full amount to the Consultant, but is merely a limit of potential City expenditures under this Agreement.

Consultant and City acknowledge and agree that compensation paid by City to Consultant under this Agreement is based upon Consultant's estimated costs of providing the services required hereunder, including salaries and benefits of employees and subcontractors of Consultant. Consequently, the parties further agree that compensation hereunder is intended to include the costs of contributions to any pensions and/or annuities to which Consultant and its employees, agents, and subcontractors may be eligible. City therefore has no responsibility for such contributions beyond compensation required under this Agreement.

2.1 **Invoices.** Consultant shall submit invoices, not more often than once a month during the term of this Agreement, based on the cost for services performed and reimbursable costs incurred prior to the invoice date. Invoices shall contain the following information, unless waived by the City Manager, or his or her designee:

- Serial identifications of progress bills; i.e., Progress Bill No. 1 for the first invoice, etc.;
- The beginning and ending dates of the billing period;
- A Task Summary containing the original contract amount, the amount of prior billings, the total due this period, the balance available under the Agreement, and the percentage of completion;
- At City's option, for each work item in each task, a copy of the applicable time entries or time sheets shall be submitted showing the name of the person doing the work, the hours spent by each person, a brief description of the work, and each reimbursable expense;
- The total number of hours of work performed under the Agreement by Consultant and each employee, agent, and subcontractor of Consultant performing services hereunder;
- The Consultant's signature.

2.2 **Monthly Payment.** City shall make monthly payments, based on invoices received, for services satisfactorily performed, and for authorized reimbursable costs incurred. City shall pay undisputed invoices that comply with the above requirements within 30 days from the receipt of the invoice.

2.3 **Final Payment.** Consultant shall submit its final invoice within 60 days of completing its services. Consultant's failure to submit its final invoice within this 60 day period shall constitute Consultant's waiver of any further billings to, or payments from, City.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

2.4 **Reimbursable Expenses.** Reimbursable expenses, if any, are specified in Exhibit B and included in the total compensation referenced in Section 2. Expenses not listed in Exhibit B are not chargeable to, or reimbursable by, City.

2.5 **Payment of Taxes.** Consultant is solely responsible for the payment of all federal, state and local taxes, including employment taxes, incurred under this Agreement.

2.6 **Authorization to Perform Services.** The Consultant is not authorized to perform any services or incur any costs whatsoever under the terms of this Agreement until receipt of a written authorization from the City Manager, or his or her designee.

Section 3. **FACILITIES AND EQUIPMENT.** Except as set forth herein, Consultant shall, at its sole cost and expense, provide all facilities and equipment that may be necessary to perform the services required by this Agreement

Section 4. **INSURANCE REQUIREMENTS.** Before beginning any services under this Agreement, Consultant, at its own cost and expense, shall procure the types and amounts of insurance specified herein and maintain that insurance throughout the term of this Agreement. The cost of such insurance shall be included in the Consultant's bid or proposal. Consultant shall be fully responsible for the acts and omissions of its subcontractors or other agents.

4.1 **Workers' Compensation.** Consultant shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Consultant in the amount required by applicable law. The requirement to maintain Statutory Workers' Compensation and Employer's Liability Insurance may be waived by the City upon written verification that Consultant is a sole proprietor and does not have any employees and will not have any employees during the term of this Agreement.

4.2 **Commercial General and Automobile Liability Insurance.**

4.2.1 **General requirements.** Consultant, at its own cost and expense, shall maintain commercial general and automobile liability insurance for the term of this Agreement in an amount not less than $2,000,000 per occurrence and $4,000,000 aggregate, combined single limit coverage for risks associated with the work contemplated by this Agreement.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

4.2.2 **Minimum scope of coverage.** Commercial general coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (most recent edition) covering comprehensive General Liability on an “occurrence” basis. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (most recent edition) covering any auto (Code 1), or if Consultant has no owned autos, hired (Code 8) and non-owned autos (Code 9). No endorsement shall be attached limiting the coverage.

4.2.3 **Additional requirements.** Each of the following shall be included in the insurance coverage or added as a certified endorsement to the policy:

a. The Commercial General and Automobile Liability Insurance shall cover on an occurrence basis.

b. City, its officers, officials, employees, agents, and volunteers shall be covered as additional insureds for liability arising out of work or operations on behalf of the Consultant, including materials, parts, or equipment furnished in connection with such work or operations; or automobiles owned, leased, hired, or borrowed by the Consultant. Coverage can be provided in the form of an endorsement to the Consultant’s insurance at least as broad as CG 20 10 11 85, or both CG 20 10 10 01 and CG 20 37 10 01.

c. For any claims related to this Agreement or the work hereunder, the Consultant’s insurance covered shall be primary insurance as respects the City, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, agents or volunteers shall be excess of the Consultant’s insurance and non-contributing.

d. The policy shall cover inter-insured suits and include a “separation of Insureds” or “severability” clause which treats each insured separately.

e. Consultant agrees to give at least 30 days prior written notice to City before coverage is canceled or modified as to scope or amount.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

4.3 Professional Liability Insurance.

4.3.1 General requirements. Consultant, at its own cost and expense, shall maintain for the period covered by this Agreement professional liability insurance for licensed professionals performing work pursuant to this Agreement in an amount not less than $1,000,000 per occurrence or claim covering the Consultant's errors and omissions.

4.3.2 Claims-made limitations. The following provisions shall apply if the professional liability coverage is written on a claims-made form:

a. The retroactive date of the policy must be shown and must be before the date of the Agreement.

b. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement or the work.

c. If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the date of this Agreement, Consultant must purchase an extended period coverage for a minimum of five (5) years after completion of work under this Agreement.

d. A copy of the claim reporting requirements must be submitted to the City for review prior to the commencement of any work under this Agreement.

4.4 All Policies Requirements.

4.4.1 Submittal Requirements. Consultant shall submit the following to City prior to beginning services:

a. Certificate of Liability Insurance in the amounts specified in this Agreement; and

b. Additional Insured Endorsement as required for the General Commercial and Automobile Liability Polices.

4.4.2 Acceptability of Insurers. All insurance required by this Agreement is to be placed with insurers with a Bests' rating of no less than A:VII.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

4.4.3 **Deductibles and Self-Insured Retentions.** Insurance obtained by the Consultant shall have a self-insured retention or deductible of no more than $100,000.

4.4.4 **Wasting Policies**. No policy required herein shall include a "wasting" policy limit (i.e. limit that is eroded by the cost of defense).

4.4.5 **Waiver of Subrogation.** Consultant hereby agrees to waive subrogation which any insurer or contractor may require from Consultant by virtue of the payment of any loss. Consultant agrees to obtain any endorsements that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Consultant, its employees, agents, and subcontractors.

4.4.6 **Subcontractors.** Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein, and Consultant shall ensure that City, its officers, officials, employees, agents, and volunteers are covered as additional insured on all coverages.

4.4.7 **Excess Insurance.** If Consultant maintains higher insurance limits than the minimums specified herein, City shall be entitled to coverage for the higher limits maintained by the Consultant.

4.5 **Remedies.** In addition to any other remedies City may have if Consultant fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option: 1) obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement; 2) order Consultant to stop work under this Agreement and withhold any payment that becomes due to Consultant hereunder until Consultant demonstrates compliance with the requirements hereof; and/or 3) terminate this Agreement.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

Section 5. INDEMNIFICATION AND CONSULTANT'S RESPONSIBILITIES.

5.1 General Requirement. To the fullest extent permitted by law, Consultant shall indemnify, defend with counsel acceptable to City, and hold harmless City and its officers, officials, employees, agents and volunteers (collectively, "Indemnitees") from and against any and all liability, loss, damage, claims, expenses, and costs, including without limitation, attorney's fees, costs and fees of litigation, (collectively, "Liability") of every nature arising out of or in connection with Consultant's performance of the services under this Agreement, or its failure to comply with any of its obligations contained in this Agreement, or its failure to comply with any applicable law or regulation, except such Liability caused by the sole negligence or willful misconduct of City.

Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Consultant from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damage or claims for damages whether or not such insurance policies shall be determined to apply.

5.2 PERS Indemnification. In the event that Consultant or any employee, agent, or subcontractor of Consultant providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of City, Consultant shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Consultant or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

Section 6. STATUS OF CONSULTANT.

6.1 Independent Contractor. At all times during the term of this Agreement, Consultant shall be an independent contractor and shall not be an employee of City.

6.2 Consultant Not an Agent. Except as City may specify in writing, Consultant shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Consultant shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

Section 7. LEGAL REQUIREMENTS.

7.1 Governing Law. The laws of the State of California shall govern this Agreement.

7.2 Compliance with Applicable Laws. Consultant and any subcontractors shall comply with all laws applicable to the performance of the work hereunder. Consultant shall also, to the extent required by the California Labor Code, pay not less than the latest prevailing wage rates as determined by the California Department of Industrial Relations.

7.3 Licenses and Permits. Consultant represents and warrants to City that Consultant and its employees, agents, and any subcontractors have, and will maintain at their sole cost and expense, all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required to practice their respective professions. In addition to the foregoing, Consultant and any subcontractors shall obtain and maintain during the term of this Agreement valid business licenses from City.

7.4 Nondiscrimination and Equal Opportunity. Consultant shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, genetic information, marital status, sex, sexual orientation, gender or gender identity, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by Consultant under this Agreement. Consultant shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Consultant thereby.

Section 8. TERMINATION AND MODIFICATION.

8.1 Termination. Upon ten days' prior written notice, City may cancel this Agreement at any time and without cause upon such written notification to Consultant. In the event of termination, Consultant shall be entitled to compensation for services performed to the effective date of termination; City, however, may condition payment of such compensation upon Consultant delivering to City any or all documents, photographs, computer software, video and audio tapes, and other materials provided to Consultant or prepared by or for Consultant or the City in connection with this Agreement.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

8.2 **Amendments.** The parties may amend this Agreement only by a writing signed by the parties hereto.

8.3 **Assignment and Subcontracting.** City and Consultant recognize and agree that this Agreement contemplates personal performance by Consultant and is based upon a determination of Consultant's unique personal competence, experience, and specialized personal knowledge. Moreover, a substantial inducement to City for entering into this Agreement was and is the professional reputation and competence of Consultant. Consultant may not assign this Agreement or any interest therein without the prior written approval of the City Manager, or his or her designee. Consultant shall not subcontract any portion of the performance contemplated and provided for herein, other than to the subcontractors noted in the proposal, without prior written approval of the City Manager, or his or her designee.

8.4 **Survival.** All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between City and Consultant, including but not limited to the provisions of Section 5, shall survive the termination of this Agreement.

8.5 **Options upon Breach by Consultant.** If Consultant materially breaches any of the terms of this Agreement, City's remedies shall include, but not be limited to, the following:

8.5.1 Immediately terminate the Agreement;

8.5.2 Retain the plans, specifications, drawings, reports, design documents, and any other work product prepared by Consultant pursuant to this Agreement;

8.5.3 Retain a different consultant to complete the work described in Exhibit A not finished by Consultant; or

8.5.4 Charge Consultant the difference between the cost to complete the work described in Exhibit A that is unfinished at the time of breach and the amount that City would have paid Consultant pursuant to Section 2 if Consultant had completed the work.

8.5.5 The remedies mentioned in this Agreement are not exclusive of any other right, power or remedy permitted by law. The City's failure or delay in exercising any remedy shall not constitute a waiver of such remedy or preclude the further exercise of City's rights.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

Section 9. KEEPING AND STATUS OF RECORDS.

9.1 Records Created as Part of Consultant's Performance. All final versions of reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form, that Consultant prepares or obtains pursuant to this Agreement and that relate to the matters covered hereunder shall be the property of the City. Consultant hereby agrees to deliver those documents to the City upon termination of the Agreement, and the City may use, reuse or otherwise dispose of the documents without Consultant's permission. It is understood and agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for the City and are not necessarily suitable for any future or other use. City and Consultant agree that, until final approval by City, all data, plans, specifications, reports and other documents are confidential drafts and will not be released to third parties by Consultant without prior written approval of City.

9.2 Consultant's Books and Records. Consultant shall maintain any and all records or documents evidencing or relating to charges for services or expenditures and disbursements charged to the City under this Agreement for a minimum of 3 years, or for any longer period required by law, from the date of final payment to the Consultant to this Agreement. All such records shall be maintained in accordance with generally accepted accounting principles and shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of the City. Pursuant to Government Code Section 8546.7, the Agreement may be subject to the examination and audit of the State Auditor for a period of 3 years after final payment under the Agreement.

Section 10 MISCELLANEOUS PROVISIONS.

10.1 Attorneys' Fees. If a party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provision of this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees in addition to any other relief to which that party may be entitled. The court may set such fees in the same action or in a separate action brought for that purpose.

10.2 Venue. In the event that either party brings any action against the other under this Agreement, the parties agree that trial of such action shall be vested exclusively in the state courts of California in Contra Costa County or in the United States District Court for the Northern District of California.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

10.3 **Severability.** If a court of competent jurisdiction finds or rules that any provision of this Agreement is invalid, void, or unenforceable, the provisions of this Agreement not so adjudged shall remain in full force and effect. The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.

10.4 **No Implied Waiver of Breach**. The waiver of any breach of a specific provision of this Agreement does not constitute a waiver of any other breach of that term or any other term of this Agreement.

10.5 **Successors and Assigns.** The provisions of this Agreement shall inure to the benefit of and shall apply to and bind the successors and assigns of the parties.

10.6 **Conflict of Interest.** Consultant may serve other clients, but none whose activities within the corporate limits of City or whose business, regardless of location, would place Consultant in a "conflict of interest," as that term is defined in the Political Reform Act, codified at California Government Code Section 81000 *et seq.*

Consultant shall not employ any City official in the work performed pursuant to this Agreement. No officer or employee of City shall have any financial interest in this Agreement that would violate California Government Code Sections 1090 *et seq.*

10.7 **Solicitation.** Consultant agrees not to solicit business at any meeting, focus group, or interview related to this Agreement, either orally or through any written materials.

10.8 **Notices.** Any notice, demand, request, consent or approval that either party is required to give the other pursuant to this Agreement, shall be in writing and may be given by either (i) personal service, or (ii) certified United States mail, postage prepaid, return receipt requested. Notice shall be effective upon personal delivery or delivery to the addresses specified below, as reflected on the receipt of delivery or return receipt, as applicable.

Consultant : Stantec Consulting Services Inc.

10.9 Professional Seal. Where applicable in the determination of the City Manager, or his or her designee, the first page of a technical report, first page of design specifications, and each page of construction drawings shall be stamped/sealed and signed by the licensed professional responsible for the report/design preparation. The stamp/seal shall be in a block entitled "Seal and Signature of Registered Professional with report/design responsibility."

10.10 Integration. This Agreement, including the scope of work attached hereto and incorporated herein as Exhibits A and B represents the entire and integrated agreement between City and Consultant and supersedes all prior negotiations, representations, or agreements, either written or oral. To the extent there are any inconsistencies between this Agreement, the Exhibits, and Consultant's proposal, the Agreement shall control. To the extent there are any inconsistencies between the Exhibits and the Consultant's Proposal, the Exhibits shall control.

Exhibit B Compensation Schedule

10.11 Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be an original and all of which together shall constitute one agreement.

10.12 Construction of Agreement. Each party hereto has had an equivalent opportunity to participate in the drafting of the agreement and/or to consult with legal counsel. Therefore, the usual construction of an agreement against the drafting party shall not apply hereto.

10.13 No Third Party Beneficiaries. This Agreement is made solely for the benefit of the parties hereto, with no intent to benefit any third parties.

EXHIBIT A

SCOPE OF SERVICES

Consultant shall perform the following tasks:

Task 1 Project Initiation and Project Description

Consultant shall coordinate with the City to confirm assumptions regarding the proposed project and scope of work for the proposed project.

Deliverables:

- Consultant shall participate in a kick-off meeting with City staff and applicant team;
- Consultant shall provide a Request for Information needed from the City and/or Applicant team;
- Consultant shall prepare a project description for City review; and
- Consultant shall refine the scope, if necessary, with any revisions for the City to approve.

Task 2 Prepare Technical Assessments

Consultant shall prepare technical assessments for the following topics: air quality, greenhouse gases and energy; biological resources, cultural resources; noise; and transportation.

Deliverables:

- Consultant shall prepare and provide to the City an Air Quality, GHG, and Energy technical assessment, including modeling;
- Consultant shall prepare and provide to the City a Draft Biological Resources Assessment and a “Final” Biological Resources Assessment;
- Consultant shall prepare and provide to the City a Draft Cultural Resources Memorandum and a “Final” Cultural Resources Memorandum;
- Consultant shall prepare and provide to the City a Noise Assessment; and
- Consultant shall prepare and provide to the City a Transportation Assessment, including all relevant data and calculations.

Task 3 Prepare Administrative Drafts, Screencheck, and “Final” Addendum

Consultant shall prepare an Administrative Draft CEQA Addendum to the SEIR for the San Marco Subdivision adopted by the Pittsburg City Council on January 19, 1993, in Resolution No. 93-7888 for review by City staff. The Addendum will include a project description; figures; and required resource sections in accordance with the CEQA Guidelines. The Addendum will evaluate the potential Project impacts on the resource

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

areas evaluated under the certified Final Subsequent Environmental Impact Report (SEIR) for the entire, 639-acre, 2,938-unit project currently known as the San Marco Development (State Clearinghouse No. 1991073029) and determine if the Project would result in any new or substantially more severe environmental impacts than those analyzed in that document, in accordance with Sections 15162 and 15164 of the CEQA Guidelines. Consultant shall compile all sections of the document, including figures and appendices, and conduct a thorough internal senior review by the Project Manager, quality assurance / quality control review, and editorial review to ensure an appropriate level of technical content, readability, and consistency prior to submittal to the City for review.

Deliverables:

- Consultant shall prepare and submit one electronic copy of the Administrative Draft Addendum to the City for review;
- Following receipt of City comments on the Addendum, Consultant shall make necessary revisions and prepare and submit one electronic copy of the Screencheck Addendum to the City; and
- Following receipt of the City's Screencheck Addendum comments, Consultant shall prepare the "Final" Addendum.

Task 4 Prepare Mitigation Monitoring and Reporting Program (MMRP)

Consultant shall prepare an MMRP formatted to align with the City's standard MMRP format, as provided by the City, and shall submit the MMRP with the "Final" Addendum.

Deliverable:

- Consultant shall submit one electronic copy of the MMRP.

Task 5 Project Management and Meetings

Consultant shall coordinate with City staff throughout the processing of the environmental document, including up to four virtual 30-minute Project check-in meetings with City staff, one virtual 1-hour Project kick-off meeting with City staff, one 1-hour meeting with City staff to review City comments on the Administrative Draft Addendum and attendance at up to one in-person public hearing. Attendance at additional public hearings or meetings would be billed on a time- and-materials basis following Stantec's standard billing rates.

Deliverables:

- Consultant shall provide project management and appoint Project Director and Project Manager;
- Consultant shall provide project support and associate and administrative staff;
- Consultant shall engage in regular phone and e-mail communication with City staff and the applicant team;

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

- Consultant shall attend four virtual 30-minute Project check-in meetings with City staff;
- Consultant shall attend one virtual 1-hour Project kick-off meeting with City staff;
- Consultant shall attend one 1-hour meeting with City staff to review City comments on the Administrative Draft Addendum;
- Consultant shall attend up to one in-person public hearing; and
- Consultant shall attend additional meetings and hearings upon request (Consultant standard billing rates would apply).

Additional Work Assumptions

- The City will publish all public meeting advertisements, conduct mailings to interested parties and responsible agencies, and digitally file notices with the County Clerk and State Clearinghouse.
- City comments to deliverables will be provided to Consultant as a single consolidated set of comments for each deliverable that provides clear direction for revisions.
- Consultant will receive all necessary Project-related information at the Project kick-off meeting.
- The periods shown assume a set amount of time for the City's review of each submittal. If review schedules change, the elapsed time of other tasks will be maintained.
- Consultant will attend all Project check-in meetings virtually and public hearing meetings will be attended in person or virtually, at the direction of the City, at the time.
- Consultant assumes that National Historic Preservation Act Section 106 compliance and AB 52 compliance are not required for the Project.
- In accordance with City of Pittsburg Policy and CEQA Guidelines, environmental documents prepared pursuant to CEQA must reflect the independent judgment of the City as the lead agency. The final responsibility for the content and adequacy of the Final Modified IS Checklist lies in the sole discretion of the City of Pittsburg and its designated representatives. Consultant shall take direction on substantive CEQA matters from the City of Pittsburg through its designated representatives.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

Schedule

The following schedule sets forth the timing of each task. The schedule could be lengthened or shortened, depending on the needs of the City of Pittsburg. Factors that could lengthen or shorten the schedule include dates of receipt of project information, length of document reviews, changes in the project description, and unanticipated issues arising from City staff or the project team.

Work Product/Milestones	Completion Week
City Provides Consultant Notice to Proceed	Week 1
Project Initiation Meeting; Applicant Submittal of Project Plans and Background Information	Week 1
Consultant Prepares Project Description for City Review and initiates technical assessments	Weeks 2-3
City Review/Approval of Project Description	Week 4
Consultant Prepares Administrative Draft Addendum for City Review	Weeks 5-7
City Reviews Administrative Draft Addendum	Weeks 8-9
Consultant Revises Administrative Draft Addendum and Submits Screencheck Addendum for City Review	Week 10
City Reviews Screencheck Addendum	Week 11
Consultant Revises and Prepares “Final” Addendum and MMRP	Week 12
Planning Commission Hearing	TBD
City Council Hearing	TBD

Task 5	Project Management and Meetings		$5,576
		Total Labor	**$74,916**
		Direct Costs	$200
		Total Estimated Fees	**$75,116**

The cost for completion of the environmental consulting services described in Exhibit A – Scope of Services is anticipated not to exceed $75,116 as shown in Exhibit B – Compensation Schedule above.

Consultant shall perform the tasks described in Exhibit A – Scope of Services on time and materials basis according to the Fee Schedule on the following page.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

EXHIBIT B – COMPENSATION SCHEDULE

Compensation for all professional, technical, and administrative staff directly charging time to the project is based upon the following initial hourly rates, subject to any approved rate adjustments in accordance with this Agreement.

HOURLY RATE	DESCRIPTION
$264 –$302	Senior-level consultant or management
$226 –$250	Highly specialized technical professional or supervisor of groups of professionals
$162 –$214	Fully qualified professional/first complete level of specialization

OTHER LABOR RATES

Labor rates for expert testimony, litigation support, and depositions/court appearances will be billed at a minimum of two times the above rates.

DIRECT EXPENSES

- Direct expenses are billed at the amount charged, as described below, plus a 10% administration cost.
- Vehicles: current IRS reimbursable rate.
- Out-of-pocket expenses, including, but not limited to, travel, messenger service, lodging, meals, blueprint, reproduction, and photographic services: Cost, as charged to Stantec.

TERMS

Compensation and direct expenses are invoiced monthly and are payable upon receipt. Overtime will be charged at 1.5 times the standard billing rate.

RATE ADJUSTMENTS

The hourly rates set forth in this Exhibit are the Consultant's initial rates for calendar year 2026.

Beginning January 1, 2027, and annually thereafter during the term of the Agreement, Consultant may request an adjustment to the hourly rates set forth herein. Any such adjustment shall not exceed the percentage increase in the Consumer Price Index (CPI-U) for the preceding twelve (12) month period as published by the U.S. Bureau of Labor Statistics.

Any rate adjustment shall be subject to written approval by the City and shall apply only to services performed after the effective date of the approved adjustment.

Docusign Envelope ID: 7684FA30-189D-8E8B-83A2-423029C212A6

CERTIFICATE OF COMPLIANCE WITH LABOR CODE § 3700

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
John Samuelson, Public Works Director/City Engineer
Maria Ruiz, Assistant Engineer

SUBJECT: Adoption of City Council Resolution Authorizing a Request to the Metropolitan Transportation Commission for the Allocation of Fiscal Year 2026/27 Transportation Development Act Article 3 Pedestrian/Bicycle Funding for Project 2060-Walk-Smart Crosswalk Improvements, Phase II

EXECUTIVE SUMMARY

The Metropolitan Transportation Commission (MTC) provides Transportation Development Act (TDA), Article 3 funds to support projects exclusively benefiting and/or used by pedestrians and bicyclists. The attached resolution authorizes a request to the MTC for allocation of Fiscal Year 2026/27 TDA Article 3 Pedestrian/Bicycle Funds for Project 2060 – Walk Smart Crosswalk Improvements, Phase II (Project), which includes the installation of Rectangular Rapid Flashing Beacons (RRFBs) at six priority locations within school zones. The resolution also accepts the funds, directs staff to establish a project budget for design and construction, and authorizes the City Manager to execute all documents related to the program.

FISCAL IMPACT

The MTC request for allocation is in the amount of $149,500 for project improvements. Staff will provide in-house design and construction management services. The total project cost is estimated at $149,500. No local matching funds are required.

RECOMMENDATION

Authorize a request to MTC for an allocation of FY 2026/27 TDA Article 3 Pedestrian/Bicycle Funds for the Project, accept the funds, direct staff to establish a budget for design and construction of the Project, including making the necessary

Capital Improvement Program budget adjustments, and authorize the City Manager to execute all documents related to the grant.

BACKGROUND

On October 9, 2025, the MTC issued a solicitation for requests for FY 2026/27 TDA Article 3 funds for pedestrian and bicycle projects.

On January 28, 2026, City staff submitted a request for allocation for the Project to MTC for FY 2026/27 TDA Article 3 funds in the amount of $149,500 for the design and construction of six RRFBs near schools in the Pittsburg Unified School District.

On April 16, 2026, the City was notified that the TDA Subcommittee reviewed the Project and recommended full funding.

SUBCOMMITTEE FINDINGS

This item was not presented to a subcommittee.

STAFF ANALYSIS

Areas surrounding schools experience high levels of pedestrian activity, particularly during student arrival and dismissal times. Students are often walking, crossing streets, or waiting for buses, and their presence increases the risk of pedestrian-related incidents due to unpredictable behavior. Crosswalks play a critical role in directing pedestrians to safer crossing points while signaling drivers to yield. The installation of RRFBs enhances safety by reinforcing pedestrian right-of-way and providing advanced warning to drivers.

Based on current conditions, six priority locations within school zones have been identified as needing crosswalk improvements and include:

1. West 10th Street/York Street
2. Power Avenue/Jorgensen Drive
3. Buchanan Road/Santa Ana Drive
4. Burton Avenue/Crowley Avenue
5. Alturas Avenue/Riverview Drive
6. Balclutha Way/East Trident Drive

ATTACHMENTS: Resolution
Attachment A - Findings
Attachment B - TDA Article 3 Project Application Form

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter Of:

Authorizing a Request to the Metropolitan Transportation Commission for the Allocation of Transportation Development Act Article 3 Pedestrian/Bicycle Funding for FY 2026/27 for Project-2060 Walk-Smart Crosswalk Improvements, Phase II	)	RESOLUTION NO. 26-

WHEREAS, Article 3 of the Transportation Development Act (TDA), Public Utilities Code (PUC) Section 99200 et seq., authorizes the submission of claims to a regional transportation planning agency for the funding of projects exclusively for the benefit and/or use of pedestrians and bicyclists; and

WHEREAS, the Metropolitan Transportation Commission (MTC), as the regional transportation planning agency for the San Francisco Bay region, has adopted MTC Resolution No. 4108, Revised, entitled “Transportation Development Act, Article 3, Pedestrian/Bicycle Projects,” which delineates procedures and criteria for submission of requests for the allocation of “TDA Article 3” funding; and

WHEREAS, MTC Resolution No. 4108, Revised, requires that requests for the allocation of TDA Article 3 funding be submitted as part of a single, countywide coordinated claim from each county in the San Francisco Bay region; and

WHEREAS, the City of Pittsburg desires to submit a request to MTC for the allocation of TDA Article 3 funds to support the projects described in Attachment B to this resolution, which are for the exclusive benefit and/or use of pedestrians and/or bicyclists.

NOW, THEREFORE, BE IT RESOLVED that the City Council finds and determines as follows:

1. The City of Pittsburg declares that it is eligible to request an allocation of TDA Article 3 funds pursuant to Section 99234 of the Public Utilities Code.
2. There is no pending or threatened litigation that might adversely affect the project or projects described in Attachment B to this resolution, or that might impair the ability of the City of Pittsburg to carry out the project.
3. The City of Pittsburg attests to the accuracy of, and approves, the statements in Attachment A to this resolution.
4. A certified copy of this resolution and its attachments, and any accompanying supporting materials, shall be forwarded to the congestion management agency, countywide transportation planning agency, or county association of governments, as applicable, for the City of Pittsburg for submission to MTC as part of the countywide coordinated TDA Article 3 claim.
5. The City of Pittsburg accepts the grant funds and authorizes the creation of the Project, including any necessary adjustments to the Capital Improvement Budget.
6. The City Manager is hereby authorized to execute a grant agreement and any necessary documents for the administration of the program.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

Resolution No.
Attachment A

Re: Request to the Metropolitan Transportation Commission for the Allocation of Fiscal Year FY26/27 Transportation Development Act Article 3 Pedestrian/Bicycle Project Funding

Findings

1. That the **City of Pittsburg** is not legally impeded from submitting a request to the Metropolitan Transportation Commission for the allocation of Transportation Development Act (TDA) Article 3 funds, nor is the **City of Pittsburg** legally impeded from undertaking the project(s) described in "Attachment B" of this resolution.
2. That the **City of Pittsburg** has committed adequate staffing resources to complete the project(s) described in Attachment B.
3. A review of the project(s) described in Attachment B has resulted in the consideration of all pertinent matters, including those related to environmental and right-of-way permits and clearances, attendant to the successful completion of the project(s).
4. Issues attendant to securing environmental and right-of-way permits and clearances for the projects described in Attachment B have been reviewed and will be concluded in a manner and on a schedule that will not jeopardize the deadline for the use of the TDA funds being requested.
5. That the project(s) described in Attachment B comply with the requirements of the California Environmental Quality Act (CEQA, Public Resources Code Sections 21000 et seq.).
6. That as portrayed in the budgetary description(s) of the project(s) in Attachment B, the sources of funding other than TDA are assured and adequate for completion of the project(s).
7. That the project(s) described in Attachment B are for capital construction and/or final design and engineering or quick build project; and/or for the maintenance of a Class I bikeway which is closed to motorized traffic and/or Class IV separated bikeway; and/or for the purposes of restriping Class II bicycle lanes; and/or for the development or support of a bicycle safety education program; and/or for the development of a comprehensive bicycle and/or pedestrian facilities plan, and an allocation of TDA Article 3 funding for such a plan has not been received by the **City of Pittsburg** within the prior five fiscal years.
8. That the project(s) described in Attachment B which are bicycle projects have been included in a detailed bicycle circulation element included in an adopted general plan, or included in an adopted comprehensive bikeway plan (such as outlined in Section 2377 of the California Bikeways Act, Streets and Highways Code section 2370 et seq.) or responds to an immediate community need, such as a quick-build project.
9. That any project described in Attachment B bicycle project meets the mandatory minimum safety design criteria published in the California Highway Design Manual or is in a National Association of City and Transportation Officials (NACTO) guidance or similar best practices document.
10. That the project(s) described in Attachment B will be completed in the allocated time (fiscal year of allocation plus two additional fiscal years).

11. That the **City of Pittsburg** agrees to maintain, or provide for the maintenance of, the project(s) and facilities described in Attachment B, for the benefit of and use by the public.

19. **Project Budget and Schedule**

Project Eligibility

A. Has the project been reviewed by the Bicycle and Pedestrian Advisory Committee? Yes☒ No☐
If "YES," identify the date and provide a copy or link to the agenda.
If "NO," provide an explanation).
Countywide Bicycle Advisory Committee (CBAC) Reviewed December 9, 2025

B. Has the project been approved by the claimant's governing body? Yes☐ No☒
If "NO," provide expected date: March 2, 2026

C. Has this project previously received TDA Article 3 funding? Yes☐ No☒
(If "YES," provide an explanation on a separate page)

D. For "bikeways," does the project meet Caltrans minimum safety design criteria pursuant to Chapter 1000 of the California Highway Design Manual? Yes☒ No☐

E. **1.** Is the project categorically exempt from CEQA, pursuant to CCR Section 15301(c), Existing Facility? Yes☒ No☐

2. If "NO" above, is the project is exempt from CEQA for another reason? Yes☐ No☐
Cite the basis for the exemption. _____ N/A☒
If the project is not exempt, please check "NO," and provide environmental documentation, as appropriate.

F. Estimated Completion Date of project (month and year): June 2027

G. Have provisions been made by the claimant to maintain the project or facility, or has the claimant arranged for such maintenance by another agency? (If an agency other than the Claimant is to maintain the facility, please identify below and provide the agreement. Yes☒ No☐

H. Is a Complete Streets Checklist required for this project ? Yes☐ No☒
If the amount requested is over $250,000 or if the total project phase or construction phase is over $250,000, a Complete Streets checklist is likely required. Please attach the Complete Streets checklist or record of review, as applicable. More information and the form may be found here: https://mtc.ca.gov/planning/transportation/complete-streets

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Mayor and Council Members

FROM: Darin E. Gale, City Manager
John Samuelson, Public Works Director / City Engineer
Jolan Longway, Development Services Supervisor

SUBJECT: Adoption of a City Council Resolution Approving the Final Map, Subdivision Improvement Agreement, and Improvement Plans for Subdivision 9587 Tuscany Meadows Unit 2

EXECUTIVE SUMMARY

The Final Map, Improvement Plans, and Subdivision Improvement Agreement for Subdivision Tuscany Meadows Unit 2 are ready for approval. This Resolution will authorize the City Manager to execute the Subdivision Improvement Agreement and approve the Final Map and Improvement Plans for the Subdivision.

FISCAL IMPACT

No fiscal impact from this action. Costs for plan review and processing of the project plans are recovered through typical revenues collected for major subdivision projects to the General Fund.

RECOMMENDATION

City Council adopt the attached resolution authorizing the City Manager to execute the Subdivision Improvement Agreement for Subdivision 9587 and approving the Final Map and Improvement Plans.

BACKGROUND

On February 9, 2016, the Planning Commission adopted Resolution No. 10015 approving the Vesting Tentative Map (Subdivision 8654) to subdivide a 170-acre undeveloped parcel for 917 single family homes and 365 multi-family apartments.

On March 21, 2016, the City Council adopted Resolution 16-13159 approving CEQA findings, Adopting a Statement of Overriding Considerations, Adopting a Mitigation Monitoring and Reporting Program, and initiating Contra Costa County Local Agency Formation (LAFCO) proceedings to amend the sphere of influence and annex property into the City, Contra Costa Water District, and Delta Diablo.

On December 13, 2017, the Contra Costa Local Agency Formation Commission adopted Resolution No.17-08, approving the Tuscany Meadows Reorganization: Annexations to the Cities of Pittsburg and Antioch, and Contra Costa Water District and Delta Diablo (Zones 2 & 3), and detachment from County Service Area P-6.

On February 5, 2018, a Development Agreement between the City of Pittsburg and Seecon Built Homes, Inc. was executed for the Tuscany Meadows Property. Subdivision 9587 is the second phase of this development and consists of 105 single-family homes. This 14-acre development is located south of Tuscany Meadows unit 2, east of the Highlands Ranch Subdivision.

SUBCOMMITTEE FINDINGS

This item was not presented to a subcommittee.

STAFF ANALYSIS

The Final Map and Improvement Plans for Subdivision 9587, Tuscany Meadows Unit 2, are in substantial conformance with the approved Vesting Tentative Map, subdivision regulations, and construction standards. Public improvements to be constructed in this phase include water, sewer and storm drains, and an extension of Tuscany Meadows Drive with landscaping and irrigation.

The Developer shall fully comply with the Development Agreement dated February 5, 2018, including payment of fees referenced therein. The City and the Developer will enter into a Subdivision Improvement Agreement guaranteeing satisfactory completion by the Developer of all improvements related to Subdivision 9587 Tuscany Meadows Unit 2.

Approval of the Final Map, Improvement Plans, and Subdivision Improvement Agreement is statutorily exempt from environmental review under Article 18, Section 15268 “Ministerial Projects”, of the Guidelines for the Implementation of the California Environmental Quality Act.

BEFORE THE CITY COUNCIL OF THE CITY OF PITTSBURG

In the Matter Of:

Approving of the Final Map, Improvement Plans, And Authorizing Execution of Subdivision Improvement Agreement for Sub. 9587 Tuscany Meadows II	))))	RESOLUTION NO. 26-

WHEREAS, on February 9, 2016, the Planning Commission adopted Resolution No. 10015 approving the Vesting Tentative Map (Subdivision 8654) to subdivide a 170-acre undeveloped parcel for 917 single family homes and 365 multi-family apartments; and

WHEREAS, on March 21, 2016, the City Council adopted Resolution 16-13159 approving CEQA findings, Adopting a Statement of Overriding Considerations, Adopting a Mitigation Monitoring and Reporting Program, and initiating Contra Costa County Local Agency Formation ("LAFCO") proceedings to amend the sphere of influence and annex property into the City, Contra Costa Water District, and Delta Diablo; and

WHEREAS, on December 13, 2017, the Contra Costa Local Agency Formation Commission adopted Resolution No.17-08, approving the Tuscany Meadows Reorganization: Annexations to the Cities of Pittsburg and Antioch, and Contra Costa Water District and Delta Diablo (Zones 2 & 3), and detachment from County Service Area P-6; and

WHEREAS, on February 5, 2018, a Development Agreement between the City of Pittsburg and Seecon Built Homes, Inc. was executed for the Tuscany Meadows Property; and

WHEREAS, Subdivision 9587 is the second phase of this development and consists of 105 single family homes, and is located south of Tuscany Meadows Unit 1, east of the Highlands Ranch Subdivision; and

WHEREAS, the City Engineer certifies that the Final Map and Improvement Plans for Subdivision 9587 Tuscany Meadows Unit 2 are in substantial conformance with the approved Vesting Tentative Map; and

WHEREAS, Developer shall fully comply with the Development Agreement dated February 5, 2018, including payment of fees referenced therein; and

WHEREAS, the Developer will pay all other required fees and provide all necessary bond requirements as outlined in the Subdivision Improvement Agreement.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Pittsburg hereby approves the Final Map and Improvement Plans and authorizes the City Manager to execute the Subdivision Improvement Agreement and authorizes and directs the City Engineer and Secretary of the Planning Commission to execute their respective statements on the Final Map.

PASSED AND ADOPTED by the City Council of the City of Pittsburg at a regular meeting on the 1st day of June 2026, by the following vote:

Return Recorded Copy To:

CITY OF PITTSBURG
ENGINEERING RECORDS
65 CIVIC AVENUE
PITTSBURG, CA 94565-1518

SUBDIVISION IMPROVEMENT AGREEMENT
Subdivision 9587
Tuscany Meadows Unit

THIS AGREEMENT is made and entered into on _____, 2026 by and between Seecon Built Homes, a California corporation (hereinafter referred to as "Developer") and the City of Pittsburg, a municipal corporation, (hereinafter referred to as "City").

WHEREAS, Developer will construct certain public and private improvements in connection with Subdivision 9587 for which Improvement Plans have been approved and are on file in the office of the City Engineer. Said improvements include, but are not limited to, those shown and described on the approved Improvement Plans for said subdivision.

NOW, THEREFORE, DEVELOPER AGREES TO:

1. Comply with and/or satisfy all conditions of approval as imposed by the City Council and/or its Commissions.

2. Construct all infrastructure improvements as indicated in the approved Improvement Plans and Grading Plans in compliance with the City's Standard Specifications and the City's Standard Details.

3. All subdivision improvements shall be completed within thirty six (36) months from the date of approval of the Final Map by the City Council.

4. Incorporate all reasonable modifications to the approved plans during construction as directed by the City Engineer, when required by field conditions and/or public safety.

5. Obtain written approval from the City Engineer prior to performance of any construction not in compliance with the approved plans and specifications.

6. Conform to all applicable provisions of state and federal law and the Pittsburg Municipal Code.

7. Comply with all of the Contra Costa Fire Protection District's requirements including, but not limited to fire flow, residual pressure, hydrant locations, and accessibility.

Pay the following fees and deposits to the City, prior to the execution of this Agreement:

8. A Major Subdivision Map Processing Fee in the amount of Four Thousand, Five Hundred Dollars ($4,500).

9. An Improvement Plan Review Fee of Eighty Seven Thousand, Four Hundred Thirty-Six Dollars ($87,436). A payment of Forty Three Thousand, Seven Hundred Eighteen Dollars ($43,718) was received, leaving a balance of ($43,718).

10. An Improvement Inspection Fee in the amount of Ninety-Seven Thousand, One Hundred Fifty-Two Dollars ($97,152).

11. A Grading Plan Review Fee in the amount of Five Thousand Eight Hundred Ninety Four Dollars ($5,894). A payment of Two Thousand, Nine Hundred Forty-Seven Dollars ($2,947) was received, leaving a balance of Two Thousand, Nine Hundred Forty-Seven Dollars ($2,947).

12. A Grading Inspection Fee in the amount of Seven Thousand, Seventy-Three Dollars($7,073).

13. A Sanitary Sewer Inspection Fee in the amount of Five Thousand Three Hundred Ninety-One Dollars ($5,391).

14. A Storm Drain Inspection Fee in the amount of Two Thousand Six Hundred Eighty Three Dollars ($2,683).

15. Geographical Information System Fee (G.I.S.) in the amount of Eleven Thousand Five Hundred Fifty Dollars ($11,550).

16. An NPDES Plan Review fee of Five Thousand One Hundred Forty-Four Dollars ($5,144).

17. An NPDES inspection deposit of Thirty Thousand Dollars ($30,000).

The Developer shall pay the following fees prior to the issuance of Building Permits:

18. The developer agrees to pay the City of Pittsburg Facilities Reserve Charge (PMC Chapters 13.08, 13.12 and 13.24) (the "FRC") to the Engineering Department, for water and sewer service in the amounts in effect when the applicant obtains a Building Permit. The applicant understands that the current FRC on file, effective August 20, 2005, shall be paid in accordance with the fee schedule approved by Resolution No. 05-10290, and amended by Resolution No. 12-11778, on February 21, 2012, a copy of which is available at the City. The FRC shall be paid to the Engineering Department prior to the issuance of a Building Permit.

19. The Developer will fulfill their Local Transportation Mitigation Fee (the "LTMF") requirements in accordance with the Development Agreement for City Local Traffic Mitigation Fee effective June 29, 2018, as approved by City Council with the adoption of Ordinance 18-1450. These fees shall be paid to the Engineering Department at the rate in place at the time of building permit issuance.

20. Pay the Regional Transportation Mitigation Fee (the "RTMF"), prior to the issuance of a building permit by the City's Building Division. The Developer shall fully comply with the Memorandum of Understanding dated June 29, 2010, as amended and approved by City Council with the adoption of Resolution 13-11963 including payment of the fees referenced therein.

21. Provide certificates on a form approved by the City for the following insurance coverage:

    a. Workers' Compensation Insurance, and

    b. Liability insurance in the amount of One Million Dollars and No Cents ($1,000,000.00) Personal Injury, and Five Hundred Thousand Dollars and No Cents ($500,000.00) Property Damage.

    Said insurance coverage shall be maintained in full force and effect throughout the life of this Agreement and all policies shall provide for at least thirty (30) days prior notice to City before cancellation. Should said coverage(s) lapse at any time, City shall have the right to:

    a. Procure said insurance(s) on behalf of the Developer and Developer shall reimburse City for any and all costs incurred thereof; or

b. Order all subdivision construction stopped until new certificate(s) of coverage are provided and deemed satisfactory to the City.

22. Defend, indemnify and hold harmless the City, its officers and employees from any and all actions or causes of action filed by any person or persons claiming damage as a result of this approval or the public improvement work required hereunder and to pay any and all reasonable attorney's fees incurred by the City as a result of any legal action which may arise in connection therewith.

23. Provide a surety in the amount of Two Million, One Hundred Seventy Eight Thousand, Eight Hundred and One Dollars ($2,178,801). The surety shall be in accordance with the State Subdivision Map Act, and as approved by the City Engineer.

24. Prior to acceptance of the subdivision as complete by the City Council, the Developer shall submit a copy of the recorded Final Map and record drawings for grading and subdivision improvements

25. Prior to acceptance of the subdivision as complete by the City Council, the Developer shall provide a Warranty Bond in the amount of Two Hundred Seventeen Thousand, Eight Hundred Eighty Dollars ($217,880). This warranty bond shall be released only upon correction of any defects or failures, including cause of failure or defect, to the subdivision improvements to the satisfaction of the City Engineer.

26. Warranty all improvements installed pursuant to this Agreement for twelve (12) months after the City Council’s acceptance date for the public improvements as complete.

IT IS MUTUALLY STIPULATED AND AGREED THAT:

1. The public improvements installed in connection with this Agreement shall not be considered accepted as complete until the City Council adopts a resolution accepting said improvements as being in compliance with the approved plans and specifications and any approved modifications thereto.

   Public improvements are those specifically defined as being located within public or proposed public roadways or easements and accepted by City Council resolution. Other improvements shall be constructed in accordance with the City's Standard Specifications and Standard Details and shall be appropriately inspected by the City, but will not be maintained by the City.

   Adoption of said resolution, periodic and/or progress inspections, acceptance of any portion of said work, or approvals of any other nature shall not bind the City to accept any modification made to the approved plans without the City Engineer's approval.

2. Time is of the essence in this Agreement and the obligations undertaken herein shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

IN WITNESS WHEREOF, the parties have executed this Agreement on this date first written above.

STAFF REPORT

MEETING DATE: June 1, 2026

TO: Chair and Governing Board Members

FROM: Darin E. Gale, Executive Director
Jordan Davis, Director of Community and Economic Development
Vanessa Xie, General Manager of Pittsburg Power Company

SUBJECT: Adoption of a Pittsburg Power Company Resolution Authorizing the Executive Director to Execute a Purchase Contract for Three Utility Vehicles for Island Energy

EXECUTIVE SUMMARY

The Pittsburg Power Company (PPC), which provides retail electric and gas service in the name of Island Energy (IE) on Mare Island in Vallejo, maintains a fleet of vehicles and equipment necessary for providing utility maintenance services and day-to-day operational functions. IE solicited quotes from four dealerships for three Ford F450 heavy utility vehicles. All Star Ford offers the lowest quotes for the three vehicles. If approved, the resolution authorizes the Executive Director to sign a purchase contract to purchase these vehicles for Island Energy.

FISCAL IMPACT

Funding for the three vehicles totaling $271,278 is available in Island Energy's Fiscal Year (FY) 2025-26 Budget. Mid-year budget adjustments were submitted to reallocate excess budget from other operating accounts to IE's fleet account to finance the purchase. The purchase does not increase the adopted FY 2025-26 budget of Island Energy.

As these vehicles will be purchased in Pittsburg, it is estimated the City will receive approximately $3,200 in sales taxes from the purchase.

RECOMMENDATION

The Governing Board of PPC (Board) adopts the attached resolution authorizing the Executive Director to execute a contract with All Start Ford for the purchase of three

2026 Ford F450 Regular Cab XL utility trucks.

BACKGROUND

On January 1, 2024, the California Air Resources Board (CARB) enacted the Advanced Clean Fleets (ACF) Regulation mandating a transition to zero-emission vehicles (ZEVs) for state/local government fleets, drayage trucks, and high-priority fleets (>50 vehicles or >$50M revenue). State & Local Government (SLG) fleets have two options for meeting purchasing requirements of ZEV vehicles. Option 1 requires 50% of new vehicle purchases to be ZEVs beginning January 1, 2024, rising to 100% by January 1, 2027. Option 2 is a milestone approach that allows flexibility of phasing ZEVs based on the suitability of different vehicles in the fleet.

Additional provisions were made for individual departments, divisions, subsidiaries of local governments with fewer than 10 vehicles over 8,500 lbs GVWR to qualify as a small government fleet. A small government fleet may delay the start of their ZEV purchasing requirements until January 1, 2027. Under this provision, PPC qualifies as a small government fleet and may purchase traditional internal-combustion vehicles until January 1, 2027, with no requirements to replace existing fleet vehicles with ZEVs before then.

This replacement plan allows Island Energy additional time to coordinate with the Mare Island master developer on securing long-term vehicle storage and charging infrastructure necessary for future ZEV fleet implementation.

SUBCOMMITTEE FINDINGS

This item has not been presented to a subcommittee.

STAFF ANALYSIS

Staff solicited bids from four separate dealerships that offer commercial fleet sales, including the state-approved California Department of General Services vendor, Downtown Ford in Sacramento. Pittsburg All Star Ford offers the lowest quote for these vehicles.

The three utility trucks to be replaced are Vehicle #3001 – 2011 Ford F250 utility bed, Vehicle #3002 – 2015 Ford F350, and Vehicle #3005 – 2014 F350 flatbed. All three vehicles are over eleven years old and have become increasingly unreliable due to frequent maintenance and repairs needs. Their replacement is necessary to maintain service levels and operational efficiency.

Funding for the three vehicles totaling $271,278 is available in Island Energy’s Fiscal Year 2025-26 budget. Mid-year budget adjustments were submitted to reallocate excess budget from other operating accounts to IE’s fleet account to finance the purchase. The purchase of the three trucks does not increase the adopted FY 2025-26

Island Energy budget.

Staff recommends that the Board approve the attached resolution and authorize the Executive Director to execute a purchase contract with All Start Ford in the amount of $271,278 for three new 2026 Ford F450 utility trucks for IE.

ATTACHMENTS: Resolution
Quote from Towne Ford Commercial and Fleet Sales

BEFORE THE GOVERNING BOARD OF THE PITTSBURG POWER COMPANY
OF THE CITY OF PITTSBURG

In the Matter of:

Authorizing the Executive Director to)
Execute a Purchase Contract to Purchase) RESOLUTION NO. 26-
Three Utility Vehicles for Island Energy)

WHEREAS, The Pittsburg Power Company ("PPC"), which provides retail electric and gas service in the name of Island Energy ("IE") on Mare Island in Vallejo, maintains a fleet of vehicles and equipment necessary for providing utility maintenance services and day-to-day operational functions; and

WHEREAS, three vehicles on IE's fleet are over 11 years old and have become increasingly unreliable to maintain service levels and operational efficiency; and

WHEREAS, staff solicited quotes from four different dealerships that offer commercial fleet. All Star Ford offers the lowest price for three heavy-duty utility vehicles; and

WHEREAS, the price from All Star Ford is less than the price offered by the vendor contracted through a competitive bid process by the State of California on which the City could piggyback; and

WHEREAS, funding for the three vehicles totaling $271,278 is available in IE's Fiscal Year 2025-26 Budget (Fund #580). The purchase of the three trucks does not increase the adopted FY 2025-26 budget of Island Energy.

NOW, THEREFORE, BE IT RESOLVED that the Governing Board of the Pittsburg Power Company hereby authorizes the Executive Director to execute a purchase contract to purchase three new Ford F450 utility trucks for Island Energy, in an amount not to exceed $271,278; and

BE IT FURTHER RESOLVED that the Governing Board of the Pittsburg Power Company hereby authorizes the necessary budget adjustment to complete this transaction.

PASSED AND ADOPTED by the Governing Board of the Pittsburg Power Company at a regular meeting on the 1st day of June 2026, by the following vote:

RETAIL INSTALLMENT SALE CONTRACT – SIMPLE FINANCE CHARGE (WITH ARBITRATION PROVISION)

Buyer Name and Address (Including County and Zip Code)	Co-Buyer Name and Address (Including County and Zip Code)	Seller-Creditor (Name and Address)
CITY OF PITTSBURG 65 CIVIC AVE PITTSBURG, CA 94565 COUNTY: CONTRA COSTA Cell: Email: BBOND@PITTSBURGCA.GOV	N/A Cell: Email: BBOND@PITTSBURGCA.GOV	ALL STAR FORD 3800 CENTURY WAY PITTSBURG, CA 94565 925-752-7800

You, the Buyer (and Co-Buyer, if any), may buy the vehicle below for cash or on credit. By signing this contract, you choose to buy the vehicle on credit under the agreements in this contract. You agree to pay the Seller - Creditor (sometimes "we" or "us" in this contract) the Amount Financed and Finance Charge in U.S. funds according to the payment schedule below. We will figure your finance charge on a daily basis. The Truth-In-Lending Disclosures below are part of this contract.

New/Used	Year	Make and Model	Odometer	Vehicle Identification Number	Primary Use For Which Purchased
NEW	2026				Personal, family, or household unless otherwise indicated below [X] business or commercial

FEDERAL TRUTH-IN-LENDING DISCLOSURES

ANNUAL PERCENTAGE RATE The cost of your credit as a yearly rate.	FINANCE CHARGE The dollar amount the credit will cost you.	Amount Financed The amount of credit provided to you or on your behalf.	Total of Payments The amount you will have paid after you have made all payments as scheduled.	Total Sale Price The total cost of your purchase on credit, including your down payment of $ 0.00 is
0.00 %	$ 0.00 (e)	$ 91679.89 (e)	$ 91679.89 (e)	$ 91679.89 (e)

(e) means an estimate

YOUR PAYMENT SCHEDULE WILL BE:

Number of Payments:	Amount of Payments:	When Payments Are Due:
One Payment of	$ N/A	N/A
One Payment of	$ N/A	N/A
One Payment of	$ N/A	N/A
1	$ 91679.89	Monthly beginning 05/16/2026
N/A	$ N/A	N/A
One final payment	$ 91679.89	05/16/2026

Late Charge. If payment is not received in full within 10 days after it is due, you will pay a late charge of 5% of the part of the payment that is late.
Prepayment. If you pay early, you may be charged a minimum finance charge.
Security Interest. You are giving a security interest in the vehicle being purchased.
Additional Information: See this contract for more information including information about nonpayment, default, any required repayment in full before the scheduled date, minimum finance charges, and security interest.

STATEMENT OF INSURANCE

NOTICE. No person is required as a condition of financing the purchase of a motor vehicle to purchase or negotiate any insurance through a particular insurance company, agent or broker. You are not required to buy any other insurance to obtain credit. Your decision to buy or not buy other insurance will not be a factor in the credit approval process.

Seller X

Trade-In Payoff Agreement: Seller relied on information from you and/or the lienholder or lessor of your trade-in vehicle(s) to arrive at the payoff amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s). You understand that the amount quoted is an estimate. Seller agrees to pay the payoff amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s) to the lienholder or lessor of the trade-in vehicle(s), or its designee. If the actual payoff amount is more than the amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s), you must pay the Seller the excess on demand. If the actual payoff amount is less than the amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s), Seller will refund to you any overage Seller receives from your prior lienholder or lessor. Except as stated in the "NOTICE" on page 4 of this contract, any assignee of this contract will not be obligated to pay the Prior Credit or Lease Balance shown in Trade-In Vehicle(s) or any refund. You agree to sign or provide any documents Seller reasonably requires to effect the transfer of the Trade-In Vehicle to Seller or its designee.

OTHER IMPORTANT AGREEMENTS

1. **FINANCE CHARGE AND PAYMENTS**
   a. **How we will figure Finance Charge.** We will figure the Finance Charge on a daily basis at the Annual Percentage Rate on the unpaid part of the Amount Financed. Seller - Creditor may receive part of the Finance Charge.
   b. **How we will apply payments.** We may apply each payment to the earned and unpaid part of the Finance Charge, to the unpaid part of the Amount Financed and to other amounts you owe under this contract in any order we choose as the law allows.
   c. **How late payments or early payments change what you must pay.** We based the Finance Charge, Total of Payments, and Total Sale Price shown on page 1 of this contract on the assumption that you will make every payment on the day it is due. Your Finance Charge, Total of Payments, and Total Sale Price will be more if you pay late and less if you pay early. Changes may take the form of a larger or smaller final payment or, at our option, more or fewer payments of the same amount as your scheduled payment with a smaller final payment. We will send you a notice telling you about these changes before the final scheduled payment is due.
   d. **You may prepay.** You may prepay all or part of the unpaid part of the Amount Financed at any time. If you do so, you must pay the earned and unpaid part of the Finance Charge and all other amounts due up to the date of your payment. As of the date of your payment, if the minimum finance charge is greater than the earned Finance Charge, you may be charged the difference; the minimum finance charge is as follows: (1) $25 if the original Amount Financed does not exceed $1,000, (2) $50 if the original Amount Financed is more than $1,000 but not more than $2,000, or (3) $75 if the original Amount Financed is more than $2,000.

2. **YOUR OTHER PROMISES TO US**
   a. **If the vehicle is damaged, destroyed, or missing.** You agree to pay us all you owe under this contract even if the vehicle is damaged, destroyed, or missing.

   GAP LIABILITY NOTICE
   In the event of theft or damage to your vehicle that results in a total loss, there may be a gap between the amount you owe under this contract and the proceeds of your insurance settlement and deductible. THIS CONTRACT PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. An optional debt cancellation agreement for coverage of the gap amount may be offered for an additional charge.

   b. **Using the vehicle.** You agree not to remove the vehicle from the U.S. or Canada, or to sell, rent, lease, or transfer any interest in the vehicle or this contract without our written permission. You agree not to expose the vehicle to misuse, seizure, confiscation, or involuntary transfer. If we pay any repair bills, storage bills, taxes, fines, or charges on the vehicle, you agree to repay the amount when we ask for it.
   c. **Security Interest.**
   You give us a security interest in:
   - The vehicle and all parts or goods put on it;
   - All money or goods received (proceeds) for the vehicle;
   - All insurance, maintenance, service, or other contracts we finance for you; and
   - All proceeds from insurance, maintenance, service, or other contracts we finance for you. This includes any refunds of premiums or charges from the contracts.

   This secures payment of all you owe on this contract. It also secures your other agreements in this contract as the law allows. You will make sure the title shows our security interest (lien) in the vehicle. You will not allow any other security interest to be placed on the title without our written permission.
   d. **Insurance you must have on the vehicle.**
   You agree to have physical damage insurance covering loss of or damage to the vehicle for the term of this contract. The insurance must cover our interest in the vehicle. You agree to name us on your insurance policy as loss payee. If you do not have this insurance, we may, if we choose, buy physical damage insurance. If we decide to buy physical damage insurance, we may either buy insurance that covers your interest and our interest in the vehicle, or buy insurance that covers only our interest. If we buy either type of insurance, we will tell you which type and the charge you must pay. The charge will be the premium for the insurance and a finance charge computed at the Annual Percentage Rate shown on page 1 of this contract or, at our option, the highest rate the law permits. If the vehicle is lost or damaged, you agree that we may use any insurance settlement to reduce what you owe or repair the vehicle.
   e. **What happens to returned insurance, maintenance, service, or other contract charges.** If we get a refund of insurance, maintenance, service, or other contract charges, you agree that we may subtract the refund from what you owe.

3. **IF YOU PAY LATE OR BREAK YOUR OTHER PROMISES**
   a. **You may owe late charges.** You will pay a late charge on each late payment as shown on page 1 of this contract. Acceptance of a late payment or late charge does not excuse your late payment or mean that you may keep making late payments. If you pay late, we may also take the steps described below.
   b. **You may have to pay all you owe at once.** If you break your promises (default), we may demand that you pay all you owe on this contract at once, subject to any right the law gives you to reinstate this contract.
   Default means:
   - You do not pay any payment on time;
   - You give false, incomplete, or misleading information during credit application;
   - The vehicle is lost, damaged, or destroyed; or
   - You break any agreements in this contract.

   The amount you will owe will be the unpaid part of the Amount Financed plus the earned and unpaid part of the Finance Charge, any late charges, and any amounts due because you defaulted.
   c. **You may have to pay collection costs.** You will pay our reasonable costs to collect what you owe, including attorney fees, court costs, collection agency fees, and fees paid for other reasonable collection efforts. You agree to pay a charge not to exceed $15 if any check you give to us is dishonored.
   d. **We may take the vehicle from you.** If you default, we may take (repossess) the vehicle from you if we do so peacefully and the law allows it. If your vehicle has an electronic tracking device (such as GPS), you agree that we may use the device to find the vehicle. If we take the vehicle, any accessories, equipment, and replacement parts will stay with the vehicle. If any personal items are in the vehicle, we may store them for you. If you do not ask for these items back, we may dispose of them as the law allows.
   e. **How you can get the vehicle back if we take it.** If we repossess the vehicle, you may pay to get it back (redeem). You may redeem the vehicle by paying all you owe, or you may have the right to reinstate this contract and redeem the vehicle by paying past due payments and any late charges, providing proof of insurance, and/or taking other action to cure the default. We will provide you all notices required by law to tell you when and how much to pay and/or what action you must take to redeem the vehicle.
   f. **We will sell the vehicle if you do not get it back.** If you do not redeem, we will sell the vehicle. We will send you a written notice of sale before selling the vehicle.
   We will apply the money from the sale, less allowed expenses, to the amount you owe. Allowed expenses are expenses we pay as a direct result of taking the vehicle, holding it, preparing it for sale, and selling it. Attorney fees and court costs the law permits are also allowed expenses. If any money is left (surplus), we will pay it to you unless the law requires us to pay it to someone else. If money from the sale is not enough to pay the amount you owe, you must pay the rest to us. If you do not pay this amount when we ask, we may charge you interest at the Annual Percentage Rate shown on page 1 of this contract, not to exceed the highest rate permitted by law, until you pay.
   g. **What we may do about optional insurance, maintenance, service, or other contracts.** This contract may contain charges for optional insurance, maintenance, service, or other contracts. If we demand that you pay all you owe at once or we repossess the vehicle, you agree that we may claim benefits under these contracts and cancel them to obtain refunds of unearned charges to reduce what you owe or repair the vehicle. If the vehicle is a total loss because it is confiscated, damaged, or stolen, we may claim benefits under these contracts and cancel them to obtain refunds of unearned charges to reduce what you owe.

4. **WARRANTIES SELLER DISCLAIMS**
   If you do not get a written warranty, and the Seller does not enter into a service contract within 90 days from the date of this contract, the Seller makes no warranties, express or implied, on the vehicle, and there will be no implied warranties of merchantability or of fitness for a particular purpose.
   This provision does not affect any warranties covering the vehicle that the vehicle manufacturer may provide. If the Seller has sold you a certified used vehicle, the warranty of merchantability is not disclaimed.

ARBITRATION PROVISION
PLEASE REVIEW - IMPORTANT - AFFECTS YOUR LEGAL RIGHTS

1. **EITHER YOU OR WE MAY CHOOSE TO HAVE ANY DISPUTE BETWEEN YOU AND US DECIDED BY ARBITRATION AND NOT IN COURT OR BY JURY TRIAL.**
2. **IF A DISPUTE IS ARBITRATED, YOU WILL GIVE UP YOUR RIGHT TO PARTICIPATE AS A CLASS REPRESENTATIVE OR CLASS MEMBER ON ANY CLASS CLAIM YOU MAY HAVE AGAINST US INCLUDING ANY RIGHT TO CLASS ARBITRATION OR ANY CONSOLIDATION OF INDIVIDUAL ARBITRATIONS.**
3. **DISCOVERY AND RIGHTS TO APPEAL IN ARBITRATION ARE GENERALLY MORE LIMITED THAN IN A LAWSUIT, AND OTHER RIGHTS THAT YOU AND WE WOULD HAVE IN COURT MAY NOT BE AVAILABLE IN ARBITRATION.**

Any claim or dispute, whether in contract, tort, statute or otherwise (including the interpretation and scope of this Arbitration Provision, any allegation of waiver of rights under this Arbitration Provision, and the arbitrability of the claim or dispute), between you and us or our employees, agents, successors or assigns, which arises out of or relates to your credit application, purchase or condition of this Vehicle, this contract or any resulting transaction or relationship (including any such relationship with third parties who do not sign this contract) shall, at your or our election, be resolved by neutral, binding arbitration and not by a court action. If federal law provides that a claim or dispute is not subject to binding arbitration, this Arbitration Provision shall not apply to such claim or dispute. Any claim or dispute is to be arbitrated by a single arbitrator only on an individual basis and not as a plaintiff in a collective or representative action, or a class representative or member of a class on any class claim. The arbitrator may not preside over a consolidated, representative, class, collective, injunctive, or private attorney general action. You expressly waive any right you may have to arbitrate a consolidated, representative, class, collective, injunctive, or private attorney general action. You or we may choose the American Arbitration Association (www.adr.org) or National Arbitration and Mediation (www.namadr.com) as the arbitration organization to conduct the arbitration. If you and we agree, you or we may choose a different arbitration organization. You may get a copy of the rules of an arbitration organization by contacting the organization or visiting its website.

Arbitrators shall be attorneys or retired judges and shall be selected pursuant to the applicable rules. The arbitrator shall apply governing substantive law and the applicable statute of limitations. The arbitration hearing shall be conducted in the federal district in which you reside unless the Seller-Creditor is a party to the claim or dispute, in which case the hearing will be held in the federal district where this transaction was originated. We will pay the filing, administration, service, or case management fee and the arbitrator or hearing fee up to a maximum of $5,000, unless the law or the rules of the chosen arbitration organization require us to pay more. You and we will pay the filing, administration, service, or case management fee and the arbitrator or hearing fee over $5,000 in accordance with the rules and procedures of the chosen arbitration organization. The amount we pay may be reimbursed in whole or in part by decision of the arbitrator if the arbitrator finds that any of your claims is frivolous under applicable law. Each party shall be responsible for its own attorney, expert and other fees, unless awarded by the arbitrator under applicable law. If the chosen arbitration organization's rules conflict with this Arbitration Provision, then the provisions of this Arbitration Provision shall control. Any arbitration under this Arbitration Provision shall be governed by the Federal Arbitration Act (9 U.S.C. §§ 1 et seq.) and not by any state law concerning arbitration. Any award by the arbitrator shall be in writing and will be final and binding on all parties, subject to any limited right to appeal under the Federal Arbitration Act.

You and we retain the right to seek remedies in small claims court for disputes or claims within that court's jurisdiction, unless such action is transferred, removed or appealed to a different court. Neither you nor we waive the right to arbitrate any related or unrelated claims by filing any action in small claims court, or by using self-help remedies, such as repossession, or by filing an action to recover the vehicle, to recover a deficiency balance, or for individual or statutory public injunctive relief. Any court having jurisdiction may enter judgment on the arbitrator's award. This Arbitration Provision shall survive any termination, payoff or transfer of this contract. If any part of this Arbitration Provision, other than waivers of class rights, is deemed or found to be unenforceable for any reason, the remainder shall remain enforceable. You agree that you expressly waive any right you may have for a claim or dispute to be resolved on a class basis in court or in arbitration. If a court or arbitrator finds that this class arbitration waiver is unenforceable for any reason with respect to a claim or dispute in which class allegations have been made, the rest of this Arbitration Provision shall also be unenforceable.

N/A

Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.

If you have a complaint concerning this sale, you should try to resolve it with the seller. Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof. After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

CITY OF PITTSBURG BY:
Buyer Signature X _____ Co-Buyer Signature X N/A

The Annual Percentage Rate may be negotiable with the Seller. The Seller may assign this contract and retain its right to receive a part of the Finance Charge.

THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION

California law does not provide for a "cooling-off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud. However, California law does require a seller to offer a two-day contract cancellation option on used vehicles with a purchase price of less than forty thousand dollars ($40,000), subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a recreational vehicle, a motorcycle, or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

YOU AGREE TO THE TERMS OF THIS CONTRACT. YOU CONFIRM THAT BEFORE YOU SIGNED THIS CONTRACT, WE GAVE IT TO YOU, AND YOU WERE FREE TO TAKE IT AND REVIEW IT. YOU ACKNOWLEDGE THAT YOU HAVE READ ALL PAGES OF THIS CONTRACT, INCLUDING THE ARBITRATION PROVISION ABOVE, BEFORE SIGNING BELOW. YOU CONFIRM THAT YOU RECEIVED A COMPLETELY FILLED-IN COPY WHEN YOU SIGNED IT.

NEW	2026				Personal, family, or household unless otherwise indicated below ☒ business or commercial

FEDERAL TRUTH-IN-LENDING DISCLOSURES

ANNUAL PERCENTAGE RATE The cost of your credit as a yearly rate.	FINANCE CHARGE The dollar amount the credit will cost you.	Amount Financed The amount of credit provided to you or on your behalf.	Total of Payments The amount you will have paid after you have made all payments as scheduled.	Total Sale Price The total cost of your purchase on credit, including your down payment of $ 0.00 is
0.00 %	$ 0.00 (e)	$ 87917.26 (e)	$ 87917.26 (e)	$ 87917.26 (e)

(e) means an estimate

YOUR PAYMENT SCHEDULE WILL BE:

Number of Payments:	Amount of Payments:	When Payments Are Due:
One Payment of	$ N/A	N/A
One Payment of	$ N/A	N/A
One Payment of	$ N/A	N/A
1	$ 87917.26	Monthly beginning 07/03/2026
N/A	$ N/A	N/A
One final payment	$ 87917.26	07/03/2026

Late Charge. If payment is not received in full within 10 days after it is due, you will pay a late charge of 5% of the part of the payment that is late.
Prepayment. If you pay early, you may be charged a minimum finance charge.
Security Interest. You are giving a security interest in the vehicle being purchased.
Additional Information: See this contract for more information including information about nonpayment, default, any required repayment in full before the scheduled date, minimum finance charges, and security interest.

STATEMENT OF INSURANCE

NOTICE. No person is required as a condition of financing the purchase of a motor vehicle to purchase or negotiate any insurance through a particular insurance company, agent or broker. You are not required to buy any other insurance to obtain credit. Your decision to buy or not buy other insurance will not be a factor in the credit approval process.

Trade-In Payoff Agreement: Seller relied on information from you and/or the lienholder or lessor of your trade-in vehicle(s) to arrive at the payoff amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s). You understand that the amount quoted is an estimate. Seller agrees to pay the payoff amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s) to the lienholder or lessor of the trade-in vehicle(s), or its designee. If the actual payoff amount is more than the amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s), you must pay the Seller the excess on demand. If the actual payoff amount is less than the amount shown as the Prior Credit or Lease Balance in Trade-In Vehicle(s), Seller will refund to you any overage Seller receives from your prior lienholder or lessor. Except as stated in the "NOTICE" on page 4 of this contract, any assignee of this contract will not be obligated to pay the Prior Credit or Lease Balance shown in Trade-In Vehicle(s) or any refund. You agree to sign or provide any documents Seller reasonably requires to effect the transfer of the Trade-In Vehicle to Seller or its designee.

Buyer Signs X Co-Buyer Signs X N/A

OTHER IMPORTANT AGREEMENTS

1. FINANCE CHARGE AND PAYMENTS

a. **How we will figure Finance Charge.** We will figure the Finance Charge on a daily basis at the Annual Percentage Rate on the unpaid part of the Amount Financed. Seller - Creditor may receive part of the Finance Charge.

b. **How we will apply payments.** We may apply each payment to the earned and unpaid part of the Finance Charge, to the unpaid part of the Amount Financed and to other amounts you owe under this contract in any order we choose as the law allows.

c. **How late payments or early payments change what you must pay.** We based the Finance Charge, Total of Payments, and Total Sale Price shown on page 1 of this contract on the assumption that you will make every payment on the day it is due. Your Finance Charge, Total of Payments, and Total Sale Price will be more if you pay late and less if you pay early. Changes may take the form of a larger or smaller final payment or, at our option, more or fewer payments of the same amount as your scheduled payment with a smaller final payment. We will send you a notice telling you about these changes before the final scheduled payment is due.

d. **You may prepay.** You may prepay all or part of the unpaid part of the Amount Financed at any time. If you do so, you must pay the earned and unpaid part of the Finance Charge and all other amounts due up to the date of your payment. As of the date of your payment, if the minimum finance charge is greater than the earned Finance Charge, you may be charged the difference; the minimum finance charge is as follows: (1) $25 if the original Amount Financed does not exceed $1,000, (2) $50 if the original Amount Financed is more than $1,000 but not more than $2,000, or (3) $75 if the original Amount Financed is more than $2,000.

2. YOUR OTHER PROMISES TO US

a. **If the vehicle is damaged, destroyed, or missing.** You agree to pay us all you owe under this contract even if the vehicle is damaged, destroyed, or missing.

GAP LIABILITY NOTICE

In the event of theft or damage to your vehicle that results in a total loss, there may be a gap between the amount you owe under this contract and the proceeds of your insurance settlement and deductible. THIS CONTRACT PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. An optional debt cancellation agreement for coverage of the gap amount may be offered for an additional charge.

b. **Using the vehicle.** You agree not to remove the vehicle from the U.S. or Canada, or to sell, rent, lease, or transfer any interest in the vehicle or this contract without our written permission. You agree not to expose the vehicle to misuse, seizure, confiscation, or involuntary transfer. If we pay any repair bills, storage bills, taxes, fines, or charges on the vehicle, you agree to repay the amount when we ask for it.

c. **Security Interest.**
You give us a security interest in:
- The vehicle and all parts or goods put on it;
- All money or goods received (proceeds) for the vehicle;
- All insurance, maintenance, service, or other contracts we finance for you; and
- All proceeds from insurance, maintenance, service, or other contracts we finance for you. This includes any refunds of premiums or charges from the contracts.

This secures payment of all you owe on this contract. It also secures your other agreements in this contract as the law allows. You will make sure the title shows our security interest (lien) in the vehicle. You will not allow any other security interest to be placed on the title without our written permission.

d. **Insurance you must have on the vehicle.**
You agree to have physical damage insurance covering loss of or damage to the vehicle for the term of this contract. The insurance must cover our interest in the vehicle. You agree to name us on your insurance policy as loss payee. If you do not have this insurance, we may, if we choose, buy physical damage insurance. If we decide to buy physical damage insurance, we may either buy insurance that covers your interest and our interest in the vehicle, or buy insurance that covers only our interest. If we buy either type of insurance, we will tell you which type and the charge you must pay. The charge will be the premium for the insurance and a finance charge computed at the Annual Percentage Rate shown on page 1 of this contract or, at our option, the highest rate the law permits. If the vehicle is lost or damaged, you agree that we may use any insurance settlement to reduce what you owe or repair the vehicle.

e. **What happens to returned insurance, maintenance, service, or other contract charges.** If we get a refund of insurance, maintenance, service, or other contract charges, you agree that we may subtract the refund from what you owe.

3. IF YOU PAY LATE OR BREAK YOUR OTHER PROMISES

a. **You may owe late charges.** You will pay a late charge on each late payment as shown on page 1 of this contract. Acceptance of a late payment or late charge does not excuse your late payment or mean that you may keep making late payments. If you pay late, we may also take the steps described below.

b. **You may have to pay all you owe at once.** If you break your promises (default), we may demand that you pay all you owe on this contract at once, subject to any right the law gives you to reinstate this contract.
Default means:
- You do not pay any payment on time;
- You give false, incomplete, or misleading information during credit application;
- The vehicle is lost, damaged, or destroyed; or
- You break any agreements in this contract.

The amount you will owe will be the unpaid part of the Amount Financed plus the earned and unpaid part of the Finance Charge, any late charges, and any amounts due because you defaulted.

c. **You may have to pay collection costs.** You will pay our reasonable costs to collect what you owe, including attorney fees, court costs, collection agency fees, and fees paid for other reasonable collection efforts. You agree to pay a charge not to exceed $15 if any check you give to us is dishonored.

d. **We may take the vehicle from you.** If you default, we may take (repossess) the vehicle from you if we do so peacefully and the law allows it. If your vehicle has an electronic tracking device (such as GPS), you agree that we may use the device to find the vehicle. If we take the vehicle, any accessories, equipment, and replacement parts will stay with the vehicle. If any personal items are in the vehicle, we may store them for you. If you do not ask for these items back, we may dispose of them as the law allows.

e. **How you can get the vehicle back if we take it.** If we repossess the vehicle, you may pay to get it back (redeem). You may redeem the vehicle by paying all you owe, or you may have the right to reinstate this contract and redeem the vehicle by paying past due payments and any late charges, providing proof of insurance, and/or taking other action to cure the default. We will provide you all notices required by law to tell you when and how much to pay and/or what action you must take to redeem the vehicle.

f. **We will sell the vehicle if you do not get it back.** If you do not redeem, we will sell the vehicle. We will send you a written notice of sale before selling the vehicle.
We will apply the money from the sale, less allowed expenses, to the amount you owe. Allowed expenses are expenses we pay as a direct result of taking the vehicle, holding it, preparing it for sale, and selling it. Attorney fees and court costs the law permits are also allowed expenses. If any money is left (surplus), we will pay it to you unless the law requires us to pay it to someone else. If money from the sale is not enough to pay the amount you owe, you must pay the rest to us. If you do not pay this amount when we ask, we may charge you interest at the Annual Percentage Rate shown on page 1 of this contract, not to exceed the highest rate permitted by law, until you pay.

g. **What we may do about optional insurance, maintenance, service, or other contracts.** This contract may contain charges for optional insurance, maintenance, service, or other contracts. If we demand that you pay all you owe at once or we repossess the vehicle, you agree that we may claim benefits under these contracts and cancel them to obtain refunds of unearned charges to reduce what you owe or repair the vehicle. If the vehicle is a total loss because it is confiscated, damaged, or stolen, we may claim benefits under these contracts and cancel them to obtain refunds of unearned charges to reduce what you owe.

4. WARRANTIES SELLER DISCLAIMS

If you do not get a written warranty, and the Seller does not enter into a service contract within 90 days from the date of this contract, the Seller makes no warranties, express or implied, on the vehicle, and there will be no implied warranties of merchantability or of fitness for a particular purpose.
This provision does not affect any warranties covering the vehicle that the vehicle manufacturer may provide. If the Seller has sold you a certified used vehicle, the warranty of merchantability is not disclaimed.

ARBITRATION PROVISION
PLEASE REVIEW - IMPORTANT - AFFECTS YOUR LEGAL RIGHTS

1. **EITHER YOU OR WE MAY CHOOSE TO HAVE ANY DISPUTE BETWEEN YOU AND US DECIDED BY ARBITRATION AND NOT IN COURT OR BY JURY TRIAL.**
2. **IF A DISPUTE IS ARBITRATED, YOU WILL GIVE UP YOUR RIGHT TO PARTICIPATE AS A CLASS REPRESENTATIVE OR CLASS MEMBER ON ANY CLASS CLAIM YOU MAY HAVE AGAINST US INCLUDING ANY RIGHT TO CLASS ARBITRATION OR ANY CONSOLIDATION OF INDIVIDUAL ARBITRATIONS.**
3. **DISCOVERY AND RIGHTS TO APPEAL IN ARBITRATION ARE GENERALLY MORE LIMITED THAN IN A LAWSUIT, AND OTHER RIGHTS THAT YOU AND WE WOULD HAVE IN COURT MAY NOT BE AVAILABLE IN ARBITRATION.**

Any claim or dispute, whether in contract, tort, statute or otherwise (including the interpretation and scope of this Arbitration Provision, any allegation of waiver of rights under this Arbitration Provision, and the arbitrability of the claim or dispute), between you and us or our employees, agents, successors or assigns, which arises out of or relates to your credit application, purchase or condition of this Vehicle, this contract or any resulting transaction or relationship (including any such relationship with third parties who do not sign this contract) shall, at your or our election, be resolved by neutral, binding arbitration and not by a court action. If federal law provides that a claim or dispute is not subject to binding arbitration, this Arbitration Provision shall not apply to such claim or dispute. Any claim or dispute is to be arbitrated by a single arbitrator only on an individual basis and not as a plaintiff in a collective or representative action, or a class representative or member of a class on any class claim. The arbitrator may not preside over a consolidated, representative, class, collective, injunctive, or private attorney general action. You expressly waive any right you may have to arbitrate a consolidated, representative, class, collective, injunctive, or private attorney general action. You or we may choose the American Arbitration Association (www.adr.org) or National Arbitration and Mediation (www.namadr.com) as the arbitration organization to conduct the arbitration. If you and we agree, you or we may choose a different arbitration organization. You may get a copy of the rules of an arbitration organization by contacting the organization or visiting its website.

Arbitrators shall be attorneys or retired judges and shall be selected pursuant to the applicable rules. The arbitrator shall apply governing substantive law and the applicable statute of limitations. The arbitration hearing shall be conducted in the federal district in which you reside unless the Seller-Creditor is a party to the claim or dispute, in which case the hearing will be held in the federal district where this transaction was originated. We will pay the filing, administration, service, or case management fee and the arbitrator or hearing fee up to a maximum of $5,000, unless the law or the rules of the chosen arbitration organization require us to pay more. You and we will pay the filing, administration, service, or case management fee and the arbitrator or hearing fee over $5,000 in accordance with the rules and procedures of the chosen arbitration organization. The amount we pay may be reimbursed in whole or in part by decision of the arbitrator if the arbitrator finds that any of your claims is frivolous under applicable law. Each party shall be responsible for its own attorney, expert and other fees, unless awarded by the arbitrator under applicable law. If the chosen arbitration organization's rules conflict with this Arbitration Provision, then the provisions of this Arbitration Provision shall control. Any arbitration under this Arbitration Provision shall be governed by the Federal Arbitration Act (9 U.S.C. §§ 1 et seq.) and not by any state law concerning arbitration. Any award by the arbitrator shall be in writing and will be final and binding on all parties, subject to any limited right to appeal under the Federal Arbitration Act.

You and we retain the right to seek remedies in small claims court for disputes or claims within that court's jurisdiction, unless such action is transferred, removed or appealed to a different court. Neither you nor we waive the right to arbitrate any related or unrelated claims by filing any action in small claims court, or by using self-help remedies, such as repossession, or by filing an action to recover the vehicle, to recover a deficiency balance, or for individual or statutory public injunctive relief. Any court having jurisdiction may enter judgment on the arbitrator's award. This Arbitration Provision shall survive any termination, payoff or transfer of this contract. If any part of this Arbitration Provision, other than waivers of class rights, is deemed or found to be unenforceable for any reason, the remainder shall remain enforceable. You agree that you expressly waive any right you may have for a claim or dispute to be resolved on a class basis in court or in arbitration. If a court or arbitrator finds that this class arbitration waiver is unenforceable for any reason with respect to a claim or dispute in which class allegations have been made, the rest of this Arbitration Provision shall also be unenforceable.

N/A

Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.

If you have a complaint concerning this sale, you should try to resolve it with the seller. Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof. After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

CITY OF PITTSBURG BY:
Buyer Signature X _____ Co-Buyer Signature X N/A

The Annual Percentage Rate may be negotiable with the Seller. The Seller may assign this contract and retain its right to receive a part of the Finance Charge.

THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION

California law does not provide for a "cooling-off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud. However, California law does require a seller to offer a two-day contract cancellation option on used vehicles with a purchase price of less than forty thousand dollars ($40,000), subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a recreational vehicle, a motorcycle, or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

YOU AGREE TO THE TERMS OF THIS CONTRACT. YOU CONFIRM THAT BEFORE YOU SIGNED THIS CONTRACT, WE GAVE IT TO YOU, AND YOU WERE FREE TO TAKE IT AND REVIEW IT. YOU ACKNOWLEDGE THAT YOU HAVE READ ALL PAGES OF THIS CONTRACT, INCLUDING THE ARBITRATION PROVISION ABOVE, BEFORE SIGNING BELOW. YOU CONFIRM THAT YOU RECEIVED A COMPLETELY FILLED-IN COPY WHEN YOU SIGNED IT.

Co-Buyers and Other Owners — A co-buyer is a person who is responsible for paying the entire debt. An other owner is a person whose name is on the title to the vehicle but does not have to pay the debt. The other owner agrees to the security interest in the vehicle given to us in this contract.

Other Owner Signature X N/A Address N/A

GUARANTY: To induce us to sell the vehicle to Buyer, each person who signs as a Guarantor individually guarantees the payment of this contract. If Buyer fails to pay any money owing on this contract, each Guarantor must pay it when asked. Each Guarantor will be liable for the total amount owing even if other persons also sign as Guarantor, and even if Buyer has a complete defense to Guarantor's demand for reimbursement. Each Guarantor agrees to be liable even if we do one or more of the following: (1) give the Buyer more time to pay one or more payments; (2) give a full or partial release to any other Guarantor; (3) release any security; (4) accept less from the Buyer than the total amount owing; or (5) otherwise reach a settlement relating to this contract or extend the contract. Each Guarantor acknowledges receipt of a completed copy of this contract and guaranty at the time of signing.

Guarantor waives notice of acceptance of this Guaranty, notice of the Buyer's non-payment, non-performance, and default; and notices of the amount owing at any time, and of any demands upon the Buyer.

   d. **You may prepay.** You may prepay all or part of the unpaid part of the Amount Financed at any time. If you do so, you must pay the earned and unpaid part of the Finance Charge and all other amounts due up to the date of your payment. As of the date of your payment, if the minimum finance charge is greater than the earned Finance Charge, you may be charged the difference; the minimum finance charge is as follows: (1) $25 if the original Amount Financed does not exceed $1,000, (2) $50 if the original Amount Financed is more than $1,000 but not more than $2,000, or (3) $75 if the original Amount Financed is more than $2,000.

2. **YOUR OTHER PROMISES TO US**
   a. **If the vehicle is damaged, destroyed, or missing.** You agree to pay us all you owe under this contract even if the vehicle is damaged, destroyed, or missing.

   GAP LIABILITY NOTICE
   In the event of theft or damage to your vehicle that results in a total loss, there may be a gap between the amount you owe under this contract and the proceeds of your insurance settlement and deductible. THIS CONTRACT PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. An optional debt cancellation agreement for coverage of the gap amount may be offered for an additional charge.

   b. **Using the vehicle.** You agree not to remove the vehicle from the U.S. or Canada, or to sell, rent, lease, or transfer any interest in the vehicle or this contract without our written permission. You agree not to expose the vehicle to misuse, seizure, confiscation, or involuntary transfer. If we pay any repair bills, storage bills, taxes, fines, or charges on the vehicle, you agree to repay the amount when we ask for it.
   c. **Security Interest.**
   You give us a security interest in:
   - The vehicle and all parts or goods put on it;
   - All money or goods received (proceeds) for the vehicle;
   - All insurance, maintenance, service, or other contracts we finance for you; and
   - All proceeds from insurance, maintenance, service, or other contracts we finance for you. This includes any refunds of premiums or charges from the contracts.

   This secures payment of all you owe on this contract. It also secures your other agreements in this contract as the law allows. You will make sure the title shows our security interest (lien) in the vehicle. You will not allow any other security interest to be placed on the title without our written permission.
   d. **Insurance you must have on the vehicle.**
   You agree to have physical damage insurance covering loss of or damage to the vehicle for the term of this contract. The insurance must cover our interest in the vehicle. You agree to name us on your insurance policy as loss payee. If you do not have this insurance, we may, if we choose, buy physical damage insurance. If we decide to buy physical damage insurance, we may either buy insurance that covers your interest and our interest in the vehicle, or buy insurance that covers only our interest. If we buy either type of insurance, we will tell you which type and the charge you must pay. The charge will be the premium for the insurance and a finance charge computed at the Annual Percentage Rate shown on page 1 of this contract or, at our option, the highest rate the law permits. If the vehicle is lost or damaged, you agree that we may use any insurance settlement to reduce what you owe or repair the vehicle.
   e. **What happens to returned insurance, maintenance, service, or other contract charges.** If we get a refund of insurance, maintenance, service, or other contract charges, you agree that we may subtract the refund from what you owe.

3. **IF YOU PAY LATE OR BREAK YOUR OTHER PROMISES**
   a. **You may owe late charges.** You will pay a late charge on each late payment as shown on page 1 of this contract. Acceptance of a late payment or late charge does not excuse your late payment or mean that you may keep making late payments. If you pay late, we may also take the steps described below.
   b. **You may have to pay all you owe at once.** If you break your promises (default), we may demand that you pay all you owe on this contract at once, subject to any right the law gives you to reinstate this contract.
   Default means:
   - You do not pay any payment on time;
   - You give false, incomplete, or misleading information during credit application;
   - The vehicle is lost, damaged, or destroyed; or
   - You break any agreements in this contract.

   The amount you will owe will be the unpaid part of the Amount Financed plus the earned and unpaid part of the Finance Charge, any late charges, and any amounts due because you defaulted.
   c. **You may have to pay collection costs.** You will pay our reasonable costs to collect what you owe, including attorney fees, court costs, collection agency fees, and fees paid for other reasonable collection efforts. You agree to pay a charge not to exceed $15 if any check you give to us is dishonored.
   d. **We may take the vehicle from you.** If you default, we may take (repossess) the vehicle from you if we do so peacefully and the law allows it. If your vehicle has an electronic tracking device (such as GPS), you agree that we may use the device to find the vehicle. If we take the vehicle, any accessories, equipment, and replacement parts will stay with the vehicle. If any personal items are in the vehicle, we may store them for you. If you do not ask for these items back, we may dispose of them as the law allows.
   e. **How you can get the vehicle back if we take it.** If we repossess the vehicle, you may pay to get it back (redeem). You may redeem the vehicle by paying all you owe, or you may have the right to reinstate this contract and redeem the vehicle by paying past due payments and any late charges, providing proof of insurance, and/or taking other action to cure the default. We will provide you all notices required by law to tell you when and how much to pay and/or what action you must take to redeem the vehicle.
   f. **We will sell the vehicle if you do not get it back.** If you do not redeem, we will sell the vehicle. We will send you a written notice of sale before selling the vehicle.
   We will apply the money from the sale, less allowed expenses, to the amount you owe. Allowed expenses are expenses we pay as a direct result of taking the vehicle, holding it, preparing it for sale, and selling it. Attorney fees and court costs the law permits are also allowed expenses. If any money is left (surplus), we will pay it to you unless the law requires us to pay it to someone else. If money from the sale is not enough to pay the amount you owe, you must pay the rest to us. If you do not pay this amount when we ask, we may charge you interest at the Annual Percentage Rate shown on page 1 of this contract, not to exceed the highest rate permitted by law, until you pay.
   g. **What we may do about optional insurance, maintenance, service, or other contracts.** This contract may contain charges for optional insurance, maintenance, service, or other contracts. If we demand that you pay all you owe at once or we repossess the vehicle, you agree that we may claim benefits under these contracts and cancel them to obtain refunds of unearned charges to reduce what you owe or repair the vehicle. If the vehicle is a total loss because it is confiscated, damaged, or stolen, we may claim benefits under these contracts and cancel them to obtain refunds of unearned charges to reduce what you owe.

4. **WARRANTIES SELLER DISCLAIMS**
   If you do not get a written warranty, and the Seller does not enter into a service contract within 90 days from the date of this contract, the Seller makes no warranties, express or implied, on the vehicle, and there will be no implied warranties of merchantability or of fitness for a particular purpose.
   This provision does not affect any warranties covering the vehicle that the vehicle manufacturer may provide. If the Seller has sold you a certified used vehicle, the warranty of merchantability is not disclaimed.

ARBITRATION PROVISION

PLEASE REVIEW - IMPORTANT - AFFECTS YOUR LEGAL RIGHTS

1. **EITHER YOU OR WE MAY CHOOSE TO HAVE ANY DISPUTE BETWEEN YOU AND US DECIDED BY ARBITRATION AND NOT IN COURT OR BY JURY TRIAL.**
2. **IF A DISPUTE IS ARBITRATED, YOU WILL GIVE UP YOUR RIGHT TO PARTICIPATE AS A CLASS REPRESENTATIVE OR CLASS MEMBER ON ANY CLASS CLAIM YOU MAY HAVE AGAINST US INCLUDING ANY RIGHT TO CLASS ARBITRATION OR ANY CONSOLIDATION OF INDIVIDUAL ARBITRATIONS.**
3. **DISCOVERY AND RIGHTS TO APPEAL IN ARBITRATION ARE GENERALLY MORE LIMITED THAN IN A LAWSUIT, AND OTHER RIGHTS THAT YOU AND WE WOULD HAVE IN COURT MAY NOT BE AVAILABLE IN ARBITRATION.**

Any claim or dispute, whether in contract, tort, statute or otherwise (including the interpretation and scope of this Arbitration Provision, any allegation of waiver of rights under this Arbitration Provision, and the arbitrability of the claim or dispute), between you and us or our employees, agents, successors or assigns, which arises out of or relates to your credit application, purchase or condition of this Vehicle, this contract or any resulting transaction or relationship (including any such relationship with third parties who do not sign this contract) shall, at your or our election, be resolved by neutral, binding arbitration and not by a court action. If federal law provides that a claim or dispute is not subject to binding arbitration, this Arbitration Provision shall not apply to such claim or dispute. Any claim or dispute is to be arbitrated by a single arbitrator only on an individual basis and not as a plaintiff in a collective or representative action, or a class representative or member of a class on any class claim. The arbitrator may not preside over a consolidated, representative, class, collective, injunctive, or private attorney general action. You expressly waive any right you may have to arbitrate a consolidated, representative, class, collective, injunctive, or private attorney general action. You or we may choose the American Arbitration Association (www.adr.org) or National Arbitration and Mediation (www.namadr.com) as the arbitration organization to conduct the arbitration. If you and we agree, you or we may choose a different arbitration organization. You may get a copy of the rules of an arbitration organization by contacting the organization or visiting its website.

Arbitrators shall be attorneys or retired judges and shall be selected pursuant to the applicable rules. The arbitrator shall apply governing substantive law and the applicable statute of limitations. The arbitration hearing shall be conducted in the federal district in which you reside unless the Seller-Creditor is a party to the claim or dispute, in which case the hearing will be held in the federal district where this transaction was originated. We will pay the filing, administration, service, or case management fee and the arbitrator or hearing fee up to a maximum of $5,000, unless the law or the rules of the chosen arbitration organization require us to pay more. You and we will pay the filing, administration, service, or case management fee and the arbitrator or hearing fee over $5,000 in accordance with the rules and procedures of the chosen arbitration organization. The amount we pay may be reimbursed in whole or in part by decision of the arbitrator if the arbitrator finds that any of your claims is frivolous under applicable law. Each party shall be responsible for its own attorney, expert and other fees, unless awarded by the arbitrator under applicable law. If the chosen arbitration organization's rules conflict with this Arbitration Provision, then the provisions of this Arbitration Provision shall control. Any arbitration under this Arbitration Provision shall be governed by the Federal Arbitration Act (9 U.S.C. §§ 1 et seq.) and not by any state law concerning arbitration. Any award by the arbitrator shall be in writing and will be final and binding on all parties, subject to any limited right to appeal under the Federal Arbitration Act.

You and we retain the right to seek remedies in small claims court for disputes or claims within that court's jurisdiction, unless such action is transferred, removed or appealed to a different court. Neither you nor we waive the right to arbitrate any related or unrelated claims by filing any action in small claims court, or by using self-help remedies, such as repossession, or by filing an action to recover the vehicle, to recover a deficiency balance, or for individual or statutory public injunctive relief. Any court having jurisdiction may enter judgment on the arbitrator's award. This Arbitration Provision shall survive any termination, payoff or transfer of this contract. If any part of this Arbitration Provision, other than waivers of class rights, is deemed or found to be unenforceable for any reason, the remainder shall remain enforceable. You agree that you expressly waive any right you may have for a claim or dispute to be resolved on a class basis in court or in arbitration. If a court or arbitrator finds that this class arbitration waiver is unenforceable for any reason with respect to a claim or dispute in which class allegations have been made, the rest of this Arbitration Provision shall also be unenforceable.

Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.

If you have a complaint concerning this sale, you should try to resolve it with the seller.
Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof.
After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

The Annual Percentage Rate may be negotiable with the Seller. The Seller may assign this contract and retain its right to receive a part of the Finance Charge.

THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION

California law does not provide for a "cooling-off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud. However, California law does require a seller to offer a two-day contract cancellation option on used vehicles with a purchase price of less than forty thousand dollars ($40,000), subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a recreational vehicle, a motorcycle, or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

YOU AGREE TO THE TERMS OF THIS CONTRACT. YOU CONFIRM THAT BEFORE YOU SIGNED THIS CONTRACT, WE GAVE IT TO YOU, AND YOU WERE FREE TO TAKE IT AND REVIEW IT. YOU ACKNOWLEDGE THAT YOU HAVE READ ALL PAGES OF THIS CONTRACT, INCLUDING THE ARBITRATION PROVISION ABOVE, BEFORE SIGNING BELOW. YOU CONFIRM THAT YOU RECEIVED A COMPLETELY FILLED-IN COPY WHEN YOU SIGNED IT.

GUARANTY: To induce us to sell the vehicle to Buyer, each person who signs as a Guarantor individually guarantees the payment of this contract. If Buyer fails to pay any money owing on this contract, each Guarantor must pay it when asked. Each Guarantor will be liable for the total amount owing even if other persons also sign as Guarantor, and even if Buyer has a complete defense to Guarantor's demand for reimbursement. Each Guarantor agrees to be liable even if we do one or more of the following: (1) give the Buyer more time to pay one or more payments; (2) give a full or partial release to any other Guarantor; (3) release any security; (4) accept less from the Buyer than the total amount owing; or (5) otherwise reach a settlement relating to this contract or extend the contract. Each Guarantor acknowledges receipt of a completed copy of this contract and guaranty at the time of signing.

Guarantor waives notice of acceptance of this Guaranty, notice of the Buyer's non-payment, non-performance, and default; and notices of the amount owing at any time, and of any demands upon the Buyer.
